Use Princeton coal and avoid wheezy pipes, gassy odor

SIMILKAMEEN

STAR

Mortal mind, sin, begets disease, death; Divine Mind cures all.

Poets may sing of beautiful flower gardens and pretty parks in the Old World, but of course they know nothing of the grandeur of sunkissed Similkameen scenery, nor of its marvellous mineral resources—Let the poets and capitalists come and both will protit.

Vol. XI. No. 25. PRINCETON, B.C., WEDNESDAY, JUNE 15, 1910. $2 a Year in Advance

GRAND CELEBRATION

Dominion Day will be Duly Observed by Citizens and Guests.

Subscriptions Roll up Goodly Sum and Program Promises Variety and Pleasure.

The public meeting held last Friday evening to decide upon the arrangements necessary for the annual celebration on Dominion Day, 1st July, was well attended. J. D. Lumsden acted as chairman and R H. Carmichael was elected secretary, both gentlemen being subsequently made permanent officials of the various celebration committees, which are as follows:

Financial—Messrs. Kirkpatrick, Coulthard, Thomas, Swanson, Brown.

Sports—Messrs. Farrell, Brown, Willarson, Summers. Macalpine, Murchison.

Advertising and Transportation—Messrs. Carmichael, Brown Wright.

Dance—Messrs. Willarson, Brown.

The transportation committee will endeavor to arrange with the Great Northern for convenient train service for excursionists.

Upwards of $600 have been subscribed for the celebration and the good work still goes on.

Baseball teams are expected from Oroville, Hedley and Tulameen.

Good all-round program with liberal prizes and purses for horse races and all sporting events

Band from Oroville will discourse sweet music 'tween acts.

Grand ball in the evening will be an attractive feature.

Princeton invites sister towns to the feast of fun and amusement. Come tillicums, wives and sweethearts, come and make merry on this, the national holiday and 42nd anniversary of the great confederation.

ROADS TO MINING SECTIONS ARE WANTED.

It is urged by some persons who know the country well that a road should be built on Copper mountain which would connect the various camps with the present terminus of the 'Copper Mountain road.' Possibly this road could be extended to Roche river and thence to the international boundary line, where it would connect with a projected road from the Slate Creek country. Any money invested in roads opening up mining sections is sound business as the government is soon repaid with revenue accruing from the operation of mines. Mr. Shatford has always shown a sincere disposition to help the mining industry, insomuch that his plans cover road construction to every mining camp within the district of Similkameen and his program is only limited by the generous allowance of money made available by the government. Friday Creek is one of the camps along the proposed route of the interprovincial road, has a large tonnage of high grade ore in sight and would be a ready shipper as soon as machinery could be freighted on a wagon road. The Red Star at Roche River is also in an advanced stage of development and would soon be a producer with transportation aid a smelter.

HORSE RAN AWAY AND MAN KILLED.

A very sad accident, resulting in the death of J. W. Stewart occurred last Sunday evening while he was returning from town to the United Empire camp, where he was employed as miner. It appears that the two wheeled cart in which he was riding partially upset, throwing the unfortunate man out, his feet catching firmly in the box. The horse became frightened and dragged the helpless form over rough ground, his head and shoulders striking any obstacles which the animal in his mad flight did not attempt to obviate. The accident occurred at the crossing of One-Mile Creek and was observed first by Mrs. Jackson, then by her husband, both of whom strove valiantly to prevent the accident. The deceased was well known and liked by his employers and fellow workmen. He owned a ranch near Fivemile, and leaves a wife and four children in the east. The funeral on Tuesday was largely attended the obsequies being conducted by L.O.L. No. 2102, of which deceased was a member, the Rev. Mr. Conn offering prayer and benediction. He was a native of Nova Scotia and had been in these parts about five years.

GELLATLY-MARSHALL.

A quiet wedding was solemnized on Friday last, the contracting parties being Miss Dora Marshall of Innisfail, Alberta, and Mr. James Gellatly of Princeton, B.C. The groom is the popular local manager and salesman for the P. Burns Co., and the bride was one of the most estimable young ladies in the prairie province. Rev. J. Thurburn-Conn tied the nuptial knot at the Presbyterian manse, the happy couple immediately taking residence on Billiter Avenue. Star extends best wishes to Mr. and Mrs. Gellatly for a happy and prosperous voyage over the sea of married life.

Try Semerad's ice cream and Thorpe's amous soft drinks. Fresh strawberries, bananas, and oranges in stock. †

Divine service (Presbyterian) in the courthouse on Sunday at 11 a.m. and 7.30 p.m. Sunday school 10 a.m.

LOCAL AND GENERAL

Every Indication of Big Crops of Fruit, Hay, Grain in Similkameen.

Now It's the 'Skeeto and the Fly; the Fish in the Brook won't Die Because Shy.

Farmers are all delighted with the prospects of a bumper crop this year.

District Passenger Agent Kistler of the Great Northern was in town yesterday.

Mr and Mrs. Sproule, Hedley, were guests of Mr. and Mrs. Marlow last Friday.

Fooling with the fire bell is a dangerous and annoying joke, if such it may be termed, and may result in a police court finale. Monday night some miscreant rung the bell, alarming many citizens and causing others to hastily enquire what was the cause. An example should be made of one of these 'jokers' and then citizens would not have their peaceful slumbers disturbed.

H. B. Armstrong, of the A. E. Howse Co., left Monday to accompany his mother, who is a rheumatic sufferer, to Hot Lake, Oregon.

It is marvellous the variety, quantity and beauty of wild flowers that grow in such profusion in and around Princeton. The hills are a veritable carpet of richly hued flowers budding and in full bloom, standing out from the green grass in lovely array. Innocent flowers, how they charm and inspire with noble thoughts and pure deeds.

The annual picnic will be held at One-Mile on Tuesday, 21st. All children and friends are heartily welcome. The conveyance will leave town at 11:15 a.m. Parents are expected to provide baskets as usual. All kinds of games, races, &c. All come and have a good time.—Com.

The death of the infant child of Mr. and Mrs. T. J. Jackson, Onemile, from lung affection, caused many expressions of sympathy from neighbors and friends a large number of whom followed the remains to its last resting place. The parents are deeply grateful to all who thus lightened the burden of bereavement.

The death of the baby of Mr. and Mrs. Cornfield occurred Saturday, the funeral being held on Sunday. A large number of friends and Masonic brethren attended the funeral to the growing silent city upon the hill.

C. J. Wilson, inspector for the P. Burns Co., was in town Monday.

Joe Kansky arrived in town recently after an absence of some years. He likes Princeton and has some land in the district which he will cultivate.

Mrs. Yokom, motherinlaw of James Snowden, left for Welland, Ont., last week.

Great Northern surveyors have reached Penticton with the preliminary line. The first eight miles of road from Oroville to Wenatchee is now ready for the steel.

Miss Olding and Mr. King, teachers, left yesterday on a holiday trip, the schools being closed.—Grand Forks Gazette.

Avery & Avery have been appointed general managers for the Similkameen district for the Pioneers Insurance Co. of Brandon, Man., and the Alliance Insurance Co. of Philadelphia, Penn. All transfers and policies for this district will issue from Avery & Avery's thus saving time and expense of sending to the coast. This firm represents some thirteen insurance companies.

No big catches of trout are reported yet although they are plentiful but not hungry.

Just received, cantaloupes, pineapples, plums, peaches, apricots, at Princeton Bakery and Fruit Store. *

MINES AND MINING.

C. O. French was up to Roche river last week prospecting and taking mental notes of the country. He saw Pouwels & Bonniver's big dump of high grade ore, which is awaiting both transportation facilities and a smelter and expressed agreeable surprise at the amount of work they had done in development of their fine property.

Star is informed that it is only 20 miles to Sunday Creek, not 25 as stated in last week's issue.

J. T. Johnston, vice-president of the Columbia Coal & Coke Co., was at Granite Creeek recently on a visit to the extensive properties of the company. Superintendent Fraser has about twenty miners at work developing and exploring the coal measures. It is reported the C. C. & C. Co. will begin the manufacture of coke as soon as a plant can be installed after the arrival of the V.,V. & E. All indications point to extensive operations in this camp during the next year.

Some very fine samples of silver lead ore from Whipsaw camp have been seen lately. Sam Spencer is doing considerable work and Day & Knight are plugging along in their 175-foot tunnel with every prospect of soon catching the lead. Without question, Whipsaw has a most promising future ahead.

Charlie Day came in from Whipsaw for horses and says that work is progressing favorably on the Lucky Pair.

Coal prospectors from Sunday Creek are satisfied with the indications of a large measure and the actual finding of a good quality of coal.

The Similkameen Star.

HURRY ALONG THE RAILWAY TO COAST.

It is a matter of great importance to the people of the Similkameen and those of the Kootenay and Boundary as well, to have the V., V. & E. completed to the coast at the very earliest possible date. All these past years of suspense and waiting and consequent loss of time and money have well nigh driven the people to despair of early connection with the coast. When one realizes the tremendous disadvantage these districts are subject to through lack of direct transportation to seaboard it is little wonder that some uneasiness should be manifest in those who have invested and settled here in expectation of early completion of this line. The progress of the country is retarded by every day's delay in construction. To be obliged to make a detour of six or seven hundred miles to reach Vancouver by the existing all rail route is not a very great improvement on the old stage coach and freight wagon route via Nicola and the C.P.R. Storekeepers say there is very little difference between freight charges of the railway and those of the wagon freighter, indeed some still employ the latter. Then, as to passengers and mails, it takes three days and nights to reach Vancouver under the present layover, jerkwater system. On the completion of the line over Hope mountains, instead of three days and nights a little more than three hours would be taken to tidewater and to Vancouver about six hours So, there is very good reason why complaints are coming thick and fast regarding the tardiness of railroad construction. Coast people are looking anxiously forward to the time when they will have railroad connection with the Similkameen and all southern B. C. east of Hope mountains. A large reciprocal trade will spring up between the two sections and many welltodo business men and others no doubt, would be glad to have the opportunity of acquiring a few acres of ground on which to build a country home in one of the healthiest climates in the world. The completion of the railroad to the coast means great development of mineral, fruit and agricultural resources besides benefitting commercial interests in the wholesale and manufacturing centers. There is no desire to minimize the great work President Hill has so far accomplished in the construction of the V., V. & E. He is the first and last man, we believe, to build a railroad in Canada without a bonns. Having done that he has earned our gratitude and goodwill.

NOTICE

YALE LAND DISTRICT.
DISTRICT OF YALE.

Notice is hereby given that Lewis Hind, of Victoria, B C. intends to apply to the chief commissioner of lands for a license to prospect for coal and petroleum on the following described lands situate on the south fork of the Tulameen, river:—Commencing at a post planted about 2 miles from and south of the junction of the South Fork and the Tulameen rivers and marked Lewis Hind, S.W. corner, thence north 80 chains, east 80 chains, south 80 chains, west 80 chains to point of commencement, and containing 640 acres. LEWIS HIND,
April 7, 1910. P. Y. Smith, agent.
