Jan. 29th - 35.

Dearest Pam -

This is such a good chance to get some cheap note paper that I thought I would write a line to you !!! Uncle Jim has come down to a B.C.F.G.A. meeting + I have come along too - to do the odd bit of shopping + go to a show this afternoon as I have not been to one for ages - We came in to lunch this morning + I am now waiting for Jim to come to lunch — I was delighted to have your letter + hear what a wonderful time you are having — It was good of you to write to me, as well as to the rest of the family - Mother + Father came in for to the Rainbow, for tea, not long ago - They both seemed particularly cheerful I thought. She seemed hopeful about her arm - I expect you have heard how we have been relegated to a 'backwoods Burg' for over a week - with no communication with the outside world save the short wave Radio — We have had no papers for 10 days — + we have had no letters from Nancy for 2 weeks - We heard a rumor over the radio, that one house on Pt. Grey Rd (where she lives) had fallen into the sea + that another was going - But I think this must have been quite false —

I got rather a thrill about all the snow, thinking too that we might get some skiing. I went out one afternoon behind the house but the snow was too soft to make much headway or slide very well - The next afternoon I started off on snow shoes - but going up a very steep incline my skill deserted me & I fell full length & backwards, a horrible feeling, & shoved snow down the back of my neck (nearly to my waist I believe) it took me some time to extricate myself - Fortunately there was no one to see me except the 2 dogs, some distance away showing up beautifully in the white snow & gazing at me in utter amazement — Presently I pulled myself together & went to have tea with The Cassars. Though I believe ordinary walking would have been much easier — Mr. Cassar has been spending the wintry days making a model of his old home on the prairie — He made one years ago & it was either lost or broken when sent to an exhibition in England — We hope we may get skating on Woodis Lake this week & the 2 Bobs are longing to try the ice boat - if we can only get a wind & smoothe enough ice at the same time —

I have the little calendar you sent me hung over the mantle piece - Thank you ever so much for it & it is very pretty - All our love & it is good to hear that you are having such a marvelous time as ever. Tess —
