Dear Sir,

Hearing through Mr. S. A. Stanley that probably you would be in want of a man for the coming season I have taken the liberty to write you. I am 25 years of age + married + self + wife would like to get a situation together, she to help in house + myself to work outside. I am used to all farm work + stock, + my wife is a good cook + thoroughly understands Dairy + Poultry. We are at present with S. P. French, have been since October last, but shall leave when another situation turns up. Hoping to hear from you soon.

I am, Sir,

Yours faithfully

Edward J. Watts.
