Dear Sir

Your favor of Aug 17th & 27th are both at hand as they were expecting the writer down in time to answer your last letter they delayed writing until it was too late I arrived home abt hour after the Steamer had sailed. and was just in time to be too late to write you Things in the Upper Country are all right so far as trading is concerned But most of the "new Claims" that have been opened this season are paying Although the old ones are paying "big" We think that there will be a big trade done here in time — They are beginning to rush goods in here from "England" with a perfect "madness" You will see by the papers we send you the manifest of one of them you today the Ship "Somes" has arrived with a full cargo — We shall send you a large order for goods but should anything be very high use your own good judgment — abt buying The Barley we shall want and have open to Lemon Gerrard & Charleing a small Vessel for this port that he and we will have will be nine enough to load a small Vessel
