PRINCETON, B. C., WEDNESDAY, JULY 3, 1907.

\$2 a Year, in Advance

DOMINION DAY, 1907

Nothing to Mar the Celebration—Everybody Enjoyed Events.

Princeton has every reason to feel proud of the celebration presented to the public on July 1 and 2. Considering the size of the town and the somewhat dull times the citizens are deserving of great credit for the generous manner in which they subscribed to the celebration fund. With the railway here next year bringing with it prosperity on all hands there is every hope that Princeton will present a programme second to none in the interior. There is just one cause for complaint regarding the sports of this year, and that is the lack of proper organization and the necessity of having someone at the head of affairs who will see that the programme is properly carried out and not allowed to drag. People like to see the different events pulled off with snap keeping up the interest and excitement.

The first item on the programme was the base running, which was won by J. R. Campbell, in 15 sec., with Sam Gibson second, 18 sec.

The Caledonian sports were then called as follows: Running broad jump—1st, J. R. Campbell, 17½ feet; 2nd, Indian Tommy. Standing broad jump—1st, J. R. Campbell, 9 ft. 4 in.; 2nd, Tommy. Running hop, step and jump—1st, Tommy, 37 ft. 4 in. Boys race—1st, Austin Henderson; 2nd, Sibley. This race was afterwards run over when young Sibley defeated Henderson. The girls race was won by Theresa Col. This wound up the sport for the forenoon.

After lunch the baseball match, between a picked team from Keremeos and Hedley went up against the Princeton team. There was a lot of unnecessary time lost in starting the match, it being 2:30 before the first ball was pitched. The locals had an easy time of it, winning by 15 runs to 5. Some good ball was played, but it was too one-sided from the spectators point of view.

At the conclusion of the ball game the first horse, free for all, was called, four horses facing the starter. After a lot of skirmishing they got away finishing with Richter's Sir Henry in the lead. The second heat went to Al Johnston's grey 3-year-old, after an exciting finish. The third heat was taken by Sir Henry. The pony race, 2 in 3, was run between the heats of the first race and was captured in two straights by Richter's McGinty.

The hour being late the remaining heats in the free-for all were postponed till Tuesday morning, when after the best race of the day Johnston's colt won by a nose. This necessitated another trial and was won by Sir Henry in a close

finish. The saddle horse race was taken by Richter's Panhandle Pete. The cowboy race and bucking contest went to an Indian named Witchie, and the kloochman's race to Quilchana belle. The last last race of the day—the ladies—was won by Mrs. W. Thomas on McGinty, with Mrs. Godsoe, on Howse's Blackie, a good second. The large crowd who witnessed the sport were more than pleased with the races. After lunch the drilling contest was put on, and only one team entering they were compelled to drill 30 inches in 15 minutes for first money. Their drills were poor quality and they only succeeded in making 14 3-4 inches, taking second money. Owing to lack of space a more extended report is held over.

CHAMPION CREEK NOTES.

Platinum in Place—Country of High Grade Propositions.

The upper Tulameen country, in the Champion creek section particularly, is attracting considerable attention just now owing to the presence of platinum and other rare minerals. Professional men from various parts of the world have examined the ore deposits containing platinum and also the gravel beds. Platinum in place was first found by Dan Coutenay, who, according to his own statement, has traced it to where it can be extracted in commercial quantities. A group of claims located by "Prof." Coutenay and partners last year has been bonded to Colorado financiers for \$80,000.

Messrs. Coutenay, Smith and Riley are camped on the divide between Champion and Slate creeks, better known as Coutenay mountain. They are running a crosscut on one of their platinum claims, having completed 20 feet. The walls are of serpentine and diorite.

J. Riley owns a group of claims to the south of the Coutenay proposition. Tom Lee and Harris and Britain are located on the north and have fine showings.

The general impression is that a drop in the bucket has not been found in comparison with what remains to be discovered. The country is all vacant for 30 miles south of Mt. Coutenay.

Prospectors are advised not to bring in horses yet as there will be no feed for three weeks. Outfits can be packed in from Otter Flat or Granite creek.

Those who have seen this country dub it the promised land of the prospector and the paradise of the scientist and sportsman.

Among those who represented Hedley at the sports were: Fred Revely, J. G. Shier, Roy Jamieson, Jack Edmunds, W. C. Winkler, F. H. French, Jno. Jackson, H. Swan.

Dr. Whillans of Hedley was summoned to Toronto on Tuesday where his family is, owing to his little boy having been seriously scalded. Dr. Schon will attend emergency cases at Hedley during his absence.

LOCAL AND GENERAL

Visitors Plentiful During Celebration—A Prophet and Seer.

Rev. D. J. Macdonald expects to leave this week for the coast, after which he may take the missionary field at Lundbreck, Alberta. His successor here is not definitely known but it is expected Rev. J. Smith of Camrose, Alb., will be appointed.

Board of trade meeting Thursday evening July 4.

Dr. C. W. Cross, veterinary surgeon and dentist, of Ashcroft, spent Dominion Day in Princeton.

G. Goldsborough, road foreman, returned on Saturday last from a trip of inspection over the Hope trail. He was accompanied by a force of men and places needing repair were attended to. The party were out eighteen days.

Judge Moore, of Spokane, arrived by Monday's stage and will spend a few weeks looking over the mining possibilities in this locality.

Mr. and Mrs. Thynne, of Otter Valley, were among those who attended the sports on Monday and Tuesday.

Judge Murphy, of Granite Creek, is renewing acquaintances in Princeton.

Augus Lamont has returned from a two weeks' visit to Harrison Hot Springs and is feeling much better for the trip.

Tink French leaves this week for Harrison Hot Springs to partake of the healing waters of that well known health and pleasure resort.

Fred Howse and wife, of Nicola, arrived in Princeton on Saturday. Mr. Howse brought in with him a couple of racers.

Walter Frith of Greenwood has been appointed Customs officer at the new outport of Chopaca on the V., V. & E., north of the boundary line. It is understood that regular trains will shortly be running to this point.

A fine ledge of coal has been uncovered on the north fork of Granite creek.

ALEXANDER, THE PROPHET.

That Princeton has a prophet few people seem to be aware. Like the late notorious J. Alexander Dowie our prophet's name is Alexander also. He has been in retirement at Nine-Mile for some years but recently received an inspired message from the angel Gabriel to branch out into the prophetic business. His statements are lucid and show little of that dementia which was so marked in the Chicago "Elijah."

His prophecy that Vancouver would have fire and brimstone poured out on it if its citizens did not quit bucking the Great Northern and the V., V. & E. rail-

way is a cold or hot warning, as they may take it, which all will hope may be the means of infusing new life into the sad, slow inhabitants of the city by the sea and awaken them to a proper appreciation of the resources of the Similkameen.

The "ghost of Nine-Mile," or Alexander II, says that King Edward will shortly cede Ireland to the Irish and that Scotland and Wales will be freed from Saxon rule and prophecies that Canada will be an independent nation within the next 25 years. He also forecasts a change in the present government of B.C., McBride having reached the zenith of his fame his downfall may be expected at any time. The Princeton P.O., he says, will soon be restored to C. E. Thomas and Nine-Mile will, as soon as the cabins are built, become headquarters for mining experts and the angel Gabriel. So ends the prophecies of Alexander for the present. What next?

MISREPRESENTATION.

Political Animus Causes Low Grade Press to Prevaricate.

The Hedley Gazette of the 13th publishes the following item from the Greenwood Ledger: "In a criminal action before His Honor Judge Brown, under the Speed Trials Act, it came out in evidence that Smith Curtis had got the price of two ranches from the witness, presumably with a view to find a purchaser. The ranches were in the Similkameen district. The negotiations took place a few days previous to the election. Since the election, strange to say, the bottom has dropped out of the deal."

The intention of the Gazette in publishing this article was of course to cast reflections on Smith Curtis and make it appear that Curtis had endeavored to corrupt a voter in his behalf in the recent elections. When a little light is thrown on the situation the scene is entirely changed. A man by name of Sinclair wished to open up a store on Anarchist mountain and not having the ready cash wherewith to stock it, borrowed a \$1,000 from Mrs. Gillespie, who resides on Anarchist mountain, to buy goods with. Sinclair goes to the coast and comes back again without goods or money, whereupon he was summoned to account for his actions. In his evidence before Judge Brown he stated he was good for more than the amount in property, which consisted of a ranch in the Similkameen. When asked the worth of it he gave the opinion of Smith Curtis as to its value, the latter gentleman having offered to find a purchaser for the land at the price stated. To those who know the Gazette no astonishment will be expressed at its feverish desire to print anything that would in any way reflect on the man who dared to oppose its master in the political contest so recently passed. The truth is far from its purpose.

QUESTION OF FACTS.

The Hedley Gazette has become notorious for its wilful exaggeration of facts and perversion of the truth generally. In a recent issue it said: "Mr. Shatford was accused by Smith Curtis last winter, of seeking to bribe the electors of that section (Five-Mile) by the vulgar expenditure of public money on the roads leading to their ranches in order to catch their votes." Mr. Curtis never criticised Mr. Shatford for an attempt to give the Five-Mile settlers a road, he only scored the representative for negligence in giving One-Mile settlers and the travelling public a through road to Aspen Grove and Nicola. Besides shortening the road to these points by about fifteen miles from Princeton it would open up a rich mineral and agricultural section. This road has been agitated for by the settlers and mineral owners affected for the last ten years. And it did look "fishy" that Mr. Shatford being fully cognizant of this agitation in his expiring four-year term of representation should order construction of the road as far as the last voter lived on the eve of a general election. The Gazette editor should take an occasional look at a map and note the geographical position of One and Five-Mile. In that way he would not be so liable to make confusive statements and also those at variance with fact. One-Mile is the road Mr. Curtis criticised and not without cause. Now, the Five-Mile settlers are waiting patiently for a road. Will the Gazette as fervently advocate a road for those settlers as it jumped to the futile defence of Mr. Shatford.

NOTES AND COMMENTS.

The year 1907 saw a phenomenal rise in the price of platinum and a greatly increased production in the United States. The annual report of the United States Geological Survey on the production of platinum, prepared this year by F. W. Horton, contains details of exceptional interest. It shows that early in March, 1905, the price of ingot platinum advanced from \$19.50 an ounce to \$21 an ounce, surpassing gold in value. On April 1, 1905, the price fell to \$20.50 and remained firm at this quotation until February 1, 1906, when it

jumped to \$25 an ounce, where it remained until Sept. 1, 1906, when it leaped to the unprecedented value of \$34 an ounce. Mr. Horton's report also shows that the production of platinum in the United States increased from 200 ounces in 1904 to 318 ounces in 1905. This report is published as an advance chapter of the annual volume, "Mineral Resources of the United States, 1905," and is distributed free of charge, on application to the United States Geological Survey.

There is reason for believing that the present high price in copper will continue says the Mining Reporter. First, the restlessness of labor in a majority of the large copper mining and smelting countries resulting in a decreased output for the first quarter of 1907 as compared with the corresponding period of last year. Second, the available supply of the metal is comparatively small. Third, the foreign demand for the metal has greatly increased since the first of the year. Fourth, the electrical apparatus in manufacturing industries show an increased business and withal a larger consumption of copper. Fifth, the largest operators are in unanimous accord as to the maintenance of both the demand for and the present price of the metal.

The Coieman, Alb., coal and coke plant is now working full capacity and 1,600 tons of coal are being raised daily. About 1,300 tons of this are being sold for steam purposes, the remainder being converted into coke which is sold to smelters in the Boundary and Kootenay. Great energy has been shown in the development of this new property.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either dyspepsia, the heart, or the kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Dont make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness, always. And the heart and kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free book now. Dr. Shoop's Restorative sold by J. R. Campbell.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by J. R. Campbell.

When in Vernon stay at the Coldstream Hotel, opposite railway station. First class service, rates moderate.

High Class Tailor-made Garments

Suits to Order or Ready-to-Wear

SUITS—\$12, 15, 18, 20, 22, 25, up to 35
TROUSERS—\$3, 3.50, 4, 4.50, 5, up to 7
OVERCOATS and RAINCOATS—\$10 to 25
Samples and Self Measurement Blanks on Application

Corner Granville and Pender Sts. Vancouver, B. C.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time and of money as well.

NOTICE.

SIXTY DAYS after date I intend to apply to the Chief Commissioner of Lands and Works for a license to prospect for coal on the following described lands, situate in the Kamloops division of Yale district:
1. Commencing on the north side of Ellex Johnson's preemption, running north 80 chains, west 80 chains, south 80 chains, east 80 chains, to point of commencement, in all 640 acres.
Located May 25, 1907.
2. Commencing on the west line of timber limit No. 1, thence 80 chains west, 80 chains south, 80 chains east, 80 chains north, to point of commencement, in all 640 acres.
Located May 25, 1907.
3. Commencing on the west line of timber limit No. 2, thence 80 chains west, 80 chains south, 80 chains east, 80 chains north, to point of commencement, in all 640 acres.
Located May 25, 1907.
NICHOLAS BANGS, C. O. FRENCH, Locator.

Free samples of "Preventics" and a booklet on colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventics are little candy cold cure tablets. No quinine, no laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "sneeze stage." For a seated cold or la grippe, break it up safely and quickly with preventics. Sold by J. R. Campbell.

TIMBER NOTICES.

Notice is hereby given that one month after we intend to make application to the Hon. the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands situated in Yale District of British Columbia:
21. Commencing at the south-east cor. of timber limit No. 1 of D. J. Bangs and C. O. French, located April 10th, 1907, running 80 chains west, 80 chains south; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.
Dated June 17, 1907.
22. Commencing at the north-east cor. of timber limit No. 21, thence east 80 chains; south 80 chains; west 80 chains; north 80 chains, to point of commencement, in all 640 acres.
Dated June 17, 1907.
23. Commencing on the south line of timber limit No. 53 running 160 chains west; 40 chains south; 160 chains east; 40 chains north, to point of commencement, in all 640 acres.
Dated June 17, 1907.
24. Commencing on the west line of timber limit No. 23, thence west 80 chains; south 80 chains; east 80 chains; north 80 chains, to point of commencement, in all 640 acres.
Dated June 17, 1907.
25. Commencing on the north line of timber limit No. 24, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.
Dated June 17, 1907.
26. Commencing on the north line of timber limit No. 25, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.
Dated June 17, 1907.
27. Commencing at the north-east cor. of timber limit No. 1 located April 10, 1907, by D. J. Bangs and C. O. French, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.
Dated July 18, 1907.
28. Commencing at the south-east cor. of timber limit No. 27, thence 80 chains east; 80 chains south; 80 chains west; 80 chains north, to point of commencement, in all 640 acres.
Dated June 18, 1907.
29. Commencing 40 chains west of the west line of timber limit No. 26, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.
Dated June 18, 1907.
30. Commencing on the west line of timber limit No. 29, thence 80 chains south; 80 chains west; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.
Dated June 18, 1907.
31. Commencing on the west line of timber limit No. 24, thence west 80 chains; south 80 chains; east 80 chains; north 80 chains, to point of commencement, in all 640 acres.
Dated June 8, 1907.
32. Commencing on the east line of timber limit No. 25 running east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.
Dated June 17, 1907.

The Secret of A BEAUTIFUL COMPLEXION

now revealed
FREE

What beauty is more desirable than an exquisite complexion and elegant jewels. An opportunity for every woman to obtain both, for a limited time only.

The directions and recipe for obtaining a faultless complexion is the secret long guarded by the master minds of the ORIENTALS and GREEKS.
This was obtained after years of work and at great expense. It is the method used by the fairest and most beautiful women of Europe.
Hundreds of American women who now use it have expressed their delight and satisfaction.
This secret is easily understood and simple to follow and it will save you the expense of creams, cosmetics, bleaches and forever give you a beautiful complexion and free your skin from pimples, bad color, blackheads, etc. It alone is worth to you many times the price we ask you to send for the genuine diamond ring of latest design.

We sell you this ring as one small profit above manufacturing cost. The price is less than one half what others charge. The recipe is free with every ring.
It is a genuine rose cut diamond ring of sparkling brilliancy also lutely guaranteed, very dainty, shaped like a Belcher with Tiffany setting of 12Kt. gold shell at your local jeweler it would cost considerable more than \$2.00.

We mail you this beautiful complexion recipe free when your order is received for ring and \$2.00 in money order, stamps or bills. Get your order in before our supply is exhausted.
This offer is made for a limited time only as a means of advertising and introducing our goods.
Send today before this opportunity is forgotten.

TIMBER NOTICES.

Notice is hereby given that one month after date I intend to make application to the Hon. Chief Commissioner of Lands and Works for special license to cut and carry away timber from the following described lands, situated in the Yale District of British Columbia:

1. Commencing at a post placed on the left side of Copper creek about 10 miles west from mouth of same creek marked Nicholas Bangs and C. O. French, thence 80 chains west; 80 chains south; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.

2. Commencing on the west line of timber limit No. 7, thence 80 chains west; 80 chains south; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.

3. Commencing on the west line of timber limit No. 2, thence 80 chains west; 80 chains south; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.

4. Commencing about two miles from the north fork of Copper creek at a post on south end of lake, thence 80 chains west; 80 chains south; 80 chains east; 80 chains north, to point of commencement, in all 640 acres.

5. Commencing in the saddle north fork of Copper creek and south fork of Whipsaw, commencing at a post running north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

6. Commencing on north line of timber limit No. 5, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

7. Commencing on north line of timber limit No. 6, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

8. Commencing about four miles north on the south fork Cambie creek, commencing at a post on the left bank of said creek running east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

9. Commencing on the north line of timber limit No. 8, thence east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

10. Commencing on the north line of timber limit No. 9, thence east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

11. Commencing about 1 1/2 miles north of timber limit No. 9 on said creek at a post planted on left side of creek, thence south 80 chains; west 80 chains; east 80 chains; north 80 chains, to point of commencement, in all 640 acres.

12. Commencing about three miles up the north fork of Cambie creek and one mile east of said creek, thence east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

13. Commencing on west line of timber limit No. 12, thence east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

14. Commencing on west line of timber limit No. 13, thence east 80 chains; north 80 chains; west 80 chains; south 80 chains, to point of commencement, in all 640 acres.

15. Commencing about two miles west of Mouthmen creek on the left bank of Skait creek running north 80 chains; thence west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

16. Commencing on west line of timber limit No. 15, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

17. Commencing on the west line of timber limit No. 16, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

18. Commencing on west line of timber limit No. 17, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

19. Commencing on west line of timber limit No. 18, thence north 80 chains; west 80 chains; south 80 chains; east 80 chains, to point of commencement, in all 640 acres.

G. MURDOCH, Agt. NOTICE.

NOTICE is hereby given that sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 320 acres of land situated in Yale division of Yale district, commencing at a post marked No. 2 on Pike mountain, thence running west 40 chains; north 80 chains; east 40 chains; south 80 chains, to point of commencement, containing 320 acres more or less, for pasture purposes. F. P. COOK, G. P. MYREN, Agent, 18-26 Otter Valley, May 1st, 1907.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I HEREBY CERTIFY that the "Copper Mountain Mining Company" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situated in the city of Phoenix, territory of Arizona, U. S. A. The amount of the capital of the company is five hundred thousand dollars, divided into five hundred thousand shares of one dollar each.

The head office of the company in this Province is situated in the city of Vancouver, and Edgar Bloomfield, barrister and solicitor whose address is the same, is the attorney for the company. (Not empowered to issue and transfer stock).

The time of the existence of the company is twenty years, from the 7th day of August, 1906.

The company is specially limited under 56 of above Act.

Given under my hand and seal of office at Victoria, Province of British Columbia this 21st day of May, one thousand nine hundred and seven.

[S.] S. Y. WOOTTON,

Registrar of Joint Stock Companies. The objects for which the company has been established and registered are restricted to:

Acquiring, managing, developing, working and selling mines, mineral claims and mining properties, and the winning, getting, treating, refining and marketing of mineral therefrom. 23-27

TIMBER NOTICES.

Notice is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in the Kamloops division of Yale district of British Columbia:

1. Commencing at a post planted about ten chains north of the south-east corner of lot 1511; thence east 80 chains; thence north 80 chains; thence west 80 chains; thence south 80 chains; to the point of commencement.

2. Commencing at a post planted on the north boundary of lot 1506 about 20 chains from the N.W. corner of said lot 1506, thence east 40 chains; thence north 160 chains; thence west 40 chains; thence south 160 chains; to the point of commencement.

3. Commencing at a post planted on the S.E. side of wagon road about 20 chains N from Tulameen river, 7 miles from Princeton, and marked J. A. Mohr's S.W. cor. post, thence north 40 chains; thence east 160 chains; thence south 40 chains; thence west 160 chains; to the point of commencement.

4. Commencing at a post planted on the south side of wagon road about 40 chains from Princeton, marked J. A. Mohr's east boundary, thence north 20 chains; thence west 160 chains; thence south 40 chains; thence east 160 chains; thence north 20 chains to point of commencement.

5. Commencing at a post planted 40 chains north of the S.W. corner of lot 2122, running 80 chains north, west 80 chains, south 80 chains, east 80 chains to point of commencement.

6. Commencing at a post planted at the N.E. corner of lot 412, running north 160 chains, east 40 chains, south 160 chains, west 40 chains to point of commencement. Dated May 28, 1907.

Thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in the Kamloops division of Yale district of B. C.:

1. Commencing at a post planted about half a mile west of McCullough's school house on the south side of small lake and marked Jas. McMahon's S.W. corner and running east 40 chains, north 160 chains, west 40 chains, south 160 chains to point of commencement.

2. Commencing at a post planted at Jas. McMahon's S.W. corner and running north 80 chains, west 80 chains, south 80 chains, east 80 chains to point of commencement. Dated April 30, 1907.

3. Commencing at a post planted at Jas. McMahon's S.W. corner of No. 1, thence running south 80 chains, west 80 chains, north 80 chains, east 80 chains to point of commencement and marked Jas. McMahon's N.E. corner post. Dated May 1st, 1907.

4. Commencing at a post planted on the west side of J. Thynne's fence and about 40 chains south of McCullough's school and marked Jas. McMahon's N. E. corner, thence south 80 chains, west 80 chains, north 80 chains, east 80 chains to point of commencement. Dated May 2nd, 1907.

5. Commencing at a post planted about 40 rods west of the S.W. corner of No. 2 limit near Garcia's north boundary, thence running north 80 chains, west 80 chains, south 80 chains, east 80 chains to point of commencement, marked Jas. McMahon's east corner. J. A. MOHR, J. McMahon, Locator. Dated May 2nd, 1907. 24-28

NOTICE. Sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 40 acres of meadow land situated one mile west of Osprey Lake in Kamloops division of Yale district, described as follows: Commencing at post on south-east corner marked L. Gibson's purchase, thence 20 chains west; 20 chains north; 20 chains east; 20 chains south, to point of commencement. L. GIBSON, 25-33 Located June 3, 1907.
