Dr Sir

My object in writing to day is to inquire if the Paper that Charles executed are satisfactory to you. I recd a letter from him something over two weeks ago stating he sent Paper to you, and another a day or so ago saying the Papers had not come back for record. If they are not right have new papers executed and send bill to me for collection Through A.F.Co with the old Papers. I have paid all costs & recording &c at Silver Mountain. I dont wish to cause you unnecessary annoy-

-ance in this matter. But I feel anxious to get things fixed here. Folks here all well

Yours Respectfully
