Rainbow Ranch, Ltd.,
Okanogan, B. C.

Dear Sir:-

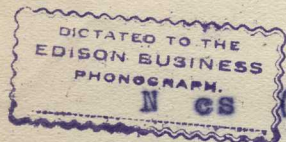

We have your order kindly entered through Mr. Jones on the 23rd of Nov. Regret to advise that we will be unable to supply the 200 Hyllop Crab appearing therein. We have sold up entirely on this variety and have no more to offer in any size or grade.

The Yellow Newtown and Spitz also will have to be the 3 to 4 ft., as we are out of the 4 ft. and up grade. we believe however these 3 to 4's will be thoroughly satisfactory to you, as they have splendid roots, are heavily calipered, and thoroughly matured, the only difference being they are not quite so tall as the larger grade, but their other characteristics we believe are fully as good. The fact is many orchardists prefer the 3 to 4 ft. tree.

Thanking you for your patronage and hoping our action meets with your approval, we are,

Yours very truly,

WASHINGTON NURSERY COMPANY
