No stuffy pipes or gassy odor from Princeton coal.

SIMILKAMEEN STAR

As a man thinks so is he; Mind controls matter, the body.

Two lines of railway assured for Princeton, giving optional routes to seaboard—Coal, iron, lead, zinc, copper, platinum, gold and silver, all found here in commercial quantities—Climate unsurpassed, 2000 feet above sea, winter sports, dry belt, sportsman's home.

Vol. XIII. PRINCETON, B.C., WEDNESDAY, FEBRUARY 21, 1912. No. 8

MISSED HOLES IN MINING.

Accidents, their Cause and How to be Averted.

To the Editor of the STAR,—Sir: To make my remedy plain, I must first explain as briefly as possible the cause of a vast number of these accidents. As eight hours constitute a day's work in a mine most mining is now carried on by three eight hour shifts. Suppose then, for instance, three eight hour shifts are working in a tunnel, One of them go to work at their regular time and find the tunnel clear. Tney set up the machine and commence drilling. During their shift of eight hours they drill seven holes. Bear in mind these holes are not charged and fired by the men who drilled them The second shift arrives and relieves the first. On examination they decide it will take six more holes to complete what is known as a full round. The machine being already set up they are able during their shift of eight hours to drill these six holes and blast. They not only charge and fire the six holes they themselves have drilled, but the seven also which the previous shift drilled. Before charging the holes they place the tamping rod in each hole to find the depth and angle they are drilled in order to decide how much powder each hole requires. You plainly see these two men are the only persons who know the exact location of each hole, its depth, the amount of powder in each and the amount of tamping placed on top of the powder. Suppose on blasting, one of the holes miss fire. Admit this shift complies with the law (and regulations of the company) by leaving notice in the proper place of a missed hole in a certain tunnel. If they meet the third shift coming to work their only salute is "Look out for a missed hole." I grant the third shift is fully aware of a missed hole in the tunnel in which they are working. As they drilled none of the holes they have but a faint idea of the location or angle of either, and are absolutely ignorant of the amount of powder and tamping used. They also realize the company cannot affort to pay them for searching for missed holes, so often commence work before a diligent search has been made "with fatal results." Had the second shift been forced to remain (knowing every hole in detail) would in all probability prove the location of the missed hole in a few minutes thereby saving the lives of the third shift. My remedy then is this: The only persons allowed by law to search for missed holes shall be those who charged and fired the same. This would force every miner, for his own protection, to use every precaution in charging holes whereas at present some are careless knowing that they do not have to search them up. I believe this remedy, if properly enforced, will reduce these accidents to the least possible number until some scientist dicovers a safer explosive or a different method of excavating rock. PRACTICAL MINER.

[The letter of "Practical Miner" will be read with interest by all who would be glad to see an abatement of the terrible toll of life resulting from missed holes and other causes in mines. The Star willingly offers space to practical miners or anyone having remedial suggestions to make in further discussion of the subject.—ED.]

ORANGE INSTALLATION.

J. W. Whitely, of Vancouver, provincial organizer of the Orange Association, organized a Royal Scarlet Chapter with a charter membership of 25, on the 9th inst. Following is a list of officers elected for the ensuing year: W. C. in C., C. L. Cummings; Ex. C. in C., Geo. De Forest; Chap. Rev. T. A. Osborne; Scribe, F. Turner: Treas., B. Barlow; Her. at Arms, W. J. Kirkpatrick; 1st Lect., J. W Byrd; 2nd Lect., L. Marston; 1st. Con., Perley Russell; 2nd Con., H. H. Avery, Jr.; Inw. Her., W. W. Martin; Out. Her., Chas. Byrd.

On Saturday evening three new members added to the roll. On Sunday evening the members to the number of forty attended services in the Presbyterian church and lisiened to an interesting and instructive sermon by J. R Craig, from the text, "Render therefore unto Caesar the things that are Caeser's, and unto God the things that are God's." Mr. Whitely also spoke briefly explaining the principles for which the Orange Association stand. After marching back to the hall, a hearty vote of thanks was extended to Rev. Bro Craig for the excellent address which he had given to the brethern. On Tuesday evening a preceptory of the Royal Black Institution, of Ireland was organized by Mr. Whiteley with a charter membership of 28. The officers elected for the ensuing year are as follows: W. Preceptor, J. Knudson: Dep. Preceptor, C. L. Cummings. Chap. T. A. Osborne; Registrar, Perley Russell; Treas. W. J. Kirkpatrick; 1st Lect., Geo. DeForest; 2nd Lect., L. Marston; 1st Cen., H. H Avery, Jr.; 2nd Cen. F. Turner; 1st S. B, J. W. Bryd; 2nd S. B., G. M. Bennett; Pursuivant, H. B. Meausette; Tyler, H. A. Allison; Committee, F. Sherman, W. W. Martin, E. Henderson, R. Martin, B. Barlow, E. Hembree and C. V. Semerad.

Through the organization of the preceptory, an Orangeman can now obtain the highest degree in connettion with the Association without leaving the valley. At the meeting on Saturday a resolution was passed uranimously, expressing sympathy with the Protestants of Ireland in their fight against home rule, and hoping they would be successfull in their effort to maintain civil and religeous liberty and keep Ireland as a part of the British Empire. Mr. Whiteley left on Wednesday's train for his home in Vancouver.—COM.

TOWN AND DISTRICT.

Board of Trade Receives Impetus by Accession of Members.

J. A. Brown, customs broker, Keremeos, paid a flying visit to Princeton, Tulameen, Coalmont and East Princeton this week and goes back with decidedly optimistic views of this section.

The subject, "Women whom we all meet," will be intellectually treated by Mr. Craig next Sunday night in the court house. If you have never heard the budding Spurgeon of Princeton it will be your loss if you do not go next Sunday night. Service at 7:30.

J. Peck MacSwain arrived in Princeton Tuesday on Jackson's flver from Tulameen. Peck wintered in Merritt and speaks highly of its progressive citizens and the prospects of the town. He is on his semi-regular visit through the Similkameen and since his arrival has been receiving congratulations of old acquaintances.

Paul Prozesky, representing the Cosst City Cigar Factory of Vancouver, was in town today taking orders for his famed cigar.

Judge Brown and I. H. Hallett of Greenwood arrived today.

Frederick Keffer, consulting engineer B. C. Copper company, Greenwood, arrived in Princeton today and left immediately for Voigt camp.

Mining and local items of interest are crowded out of this issue, but will appear next week.

EAST PRINCETON NOTES.

East Princeton, Feb. 20.—E. D. McIntyre returned today from California where he has spent the winter.

J A. Brown of Keremeos visited East Princeton yesterday, taking in the cement plant and coal mine.

Two more large boilers for the cement plant arrived last week.

The railroad ties are being strung out on the G. N. spur to the cement plant and it is expected that the steel will be laid in a few days.

THE BOARD OF TRADE.

The board of trade met Monday night, President E. Waterman in the chair. There was a good attendance and a large number of names were added to the roll. The appointment of standing committees was completed. The matter of having permanent exhibits of minerals in connection with the board was discussed and referred to committee. The question of better postoffice facilities was introduced, and also the necessity for a telephone at the railway station. The fee for membership was fixed at $1 for entrance and $4 per year, payable quarterly in advance. Board adjourned to general meeting first Monday in May.

OF GENERAL INTEREST.

Synopsis of Rules and Proccedure of Board of Trade.

As considerable interest is now taken in the board of trade, it may be a source of information to the general public and especially to new members to reprint some of the leading features in the formation and conduct of a board. Copy is made from the Vancouver board of trade, the largest and most influential board in the province. Boards of trade may be incorporated under chap. 130, Revised Statutes of Canada, by application of thirty members, who are residents of a district with a population of 2500.

GENERAL MEETINGS

General meetings of members of the board of trade shall be held on the second Tuesday in each month at 8 p.m.

The meeting held in the month of March shall be deemed the annual meeting, and the meetings held in March, June, September and December the quarterly meetings.

The place of meetings shall be at the board rooms.

The financial year shall close on the 31st December in each year.

At any general meeting, seven members present in person shall constitute a quorum for the transaction of business; at council meetings, five shall form a quorum (including the president, vice-president, or member elected to act as chairman.) Should a quorum not be formed by thirty minutes after the meeting is called, it shall stand adjourned for one week.

Proxies shall not be allowed at any meetings of the board.

ORDER OF BUSINESS

Reading and confirming minutes of previous meetings of the board.

Reading reports of council meetings.

Reading reports and communications.

Elections to fill vacancies.

Nomination and election of new members.

Unfinished business.

General business.

MOTIONS

All motions, except those for the previous question, postponement, or adjournment, shall be made in writing, and no debate shall be permitted except on a motion regularly moved and seconded. No member shall speak twice on the same motion except by permission of the meeting or by way of explanation.

Questions of order arising at the meetings of the board, not provided for by the bylaws, shall be decided by the chairman, subject to an appeal to the meeting.

Notice to amend any bylaw or to introduce a new one shall be given in writing at the monthly meeting of the board previous to the meeting at which

ELECTIONS PREDICTED

There are rumors of a provincial general election but nothing authoritative has been pronounced by the government. Come when it may Similkameen is ready for the fray. The Conservative party in this district has gained immensely in influence and popularity since the last Provincial and Dominion elections. The sitting member in the Provincial house, L. W. Shatford, has given such general satisfaction to all that it would be folly to attempt his defeat at the polls and it is not at all improbable he will be returned by acclamation. In the last election Mr. Elmhirst lost his deposit and the Liberals were routed so badly that there remains of them now the merest fragment of a frazzle. In the Dominion house the Hon. Martin Burrell has so outshone all preceding members for Vale-Cariboo that his party will gain in strength and stability so long as he represents this electoral district. Premier McBride has made decidedly good on the merits of his past railway policy and his present pronouncement in regard to railways will still further increase the general esteem and confidence in which he is held. For all the good the opposition, a Liberal and two Socialists, are in the assembly, it would be at least economical to return all the members by acclamation. In any case Premier McBride can only add three more to his majority in the house.

NOTES AND COMMENTS.

The British government has promised a measure of woman enfranchisement and the Countess of Warwick begins a campaign in the United States and Canada in behalf of woman suffrage. The rights of our sisters and mothers are surely about to be recognized.

The need of public buildings and an improved postal service for Princeton has been again brought to the attention of the board of trade. It was matters such as these that turned the Princeton Liberal majority in 1904 to a wizened minority in each succeeding election since. That ought to be warning enough.

Wales and Scotland, like Ireland, are now asking for self-government. The old land is awakening.

From a private source Star learns that in the estimates to be brought down today the Similkameen is well provided for as in former years. Premier McBride announced his railway policy yesterday in the house and it means much for Princeton, as it does for the whole country. The Kettle Valley rail way receives a cash grant of $10,000 per mile and must be completed by 1915. The route of the road is definitely located up the Tulameen to Coalmont, Tulameen, Aspen Grove and Coldwater. The premier's policy will involve an expenditure of $40,000,000.

OF GENERL INTEREST.

From First Page.

it is intended to be considered.

At all meetings of the board no delinquent members shall be entitled to vote.

MEMBERSHIP

Any person wishing to become a member shall submit his name and occupation in writing, on the form of application used by the board, endorsed by any member.

The entrance fee for any person desirous of joining the board shall be , in addition to his annual subscription.

Any member desirous of withdrawing from the board shall give notice thereof in writing to the secretary, but his wish shall not be acceded to until he shall have paid up his subscription to the expiration of the quarter in which the application shall be made.

Any member can be expelled by the vote of two thirds of the members present at any meeting specially called for the purpose, at which not less than one-fourth of the whole membership of the board is present.

The names of members who have left the country under dishonorable circumstances, or who are convicted of crime, shall be removed from the roll of members by the council.

ELECTION OF OFFICERS

At the annual meeting there shall be elected by ballot a president, vice-president, secretary and fifteen members, who, with the president and vice-president, shall form the council and remain in office for one year, or until their successors shall be elected.

Nominations for the offices of president, secretary and members of the council may be made by any member of the board, and must be delivered in writing at the secretary's office not later than the Tuesday previous to the annual meeting.

DUTIES OF THE PRESIDENT

It shall be the duty of the president to occupy the chair at all meetings, to receive and put motions, to inform the board of the proceedings since the last meeting and to cause the minutes of the council and other communications to be read and to announce to the meeting anything he may think concerns the business interests of the members.

He shall keep order, but an appeal may be made from the decision of the chair to the members present, a majority vote ruling.

The president shall be an ex-officio member of all committees,

B.C. Copper Co. : Copper.

The Platinum-Gold Fields Co.: Placer Mining.

One thousand men will be employed inside of year.

A RAILROAD CENTER

The Kettle Valley railroad, which will soon be the main line of the C.P.R. system, brings Vancouver 300 miles nearer Winnipeg, passes through the townsite. Final survey is now being made.

The Great No.thern has tracks on two sides of the townsite and will soon be finished to Vancouver. These two roads give transportation in all directions from East Princeton.

Natural centre, ranching country, fruit growing. Huge deposits of copper, gold, silver, platinum and other minerals. Has big water power development. Lots in such towns as Grand Forks, Kamloops, Blairmore, Alta., Baker, Wash., are worth 5 times what is being asked at East Princeton and the payroll is not as large.

FREE CEMENT walks with each lot sold—cleared streets. Water main to be laid in streets this summer.

BUSINESS LOTS $450 up: Terms 10 p.c. cash, 5 p.c. per mo. Residence lots, $200 up: Terms, 10 p.c. cash, $10 per mo. 7 p.c. on annual balances. (¼ of all lots are to be reserved) for future sale. Get full particulars at once.

C. R. BRIGGS, Gen. Agent, 615 Hastings W., Vancouver. D. G. McCURDY, Resident Agent, East Princeton, B.C.

LOCAL AND GENERAL.

E L. Darrah has opened his bakery and restaurant and invites the public to give him a call. Everything clean and uptodate and premises thoroughly renovated. Try the Star restaurant for a bracing meal.

Mr. and Mrs. J. F. Waddell desire to express sincere thanks to friends for many tokens of sympathy and kindly deeds during recent affliction and sorrow for the loss of their little one.

A. L. White, the Timothy Eaton of Yale-Cariboo, left for Greenwood on Wednesday.

Dignan & Atkin, plumbers and metal workers, are installing bath, hot water boiler, basin, sink and closet for C L. Cummings

Grand Forks is promised a drill hall by the minister of militia. Princeton does not even get promises of public buildings because it does not ask.

Max Wilson has finished his paint and wallpaper store on Vermilion avenue and is expecting daily a large consignment of goods

J. H. Jackson of Tulameen will put an auto service on the Merritt-Coalmont run and will land passengers and mail at the coast in less than 48 hours. It now takes three days.

Robert Marrs of Spokane will shortly start a band sawmill and has obtained timber on A. Bombard's ranch.

A number of new buildings are in process of construction and everything points to a busy building season.

SPECIALS.

Reserve the 29th for the Orange ball and concert. Everybody invited, and ladies free Bring your sweethearts and cousins. Tickets for sale at drug store. Committee meeting on 27th, before lodge opens.

FOR SALE at a Bargain—Household Furniture almost new, also Carpenter Tools. Apply at Star Office.

FOR SALE—Oliver Typewriter, almost new, all the latest improvements. In perfect condition. Going cheap. Apply Rev. T. A. Osborne.

Blue print maps by F. W. Groves, P.L S., showing mineral claims on Copper and Kennedy mountains and Voigt camp. Price $2. Apply at Star office.

Get a view of your ranch, house or mining claim from Priest with his new 8x10 camera.

BIAS CORSETS

The Bias principle of construction is quite different to the average, being boned on the bias instead of straight up and down like other corsets. It is this difference in the way they are made, which makes them so strikingly easy and comfortable, and those who have never worn a Bias Filled have yet to know what the right corset will do for them. Its bouings and clasps will not rust, and the fabric will not tear with the hardest and most constant use. Every yard of material is accurately tested for strength, and everything about them is guaranteed by the makers.

COALMONT

The Town of Opportunity

The rails have been laid into the town and Coalmont is now the new terminus, the base of operations for the next forty miles of railway building.

Before six months have passed there should be a payroll in Coalmont of between 350 and 400 men: This means population, which naturally means good business.

IF YOU ARE WISE YOU will invest in a little Coalmont real estate now while the choice is still good.

Don't let this opportunity slip along with the others which have got past you. Write for our circular and price list; a post card will bring it to you. There are still some 50-foot lots left

Two blocks from the centre of town at only $225, $55 cash, bal. in 18 months to suit.

Williamson & Turner

AGENTS, COALMONT, B. C.

PROVIDE FOR OLD AGE.

"As a man soweth so shall he reap;" and youth is the time in which he must do his sowing if the granary is not to be empty when old age overtakes h m' as it surely will if he lives long enough. The making of money and the saving of money, as distinguished from the miserly love of money, should be the ambition of everyone; but it does not necessarily follow that if you make money that you will have it in your old age. as many a one time millionaire has died in the poor house. But if you take advantage of the Canadian Government Annuities system, and out of your wages, salary or income pay the amount fixed to be paid each week, month or year, or as otherwise arranged, provision for old age may be made with absolute certainty and at much less cost than on any other safe plan. You may lose everything else you own but the Annuity cannot be lost or taken from you by any process of law, no matter how long you may live. Ask your postmaster for literature on the subject, or write for the same to the Superintendent of Annuities' Ottawa, to whom all letters may be addressed free of postage.

RELIGIOUS SERVICES.

Christian Science lesson-sermon subject for Sunday next: 'Min l.' O the depth of the riches both of the wisdom and knowledge of God! Rom 11:33.

Presbyterian church services.—Sunday school, 11 a.m. Evening service in the court house, 7:30. Coalmont—Morning service, 11 a.m.

The subject for next Sunday evening will be: 'Women whom we all meet."

No service in the Anglican church next Sunday. Rev. J. Williams holds monthly services at Hedley. Next Monday, February 26th, and each evening till Friday, inclusive, special services are being held in the new Anglican church, to which a general invitation is given by means of handbills, giving the subjects dealt with each evening. Sacred solos will be rendered and the services will be of a very simple character.

Methodist church service, Sunday, Feb 18. In Oddfellows' hall, at 7:30 p.m.; cement works at 11 a.m.

Taxidermy—Before sending away see what Tink French can do for you.

ARCHITECT

Coalmont, B.C.

Real Estate, Finance, Mines

The Door of Opportunity is Wide Open.

The 'West' affords many examples of fortunes made from ground floor investments. Winnipeg, Calgary, Edmonton and Vancouver had a similar beginning to that of Princeton. Fortunes have been made in real estate from a very small investment. Princeton, which includes East Princeton, has undoubtedly the best prospects of any town on the map. Invest while the town is yet in its infancy and see prices steadily rise.

FOR SALE:

Lot on Bridge Street, within 100 yds. south of Vermilion av.

Townsite Welldo. Two railways—gold-platinum placers, ore and coal mining.

Notice to Delinquent Co-Owner.

To F. C. REVELY—Take notice that unless you do pay, within 91 days from the date hereof, the sum of $231.95, being your proportion of the expenditure required for the years 1903-4-5-6-7-8-9 to 11 by Section 24 of the Mineral Act, upon the Transvaal Fraction Mineral claim situated on Copper Mountain in the Similkameen Mining Division, together with interest and all costs of this notice, to the undersigned your co-partner in the said claim, your interest in the said claim shall become vested in the undersigned who has made the required expenditure.

A. E. HOWSE.

Dated this 29th day of January, 1912.

LIQUOR ACT, 1910.

Notice is hereby given that, on the 7th day of March next, application will be made to the Superintendent of Provincial Police for the transfer of the license for the sale of liquor by retail in and upon the premises known as the Tulameen Hotel, situate at Princeton, B.C., from L. C. Barnes to James Malone, of British Columbia.

Dated this 7th day of February, 1912.

NOTICE.

Yale land division, Yale district.

Take notice that I. Samuel A. Cawley of Chilliwack, B. C., intends to apply for a licence to prospect for coal and petroleum under the following described lands situated near Princeton: Commencing at the northeast corner of Lot 361, thence south to southeast corner of Lot 361, thence west to southwest corner of Lot 361, thence following Tulameen River to point of commencement.

SAMUEL A. CAWLEY,

PRINCETON

According to the laws of industrial progress and the experience of founders of western towns, there must be a tangible, genuine basis on which to establish the future city. No amount of coaxing can bring blood out of a stone, nor can the greatest scientist extract sunbeams from a cucumber. Every man makes his own destiny--his own fortune--nothing comes by so-called good luck. The door is wide ajar for all who have pluck and a little capital. Investigate Now!

Princeton

With Its Unequalled Mineral Resources
Its Healthful Climate and Pretty Site

Is destined to be the Largest City in the Interior of British Columbia.
Five hours' run to Vancouver when the V., V. & E. is finished.

Your Opportunity Is NOW!
