

October 31st. 1941.

W. J. Coe Esq.  
Sec. to the Trustees  
Winfield & OK. Centre Irrigation District.

Replying to your letter of the 24th. I might say that I would be in favor of continuing the charge per acre at the usual rate of One Dollar . I would also be in favor of again appointing the Rutherford firm as auditors .

During the next month I hope to be in Victoria . If there is anything that I might do at the Water Branch you could advise me. You could get my address from Anne at the house.

I will try to see you or Jack before leaving.

Yours truly

*James Goldie*
