The Secretary read correspondence to & from Dean Clement, Commissioner of the Dyking, Draining, & Irrigation Enquiry.

The Commissioner had requested information as to Irrigation rates, numbers of water users, etc.

The Trustees approved the answers written by the Sec., but thought that a note should be made re. part of a letter dated Oct. 19/46.

The extract in question is as follows:-

"....The growers have created a reservoir at Beaver Lake that ensures both of the original creek record holders a constant supply of water."

The Chairman instructed the Sec, to enter into the minutes that this remark was in no way to prejudice the Irrigation District's rights on the "Flat".

An application from J. E. Metcalfe for domestic water on his property was then read.
MOVED by DUGGAN
SECONDED by GOLDIE :- That the Sec. write J. E. Metcalfe saying that as his property is outside the Irrigation District boundaries they regretted being unable to accede to his request.

CARRIED.

The Sec. reported that he had been running into difficulties with some of the new subdivisions. The main difficulty consisted of picking out the "B" grade land from the "A". In the latest subdivision, of Lot 16, Map 457, formerly the property of C. E. Metcalfe, there had been quite a lot of guesswork as to who had the "B" grade .

The Chairman said that thought that the only thing to do was to send all the new owners of the subdivision an assessment notice, and then if they disagreed with the figures they could apply to the Court of Revision .

This was agreed to.

The meeting adjourned at 12 noon.

....
Secretary to the Trustees. Chairman.
