Dear Sirs,

Your favor of the 20th re Cabbage and Potatoes to hand. We are not at the moment in the market for Potatoes or Cabbage, but shall be pleased to give you a quotation during the coming week, if we are needing any. Potatoes at time of writing are worth about \$26.00 per ton, but there is no doubt that the price will drop a little during the next 10 days or so. Beets we cannot use.

Yours very truly,

Vernon Fruit Company Limited.
