Dear Sir

Enclosed please find memorandum of collections, made on a/c of late firm of Richards McCraken since last statement rendered.

I mentioned when I last saw you that there was some six or seven hundred dollars to be remitted, but on examination of a/c since my return, I find Mr Morton had included item $1000. in Wm Lemmon's a/c as among the collectable a/c's, which is not the case, that should not have appeared in the former a/c, it is like our own private a/c. Mr Richards or my own personal a/c might with the same propriety have appeared among the collectable a/c's — Is it not so?

As I was going to the steamer the day
I left I learned that Mrs Richards
had arrived the evening before I regret
that I did not hear of it in time to see her.

Very truly
Yours &c
John M Corbin
