Dear Mr. Hewes

With regard to the item re pasturage
not settled for according your books I can remember
^{on account of my a/c books} how we settled this matter why it does not ^{appear} in any
a/c rendered by me to you.

I had \$8 against you for 2 gals put up in accordance
with the right of way agreement, and I told you verbally
that I would set off against this the pasturage of the
meadow (agreed at \$3). I did this because of the
damage done to your stack by the ^{outside} range cattle ^{which} broke
in through the eastern fence of your meadow & got at the
stack owing to my ^{brick} having broken into the stack yard
when the snow flew.

Yours sincerely
W. P. Williams
