Dear Sir:-

We have been advised by our friend Mr. Agnew that there is a possibility of your requiring an irrigation pump in the near future. We therefore take this opportunity of enclosing a copy of Messrs. Babcock-Wilcox & Goldie-McCulloch Ltd.'s catalogue, and would be glad to receive your enquiry.

We might mention that we have recently received order for a 1000 gallon pump from the City of Kelowna who have had our pumps in operation for a number of years.

We are also at the present time building two pumps for the Consolidated M.&S. Company, one of which will be driven by a 900 H.P. motor and the other by a 1200 H.P. motor. The Consolidated M.&S. Co. have a large number of our pumps in operation.

Trusting that we may hear from you,

Yours very truly
