Surrey Agricultural Exhibition Number

REEVE T. J. SULLIVAN

Mr. T. J. Sullivan has been the head of the Surrey Municipal affairs for eight years, mainly through the executive ability of Mr. Sullivan the Surrey taxes are low and the municipality has practically no indebitedness. As a prominent mill owner, a successfull farmer a keen business man, "Tom" Sullivan has won the respect of the rate payers of Surrey for the thorough manner in which he has discharged his duties during the somewhat lengthy term of his stewardship.

FACTS ABOUT SURREY

Surrey Municipality is a strip of country thirteen miles long and ten miles wide, lying between the international boundary and the Gulf of Georgia and the Fraser River.

Of the 133 square miles within the borders of Surrey, less than 20% is under cultivation, the balance awaiting the settler.

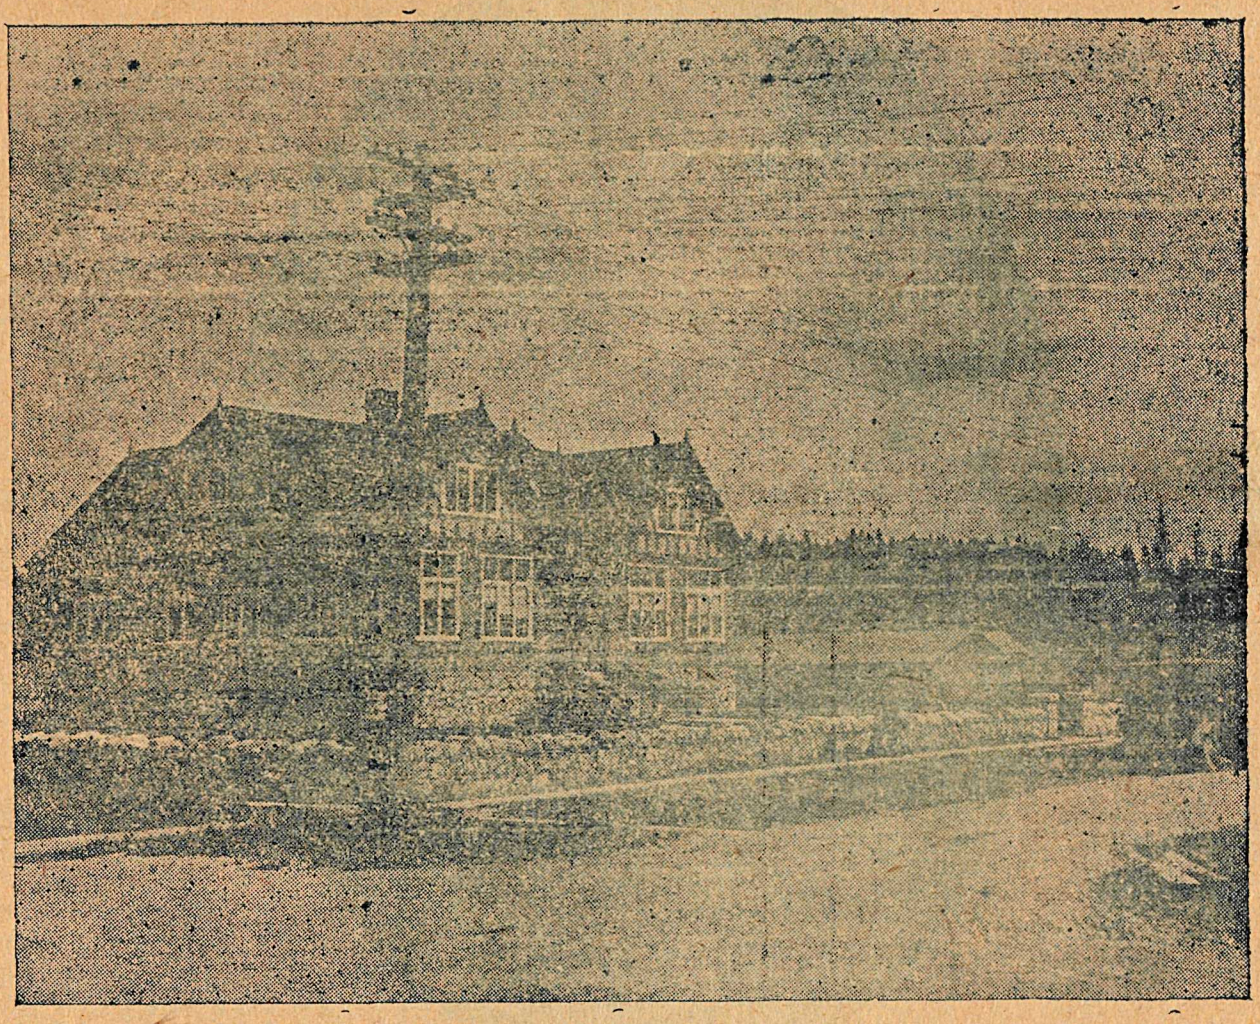
Even so, the present agricultural production of Surrey municipality is more than a million dollars annually.

Over 1,000 men are employed in mills and logging camps in Surrey.

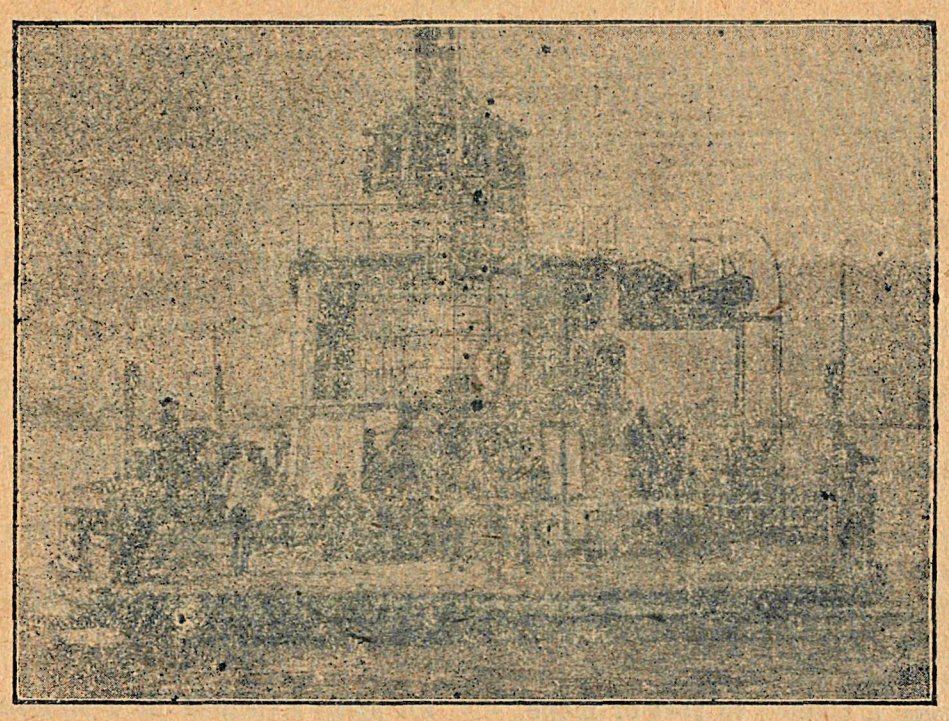
There are about 1,000 prosperous farmers in Surrey, there is room for 5,000 more.

There are over a dozen big poultry farms in Surrey.

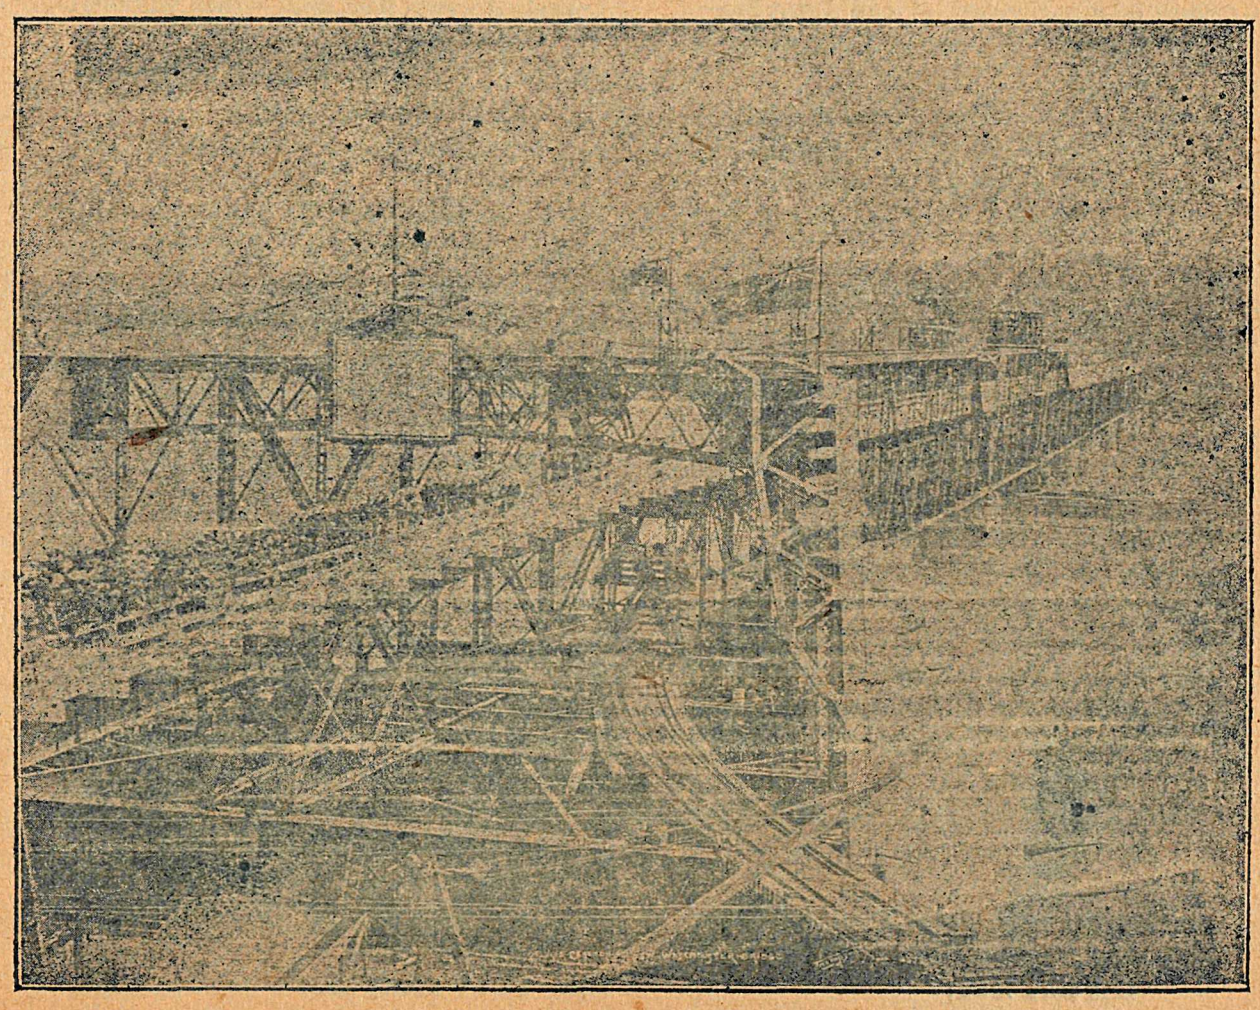
Hundreds of Settlers are wanted in Surrey for FOOD PRODUCTION.



Surrey Municipal Hall, Cloverdale,



The old Ferry., " Surrey " .



Bridge over the Fraser which now replaces the Ferry.

HENRY T. THRIFT, J. P.

Mr. H. T. Thrift was the prime mover in the initial organization of the Surrey Agricultural Association in the year 1888. He held the post of Hon. Secretary for some years and has been a regular member of the Association since its inception.

THE FRASER RIVER SPEAKS.

I first began on a lofty height
Where the mountain-tops are clothed with white;
Old Sol shone warm and I melted to tears,
Then I started west dispensing with fears.
I was only a tiny stream at first
With scarce enough water to quench a thirst,
But I grew as I glided down the slope
With never a chance to rest or mope.

But I rushed and leapt from crag to crag,
Then into a channel—I could not lag—
Still keeping the pace, I chanced to look,
Behold! I was now a running brook;
My tributaries gave their share,
And I alone assumed all care,
I swept through forests dark and green,
Where an Indian face was sometimes seen.

Through scenes of beauty rare and grand—
Such as seldom are found in a foreign land—
My flow had become a rushing river
As large as the famous Guadelaquiver,
I meandered through the golden range
And then it seemed so very strange
That the miners did not "Cariboo"
For all the surplus I carried through;
But I washed their gold, and heard them say
"There are billions here—we will make it pay!"

I tore great trees from their soily bed
And carried them down though they felt like lead;
I rushed through a canyon of noted fame,
Determined to make for myself a name;
I fed many natives who camped on my banks
With my millions of fish till the whites broke their ranks
By setting their traps in an arm of the sea
And catching the sockeyes before they reached me.

An eddy I formed in a well-sheltered bay
Where the wild timid deer could drink and play,
I washed some fine gold while wandering through
For some "Chinks" who were proud of their dangling queue,
But I had not the time to linger you see
For I was bound for the deep blue sea.
I had often wished to straighten my course,
But, spite of endeavors it seemed to grow worse,
For the rocks I struck just dashed me to spray,
And made me concede it the right of way.

So then I glided around a bend
Where the railway brought to me many a friend;
Still rushing on, without square or bevel
I decided gold in my bottom sand—
It is there to this day quite close to the land—
I came to a bridge that impeded my way
So I just slid around the piers each way.
I passed by a city that is set on a hill,
And from my bosom I supplied their mill,
It is hard to reckon (it is vain to boast),
The loads I have carried down to the coast.
It would take a book with unnumbered leaves
To record the works that my course achieves,
I send laden ships to the port of the world;
They return for more with their sails unfurled.
I flow right on till I meet the tide—Hist!
My identity's lost—I no longer exist!

Promotion

SURREY SOLDIERS PROMOTED FOR EFFICIENT SERVICE AND BRAVERY.

Advices from the front state that Wix, Weeks and Will Barge of White Rock; Sims and M. J. McNaulty of Halls Prairie and Cloverdale; Walker of Colebrook; Gibson of the Campbell River road, and Sangster of New Westminster are still "Carrying On" in good style and are in the thick of the fighting on the Canadian Line.

Will Barge has been promoted to full corporal and Edgar H. Sands, formerly a well known news-paper man in Vancouver and New Westminster, but for some years a prominent resident of White Rock, Surrey, has also been promoted for efficient and brave service under fire.

The advices from the battle field read, in part:—"Corp. Sands led his company up a fire swept street to reinforce one of the battle patrols which was carrying out an advance; the men did not all get there, but most of them did, and, after reporting to the officer in charge that further reinforcements were coming, we took up an offensive post and held it till the additional reinforcements arrived; we then secured safe positions for the night and held the newly gained territory in the face of artillary fire and infantry attacks.

SMALL FRUITS IN SURREY.

A local gardener and small farmer called in at The Surrey Gazeette office last week and stated that he has been gathering and selling, small fruits from his acreage since the beginning of June and expects to be able to continue gathering and selling his crop till the end of this month. He specially signified Strawberries, Raspberries, Red and Black currants, Blackcaps, Blackberries, and Himalayan Giant Blackberries; he brought a sample box of the latter berry in with him and the editor and staff of this publication sampled same with considerable relish.

The B. C. Nurseries Co.. of Vancouver can supply all the above small fruit plants and they make a specialty of the Himalayan Giant Blackberry.

Where the race of men go by;
They are good, they are bad, they are
weak, they are strong,
Wise, foolish,—and so am I;

SURREY MUNICIPALITY

The Garden Valley of Opportunity Rich Bottom Lands—Productive Uplands—Salmon Canneries—Oyster Beds—Dairy Farms.

Surrey possesses more diversified industries and opportunities than any other district in this favored province. Its 133 square miles are criss-crossed by three transcontinental railways, one electric railway, and two of its borders are formed by ocean and river. It has many farmers who are becoming wealthy, yet there is room for a thousand more; there are mills turning out a million dollars worth of forest products annually, still there is room for more mills; twelve hundred cows earn for their owners more than $125,000 each year, and still there is room for ten thousand cows in Surrey. Salmon teem in the waters on two sides of Surrey, and oysters are produced in quantity, yet its fishery possibilities have hardly been revealed. There are canneries, tanneries, lumber and saw mills, but there is room for leather manufacturers, wood-working establishments, clay and glass manufacturers. Its agricultural products are worth a million annually, but half a dozen times this amount could be produced and find a ready market. Less than 20 per cent. of its lands are actually under the plow, its surface has not been scratched even. Here in Surrey are opportunities for farmer, settler, small farmer and truck gardener, while there is a dearth of labor and of tenant farmers. Production is high, land values are low. Industrial opportunities are many and there is certain and large return for capital invested here in lands or manufacturers. There is a school within a mile of every farm; no resident need walk more than a mile to the nearest rural route mail box or postoffice, and there is, or there can be, phones and electric light on every farm.

FACTS ABOUT SURREY

There are some twenty-five dairy farms in Surrey, all making money.

Oats produce up to 120 bushels an acre in Surrey.

Potatoes produce from five to fifteen tons to the acre in Surrey.

Taxes are low in Surrey. Improvements are not taxed at all.

The municipality is traversed by the power lines of the B. C. E. R. and the Telephone lines of the B. C. Telephone Company.

* * * * * * * * * * * *

REMEMBER YOUR TELEPHONE IS ALWAYS AT HAND.

Use your telephone for every purpose, and save yourself. The telephone is available for all conversational purposes, and any hour of the day or night. Nothing is more satisfactory than the telephone, it gives face to face communication.

Subject to change without notice.

Are You On The Surrey Voters List?

All residents of Surrey who wish to go on the voters list as "Householders" and all owners of property under Agreement of Sale, must sign the usual declaration, and pay the current years taxes, before they are eligible to have their names placed on the list.

Householders must file this declaration on or before the 30th of October; agrement holders and persons who have taken out deeds during the current year must file their declaration with the municipal clerk before November 30th.

Power, Light and Telephone are utilized by the people of Surrey to a large extent.

A ready market for all the farm produce grown in Surrey is found in the adjacent cities of New Westminster and Vancouver.

The postal facilities of Surrey are up to date. Rural routes in the districts and frequent mail service in the towns and villages.

Agriculture

AGRICULTURE HISTORY AND WORK OF THE SURREY AGRICULTUAL ASSOCIATION

The Surrey Agricultural Association, which was organized in March 1888, has held a local "fair" or exhibition each year since that date, excepting only in 1898, 1905 and the two first "war" years of 1914 15.

The officers and directors for he first years of the association were:—

Henry D. Chantrill, President; Francis White, Vice-President; James Punch, Treasurer and Henry T. Thrift, Secretary.

Directors, Thomas Shannon; John Armstrong; Duncan R. Brown; A. N. Anderson; George W. Cann and George Boothroyd.

Since then the following gentlemen have severally served the association in the capacity of president and secretary:—

PRESIDENTS—A. Ferguson (1889); Thos. Shannon (1890); D. Johnson (1891-2); J. W. McCallum (1893); C. D. Moggridge (1894-5); J. C. Murphy (1896-7); J. Drinkwater (1898); D. Johnston (1899-1902); N. V. Wickershaw (1903-4); S. H. Shannon (1905-6) J. Drinkwater (1907-8); J. Stewart (1909-10); J. Brown (1911-17).

AS SECRETARY—H. T. Thrift (1889); John A. MacLean (1890) E. M. Wiltshire (1891-2); J. F. Galbraith (1893); H. T. Thrift (1894); J. F. Galbraith (1895); S. H. Shannon (1896-7); H. T. Thrift (1898); J. C. Murphy (1899-1900); H. Bose (1901-17).

It may may be noted that the present secretary, Mr. Bose, settled in Surrey in 1890 and, beside his valuable work for the Agricultural Association, he has served Surrey municipality in many ways since his arrival in the district. Mr. Bose was one year on the Council, representing his particular ward. Five years as Reeve; for years a School Trustee; four years Police Magistrate; Commissioner of the Surrey Dyking District and Secretary of the Surrey Farmers' Institute.

The following particulars of the Surrey Agricultural Association were obtained through the courtesy of Mr. Bose.

In 1902 the Surrey Agricultural Association put up their first District Exhibit at the R. A. & I. Exhibition in New Westminster with Mr. Arthur Johnson in charge and in 1906 and the Exhibit was again put up with Messrs H. G. Lawrence and R. T. Robinson in charge.

In 1907, 1908, 1909, 1910, we put up Exhibits with Mrs. C. Burton MacKenzie and Messrs. E. Burton MacKenzie and H. G. Lawrence in charge.

In the years 1908, 1909, 1910, we won the Dewar Shield, the Blue Ribbon of the District Exhibits Competition.

The Association holds a gold medal in commemmoration of winning the shield 3 years in succession.

In the early days of the Association by the foresight of Mr. H. T. Thrift, a Grant of 40 acres of land was obtained from the Dominion Government; this acreage was situated on the Hall's Prairie Road.

In 1909 the Association sold this land and used the money to clear the 4 acres of land at Surrey Centre.

In 1912 the Association obtained a Grant of $1000 from the Provincial Government; $300 from the Surrey Municipality and $448 was collected amongst the members and friends of the Association.

This fund was used to erect up-to-date Exhibition Buildings.

At the present time we consider that we have the best grounds and equipment for a one day Exhibition in B. C.

We are looking forward to a good Exhibition this year, especially as the Dominion Government will have a large Exhibit from the Experimental Farm at Agassiz.

C. A. WELSH.

President of the Royal Agricultural and Industrial Society of British Columbia.

Mr. C. A. Welsh is the president of the R. A. & I. Society of B. C., with headquarters in New Westminster. This society has held an annual provincial exhibition at Queens Park, New Westminster, for over forty years.

Owing to the war the exhibition was cancelled last year, but it was the wish of the directorate to hold one this fall, however, as the directors did not feel justified in assuming the heavy financial risk, and as the Hon. John Oliver, minister of Agriculture for the province, could not promise any government grant, the affair was again called off.

MINISTER OF AGRICULTURE FOR B. C.

The Hon. John Oliver, of Delta, M.P.P. for Dewdney riding holds the portfolio of Minister of Agriculture in the Provincial House. Mr. Oliver also holds the portfolio of Minister of Railways. As the provincial representative of Agriculture it is expected that Mr. Oliver will open the Surrey Agricultural Exhibition at Surrey Centre on October 3rd. The Honorable gentleman has written to the effect that unless more important business crops up in the mean time he will duly be present to perform the ceremonies on Wednesday.

AGRICULTURAL LIME

For a Permanent Agricultural basis, the principal of which is now followed by all up-to-date and most progressive Farmers in Canada and Foreign Countries, in which the farmer returns to the land as much as he takes therefrom. Lime is one of the most important factors involved. Calcium is supplied for plant food. Acid, which is detrimental to most farm crops is neutralized. Nitrogen is supplied through the legumens, where the acid is neutralized. Lime is an indirect fertilizer in Potash and Phorphorus. it helps to make clay lands more porus, and in peat land helps the grain to stand up better and ripen quicker.

Legal Notices

WATER ACT, 1914.

Notice of Application for the Approval of Plans.

Take Notice that WHITE ROCK WATER WORKS COMPANY, LIMITED, will apply to the Honourable the Minister of Lands for the approval of its undertaking and to the Comptroller of Water Rights for the approval of the plans of the works to be constructed for the diversion of water from Springs situate on the North East Quarter (¼), Section Ten (10), Township One, (1), West of Coast Meridian, under application for a licence for Water Works purpose, which application was filed in the office of the Water Recorder at New Westminster, B. C., on the 12th day of August, 1913.

The water is to be diverted from the said stream at about 120 feet North East of the North East corner of Lot 12, Block 7, S. D. of N. E. ¼, Section 10, Township 1, N. W. D. and is to be used upon the lands described as White Rock Townsite and additions thereto.

The locality within which the business of the Company is to be transacted is White Rock Townsite and additions thereto Surrey Municipality.

The plans and specifications of the said works made pursuant to authorization No. 564 have been filed in the office of the Comptroller, and duplicate of such plans and specifications are now open to inspection in the office of the Water Recorder at New Westminster, B. C.

Objections may be filed with the Comptroller at any time prior to the expiration of thirty days after the first publication of this notice.

The date of the first publication of this notice is September 1st, 1917.

WHITE ROCK WATER WORKS COMPANY, LTD., Applicant.

By Henry T. Thrift, President.

WATER NOTICE.

Diversion And Use.

Take notice that the WHITE ROCK WATER WORKS COMPANY, LIMITED, whose address is White Rock, B. C. will apply for a license to take and use water out of an "ARTESIAN WELL," situate on Lot twenty-six (26), of Block Nine (9), of the Fractional South-West Quarter (¼) of Section eleven, (11), Township One, (1), New Westminster District.

The water will be taken from the said well on the said Lot and will be used for WATER WORK purposes, upon the land and premises known and described as the Fractional South-West Quarter of Section eleven (11), Township One, (1), New Westminster District.

This Notice was posted on the ground on the 25th day of August, 1917. A copy of this Notice and an application pursuant thereto and to the "WATER ACT," 1914, will be filed in the office of the Water Recorder at New Westminster, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is September 1st, 1917.

The Petition to have the undertaking approved will be heard in the office of the Board, on a date to be fixed by the Comptroller, and any person interested in the said undertaking may file an objection in the office of the Comptroller or of the Water Recorder of the New Westminster District.

WHITE ROCK WATER WORKS COMPANY, LTD., Applicant.

By H. Norman Lidster, Agent.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, rescinded by Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for—#3575.

Save those dollars

You can cut down the cost of stump blasting by using Giant Stumping Powder.

It goes further than ordinary dynamites. It exerts its strength over a wide area, cracking, splitting and heaving out the stumps, roots and all, rather than shattering them or throwing them high in the air.

Goes further

It is made especially to suit Canadian farm conditions by a Canadian Company with many years' experience—the company that originated all "Giant Powders."

The genuine

It is being used by farmers everywhere in British Columbia. Scores of these write us that Giant "gives better results," "saves money," "shoots the roots," "resists cold" and is "always the same."

Gets the roots

Get our valuable book that tells how to save dollars on your stump blasting. The coupon or a post card will bring it.

War Bonus Offer

EVERY INCH OF YOUR LAND SHOULD BE PLANTED THE COMING FALL AND SPRING. There is no lot too small. Tell us just what land you have available and what you prefer to plant and we will tell you just what to plant, how to plant, and the cost. Orders should be placed NOW and the trees and bushes reserved. START NOW! Write us today and commence getting your land ready. To everyone who guarantees that he is planting new land and using up all he possibly can, we will give a SPECIAL WAR BONUS OF TEN PER CENT. on the amount of his order, the only other condition being that he place his Fall order by Oct 10th or his Spring order by February 1st at the very latest.

The trees and fruit bushes that have brought their owners hundreds of dollars income were not planted yesterday—those people are reaping the reward of their investment and enterprise in the past. The jam factories cannot get enough fruit. Will you invest for the future in the very best security there is—FOOD?

Tell us how you are situated. We are prepared to meet responsible planters in any reasonable way—anything to get them to plant and produce.

Write at once for our seventy page catalogue of Fruits, Nuts, etc., and our Bonus Certificate.

N.B.—We can find a place in our employ at once for any energetic, honest man who is able to take orders for trees, etc.

BRITISH COLUMBIA NURSERIES CO., LIMITED.

1493 SEVENTH AVENUE WEST, - - - - VANCOUVER, B. C.
NURSERIES AT SARDIS.

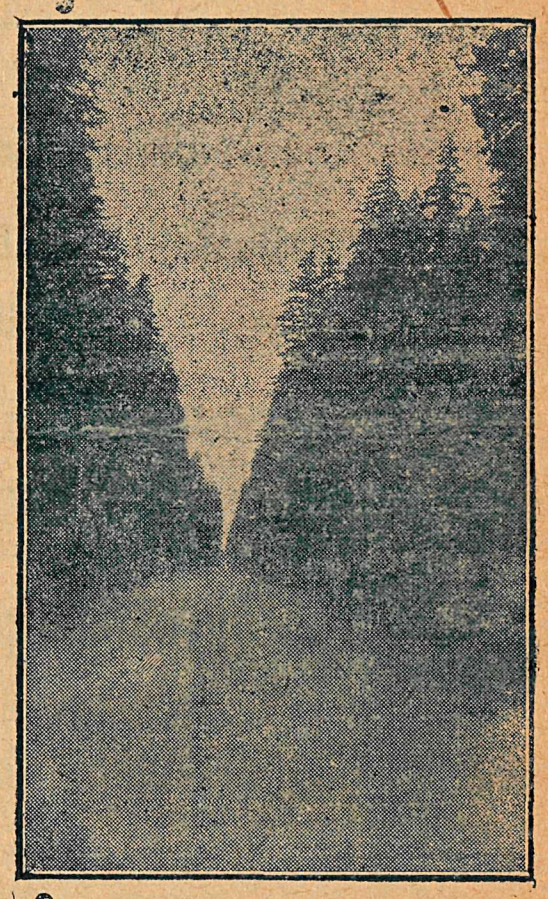
SURREY AGRICULTURAL ASSOCIATION

THE EXHIBITION GROUNDS

The show grounds of the Agricultural Association are situated at Surrey Centre; the land originally being a portion of the homestead of Abraham Huck, Sr. (now deceased) who conveyed the acreage to Surrey for municipal purposes. In 1912, when Cloverdale became the Municipal headquarters, the site was handed over to the Surrey Agricultural Association.

FARM LANDS OF SURREY

The great wealth of Surrey lies in the broad farm lands of the Serpentine and Nicomekl rivers, the bottom lands of the Fraser and the uplands now being cleared and brought into cultivation.



The Pacific Highway

The Pacific Highway runs through the entire length of Surrey Municipality; from the Fraser river to the International boundary line.

FRESH WATER FRONTAGE, SALT WATER BEACHES AND HARBOURS.

The more northern boundary of Surrey, the bank of the Fraser river, and such settlements as South Westminster; Port Mann and Port Kells will ever be devoted more particularly to railway terminals and industrial production.

The salt water harbour of Semiahmoo Bay and the beaches at White Rock and Crescent will eventually prove of priceless value to the district, not only as summer resorts but also as important centres for shipping, this is especially the case with the Port of White Rock, both on account of its position as a Dominion Government port of entry and also owing to projected plans for wharves and shipping by the Great Northern Railway Company.
