Dear Sir,

Referring to our conversation at the train the other morning, I find that upon looking into the various agreements in this matter that Maddock Brothers are entitled to demand a Release at the present moment, and in fact, in order to carry out agreements already entered into by them they must have this Conveyance at once. They require a Conveyance for the South half of Block "G" containing twenty-seven acres, and also of Lot Sixty containing 9.52 acres, and they instruct us to have you kindly arrange matters immediately so that you will be in a position to give them this deed.

Yours truly,

BILLINGS & COCHRANE
