Dr Sir

Your favor of 7th inst is to hand

Please find enclosed \$500.00 say five hundred Dollars which please credit.

Please forward 50 Bbls G. G. Flour & also the 500 sacks of Barley ordered in our last, if it can be bought for 2c pr lb or under. Should you have advice of a positive rise shortly, then ~~and in that case only~~, you can buy at a trifle above 2c. We are in hopes that this will reach yet in time to buy at the latter figure. We will want the Barley & in fact will leave it to you, use your discretion & endeavour to ship it under another name or to order so as to prevent St Ours from knowing it is for us.

If you have not yet shipped the Soissons Beans, do not do so but send instead the same amount of early market garden Beans if you have shipped send only 100 lbs of Do

Do not go higher than \$2.12 for the Barley at any rate

Yours truly
