

Coal mining is sure to be permanent industry here.

SIMILKAMEEN

The miserable person hunts for slights and invariably finds them

It is quite common to speak of Princeton as the prospective Pittsburg of British Columbia and the reason for thus referring to it lies in the fact that it has all the characteristic surroundings of its notable exemplar—Princeton is bound to be a great metal manufacturing centre and coal city.

Vol. vii. No. 16.

PRINCETON, B.C., SATURDAY, JULY 14, 1906.

\$2 a Year, in Advance

ON WITH THE STEEL

Tracklaying to Keremeos by First October then on to Princeton.

Coal Supply for Railway will be Procured Here—Contractors Begin at Nicola.

The V.V. & E. is expected to be operating freight and passenger trains to Oroville by 1st October. Steel will reach that point about 1st September and ballasting will require a month to complete. About ten miles of track have been laid west of Midway, leaving about 50 miles to lay to Oroville.

From Oroville to Keremeos there will be nothing in the way to retard tracklaying, to which latter point steel will be laid by 1st October and a month later regular passenger and freight services are expected to be established.

The building of camps and clearing right-of-way between Keremeos and Princeton will begin shortly, but little or no grading will be done until the rails are at Oroville. Keremeos is expected to be a supply base until Princeton is reached. Here, President Hill is anxious to get as soon as possible for the coal available for fuel and which the Vermilion Forks Co. are now preparing to supply. Until Princeton is reached the coal supply will be drawn from Fernie a distance of about 300 miles.

"Sunset" Brown has stopped grading on the Kettle Valley line which runs over his property near Volcanic mountain. He wants \$60 an acre for the land in the right-of-way and the company will not pay it.

Contractors are now at Nicola to begin grading on the short stretch between that place and Contlee. Surveyors are now within six miles of Aspen Grove with the located line.

EXCITEMENT IN HEDLEY.

EDITOR STAR—Sir: The citizens of Hedley were awakened from their usual repose by the toot of the mill whistle, discharge of firearms and explosions of dynamite on the morning of July 4. It was first supposed to be an attempt to holdup the mill but later proved to have been the commencement of the celebration by residents from across the line who were satisfied with Canadian coin for their labor but could not accept her holidays.

As the sun arose on the horizon the courage of the celebrants fell and when the procession fell in line for the picnic grounds only two Yankees were seen, surrounded by a group of Canucks.

Query: Would it not work to the wel-

fare of the community for united action in all public matters. The future of Hedley has been injured by social and sentimental matters and it is time to call a halt, close up the ranks and all push Hedley to the front, and return the kickers across the line. Yours truly, Hedley, July 7, 1906. H.

VISIT OF MINING EXPERT.

J. D. Springer, representing the well known firm of Finch & Campbell, mine investors, Spokane, has been in this section visiting several mining camps on behalf of his principals. Mr. Springer is not here on a pleasure trip nor yet for his health—purely business. If there is any offering on a business basis his firm will be only too pleased to become interested. Finch & Campbell make a specialty of developing embryo mines and prospects into producing and revenue earning properties. Their experience covers a wide range in time and territory, being operators for many years in the western states and British Columbia. Mr. Springer is a mining expert of many years' standing and knows the mining fields of the west by rote and visitation. He has formed a good opinion of the Similkameen on this his first visit.

BRUIN UP A TREE.

Some sport was had last Sunday with a big black bear which Mrs. Daly and daughters espied as they were riding down the Nicola road on the outskirts of town. As the ladies closed in on bruin giving a few loud huzzas and making a hissing sound with their lips he lost his head (mentally) and foolishly ran up a stunted pine. Some armed gentlemen, one with a kodak, came on the scene and proffered help in the despatch of his bearship which, of course, was accepted. On request of one of the fair ones the bear was snapped by the kodak man just as the deadly trigger was pulled. The animal fell a lifeless heap his dying regret, no doubt, being that he got himself into such a jackpot by listening to the ladies when he could by turning a somersault over the hill easily be gone.

GOOD CLASS OF SETTLER.

Paul Laplante is building a storey and a half log house, 20x30, on his ranch at Five-Mile, and is clearing and fencing so that when he returns next spring with a large outfit and stock he will be prepared to embark extensively into ranching. Recently he bought the crop on Charlie Burch's ranch, lot 1185, from C. A. Mears, who has had it rented. From the same party he has also purchased two cows, a bull calf and two yearling calves. Mr. Laplante has been a successful rancher in Washington but the brighter prospects here have induced him to pull up stakes and come to the sun-kissed Similkameen.

TOWN AND DISTRICT

News Rake Works all Right but There is Little to Bunch Up.

Settlers Ooming this Way from Maine—Trout Plentiful in Rivers and Hungry.

Leo McMullen had a narrow escape from the loss of sight in his right eye recently. A fine particle of steel flew from under a hammer blow striking the pupil causing acute pain and inflammation. Dr. Schon skilfully removed the dangerous irritant and the restored optic is on duty as before.

Jack Edmunds with a bunch of cowboy assistants has been branding young stock for Mrs. Daly this week and says he never saw cattle in better form.

Summers & Wardle have put a first-class refrigerator in their butcher shop which ensures perfect preservation of meat these scorching days and is also in line with the spirit of the firm to be up-to-date in every respect.

Fred Revely drove his new mail and passenger coach on Wednesday from Hedley. It is a covered rig and has an air of comfort and stability so inviting to travellers.

Mat Stewart drove a special in on Sunday last, bringing with him the recovered mail sack accidentally dropped from the regular coach on its last trip. While here Mr. Stewart inducted J. R. Campbell of the City Drug Store as express agent for his stage line. The former agent, C. E. Thomas, held the agency for years and only relinquished it through lack of time to attend to it.

D. O. Day and D. M. French took a stroll up the Tulameen the other day and each cast a fly on its bosom. Result: One shy of three score speckled beauties. Time: One hour, 25 minutes. Thanks.

John Gillies left last week for Midway where he expects to meet his family and also that of Mr. Burrell. They have come from far-away Maine, U.S., to join their husbands here. A Mr. Cox and his family are expected in the party, all of whom will become residents of this section.

J. Dake of Nelson and for several years a co-laborer on newspapers with the irrepressible John Houston, is in town on a pleasure trip.

J. Lundy and J. Riddell have located a nicely situated piece of ground adjoining Tulameen City which has been vacant for years.

Everyone will regret to hear of the serious illness of L. W. Shatford, M.P.P. for the Similkameen. He is troubled

with a chronic illness which recently has developed to an acute stage. He has gone to New York to consult specialists from whence all hope to hear of his complete recovery.

Messrs. Baldwin & Amburn, Great Northern engineers, are expected to arrive today. They have been in the Hope mountains for near a month exploring for railway passes. It is reported a party of G.N. surveyors is working from Chilwack eastwards along the base of Chilwack mountains in the endeavor to discover a new route and easier pass than that already located.

L. G. MacHaffie, manager bank B.N.A., Hedley, and Dr. McEwen of same place, passed through Princeton last Saturday en route to Vancouver via Hope Pass.

CROP OF GOOD OLD RYE.

John Gulliford has a field of rye which is heading out and gives promise of an enormous yield. The grain stands about seven feet high and as straight as straw can grow. It is a pretty sight to behold, nodding and waving in the gentle breezes and Mr. Gulliford takes reasonable pride in showing it to visitors. It would make a very fine photograph or form an interesting subject for a landscape painter which could be utilized as an illustration of the great and varied resources of this section. Two dozen stalks from a single seed are shown on the sample to be seen at the Star office an indication of great strength of soil. Mr. Gulliford has also a splendid crop of clover which is so prolific that it has lodged.

SOUNDS A LITTLE "FISHY."

Trout are so plentiful and hungry up at Welldo that a thirsty traveller carrying fishing flies entwined about his hat band bent over to scoop up some water in his tile that he might wet his parched lips. He never dreamed of the luck in store for him for on lifting his hat out of the water there were six of the finny tribe dangling from as many hooks and one extra large male caught onto the brim of the hat evidently determined not to be left out of the school. On the same day a wealthy gentleman from Portland, Ore., returning from the Rising Sun gold-platinum mineral claim, on which he has secured a 30-day option, stopped at a purling brook to quaff some of Nature's purest and best. In stooping down to sip the water a big, fat trout taking it cool in the bottom espied the large diamond which the gentleman wore on his tie. He gave his tail one flop and leaped for the sparkler but the owner was too quick and caught fishie under the gill landing him well ashore. Judge Murphy saw the fish weighed, when it just tipped the scales at 7 lbs. 3¼ ozs. The owner of the gem says that he has caught more than trout with it—probably he means 'suckers.'

All cheques to be made payable to A. E. HOWSE.

FALSE STATEMENTS REFUTED.

Attempts have been made by the Hedley Gazette and others politically opposed to Duncan Ross, M.P., to impute to him blame for delay in the construction of the V., V. & E. west of Keremeos. These perverters of the truth in their headlong anxiety to traduce and besmear the political life and labors of Mr. Ross never stop to consider what possible gain or advantage could accrue to him by causing delay in construction. The Gazette in its own inimitable and silly manner jumps on the member for Yale-Cariboo, then hops on the Minister of Railways and winds up by saying the whole government is responsible for the delay. In its columns of verbiage the Gazette seeks by low innuendo to lay some corrupt motive upon the shoulders of the Liberals. In doing so it follows the example of its Foster-parent in the commons, making all manner of wild insinuations but lacking the courage or manliness to formulate a direct charge. Slander is the revenge of cowards and Conservative leaders and papers have used the blunted edged weapon very freely during the present session of the house of commons.

What are the facts regarding the construction of the railway west of Keremeos? The Star is in possession of information from authoritative sources which shows there is no foundation whatever in the report of a so-called "delay" or hold-up. President Hill affirms and reiterates his statements made last year that it was and is his intention to push on with construction and that on no part of the line will work be allowed to lag. He expects to have trains running to Vancouver within the time announced. As the V.V. & E. is not a government aided or subsidized road it must be built with some regard to economy and businesslike management. The interests and profit of the Great Northern do not demand that grading from Keremeos west shall begin until a base of supplies is established west of Midway.

Secondly: there has been no delay caused by Mr. Ross, the Minister of Railways, the Railway Committee, the Railway Commission or the government, which the

Gazette would have its readers believe are responsible for absence of construction. Certain matters in the change of location line at Hedley had to come before the Minister of Railways. He has asked for further information from the Great Northern engineering department, which cannot be made public, and will give a decision as soon as it is received, presumably enabling the V.V. & E. people to build where they want to. If the Gazette would confine its remarks to fact and cease publishing articles which are maliciously untrue against a man who has done more than any other to secure railway construction for that town, the citizens of it would soon realize, it would be to their advantage, at least.

NOTES AND COMMENTS.

The growth of the cement industry is one of many great indications that the world does not stand still. It is simply marvellous the expansion of the cement business in the United States which totalled 35,246,812 barrels in 1905, being an increase of 8,740,931 barrels over the previous year. The increase in the value of the output of Portland cement for the same period was \$9,890,748. There are cement deposits in the Similkameen which no doubt will be valuable in the days of rail transportation.

The horrid disclosures in connection with Chicago meat packing methods is making many converts to vegetarianism. Another result is the increased demand for eggs which has caused the price to rise to the unprecedented figure of 21 cents per dozen in Ontario. It is probable that a run will now be made on fish and fresh meat, leaving Chicago "turkey" for the cannibals who can't.

Schoolboy Foster and some of his ilk in the commons the other day took very serious objection to the premier and one or two of his risible ministers laughing at them while a poor reporter was haled to the bar for calling the "schoolboy" names. Foster has never emerged from his childhood. He is a dotard now and will never learn to take the medicine he delights so much in giving.

How can Mr. Hawthornthwaite be considered a consistent socialist when he supports a monopolistic government in giving away 800,000 acres of the people's land to a railway monopoly? The very essence of socialism is decentralization, yet this long-named man breaks its chief commandment and starts out on a stumping cruise to explain how he came to do it. O-graft, thou art mighty, even to the felling of 'stalwart' socialists and the loss of principles.

NOTICE.

Sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 240 acres, more or less, of pasture land situated in the Nicola division of Yale district and described as follows: Commencing at a point about 1/2 miles N. of lot 1155 at the S.W. corner of land sought to be acquired and running 80 chains north, thence 30 chains west, thence 80 chains south, thence 30 chains east to point of commencement.

NOTICE.

NOTICE is hereby given that sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 240 acres, more or less, of pasture land situated in the Nicola division of Yale district and described as follows: Commencing at a point about 1/2 miles N. of lot 1155 at the S.W. corner of land sought to be acquired and running 80 chains north, thence 30 chains west, thence 80 chains south, thence 30 chains east to point of commencement.

NOTICE.

NOTICE IS HEREBY GIVEN that the plan, profile and book of reference of that section of the line of the Vancouver, Victoria and Eastern Railway and Navigation Company's railway from Tulameen to Coquihalla Summit was duly filed in the office of the Registrar of Titles for the district or county of Yale at Kamloops on the 20th day of June, 1906.

NOTICE.

In the matter of the "Land Registry Act" and in the matter of the Title to Lots 20, 21 and 22, Block 155, Map 155, Town of Princeton, in the Province of British Columbia.

NOTICE.

Whereas certain title of Herbert Dent, No. 37004, to the above hereditaments has been lost or destroyed, and application has been made to me for a duplicate thereof.

NOTICE.

Take notice that W. H. Thomas, free miner's certificate No. B3904, intend sixty days from date hereof to apply to the mining recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim.

NOTICE.

Sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 220 acres of pasture land, situated in the Yale and Similkameen divisions of Yale district and described as follows: Commencing at the S.W. corner of lot 243, thence south 40 chains to the north line of lot 157, thence east 25 chains to the north-east corner of lot 157, thence south along the Similkameen river to the north-west corner of lot 1838, thence east 40 chains to the west line of lot 3531, thence north along the west line of lot 3531 40 chains to the south-west corner of lot 799, thence north 20 chains along the Similkameen river to the south line of lot 243, thence west 26 chains to the point of commencement.

NOTICE.

May Bell mineral claim. Situate in the Similkameen mining division of Yale district. Where located: In Aspen Grove camp.

NOTICE.

NOTICE IS HEREBY GIVEN that the plan, profile and book of reference of that section of the line of the Vancouver, Victoria and Eastern Railway and Navigation Company's railway from Coquihalla Summit to Hope, B.C., was duly filed in the office of the Registrar of Titles for the District or County of Yale at Kamloops on the 7th day of June, 1906.

NOTICE.

NOTICE is hereby given that sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 40 acres of land situate in Similkameen division of Yale district and described as follows: Commencing at a point marked S.W. corner post, at the 1/2 post on the east line of lot 300, thence 80 chains north, thence 40 chains more or less to the west bank of the Similkameen river, thence 20 chains south, thence 40 chains west to point of commencement.

NOTICE.

NOTICE is hereby given that sixty days after date I intend to apply to the Honorable Chief Commissioner of Lands and Works for permission to purchase 40 acres of land situate in Similkameen division of Yale district and described as follows: Commencing at a point about 200 yards east of the S.W. corner of lot 281, thence 20 chains south, thence 20 chains east, 20 chains north, 20 chains west, to point of commencement.

NOTICE.

Sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 140 acres, more or less, of mountain pasture land situated in the Similkameen mining division of Yale district and described as follows: Commencing at the N.W. corner of lot 1828, thence west 20 chains to the east line of lot 3536, thence south to chains to the north line of lot 1936, thence east about 15 chains to the N.E. corner of lot 1936, thence south 20 chains to the N.W. corner of lot 1026, thence east about 5 chains to the S.W. corner of lot 1828, thence north 80 chains to the point of commencement.

NOTICE.

Notice is hereby given that sixty days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase 320 acres of mountain pasture land, situated in Yale division of Yale district adjoining lot 230, and described as follows: Commencing at the S.E. corner post and running west 80 chains, north 40 chains, east 80 chains, south 40 chains back to point of commencement.

G. MURDOCH BLACKSMITH

AGENT FOR COCKSHUTT PLOWS, DEERING MOWERS & RAKES, ARMSTRONG BUGGIES, WAGONS. Orders Promptly Attended to. PRINCETON, B.C.

Synopsis of Canadian Homestead Regulations.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Entry may be made personally at the local land office for the district in which the land is situate, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent, receive authority for some one to make entry for him.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

- 1. At least six months' residence upon and cultivation of the land in each year for three years.
2. Entry must be made personally at the local land office for the district in which the land is situate.
3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on the gross output.

Deputy of the Minister of the Interior, N.B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE.

May Bell mineral claim. Situate in the Similkameen mining division of Yale district. Where located: In Aspen Grove camp. Take notice that I, F. W. Groves, acting as agent for W. A. Dodds, free miner's certificate No. 25997, intend sixty days from date hereof to apply to the mining recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim.

NOTICE.

Notice is hereby given that sixty days after date I intend to apply to the Honorable Chief Commissioner of Lands and Works for permission to purchase 40 acres of land situate in Similkameen division of Yale district and described as follows: Commencing at a point about 200 yards east of the S.W. corner of lot 281, thence 20 chains south, thence 20 chains east, 20 chains north, 20 chains west, to point of commencement.

PRINCETON BOARD OF TRADE—Rooms centrally located. Members solicited. B. WATERMAN, A. E. JACKSON, Secretaries. H. COWAN, Treasurer.

LOCAL AND GENERAL.

F. J. Hart and G. B. Tucker left on last Sunday's stage for Portland, Ore., going via Victoria.

T. A. Rogers, of Mountain View, Cal., is expected at Otter Flat today.

E. F. Voigt is back from Portland. Gus Pouwels has arrived from Coule.

Sunday school at 2:30 p.m.; evening worship at 7:30 tomorrow in the court house. All invited. Rev. D. F. Smith.

J. Beaver arrived recently from Spokane and is at his ranch.

Election of school trustee today at 10. The recent sale of the Oro Denoro mine in the Boundary to the P.C. Copper Co was on the basis of \$125,000 for it. 15,500 shares of B.C. Copper were exchanged at the market price of about \$8 per share.

T. P. Collier and J. Lindell, of Grand Forks, returned home last week after having located some pasture land. In due course they will make this section their home.

NOTICE.

NOTICE is hereby given that sixty days after date we intend to apply to Chief Commissioner of Lands and Works for permission to purchase 40 acres of pasture land in the Yale division of Yale district, described as follows: Commencing at a post marked N.E. corner thence 40 chains west, thence 40 chains south-east down the Tulameen river to the mouth of Otter creek, thence north 20 chains along the Otter to point of commencement.

NOTICE.

THIRTY days from date I intend to apply to the Chief Commissioner of Lands and Works for a license to prospect for coal on the following described lands: Commencing at post S.E. corner of lot 299 and running north 80 chains to lot 242, thence 80 chains east more or less to lot 1838, thence south 80 chains to S.W. corner of lot 3180, thence west back to post, in all 640 acres more or less.

NOTICE.

Commencing at post S.E. corner of lot 299 and running south 80 chains to N.W. corner of lot 407, thence east 80 chains more or less to lot 3181, thence north 80 chains to S.W. corner of lot 3180, thence west back to post, in all 640 acres more or less.

SMILES.

Buxom Widow (at evening party)—Do you understand the language of flowers, Dr. Crusty? Dr. Crusty (an old bachelor)—No, ma'am. Widow—You don't know if yellow means jealousy? Dr. Crusty—No, ma'am; yellow means biliousness.

She—Was the wedding a success? He—Yes, indeed! A man who valued the presents said they must have cleared at least five hundred dollars above all expenses.

"Soldiers must be fearfully dishonest," says Mrs. Countryside, "as it seems to be a nightly occurrence for a sentry to be relieved of his watch."

Puffing and blowing, the fat passenger began to climb to the upper berth in the sleeping car. "Pretty hard work, isn't it?" said the man in the lower berth. "It is," answered the fat passenger, "for a man of my weight." "How much do you weigh, may I ask?" "Three hundred and eighty-seven lbs." "Hold on: Take this one!" exclaimed the other, his hair beginning to rise on end. "I'd rather sleep in the upper berth, anyway. The ventilation is better, anyway."

Patient—Doctor, I feel a little pain between the shoulder blades, and I'm anxious to know what it is. Doctor (after examination)—Nothing serious. Just a boil coming on your back. You'd better keep your eye on it all the same.

Young Man—In the bright lexicon of youth there is no such word as fail. Old Man—I suppose not, but as your education advances you get a different sort of lexicon.

Jim—My wife is like a coal of fire. Jan—How so? Jim—If I don't stay home she goes out.

NOTICE.

Sixty days after date I intend to apply to the Chief Commissioner of Lands and Works to purchase 300 acres of land situated in the Yale division of Yale district and described as follows: Commencing at a post at S.E. corner of lot 246 and western boundary of lot 299, running 80 chains south, 40 chains west, 80 chains north and 40 chains east, back to initial post. RICHARD NAGLE. Princeton, April 28th.

NOTICE.

NOTICE is hereby given that sixty days after date I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 80 acres of land in the Yale division of Yale district, more particularly described as follows: Commencing at the S.W. corner of lot No. 68, thence south 40 chains more or less to the north-west corner of lot No. 60, thence east 20 chains, thence north 40 chains more or less, to the south line of lot 68, thence west 20 chains to point of commencement. EDGAR B. TINGLIY. Otter Valley, 26th April, 1906.

NOTICE.

Red Buck and Roanite mineral claims, situate in the Similkameen mining division of Yale district. Where located: on Kennedy mountain. Take notice that I, T. C. Revely, free miner's certificate No. B79909, acting for myself and G. W. Allison, free miner's certificate No. B78864, intend, sixty days from the date hereof to apply to the Mining Recorder for the certificate of improvements, for the purpose of obtaining crown grants of the above claims. And further take notice that action, under section 37, must be commenced before the issuance of such certificates of improvements. Dated this 23rd day of January, 1906.
