Provincial Library

Reliable And Up To Date Mining News

THE SILVERTONIAN.

Of The Richest Camp Of British Columbia.

VOLUME THREE. SILVERTON, BRITISH COLUMBIA, SATURDAY, AUGUST 26, 1899. NUMBER 9

MINING LOCALS.

Word has been sent out that the Evening Star, near Slocan City, which was shut down a short time ago, will reopen on the first with a full force of men.

So far known the deepest workings in Canada are at the Eustis mine, Eustis, Quebec, where in mining for pyrites a depth of 2500 feet has been attained.

E. Folle Smith, under whose management the Silver Band Group is being developed, was in town during the week. He reports that property as showing up well under development.

The late stormy weather has had the effect of driving into town quite a number of our prospectors, who have found life under canvas too tough during the past two weeks steady rain. It has brought outdoor prospecting to a standstill as travelling through the wet brush has become almost impossible.

All Red Mountain properties are being developed and in fact more development work is being done on Red Mountain gold-copper propositions than on all our silver-lead properties. The Silverton district will soon be as widely known as a gold and copper camp as it is now as a rich silver district.

C. Street and Ed. White, local fishermen, are making some big catches of salmon off the mouth of Six Mile creek. Tuesday they brought over Mondays catch which consisted of fifty pounds of silver salmon, their weight ranging from one to three and one half pounds each. Catching fish is all in knowing how!

The work lately done on the L. H. C. claim, owned by Lee Chism, has resulted in uncovering a streak of ore, on the surface, about two feet wide. The ore is heavy galena and the indications are that Lee has got the making of a good property. The L. H. C. claim lies up Cornell creek about three miles above the Comstock concentrator.

Work on one of the tunnels at the Clark and Ranger has been closed down. The showing in the other tunnel now being driven ahead, is excellent. The company is now also doing some surface prospecting. W. Horton, who has just come down from the property says that snow has fallen there every day during the week.

At the Emily Edith mine, among the other outside improvements done, a road has been completed that connects the mine with the Silverton wagon road, striking it at a point near the mouth of Cleland gulch. A wagon road is to be built at once that will nearly follow this trail just completed and will be on a ten per cent grade, the length being one and a half mile. This road will not only shorten the haul but will make it much easier to transport ore from the mine to Silverton's wharf for shipment.

ORE SHIPMENTS FOR THE WEEK.

Forty tons is the total for the ore sent out from the Lake region for the week. This ore consisted of two carloads shipped from Silverton to the Trail smelter by the Noonday mine of this place. This brings the total shipments for the year from this property up to 480 tons, and brings the amount of ore shipped from Silverton since the first of the present year up to 1563 tons. All the ore so far shipped from this point have been heavy galena ores and it is safe to say that it has averaged 150 ounces in silver and over 40 per cent lead per ton, while the value of the amount of wealth that the mines of Silverton are contributing to the world can be easily estimated.

THEY EXAMINED THE FARM.

J. W. McCune, E. V. McCune, Raymond McCune, and Miss Fay McCune, of Salt Lake, Utah, accompanied by C. Hand, Superintendent of the Payne mine, Sandon, E G Rykert, of the firm of McQuaig, Rykert & Co, Montreal, and H Kingsbury of Sandon, paid the camp a visit during the first part of the week. The party came down the lake on the "Alert" on Sunday and spent a few days visiting the property of the late Galena Mines, Limited.

Mr. A W McCune and Mr. Rykert, together with Mr. Hoge of Anaconda, have lately purchased the Galena Mines, known locally as the "Galena Farm" and were examining the property with a view of selecting a concentrator site. Nothing that was done, however, was made public.

Last week, Mr. Rykert was interviewed in Sandon by the "Paystreak." It reports:

"Speaking of the Galena Farm.... Mr [illegible] says they have $100,000 worth of ore in sight. The zinc, which the old management considered a detriment, has lately become valuable, and besides the zinc ore there are large bodies of lead ore in sight. A concentrator will be built immediately but the site has not been decided upon yet. It may be either at the mine or in Silverton."

THE SURPRISE.

High up on the side of Alpha mountain and adjoining the Alpha mine is situated the Surprise claim. The big Alpha ledge crosses this property and an ore-shute, almost as large as that worked on the Alpha, has been discovered and enough work done to show that this claim is the making of another Silverton shipper. The Surprise is one of a group of three Crown Granted claims owned by L. H. Briggs and M. Grady of this place. A tunnel has been driven on the Surprise a distance of 110 feet, the vein being followed, and in driving this tunnel over a carload of clean ore has been saved and piled on the dump. The vein is large averaging over 20 feet wide and, as on the Alpha claim, lies fairly flat, the dip being about 45 degrees. In driving the tunnel for the first 50 feet, a streak of clean ore from one to two feet wide was followed, which gradually worked over to the footwall and went out of the tunnel, which was driven straight, at a distance in of about 50 feet. The last 60 feet of this tunnel is in ledge matter that is full of ore and would give good returns if run through a concentrator. Lying in this ledge matter are boulders or large chunks of clean ore, some of them weighing over 400 pounds and the whole drift is in matter that will pay to work. At the end of this tunnel crosscuts have been driven both ways. On the hanging wall three feet of first class concentrating ore was cut, and near the footwall the streak of clean ore first followed by the tunnel was again struck. At this point it is about 18 inches wide. The character of the ore in the Surprise is a very fine grained steel galena, carrying considerable grey copper and giving assay values ranging from 150 to 750 ounces in silver and from 60 to 82 per cent lead per ton. The formation is the same as that in which lie nearly all the big silver lead properties in the Slocan, being a Sandon slate with occasional dykes of quartzite and porphyry.

The situation of the property is very favorable for economical working, as it can be operated and drained for a great depth by tunnels which can all be driven directly in the vein. It is distant from Silverton two and one half miles and connected by a good wagon road with the town.

Although the Suprise has as yet never shipped any ore and is perhaps less known, even locally, than many claims with much less favorable showings, it has been demonstrated that it is only a question of work to make the Surprise one of the steady producers of the Slocan.

IN EAST KOOTENAY.

Fort Steele Prospector.

There is no trouble between the mine owners and miners in East Kootenay. The owners are paying $3.50 for eight hours work, and find it difficult to get men in sufficient numbers.

ON WILSON CREEK.

The mines and prospect of Wilson creek are now accessible and can be reached without taking a pack on your back and clambering over logs and through the brush as formerly. A trail has just been built by the government to the forks of the creek, a distance up from Rosebery of 17 miles. The trail has been built on as good a grade as possible and is now open for both horsemen and pack trains. That the trail was built under the supervision of Charles McMillan, is sufficent guarantee that the work was done in good shape. It has been known for some time that some of the best prospects in the Slocan were located on Wilson creek, but owing to the utter impossibility of getting supplies up to them, nothing could be done on them before, supplies having cost as high as 45 cents per pound delivered at the Martin Group on the creek. But now with the completion of this trail all these hard conditions on the creek are changed, and no doubt Wilson creek properties will be developed and Rosebery take a start on the road to prosperity.

THE UNDERTOW.

You hadn't ought to blame a man for things he hasn't done,
For books he hasn't written or for fights he hasn't won.
The waters may look placid on the surface all aroun',
An' yet there may be undertow a-keepin' of him down,

Since the days of Eve and Adam, when the fight of life began,
It ain't been safe, my brethren, for to lightly judge a man
He may be tryin' faithful for to make his life a go,
And yet his legs get tangled in the treach'rous undertow,

He may not lack in learnin' an' he may not want for brains,
He may be always workin' with the patientist of pains,
An' yet go unrewarded; an', my friends, how can we know
What hights he might a-climbed up to, but for the undertow?

You've heard the Yankee story of the hen's nest with a hole,
An' how the hen kep' layin' eggs with all her might an' soul,
Yet never got a settin', nor a single egg? I trow
That hen was simply kickin' 'gin a hidden undertow.

There's holes in lots of hens' nests, an' you've got to peep below
To see the eggs a-rollin' where they hadn't ought to go,
Don't blame a man for failin' to achieve a laurel crown
Until you're sure the undertow ain't draggin' of him down.

—Nanimo Herald.

MINING RECORDS.

Following is a complete list of the mining transactions recorded during the week for the Slocan Mining Division.

NEW DENVER—LOCATIONS

Aug 8—Morning Star, Wilson creek, W Schulze.

9—Mountain Queen, n fk Carpenter, reloc Iron King, J Brown. Mountain Maid, n fk Carpenter, R J McKenzie.

11—Veandory and Veandor, n fk Carpenter, J B Martin. Lucky Swede, n fk Carpenter, A O Ostby, F Johnson and C Peterson.

14—Tip Top, Wilson ck, Alice Libby.

15—Marion fr, Payne mt, R Strangeway.

16—Champion fr, Wilson ck, F Kelly. Gipsy Queen, Four Mile ck, Jno Fraser. Forest King, same, A Wild. Glenwood, Fennell ck, C H Brindle. Avondale, same, E M Brindle. Souris, same, same. Hard Climb, Porcupine ck, L McDougald.

Wineta, nr Three Forks, C E Seymour

19—America, Granite ck, F H Bartlett. Great Britain, same, J R Roberts. Lord Robert, Fennell ck, same. Atwood, Silver mt, W D Mitchell.

21—Chicago fr, Cody ck, J Docksteader. Lion, Silver mt, H Sherran. Norway, Four Mile ck, Gus Anderson, Sweden, same, P. Linquist. Rhena fr, Silver mt, A Wallace.

ASSESSMENTS.

August 8—Silver Summit, C & K, Silver Creek. 9—Caledonia, Saddle Rock, United Fraction, Producer, Sabbath, Ontario No 4, Avalon. 10—Merrimac, Bay State, Bay State fr. Amazon, Stanley. 11—Heather Bell, Eclipse. 12—Le Mont. 14—Boxer No 2, Red Star, Midnight, Iron Clad, Eagle fr, Boatswain, Mary S fr. 15—Erie, Brunswick, Farindon, Twickenham, Mammoth No 7. 17—Karrawha, Transit, Chico, Silver Reef, Felix, Archie fr, Algoma, Rubin, Hettie E, Rubie, Ogema. 18—Silver Leaf, Angrignon. 19—Rob Roy, Lake View No 3, Foot Hill, Comet. 21—Snow Slide, 3 years, Wooden Spoon, Dawn Center, Satisfaction, Thursday fr, A E. Bristol, Commander Extension, Basin fr, O. K., Butte, Repeater.

CERTIFICATES OF IMPROVEMENTS

Aug 8—Alps Fraction, Alps, Alturas.
12—Admiral Nelson, Kitchener fr.
18—Majestic and Unexpected.

TRANSFERS.

Aug 2—Parrot ¾, H Dillon to M C Monaghan, July 31. Same ¾, M C Monaghan to S H Snyder, July 31.

7—Clara Moore, ¼, Mary McClements to D A VanDorn, June 10.

9—Blake, ¼, T Sherman to Geo Long, Dec 12, 98.

10—Le Roi, ⅛, L W Mulholland to G H Dawson, May 29, $1000.

I X L fraction, F A Davis to Miller Creek Co, Aug 4.

14—Producer and Caledonia, J A Yerex to C F Burpee and D G Macdonnell, Sept 3, 1897.

16—Greenwood, C H Brindle to Mt Mabel Co, Aug 16.

18—Tamarac, Big Jim, Baain, Mammoth, Rossland, Red Mountain, H McPherson, A N Patterson, G Henny, M B Bridgford to J M Martin, July 13.

Wm. Seward, who lately left here, has gone to work at the Snowshoe mine at Libby, Montana. Several old Silverton boys are now working at that property, and British Columbia is looser several good miners.

Work has lately been suspended on the Condor Group, but as the owners believe the crosscut tunnel they have been driving is now within a few feet of the ledge, it is likely that work will soon be resumed.

THE LOCAL LAYOUT.

John Gilpin is in Bossburg, Wash.

La Grippe is a visitor of Sanford Daigle.

Miss Duke of Spokane is visiting her sister, Mrs. C T Cross.

Men from Nelson are being brought into town to work on the Emily Edith wagon road,

A. S. Brindle of New Denver had his face and hands severely burnt with boiling oil last Wednesday.

Mrs. McIntosh, who has been visiting her sons here for a few weeks, left on Monday for her home in Cranbrook.

Judge Spinks, who has been away attending to his judicial duties, has returned to town to look after his mining interests,

No reply has yet been received from the Department in regard to the tenders sent in for the building of the Public School building here.

All work in the Jewelry Repairing line, left at the Silverton Drug Store, will be promptly forwarded to Jacob Dover, the well-known Nelson jeweler. All repairs are GUARANTEED FOR ONE YEAR. *

The football team wants to go to Rossland on Labor Day. The players also want to meet once again the representatives of Slocan City and Sandon. Challenges to that effect have been sent out.

F. L. Christie, Barrister of Sandon B. C. will be at the Selkirk Hotel every Friday in the future. Anything requiring his services will be attended to by him. †

There are 1219 publications in Canada, of which 968 are newspapers. Of these, 113 are published daily, 6 tri-weekly, 57 semi-weekly, 3 bi-weekly and 789 weekly. Of the dailies, 36 are Conservative, 42 Liberal and 31 Independent in politics. Of the 1219 publications, 91 are printed in French, 1 in Danish, 7 in German, 3 in Icelandic, and one each in Swedish, Gaelic, Chinook, Cree and New Denver.

We beg to acknowledg the receipt of a copy of the "Souvenier of the Picturesque Northwest" issued fram the press of Peaslee Bros. Co., Portland, Oregon, on the occasion of the visit of the National Editorial Association. The Souvenir contains much valuable information of the American Northwest, and is splendidly illustrated and printed, the ype for the edition being supplied by the American Type Founders Co. of Portland Ore.

Building operations in Silverton are recommencing after a long pause. Lumber for two dwelling houses has been delivered on the water front during the week. M. R. W. Rathborn is preparing to erect some cottages on Hume Ave. for renting. The lack of vacant houses in town has retarded the growth of Silverton for some time past and Mr. Rathborn's investment should prove a good one. J. M. M. Benedum will build a house. These, together with the new school house, will keep the local carpenters sawing wood for some time.

The July Annual of the Kootenay Mining Standard, which has just reached this office, is what was promised its subscribers—a large, splendidly illustrated and well written volume of 90 pages. It contains numerous illustrations, and will give its many outside subscribers a good idea of the mining importance, wealth and beauty of the Kootenays. Among the many illustrations are, one of Silverton, THE SILVERTONIAN office, the Noonday Mine and the Emily Edith mine. As an advertisement for the Kootenays, nothing better has yet appeared and it would take considerable energy to issue a better descriptive volume than that just issued by The Standard Publishing Company.

A very subdued-looking boy of about thirteen years, with a long scratch on his nose and an air of general dejection, came to his teacher in a rural board school and handed her a note before taking his seat, and became deeply absorbed in his book,

The note read as follows;

Miss B.,—Please excuse James for not being thare yesterday. He played trooant, but don't need to lick him for it, as the boy he played trooant with an' him fell out, an' the boy licked him, an' a man they cheeked caught him an' licked him, an' the driver of a van they hung on to licked him also. Then his pa licked him, an' I had to give him another for cheekin, me for tellin' his pa, so you need not lick him until next time. I think he feels he better keep in school hereafter.

GEN. JIMINEZ WAS ARRESTED

ON A BOAT AT CIENFUEGOS.

Seems to Have Been Unwarranted—He Was Released Immediately—He Was a Plotter Against San Domingo—General Wilson May Get the Blame.

Havana, Aug. 21.—It is asserted that the arrest of General Juan Isidro Jiminez, the aspirant to the presidency of Santo Domingo, who was captured aboard a steamer at Cienfuegos just as the steamer was about leaving that port, was not caused by orders from Havana, but was effected through the orders of General James H. Wilson, governor of the department of Matanzas and Santa Clara. Immediately upon learning of the arrest, Major General Brooke gave orders for the release of the prisoner. The action of General Wilson in ordering the arrest of Jiminez causes much comment. The present plans of Jiminez are unknown. Having missed the steamer on which he had taken passage he will probably return to Havana.

Commenting on the arrest, Diario de La Marina says that the mayor and police at Cienfuegos refused to carry out the orders given them for the apprehension of Jiminez, as they claimed that to do so would be to violate the law of the country and the arrest was made by a customs officer.

The Diario expresses the opinion that the detention of Jiminez was the result of a request made to the government at Washington by President Riguero of Santo Domingo that the suspected filibusters be prevented from leaving Cuba for Santo Domingo until after the elections in the republic had been held.

Frenchman Shot by a Jew Hater.

Paris, Aug. 19.—The Droits du L'Homme says that a locksmith named Bonnet has been shot in the abdomen by an unknown assailant who saw him in a street and called out "Looks like one of those dirty Jews."

The man then fired at the locksmith and escaped. Bonnet was taken to the hospital seriously wounded.

Rebels Attack Angeles.

Manila, Aug. 19.—Eight hundred insurgents attacked Angeles but the Twelfth regiment drove them into the mountains. Three ditched locomotives were captured.

None of the American troops were injured. The insurgents' loss is not known.

C. T. Spencer of Kentucky, reporter of the Manila Times, was killed yesterday during the fight at Angeles.

Another Mob Victim.

Atlanta, Ga., Aug. 19.—A dispatch from Brantley, Ala., says:

Charles Hart, a negro, who attempted to assault Mrs. Stephen Battle, a widow, was taken from Brantley jail by a mob of 100 men and shot to death in the woods half a mile away.

Governor Bushnell will investigate the strike situation in Cleveland. Cars are running on all the Big Consolidated lines. But the boycott on the line and on merchants continues.

Kaslo & Slocan Railway.

TIME CARD.

Trains Run on Pacific Standard Time.

Leave. Going West.	Daily.	Arrive. Going East.

Kootenay Railway and Navigation Company.

Operating Kaslo & Slocan Railway, International Nav. & Trading Co.

Schedule of Time—Pacific Standard Time.

KASLO & SLOCAN RY.

Passenger train for Sandon and way stations, leaves Kaslo at 8:00 a. m.

Daily, returning, leaves Sandon at 1:15 p. m., arriving at Kaslo at 3:55 p. m.

International Nav. & Trad. Co.—Operating on Kootenay lake and river.

S. S. "INTERNATIONAL."

Leaves Kaslo for Nelson at 6:00 a. m. daily, except Sunday. Returning, leaves Nelson at 4:30 p. m., calling at Balfour, Pilot Bay, Ainsworth, and all way points.

Connects with S. F. & N. train to and from Spokane, at Five Mile Point.

S. S. "ALBERTA."

Leaves Nelson for Bonner's Ferry Tuesdays and Saturdays at 7 a. m., meeting steamer "International" from Kaslo at Pilot Bay.

Returning, leaves Bonner's Ferry at 8:00 a. m. Wednesdays and Sundays.

Connects at Bonner's Ferry with Great Northern railway for all points east and west.

Steamers call at principal landings in both directions, and at other points when signaled.

Tickets sold to all points in Canada and the United States.

ROBERT IRVING, Manager,
Kaslo, B. C.

RELIEF FOR PUERTO RICO.

A Systematic Plan for Distributing Supplies.

Washington, Aug. 21.—Secretary of War Root made public a plan for systematically taking care of the supplies distributed for the relief of the destitute Puerto Ricans. It provides for a central committee of representative citizens of the country, to which all committees are to report. This committee is to have charge of distributing the supplies, which is to be done in a manner to secure the best results possible. The following persons have been selected by Mr. Root to form the committee: Cornelius N. Bliss, formerly secretary of the interior; Brigadier General G. V. Henry, formerly military governor of Puerto Rico; Rt. Rev. James H. Blenk, S. M., D. D., bishop of Puerto Rico, now sojourning in this country; Hon. Warner Van Norden, president of the Bank of North America; W. L. Corwin, secretary of the Merchants' Association of New York City; the mayors of Boston, New York, Philadelphia and Baltimore, or such representatives as they may choose to designate.

The work of distribution in Puerto Rico will continue under the direction of Governor General Davis. The actual transportation of supplies will continue under the direction of the quartermaster general's department.

One Hundred Thousand in Need.

The secretary of war made public the following telegram from Governor General Davis:

"At least 10,500 tons of food should be shipped weekly until further notice. Have now fairly full reports from whole island. Can not reduce first estimate of 100,000 to be fed or assisted. Am starting public works as rapidly as possible, and h pe soon to get large numbers on a self-sustaining basis. If local committees act without concert duplication and waste would be sure to result. Therefore I suggest a central committee to regulate this and would give assurance to contributors that donations will be wisely handled.

"Send all clothing and medicines offered. Fully one-half beans and rice should be shipped in sacks weighing 100 pounds per sack, for it must get to the interior on pack animals. The sacking material will be useful for clothing. DAVIS."

Expansion in Loans.

New York, Aug. 21.—The Financier says:

The feature of the New York bank statement for last week was an expansion of $1,048,600 in loans, the first that has been recorded since July 8, last. The liquidation in this item in the intervening period has been not less than $47,000,000. The loss in deposits in the same time has been about $50,000,000 but the banks have $10,000,000 more surplus reserve than reported in July. Their position is correspondingly stronger, but the fact that loans are rising indicates that this steady liquidation is at an end. The loan expansion, in view of the activity is moderate to say the least. The banks gained a million dollars as a result of the week's operations and as the increase of $1,282,500 in deposits called for an increase less than a third of a million, in additional requirements, there was an additian of $686,975 to surplus, making the excess at the close of the week, $15,082,350.

Bad Wreck on the Gulf Road.

Texarkana, Ark., Aug. 21.—A message has been received here to the effect that a northbound passenger train on the Kansas City, Pittsburg & Gulf Railroad went into Little river, 50 miles north of here.

A switch engine with crew left for the scene. The wreck is between stations and it is not known how much of the train went off the bridge. It is known, however, that the baggage, mail and express cars went in.

Kansas City, Mo., Aug. 21.—Advices received here state that no one was injured in the wreck of the northbound passenger train on the Kansas City, Pittsburg & Gulf railroad, 50 miles north of Texarkana. The wreck is supposed to have been caused by the tender jumping the track.

Ask Removal of Wholley.

Olympia, Wash., Aug. 21.—It has leaked out here that twice within the last few months the officers of the First Washington volunteers have wired Governor Rogers asking the recall of Colonel Wholley. When talked to some time ago regarding Wholley, the governor said he had nothing to do with the matter, as it was entirely in the hands of the war department; that while he had the appointment of Wholley as colonel of the regiment, the department only could recall or remove him from his command. Notwithstanding this fact, it is known that the officers hold Governor Rogers responsible on the grounds that he should have preferred and fathered their request to the war department.

Grounded on Angry Reefs.

Cape Haitien, Haiti, Aug. 21.—British steamer Andes and German steamer Hungaria have grounded on the reefs off this port, the buoys swept away by the last cyclone not having been replaced. The cable connecting Cape Haitien with Puerto Plata has been broken as a result of the grounding of the steamers. It is hoped the Andes will be refloated this evening, but fears are entertained for the safety of the Hungaria.

Cloakmakers Strike.

New York, Aug. 21.—Fifteen hundred cloakmakers employed by A. Popkin & Company, No. 748 Broadway, have gone on a strike because it is said Mr. Popkin refused to agree to a new wage scale.

No Clew to the Assassin.

Rennes, Aug. 21.—The police have abandoned a clew to the would-be assassin of M. Labori which they have been following at Asigui. The suspect has given satisfactory proofs of his innocence.

Gold for Notes.

Washington, Aug. 21.—The call for gold certificates in exchange for gold coin, according to last reports, amounted to $21,800.

MINES AND MINING NEWS

OUR NORTHWESTERN MINES.

Items Gleaned From the Late Reports—All Districts Are Being Developed—A Prosperous Year Is Predicted—Mining Notes and Personals.

The scene of the greatest activity is on Red mountain and along Silicia creek, Mt. Baker district, Washington, the vicinity of the Post-Lambert ledge. In these places work is in progress on half a hundred claims.

Republic Notes.

At the Vulcan No. 2 the shaft is down 12 feet.

Development continues at the Mountain Lion.

The Ben Hur shaft is down 145 feet in very hard ground.

The Gopher shaft is a little more than 100 feet in depth.

Work has been begun on the Minnesota claim in Sheridan camp.

The Stray Horse tunnel is in 200 feet, but no change is reported.

A contract to sink a 50-foot shaft on the Vulcan No. 1 is now down 25 feet.

It is understood that the Monarch company will shortly resume operations.

The Golden Lion tunnel is in 465 feet and work suspended at the face for the present.

Among the promising properties in the camp is a group lying half a mile west of Park City.

The drifts on the 150-foot level of the Tom Thumb are showing up a fine body of high grade ore.

The shaft on the Agnes claim is down 75 feet and a drift has been sarted to prospect for the ledge.

A tunnel has been started 200 feet south of the north end line of the Republic mine and is running southward on the vein.

Good progress is being made with the long No. 4 tunnel, which is being driven to cut the Republic ledge at a depth of 600 feet.

The drift from the main tunnel of the Black Tail has passed the point where it was anticipated the big cross vein would have been struck.

Republic camp is already world-famous for its rich ores and is about to be placed in a position which will insure more rapid development.

Dividend No. 10, of 1 cent a share, was declared by the Republic Consolidated Gold Mining Company last week. This dividend swells the total amount of profits paid by the great Republic mine to $330,000.

The San Poil, Black Tail, Lone Pine-Surprise and Insurgent are able to send ore to a nearby smelter and thereby obtain money enough to obviate the necessity of all assessments or treasury stock sales.

It is stated that the tunnel on the Wauconda is in 50 feet, and that the tunnel on the Clackamas is in 15 feet. These properties lie about 13 miles west of Republic, on the state wagon road leading to Okanogan river. Twelve men are employed by the two companies.

The shaft on the Chespa-Blue Jay is sunk to a depth of 80 feet. It was put down outside the vein. At the 80-foot level sinking was stopped and a crosscut run toward the lead. At a distance of 31 feet from the shaft, ledge matter began to appear in the face of the cross-cut. At last reports the entire face was in ore. It is almost certain that this is the rich Morning Glory vein.

British Columbia.

The main drift of the Homestake at Rossland is being pushed.

Work is being pushed steadily on the Neglected in the Slocan.

A fine strike has been made on the Rio Grande property, near Ymir.

The shaft of the White Bear of Rossland is down to a depth of 290 feet.

A new shaft house is being erected on the Great Western, at Rossland.

On the Deer Park at Rossland on the 300-foot level a receiver has been put in.

The Pennsylvania Mining Company is rapidly developing the Deer Trail at Rossland.

Between 30 and 40 men are at work on the properties on Toad mountain, near Nelson.

The owners of the Brittle Silver group, near Fort Steele, have commenced work.

R. H. Hutchins has been appointed superintendent of the Mother Lode, in Deadwood camp.

The work of crosscutting the lead of the Deer Park of Rossland on the 300-foot level continues.

Development work on the Tontine group of mines on Quartz creek, near Fort Steele, is progressing rapidly.

A strike of importance is reported from Silver mountain, in the Slocan. This time it is on the Lost Tiger group.

The contract on the Bondholder group in the Slocan has been finished and the men have returned to New Denver.

The Crawford Creek, B. C., Mining Company has found the rich vein of ore for which it has been looking for three years.

Hon. C. H. Mackintosh has severed his connection with the British America Corporation, except in an advisory capacity..

The Rambler, Jackson, Antoine and Noonday shipped ore from the Slocan last week. The Noonday 60 tons, Jackson 41, Rambler 49, Antoine 20.

James Welcher of Nelson recently made a strike up the north fork of Wild Horse that has started a rush of prospectors in that direction.

Since January 1 there have been 379 new mineral locations recorded and 400 records of assessment in the office of the gold commissioner at Fort Steele.

Collett & Starbird, who have a bond on the Silver Thread group of mines near Windemere, B. C., will commence at once the development of the property.

Paul Johnson, who was the designer of the Hall smelter at Nelson, will superintend the construction at Greenwood of one of the largest smelters in Canada.

Work on the Humming Bird of Grand Forks, which has over 3,000 tons of ore in sight, will be reduced for a month during the construction of a bunk house.

Below will be found the detailed account of the shipments approximately for the week ending August 12th and for the year to date:

	Week, Tons.	Year, Tons.
Le Roi	2,174.5	51,316
War Eagle	1,858.5	28,513
Iron Mask	63	1,998
Evening Star	157.5	426
Deer Park	....	18
Centre Star	661.5	5,649
Total tons	915.0	87,920

MINING NOTES.

Among the promising properties of the Buffalo Hump is the Monte Cristo.

The Concord, in the Hump country, has a shaft 33 feet in depth, all in solid quartz.

The work on the Pingo at Bossburg consists of a shaft 60 feet deep and 275 feet in drifting.

The big copper companies of Butte are still on the warpath against the wholesale stealers of their ore.

A strike of rich silver ore has been made on the Roaring Eagle, in Kena camp, on Bridge creek, Washington.

Around Creston, Idaho, considerable development is being done, one of the best showings being on the St. Patrick group of four claims.

C. A. Wells has finished another contract on the Lafayette on Fifteen Mile creek, near Bossburg. Nice looking rock has been encountered.

Work is being pushed ahead on the Wellond group, near Post Hill, Idaho. A tunnel has been driven 120 feet, striking four feet of solid galena.

J. H. Wilson, who has charge of the work on the Scotia, on Toulou mountain, near Bossburg, says that the vertical shaft is now down about 140 feet.

Hon. J. H. Conrad of Salt Lake, who came to Montana to examine his Madisonian mine, confirmed the report that he had purchased the Alliance mine at Park City.

It is a matter of considerable satisfaction to those interested in mining at Bossburg that the famous Bonanza has been placed upon the dividend paying list of the mines of Washington.

A mining deal was consummated whereby the Bunker Hill mine, in the Sumpter district of eastern Oregon, passes into the control of R. H. Pope, M. P., of Sherbrooke, Canada.

Chris Knutsen, a mining man of Northport, has just made a strike on his claim, the Silver Butte, located about seven miles from Northport, on Deep creek, and adjoining the Great Western mine.

The Burlington group on Nine Mile creek, near Keller, consists of six claims, the Delaware, Senator, Delegate, Arlington, Burlington and St. Elmo. Considerable surface work has been done and high assays in silver and lead have been secured.

The secretary of the chamber of commerce at Seattle is sending out letters to different prominent mining men asking that they send mineral exhibits to form a collection to be established at the chamber. Samples as nearly as possible in cubes three inches square are wanted.

J. E. Daniels, deputy collector of customs at Northport, has been authorized by the United States treasury department to receive free of duty all ores from British Columbia which are consigned to the Spokane Industrial Exposition mineral department, provided they are shipped in quantities of no commercial value. All shipments should be addressed to H. Bolster, Manager of Spokane Industrial Exposition, Mining Department.

The Virtue Consolidated Mines Company through Fraser & Chalmers, has ordered a 10-stamp mill, amalgamating plant and setters, a compound 150-horse power Corliss engine, a Rieder compound compressor of 10-drill capacity, a direct hoisting engine with Corliss valves, valve keys, steam brakes, steam reversing gear and steam clutches for the Cumberland mine of Silver City, Idaho. The cost of the machinery and of erecting the plant is about $100,000. The mine was lately sold by Sonnemann & Branscome of Spokane for $1,000,000.

Regiments Ordered to Move.

Washington, Aug. 21.—Secretary Root has issued orders for the Twenty-seventh, Thirty-first and Thirty-fourth regiments of volunteer infantry to proceed to San Francisco at once. These regiments will sail for Manila when transports are provided.

Catholic Church Burned.

Cincinnati, Aug. 21.—St. Paul's German Catholic church is burned and several adjoining buildings damaged. The total loss is estimated at $120,000. The church was being remodeled and the fire started from supplies of the workmen.

Six Persons Were Drowned.

Washington, Ind., Aug. 19.—A carriage containing six persons was precipitated into White river as it was being driven aboard a ferry boat, and all were drowned. Mrs. Albert Hensel, four Hensel children and Miss Amy Dillon are dead.

ROYAL BAKING POWDER

will aid the cook as no other agent will to make

The dainty cake,
The white and flaky tea biscuit,
The sweet and tender hot griddle cake,
The light and delicate crust,
The finely flavored waffle and muffin,
The crisp and delicious doughnut,
The white, sweet, nutritious bread and roll,—
Delightful to the taste and always wholesome.

Royal Baking Powder is made from PURE GRAPE CREAM OF TARTAR and is absolutely free from lime, alum and ammonia.

There are many imitation baking powders, made from alum, mostly sold cheap. Avoid them, as they make the food unwholesome.

ROYAL BAKING POWDER CO., NEW YORK.

Warm Welcome to Utahs.

Salt Lake, Aug. 21.—Batteries A and B, Utah artillery, have arrived from San Francisco. The soldiers were given a hearty welcome at the depot by a large and enthusiastic crowd.

Various military organizations and civic societies escorted the returning volunteers through the gaily decorated streets to Calder's park, where the governor and other state officers delivered addresses of welcome. Responses were made by Majors R. W. Young and F. A. Grant. After distributing state badges to all the state volunteers an elegant luncheon was served in the park.

All business was suspended for the day and thousands of people congregated all along the line of march. General W. H. Penrose was grand marshal and all military and civic societies of this city and the principal cities and towns in the state took part in the parade.

Northwest Amateur Contests.

Astoria, Or., Aug. 21.—The field games of the Pacific Northwest Amateur Athletic Association took place here on the grounds of the Astoria football club. The Multnomah Athletic club of Portland won the pole vault, the running high jump, the 120-yard hurdle, putting the 16-pound shot and the 220-yard hurdle.

The Seattle Athletic club took the 100-yard dash, the 440-yard dash, the running broad jump, the 880-yard run, the 220-yard dash and the relay race.

The Seattle Y. M. C. A. team won the mile run and throwing the discus. The University of Washington won the 16-pound hammer throw and the Tacoma Y. M. C. A. was first in the mile walk.

Indian Jerrys on War Path.

San Francisco, Aug. 22.—A special from Winslow, Arizona, says:

Two hundred Indians in Foreman Mink's grading gang, at Navajo Springs, 50 miles east of here, are threatening to exterminate all the whites in that section.

They were paid off on the 15th and proceeded to gamble and drink heavily. A gambler named C. H. Landreth, after a quarrel with some of them, assaulted one, shooting and stabbing him seriously. The tribe armed themselves with all the weapons in the camp, shot the gambler seven times, scalped him and mutilated his body beyond recognition.

Troops from Fort Wingate have been ordered to the scene and serious trouble is feared.

Benzine Motor Car Overturned.

Berlin, Aug. 19.—The widow of the late anti-Semite leader, Heinrich, was killed and three other persons were seriously injured by the overturning of a benzine motor car while it was being driven around a sharp corner.

"Actions of the Just Smell Sweet."

The fragrance of life is vigor and strength, neither of which can be found in a person whose blood is impure, and whose every breath speaks of internal troubles. Hood's Sarsaparilla purifies the blood and makes the weak strong.

Mrs. Lena Crawford, an insane patient at Tiel's private hospital, has just had an operation performed by Drs. McLees and Hoskins to remove a glass ball from her head, says a Wichita, Kan., dispatch. The ball is small and is supposed to have been inserted near the brain for some remedial agent. It was placed there 30 years ago. Soon afterwards dull pains passed through the woman's head, and six months later she went insane. Ever since then she has been a maniac, and no one ever remembered the glass ball having been put there. She was brought here and the hospital physicians made an examination, later removing the ball. It was covered with a thick coat of membrane. Just as soon as she recovered from the operation she also recovered her proper senses and now talks quite freely of the incident 30 years ago. She says the weight of the ball caused her to lose her mind. Mrs. Crawford is 75 years old. The physicians say that a similar operation was never before performed.

Victor in Flames.

Denver, Col., Aug. 22.—Reports from Victor, Col., says the business portion of the town is burned. The wind was blowing a gale and the loss is certain to be heavy. Cripple Creek has been asked for assistance.

Both the Western Union telegraph office and the telephone exchange have been burned and the details of the fire are hard to get.

Cripple Creek sent its fire apparatus.

Postmaster of Buffalo is putting automobiles on the road to gather mail and distribute to stations, and the horses are run out of jobs.

THIRD WEEK OF THE TRIAL

DREYFUS CASE ALL THE TOPIC.

The Judge Gets Angry—The Crowds Hooted and Yelled—Old Scandals Are Brought Out—Dreyfus Gives a Better Impression.

Rennes, Aug. 22.—The third week of the Dreyfus court martial began without incident. The possible reappearance of M. Labori attracted a large audience at the Lycee, but though he is progressing as satisfactorily as possible, his physicians deemed it best for him to remain quiet. When it became known that the distinguished lawyer would not participate in the proceedings, a large number of disappointed persons quitted the court room.

The court settled down to business quickly and by 9 o'clock five witnesses had appeared at the bar. If this rate is continued it is considered the court will get through with the 90 ordered witnesses before the beginning of September and it is expected the verdict will be delivered by September 7.

All the witnesses Monday were hostile to Dreyfus but none of their evidence was fresh. The audience followed the depositions with comparatively little intrest, a reference by M. Gribelin to the relations of Dreyfus with the demi-mondaines proving the most appetizing portion of the morning's proceedings.

A subdued titter went round the court room when Gribelin even professed to know the exact amount Dreyfus spent upon his various amours. Gribelin gave his testimony with an honest demeanor but nothing in his appearance would contradict the contention of the Dreyfusards that he was Major Laths' tool in the machinations of the general staff against Colonel Picquart, who listened to Gribelin with an air contemptuous impatience.

M. Demange, counsel for the defense, was more successful than usual in cross-examining him, and visibly disconcerted Gribelin. The counsel scored a distinct hit when he got Gribelin to admit that he mixed in the intrigues of De Clam and Henry to shield Esterhazy, and when Gribelin was finally disposed of his evidence had suffered badly.

Dreyfus created a better impression today. He entered the court room with a more confident bearing and replied to the witness in a calm voice without any theatrical gestures, and his remarks were put so lucidly that he appeared to make an impression on the judges, all of whom are reputed to be bitterly opposed to him.

The session wound up with a scene on account of the extraordinary conduct of Colonel Jouaust, president of the court, who permitted himself to make an unwarranted display of partiality. Bertullus had been confronted with the last witness, Captain Junck, and General Gonz had defended the latter, when Colonel Picquart asked to be allowed to refute some of Junck's remarks. Jouaust made a gesture of impatience, and shouted:

"What, again?"

An outburst of booing and hissing came from the audience at such a display of unfairness. The judges and gendarmes quickly suppressed the noise, but Jouaust understood the well-merited rebuke administered to him, turned red and adjourned court 10 minutes later.

Rioters Are Arrested.

Paris, Aug. 22.—In consequence of Sunday's events judicial proceedings have been instituted against Sebastian Faure and four others for rebellion, acts of violence and attempts to murder and against divers persons for robbing the building and burning its furniture; also for breaking the windows and inciting to riotous assemblages.

A member of the anti-Semite league says M. Guerin has three days more provisions.

Drove Out the Yankees.

Chicago, Aug. 22.—A special from Portland, Oregon, says:

Claus Schetlein, just returned from the Atlin district, Alaska, tells a remarkable story of the Canadian police. Schetlein claims that he and his mining companions, Henry Rogers, Peter Megerle, Carl Henrein and Thomas Maloney, were driven out of the Atlin country and that they intend to lay their grievances before the highest federal authorities at Washington. Schetlein says:

"The peresecution of us, as well as scores of other American miners, began months ago and has grown in intensity so that now an American's life is in constant danger in the Atlin country. We were forced to abandon our claims and were allowed 24 hours to leave."

Can't Scare Oom Paul.

Captetown, Aug. 22.—The report that the Transvaal government has handed its reply to the British agent at Pretoria to be forwarded to Sir Alfred Milner, the British high commissioner for South Africa and governor of Cape Colony is confirmed.

It is believed the proposition of Great Britain for a joint commission to investigate the effect which the franchise reform legislation would have on the Uitlanders has not been accepted, but that the necessary proposals have been advanced.

Then the Water Rushed In.

Halifax, N. S., Aug. 22.—Four men were drowned here while working in a cofferdam being built for the Midland railroad at South Maitland. Something went wrong with the air pipes and water rushed in. The dead are Luke Peters, James Wilkes, William Donnegan and Con Dacey.

Burned a Big Breaker.

Scranton, Pa., Aug. 22.—The Mount Lookout breaker at Wyoming, Pa., operated by the Temple Iron & Coal Company, was burned yesterday. The origin of the fire was unknown. The breaker was one of the largest in the valley. The loss was $50,000.

LATE TELEGRAPHIC NEWS.

The executive council of western Australia has passed a bill enfranchising women.

Mrs. Ada Shaver, of Spokane, aged 50 years, threw herself into Hangman creek and was drowned.

Major Russell Harrison, inspector general, is critically ill with yellow fever at Santiago de Cuba.

Five lives were lost Sunday by the capsizing off Pointe Au Barque, Mich., of the schooner Hunter Savidge.

Paris was the scene of the most serious disturbance Sunday, recalling some of the aspects of the commune.

The transport Garonne has sailed for Manila from Seattle. She had 400 horses belonging to the Third cavalry on board.

Preparations continue actively in the matter of arranging for the speedy transportation of the troops to the Philippines.

Five hundred tons of supplies for Puerto Rican sufferers were placed on board the transport Panther at Philadelphia last Sunday.

Sir Thomas Lipton's yacht Shamrock, challenger for America's cup, has reached New York port, accompanied by her tender, the steam yacht Erin.

An explosion of oil in the five-story brick building at 2629 Dearborn street, Chicago, gave the fire department the hardest fight it has had in three months.

General Mercier, who was minister of war when Captain Dreyfus was condemned, and who in the present trial is the virtual prosecutor, says the captain will be convicted.

A head-on collision between two trolley cars occurred on the Norristown, Chestnut Hill & Rockborough railway in Plymouth township. Thirty persons were injured, three fatally.

James P. Young, of Chicago, a private in Company D, Third infantry volunteers, was killed by a freight train at Evanston while on his way to Fort Sheridan to report after a day's absence.

Jack McCormack of Philadelphia knocked out "Kid" McCoy in the first round at Chicago. The bout was to have been for six rounds, and it was generally thought McCormack stood no show at all.

An incendiary fire destroyed an entire block in the heart of Sydney, Mo., inflicting a loss of not less than $40,000, with no insurance. It was with great difficulty that the rest of the town was saved.

Intelligence has been received from the French Soudan, indicating that Lieutenant Klopp and Lieutenant Mounier, who were sent to take command of a column of troops there, have both been assassinated.

Two of the boilers at the Pittsburg Vitrified Brick Works at Pittsburg, Kas., exploded and the engineer, fireman and a yardman were instantly killed and four other employes were injured. The engine and boiler houses were demolished.

General Merritt says: "So far as I know there will be no immediate change in military commanders in the Philippines. General Otis, whom I regard as one of the most capable and efficient officers in the service, will continue in charge of the American forces.

Frank W. Funk, accused of the murder of William Brooks at Washington, D. C., was captured at Columbia, Mo.

A strict blockade has been established in the Rue de Chabron and the authorities have begun a regular siege of the building in which M. Guerin and his anti-Semite colleagues have entrenched themselves.

One of Henry J. Baumgartner's homing birds of Milwaukee, Wis., won the 150 mile race under the auspices of Milwaukee district, National Federation of American Homing Pigeon Fanciers, from Winona, Ill., to that city. The bird not only defeated a field of 171 contestants but broke the United States record for that distance. The winner's flight was made at the rate of 1,651.19 yards a minute.

Passengers of the steamer City of Topeka, which have arrived from Skagway, Alaska, bring news of the first legal execution in the Klondike. A triple hanging occurred at Dawson August 4. The parties hanged were two Indians, Dawson Nantuck and Jim Nantuck and one white man. Edward Henderson. Henderson was convicted of murdering his partner named Peterson.

Franey Fought His Last Fight.

San Francisco, Aug. 19.—Jim Franey, the Cincinnati middle-weight pugilist, who was beaten into insensibility by Frank McConnell in their contest before the National Club, has not regained consciousness, and physicians at the receiving hospital have given up all hope of saving his life.

The Hurricane at Andors.

Jacksonville, Fla., Aug. 19.—Private advices received in this city state that the West Indian hurricane visited the island of Andors, of the Bahama group, inflicting great damage to property and completely wrecking the sponging fleet. It is said that 150 bodies were washed ashore.

Mob Attacks Americans.

London, Aug. 22.—A special dispatch from Leghorn, Italy, says five men have been arrested on the charge of attacking and wounding the sailors who had come ashore from the cruiser Olympia.

Plague Brought From India.

Madrid, Aug. 21.—It is announced that the bubonic plague was brought to Oporto, Portugal, by a steamer loaded with rice from India and that 46 cases altogether have been reported.

British India now has 140 colleges and 17,000 students.

For the Family

All ages hail with delight the coming of the most wonderful, meritorious preparation that will lighten the ills of humanity and will do away with the taking of obnoxious, violent purges, inconvenient liquids, and pills that tear your life out. Simply because in CASCARETS Candy Cathartic you will find just what you want, convenient in form, pleasant of taste (just like candy) and of never-failing remedial action. They have found a place in every well-regulated household, and are the favorite medicine of the whole family, from baby to good old grandpa.

Don't be fooled with substitutes for CASCARETS!

a respite.—Cincinnati Enquirer.

"I take pleasure in praising your valuable remedy CASCARETS. I and my whole family received relief from the first small box we tried. I certainly recommend CASCARETS for the cures they make and trust they will find a place in every home. Yours for success."
PETER WEBB, Jr.,
Palm Grove Ave., McKeesport, Pa.

WASHINGTON.

The Reardan Exchange Bank is open for business.

Ten carloads of cattle were shipped from Davenport last week.

Meyers Falls is taking on an air of renewed energy and thrift.

Palouse will soon be supplied with artesian water for city purposes.

The outlook for a good crop of hops in Benton county never was better.

Moore & Co.'s bank is open for the transaction of business at Goldendale.

A three days' fair will be held at Ellensburg, Wash., beginning October 16.

Twenty-five families of Mexicans are en route to Yakima with their teams.

Heavy rains did much damage to hay and grain in the section around Kettle Falls.

The King county share of the quarterly school apportionment will be $42,493.

New street car rails to the amount of 125 tons were received at Spokane recently.

The new cable has recently been successfully stretched across the river at Northport.

Frederick Mohs expired while he was driving to his home from Sprague last week.

With a good price for the cereal, the average farmer of eastern Washington may well feel jubilant.

At a meeting held recently by the business men of Port Angeles a board of trade was organized.

The commissioners of Yakima county have decided to issue bonds of the county to the amount of $92,000.

E. B. Raymond, the hard bicycle rider of Olympia, made the run from that city to Tacoma in 99 minutes.

Last week Ernest Curry, a son of George Curry, met with a severe accident while unhitching a team from a binder.

Mrs. F. B. Shardlow, of Yakima, was severely burned about the feet, arms and hands by the explosion of a lamp recently.

In addition to a live stock department at the Spokane Industrial Exposition there has been added a dairy department.

An extremely light fruit crop along Snake river is reported. There will be a fair yield of peaches in a few orchards about Wawawai.

The work of transcribing the Ferry county records from the books of Stevens county has been completed. It cost the county $4,229.14.

The postoffice at Reardan was entered recently and some small change, about $20 in stamps, a registered letter and a revolver stolen.

The Washington state fair to be held at North Yakima, September 25 to 30, promises to be the big event of the season for the chicken men.

The cost of educating children in the Spokane public schools last year was $23.16 per pupil, based on the total enrollment, which was 6,288.

The premium list of the Spokane Industrial Exposition this year promises to be like everything else connected with it, much better and finer than ever before.

S. W. Groom was instantly killed last week at Spokane by the breaking of the circular saw of a steam wood sawing machine, one piece striking him on the back of the head.

In both the poultry department and the stock department at the Spokane industrial exposition in October, the single judge system will be used in awarding prizes and diplomas.

Every Grand Army man in the northwest will be anxious to visit the Spokane Industrial Exposition in October for the Grand Army Band of Canton, Ohio, is to furnish the music for that occasion.

Thomas Maurine, a well-known stationary engineer employed at Point Wilson, where the government is constructing fortifications, died from the effects of terrific injuries received there while at work.

Charlie Johnson, a colored man, was thrown from a brakebeam on the Northern Pacific overland last week, near North Yakima. His leg was cut off near the thigh and the chances for his recovery are doubtful.

The railroad rates to the Spokane Industrial Exposition which opens this year October 3d and closes the 17th, will be the same as last year. The rate will be two cents a mile each way or a single fare for the round trip.

William Woodruff of Nelson, B. C., was found lying dead in his bed at Spokane, Wednesday. An empty dram bottle of morphine and a farewell message scrawled on a piece of paper gave evidence that it was a case of suicide.

Lewis G. Gates, the critic, has received a year's leave of absence from Harvard, where he is assistant professor of English, and is living in England where he is at work upon a book to appear next fall.

ROBERT DOWNING

Tells the Secret of His Great Endurance.

Robert Downing, the Tragedian.

Robert Downing was recently interviewed by the press on the subject of his splendid health. Mr. Downing promptly and emphatically gave the whole credit of his splendid physical condition to Pe-ru-na, saying:

"I find it a preventive against all sudden summer ills that swoop upon one in changing climates and water.

"It is the finest traveling companion and safeguard against malarial influences.

"To sum it up, Pe-ru-na has done me more good than any tonic I have ever taken."

Healthy mucous membranes protect the body against the heat of summer and the cold of winter. Pe-ru-na is sure to bring health to the mucous membranes of the whole body.

Write for a copy of Dr. Hartman's latest book entitled "Summer Catarrh." Address Dr. Hartman, Columbus, O.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Pe-ru-na is an absolute specific for these ailments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentary, diarrhoea, or cholera morbus, and his only remedy was Pe-ru-na. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

The Buddhists in Ceylon are now energetically preaching that the end of the world will come this year, with the result that the faithful see that it would be mere waste of time to grow rice or in any way provide for the wants of next year, and are instead giving their minds seriously to a pilgrimage to Anuradhopura.

Ladies Can Wear Shoes

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures swollen feet, blisters and callous spots. Allen's Foot-Ease is a certain cure for ingrowing nails, sweating, smarting, hot, aching feet. We have 30,000 testimonials. All druggists and shoe stores sell it. 25c. Trial package FREE by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

To decrease the friction of car wheels a newly designed truck has in place of the single journal box a series of anti-friction wheels set in a position to engage each end of the journal, revolving with the shaft and dividing the friction between them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address

Fence and Iron Works.

PORTLAND WIRE & IRON WORKS; WIRE and iron fencing; office railing, etc. 334 Alder.

The co-operative colony in Colorado is reported to be in bad condition. The colonists have commenced to "law" among themselves.

Mrs. George Hackett, of Brownville Pa., colored, aged 22, gave birth to seven babies, recently, four boys and three girls. Though small, all were well formed and lusty-lunged. Three lived till noon, when they succumbed to the awful heat of the badly ventilated room in which they lay with their mother, and later in the afternoon three others died. One, a boy, remains, and doctors say he has a good chance to live. The father is a laborer, 25 years old. The mother has had two children before, both of whom are alive.

EDITORIAL OUTCROPPINGS.

The Nelson Miner of the 25th., inst. prints a half column article on the Noonday mine of Silverton. The whole article is an endeavor, by direct lies and dirty underhand insinuations, such as only a scab paper run by hayseeds would resort to, to hurt the value of the mine, and besmirch the character and business ability of the management and also incidently discredit the Miners' Union of the Slocan. The article, appearing as it does in a paper that has earned the unenviable reputation of being the most unreliable mining paper in the Kootenays, is hardly worth contradiction.

Why the Miner should go out of its road to throw mud at its sister towns and try and besmirch the character of men whose intregrity can be vouched for by all our citizens who are favored by their acquaintance, can only be because it is the tool of a lot of carpet-bagging aliens who are trying to reduce the standard of Canadian manhood to the level of that of their own. But Canadians miners are not to be influenced by such rot as the Miner dishes up to its unfortunate subscribers.

What one of our poets says of Canadian labor to-day, will still be true long after our would-be aristocracy has left the country and the Miner is forgotten.

"Where none are slaves, that lordly knaves
May idle all the year;
For rank and cast are of the past—
They'll never flourish here!
And Jew or Turk if he'll but work,
Need never fear disaster;
He reaps the crop he sowed in hope,
For Jack's as good's his master.

Our aristocracy of toil
Have made us what you see—
The nobles of the forge and soil,
With ne'er a pedigree!
It makes one feel himself a man,
His very blood leaps faster,
Where wit or worth's preferred to birth,
And Jack's as good's his master!"

The labor situation here is practically unchanged. Most of our big mines are doing only a little surface work and adding some much needed improvements to their bunk-houses etc. The good natured feeling that has characterised this strike, still prevails and will no doubt outlast the strike many years. The miners who have conducted themselves as gentlemen, acting entirely within their rights, have won the confidence and respect not only of the business men of the Slocan but also of these same mine managers, who, although the fight was against them, could not but admire the manly upright fight that the miners are waging to retain a fair rate of wages in the Slocan for themselves and fellow wage earners throughout this section of our province.

With the amount of work now laid out around our various mines, which must be completed before winter sets in, (otherwise Dame Nature and not the management will close the mines and thus cause a loss of a year's work to the stockholders) it will puzzle the mine owners to find skilled labor enough in the country to accomplish it. The only sufferers through the present trouble have been the business men of the Slocan and the holders of stock in Slocan mining properties. As for the miners, most of them have been able to look upon the matter as a huge joke gotten up for their benefit When tired of being spectators, they have shouldered their roll of blankets and gone off, going to work in some other camp, where skilled labor was gladly received and well paid. This is the most regrtable feature of this whole labor difficulty,—that there is being lost to British Columbia scores of her best skilled miners—and no class will realize this more than the mine managers when they attempt to operate their mines and are unable to do so for the lack of skilled labor, which they were instrumental in driving out of the country.

STRANDED STATESMEN.

Political news from the Capital shows a positive political tangle. One by one the supporters of the Administration are withdrawing their support and now it would seem that unless some of the Opposition can be induced to join his party Premier Semlin must confront a hostile majority when the House next convenes. Some predict an immediate session, a dissolution and a general election. Others are calling upon the Lieutenant-Governor to dismiss his present advisers and call upon a new man (no names mentioned) to perform the impossible feat of framing a cabinet out of the Opposition material now on hand.

Joe Martin, Higgins and McPherson are Eight Hour supporters in the Opposition now and Helgeson has joined the same party with the view of helping its repeal. Some Kootenay members are credited with a desire to follow Joe Martin into the Dunsmuir camp as allies. Could a worse muddle of men and platforms be imagined?

A general election is necessary to straighten out the tangle and without doubt there will soon be one. This being so, and there seems little doubt of it, every voter should see that his name appears upon the voters' list. It may soon be needed. By calling at this office, all entitled to vote can secure registration. You supply the name, we do the rest.

THE KISSING BUG.

Melanolestes picipes
Fed on b..d b..gs at his ease,
Suddenly he softly swore:
"I shall taste of human gore!"
Gently sleeping on her bed,
Raven tresses round her head,
Ruby exit of her mouth,
Gateway pure of love and truth.
Parting in an oval thin,
Showed the ivory wall within.
In her brief and blissful dream
George so near to her did seem,
And a kiss fell on her lip,
Not as bees do honey sip,
Not with soft and feathery touch,
But with fierce and piercing clutch.
Not the charm she knew so well—
So she wakened with a yell.
'Twasn't George,'but if you please,
'Twas the demon picip-s.
—W E H. in Saturday Night.

As the New Denver Ledge relies upon its exchanges or heresay for its mining news, it would be a kindness, that would no doubt be appreciated by the editor of that boiler plated journal, for someone to inform him that his table of ore shipments is lacking in correctness in regard to the Noonday mine of Silverton.

NOTICE TO WORKINGMEN.

Owing to a reduction in miners' wages caused by the enforcement of the eight hour law, the miners are all idle and the mines have shut down. Therefore all workingmen are hereby warned to keep away from the Slocan and Kootenay country, British Columbia, until present troubles are amicably settled between mine owners and miners.
