ORE SAMPLES GONE COPPER STRONG IN PRICE

MINES AND MINING

According to a Boston report of recent date copper is very strong at 15⅞ to 15¼ cents per pounds. Further large sales have been made and the surplus has been so reduced that producers could readily mark prices up one or two cents higher if they were disposed to do so So far as can be learned, all of the producing companies are sold well ahead. Notwithstanding this there is good basis for the belief that a number of important consumers have not yet secured nearly all the copper they will need in September. Further heavy buying is to be expected in the very near future. Copper shares are advancing in price, reflecting the steady improvement in the metal situation.

E. F. Voigt sent the following ore samples to the Vancouver exhibition all being chalcopyritic and heavily charged with hematite iron: Automatic—largest known ore body in Voigt camp, average values copper, 2½ p. c., gold $3.50. No. 37—large ore body, well exposed, aver age assay, copper 4 p. c., gold $5.50. No. 18—700 feet of tunnels, extensive ore body, copper 8 p. c., gold $4.50. No. 14—This high grade claim runs an average of copper, 9 p. c., gold $11.50 and has 300,000 tons of ore blocked out.

C. M. Snowden and J. McCowan are at the Roany placer camp and have done a large amount of development and exploratory work. Nuggets and coarse gold are found in prospecting the grounnd.

Ore samples from Holmes mountain, Whipsaw and Leadville have been forwarded to Vancouver exhibition, also a sample of Iceland Spar from Ashnola district. N. Huston had charge of the shipping and packing and was zealous in procuring an exhibition worthy of this mining district.

F. Keffer, consulting engineer and ore expert for the B. C. Copper Co., arrived from Greenwood Monday and went immediately to Princess camp, Copper Mountain.

A. Allen, R. H. Schutz and E. Ehenberg, representing Spokane mining capital, arrived Tuesday and left for Tulameen and Leadville. They were accompanied by R. Stevenson who will show them various mineral properties in the above sections.

Seven hundred miners employed by the Pacific Coast Coal company in three collieries at Black Diamond, 25 miles southwest of Seattle, walked out the other day because the company refused to reinstate George Ayers, who was discharged after he had quarreled wtth a foreman, Ayers is an organizer for the Industrial Workers of the World.

LEADVILLE CHUNKS

Silver Basin, Leadville Belt, Aug. 3.—There are seven lodes undergoing prospecting now in Leadville belt. It is not generally known that there is a gold camp about six miles N.W. of here on the Fraser river slope with two good strikes between the lead and gold camps. Prospectors after searching the Coquihalla, and twenty miles further north have returned to this district.

The new trail up the middle fork of Sutter creek to the summit, when connected by the new trail from Hope, will shorten the distance between Tulameen and Hope at least six miles.

There is good horse feed and the flies are not near so bad as a week ago.

Patsy Clark is doing his assesments on claims he bought last fall.

The lode Reilly and Jensen are working on shows good ore four thousand five hundred feet south of their tunnel. All is well that ends well.

Jensen and Carlson are working on their mineral property on the north fork of Sutter creek and have exposed 15 feet of ledge matter. There is on the wall 16 inches of talc which carries $25 per ton in silver, lead and gold. A trail from Leadville will tap the camp.

Hope merchants are trying to have a trail put through to Ranger Basin just over the summit from the middle fork of Sutter creek. If they are successful it will be a great benefit to all parties interested in the camp on account of the shortness of the route over the Hope mountains.

J. A. Schubert rode in on Saturday from Tulameen and expressed himself as being pleased with the outlook and

Continued on page 2.

ADULTERATED PEPPER

G. B. Armstrong, of Merritt, was fined last Friday for selling adulterated pepper which he purchased from the wholesale house of Kelly, Douglas & Co., Vancouver. Thos. Parker, inspector under the Food Adulteration Act, proseeuted. Mr. Armstrong was fined $5 and costs.

BOARD IS ACTIVE

The Merritt board of trade at a recent meeting urged improvement in the telephone service, denounced peddling of real estate by itinerants, received a letter from the Vancouver Progress club re Merritt and the secretary read a communication from the minister of public works at Ottawa stating that the site for the new public building had been purchased and that tenders for construction would be called and the work pushed.

RAILWAY CONTRACTS LET IN COQUIHALLA LAST WEEK

RAILWAY POINTS.

The Kettle Valley Railway Company, after several days of consideration by ths president, Mr. J. J. Warren, decided to let the contract for the construction of the company's line from Coldwater Junction east of the Hope mountains down the valley of the Coquihalla river to the town of Hope. The firm of McArthur Bros. of New York, proved to be the lowest out of many tenderers.

This link is really the most important in the solution of the transportation problem of British Columbia It will bring the city of Vancouver into easy access with the Similkameen and make accessible localities which now cannot be reached within two or three days.

This section of the Kettle Valley Railway will be used jointly by the C. P. R. and the Great Northern, each road having equal running rights thereon.

The contract exceeds $3,000,000 for thirty-eight miles of track. It will involve very heavy rock work and some engineering difficulties, but it has been agreed upon, after consultation with the most expert engineers of the Pacific coast, as the only route possible and the cheapest in the long run.

The McArthur company, represented by F. C. Hitchcock, will begin work as soon as it can get its plant together and promises to have the work finished by November 1, 1914.

The contract for building the thirty-eight miles of grade in Coquihalla pass has been let and soon contractors will be on the ground with drill and dyuamite to smooth the rugged way for oncoming coach and car. There is said to be a total of six miles of tunneling, the grading being exceptionally heavy A tote road for hauling supplies and equipment will be constructed first at a cost of about $200,000, the railroad proper costing a little over $3,000,000.

The awarding of sub-contracts will probably be announced in a very short time as many bidders have been over the route, and have their tenders ready to submit, and there is no doubt that they will be called for at once. There remain more than three months before there will be any snow and probably two months more before there is likely to be deep snow.

It is rumored that the K. V. people have decided to build down Fivemile to its mouth on the Similkameen river, thence up the Tulameen and Otter to Coldwater Junction. A spur will be built to Aspen Grove copper camp,

PERSONAL

Mr. and Mrs. Dahl and Miss Pauline Dahl, of Chicago, Ill., have arrived in Princeton and will make their home here.

Mrs. Laura E. Hill who has been a visitor with Mr. and Mrs. Lavalley on Hope St., left yesterday for Vancouver, where, as a spiritualistic medium, she will engage in the practice of this fascinating cult.

Vic. Ryder returned from the coast and Chilliwack where he has been for the past few months in search of repair for his constitution. While not as athletic as he used to be he is much improved.

J. R. Edmond, of Hedley, was in town Monday.

Rev. J. A. Gillam, M. A, preached an impressive first sermon last Sunday in the courthouse which was fairly well attended. Mr. Gillam came from Windermere recently and originally from the land o cakes.

Mrs. A. Bell, with her sister and brother in law, Mr. Beise, is visiting relatives at New Westminster.

Dr. Lavalley, who has been in Princeton for the past six months, as chiropractor-neuropath, has left for Vancouver, where he will open an office and follow his profession.

TOURING CAR PARTY

O. H. Woody, Editor of the Okanagan Independent, W C. Brown, mayor of Okanagan, Wash., Mrs. Woody, Miss Mabel Woody and Miss Hetty Ferbrache were visitors here yesterday having come from a grand tour extending through the Okanagan, Kamloops and Nicola districts. They were delighted with the trip and praised the B. C. roads. Editor Woody is a gentleman of wide mental vision, sound political doctrine, and would eliminate all barriers social and political, between the United States aud Canada. He is waiting for rail transportation to enable him to use Princeton coal.

LOCAL AND GENERAL.

Hedley will celebrate as usual Labor Day under the auspices of the Miners' Union. A good program of sports will be given and a good time is promised. Prizes amounting to $1000 will be presented to winners. Special railway fares and facilities will be given for the two days Monday and Tuesday, Sept. 1st and 2nd.

Everyone knows how attractive a bald head is to flies. A local husband is smiling, the way he fixes 'em. His dear wife pours 2 in 1 lubricating oil on hubby's head, rubbing it in to a smooth, glacier finish, so that when the nimble fly alights, it simply slips up and breaks its neck. Who said bald heads were not useful?

Did you hear about Big Ben? He'll be here soon.

LEADVILLE CHUNKS

From Page 1.

thinks that there will be a great chang within the next two or three years.

Notwithstanding the knocks this camp s receiving everyone is doing his assesments and will give the knockers the lie n due time. All have men with capital ady to come when the prospectors are ady for them.

Andy Jensen is looking over the trails around here for Road Supervisor Turner.

Reily and Jensen are crosscutting the Carbonate lode and are getting stringers of good concentrating ore, some of them six inchei thick.

There is a good foot of ore in the face of the Indiana.

John Amberty, J. Prendergrast and Billy Hall have done their assesment on the Laura. They ran a twenty five foot adit all in ore heavily mineralized.

ROD AND GUN

Contents of the August issue of Rod and Gun in Canada, the Canadian magazine of outdoor life, published by W. J. Taylor, Limited, Woodstock, Ont., include the following: By Canoe and Portage in the Northern Wilderness, by Henry Anton Auer; Where Shall We Go Duck Shooting in 1913 1914, by Bonnycastle Dale; Beautiful Bay of Islands, by Lacy Amy; In Southern British Columbia, A Trip to Fish Lake; Certain Manitoban Duck Grounds; Bascom Buys a Coon Hound, by George J. Thiessen; Raising Gold Fish, Lucrative Sport; A Talk About Guns; A Fishing Trip to Kedgemakooge, N. S.; A Hunting Trip to Pocologan River, N. B.; etc. This publication continues to live up to its policy of supplying accounts of the actual experiences of sportsmen in Canadian woods and on Canadian waters.

RELIGIOUS SERVICES.

Christian Science lesson sermon subject next Sunday: 'Soul,' The Lord is gracious and full of compassion; . . The Lord is good to all: and his tender mercies are over all his works. Psalms, 145: 8, 9.

As an evidence of the lessening of the financial stringency in this district it is reported that fifty houses will be built in Regina, construction to b gin at once, the total cost to approximate $80,000.

An English billiard table, made by the Brunswick-Balke Collender Co., has been installed in the pool hall and lovers of the game now have an opportunity of trying their skill.

A riot has been started in Nanaimo and the government is taking steps to quell it. It resulted from the coal company hiring strikebreakers.

Next Wednesday the water commission will sit in the courthouse at 1 o'clock.

Big Ben is a go. Watch and wait for further announcement.

A QUICK ANSWER

'How do you find business these days?' queried the complaining merchant.

'I advertise for it,' returned the busy chap.

In the Supreme Court of British Columbia

In the Matter of Plans Cancellation Act and Amendments Thereto;

AND

In the Matter of a Subdivision of a Portion of District Lot 1824, Similkameen Division, Group 1, Yale District, in the Province of British Columbia:

TAKE NOTICE that an application will be made to the Presiding Judge in Chambers, on Wednesday, the 25th day of June, 1913, at the hour of 10:30 o'clock, or so soon thereafter as Counsel can be heard, at the Court House, Vancouver, B. C., on behalf of Clarence R. Briggs the registered owner of a portion of District Lot 1824, Similkameen Division, Group 1, Yale District, for an order that Plan numbered 998 registered in the Registry Office, City of Kamloops, in the Province of British Columbia, covering said portion of District Lot 1824, be cancelled, and that a subdivision plan be registered in substitution therefor.

Dated this 31st day of May, 1913.

W. J. BAIRD,
Solicitor for the Applicant,
Clarenc R. Briggs.

To the Attorney General, the District Registrar of Titles and to all whom it may concern.

LIQUOR LICENCE ACT

SECTION 48

Notice is hereby given that on the 28th day of August next application will be made to the Superintendent of Provincial Police for the transfer of the licence for the sale of liquor by retail in and upon the premises known as the Granite Creek Hotel situate at Granite Creek, British columbia, from Herbert Goodisson to Foxcrowle P. Cook of Granite Creek, British Columbia.

HERBERT GOODISSON.
Holder of Licence.
FOXCROWLE P. COOK,
Applicant for Liceuce.

28th July, 1913

LOCAL AND GENERAL.

Miss Blake, of Victoria, will be the new principal of the public school when it reopens on Monday 25th. She has been teaching in that city for some years but is making the change on account of the inviting climate.

Prof. Wirt, conductor of the band, is having regular practise in the Thomas hall on Tuesday and Friday evenings from 8 to 10. The public are welcome to admission to these rehearsals. The Princeton orchestra is one of the Professor's activities and will fill the usual engagements.

Watch, wait and look for Big Ben.

The fire reported last week near Allison has been stopped by R. Soutter, patrolman, who directed the fire fighters in their work of saving the forest from its ravages. Some smouldering logs and stumps remain but there is no chauce for an outbreak. Patrolman Soutter finds great difficulty in procuring drinking water for firefighters when at work. The suggestion is made that canvas water bags should form a part of every fire fighter's equipment. Water is as necessary to a thirsty firefighter as oil to a squeaking machine.

Miss Heron, daughter of Mr. and Mrs. J. Heron, has passed examination at the head of her class in the New Westminster high school. She now expects to matriculate for the university where she intends to specialize in languages. Miss Heron is a scholar of great promise and exceptional ability.

A. E. Irwin returned last week from a trip covering Merritt, Kamloops, Ashcroft, Vernon and Penticton. He saw no place with the opportunities and inducements possessed by Princeton. Dull times are general throughout the province but Mr. Irwin thinks Princeton feels the effect of depression less than any other town or district.

The Princeton Orchestral Society, J. J. Priest, conductor; J. Nathan, Secretary-Librarian, has been formed and will, it is hoped, give public recitals during the fall and winter seasons.

Constable Pritchard took action against the Similkameen Hotel proprietor at Hedley last week for infraction of the Liquor Act in regard to open hours. Magistrate Megraw gave conviction and the proprietor was fined.

It is reported on good authority that Big Ben will soon arrive in Princeton.

A little daughter of Mr. and Mrs. W. J. Kirkpatrick had the misfortune to break her arm last week while descending a hill. She fell and got her arm wedged among some debris fai ing to release it in time to save it from fracture. The little sufierer is doing well and her playmates are hoping to see her in usual form soon.

J. W. Stitt, while engaged in repairing a pipe on Harold Av., Friday last, was injured severely from a cavein. He is mending nicely.

E. Anderson, a Swede and inmate of the hospital, died last week and was buried from the undertaking parlors of D. M. French.

SPECIALS.

FOR SALE—I have 40 shares of B. C. Portland Cement Company's Stock of Princeton, B. C., which I will sell for $50 per share. WM. H. KAYE, 421 Exchange Bank Bldg. Spokane, Wash.

Who is Big Ben? Ask anybody!

FOR SALE—Lot 3, block 25, Vermilion Ave., with 6-roomed house and barn, etc. Apply on premises.

BREAD—Good homemade bread supplied at J. Knudson's, Tapton avenue. Try it and be convinced.

Everybody will know Big Ben before the month is over.

RAILWAYS TO DEVELOP THE COUNTRY

If the latest rumor regarding the Kettle Valley railway coming down Fivemile creek thence to Princeton and up the Tulameen and Otter valleys proves to be correct there will be general satisfaction expressed from the public. By this route the greatest good will be accomplished for the greater number. Direct transportation will be given several ore and coal mines now either producing or in a fair way to do so. Besides the benefits accruing to important trade centers aud tonnage producing points, such as Princeton, will be almost incalculable. To have a choice of railway lines owned by two big competitive corporations is of immense advantage to the shippers. The central position of Princeton in a country of vast known tonnage possibilities is very attractive to railways always on the alert to develop earning potentialitles. Copper mountain and all the contiguous mining camps to Princeton, with its inexhaustible coal deposits, will contribute sufficient tonnage to two or more lines of railway to swell profits and afford regular dividends. As the development of the mining resources progresses branch lines will be found necessary to compete with the increasing tonnage. In this way the country will be opened up and its well known raw materials made factors in the commercial and industrial enterprises necessary for the growth of Princeton. In the next few years energetic railway construction will accelerate the return of prosperity in this district and restore that confidence which accompanies all advancement. All that is required is the optimistic spirit or mind and patience to wait on slow construction of the missing links to connect with the coast. Star would urge both the C. P. R. and Great Northern railway companies to build a little faster if possible, thus gaining the support and good will of the people and encouraging them in the development of the country.

NOTES AND COMMENTS.

Voigt camp will have a characteristic exhibit of mineral samples at the Vancouver fourth annnal exhibition, which begins Sept. 1st, ending on the 6th. These samples are the finest display ever placed on exhibition from any one camp in this section and will do much good as an advertisement for the district. They weigh about 40 lbs. each, prove the splendid ore supply to be obtained from Voigt camp, and are sure to command the attention of visiting geologists and mining men as well as the ordinary lay spectator. In sending these samples the owner, E. F. Voigt, has shown a proper public spirit worthy of emmulation hy all having the real interests of Princeton and district at heart.

Now that the most dangerous portion of the year is reached for devastating fires, owing to the condition of all combustible matter being as dry as tinder, everyone should exercise extreme caution in the use of fires of any kind. A campfire left unguarded, or a match, cigar or cigarette stub carelessly thrown aside might easily cause a conflagration destructive of life and property. At the very first sign of fire, the fire warden, patrolmen or police should be notified with all possible haste as a minnte at the beginning of a fire is worth an hour when it is under way.

The meteoric career of the honorable member for St. Pancakes, London, seems to be near its logical end. 'Fighting Joe' Martin has given so much rein to that western broncho spirit of buck and obstinacy that he has been read out of the liberal party in the old country. What will become of him now that he is about io lose his seat? He is not wanted back in B. C. It might be that the Socialists or the 'bull moosers' would receive him. The only place one can see a good opening for a man of his impossible make-up is among the Mexicans—now is your opportunity, Joe.

These days are pregnant with great revelations. Great and learned men, as the world styles them, are met in geological conclave and medical convention, all investigating problems which they conceive to be for the benefit of man. One noted scientist says he will have something to announce soon that will pierce the veil between life and death. Matter and spirit are still at war and will be until death is finally swallowed up in victory gained by spiritual apprehension. Not mortal wisdom or erudite scholarship will ever pierce the veil—that can only be done through immortal mind. It is possible now to diagnose disease from the standpoint of sin as did the great Physician when among men nearly two thousand years ago. Pills and plasters will be invented so long as people worship idols and trust in matter. The spiritual-minded, those who believe in truth as demonstrated by christian science, deny the reality of disease and death and thus conquer them through the faith obtained from and in the Great Spirit, God. They alone pierce the veil in the only scientific, demonstrable, metaphysical way.

SPEEDY BUT SAFE.
When you have contracted a severe case of cramps, colic, pain in the bowels with dysenterv, you can be pretty sure there is a pocket of fermented food somewhere in the stomach that is causing all the trouble.
An important point is to avoid contracting the bowels too suddenly. This is a real danger in cases of this kind and too often causes a lot of later trouble.
We do not know of anything so good as Nyal's Wild Strawberry Compound. This can be had both in liquid and in tablet, and preference should be given the liquid if convenient. This remedy is highly antiseptic in its action and contains no opiates, yet it gives prompt relief without the 'dope' effect.
We are always careful to be sure of the goods when we state our preference and recommend a certain remedy to you. We carry a full iine of Nyal's Family Remedies.

THE WIDE WORLD.

The immigration department at Ottawa has received information from confidential agents that a secret scheme to bring 100,000 Hindus to Canada has been planned by steamship companies in India.

At last the Balkan States have signed a treaty of pèace and Bucharest rejoices.

Non-militant suffragettes are received by Premier Asquith who promises them votes as soon as the opinion of the people of England is made known in that behalf.

The United States treasury handled in actual cash during the fiscal year ended June 30, the stupendous sum of $7,071,520,000, breaking all previous records, and stamping the federal treasury, officials declare, as the greatest banking institution in the world.

On the occasion of the jubilee celebrations commemorating his twenty-five years of reign, the Kaiser expressed his willingness to accept any sums which might be collected, for charitable and other purposes in the interest of the people's welfare, while he declined all presents for himself. The money that has poured in from all sides in honor of his Majesty's jubilee is estimated at seventy billion marks. Not only the German municipalities and other corporations and many private persons have given liberally, but the Germans abroad have also proved very generous in showing their loyalty. The Germans in New York alone subscribed fifty thousand dollars.

Premier Asquith has promised the House of Commons that at its next session the government will present its scheme for the reform of the House of Lords.

The home rule bill was rejected in the House of Lords by three hundred and two votes against sixty-four. This action was anticipated.

Secretary Daniels of the navy reported to Congress that a government armor-plate factory, costing eight million four hundred and sixty-six thousand dollars, would save one hundred and forty dollars a ton on armor, or more than one milion dollars net a year. He explained that France, Italy and Russia have sought relief from the high cost of armor-plate by the operation of government owned plants, while Japan has built two government factories. He found the same subject agitated in England, where many charges of monopolistic agreements and extortionate prices have been made.

Germany declined to consider a proposal made by Russia for a joint demonstration off Constantinople to prevent Turkey winning back the territory she had lost to Bulgaria.

Canada received from Great Britain 185,000 emigrants last year, and sent 71,000 immigrants over to England. Australia, New Zealand and the United States together only received from Great Britain as many immigrants as did Canada but they returned only 46,000.

Keir Hardie says that the Socialist party is being gradually killed in England by the appointment of its best workers to offices under the government.

Private Hawkins, of Toronto, won the King's prize at Bisley, with a Ross rifle. His score was 330 out of 335, an average of 4.7 out of a possible 5 points per shot.

As a source of news the Balkan territory has not been productive during the week. Bulgaria was reported to be ready for peace. Servia was also reported to be ready to hold a conference Finally Turkey expressed at Sophia her readiness to discuss peace. Greece is now as she has been from the opening of of hostilities a persistent objector to any definite settlement.

Mr. Bryan intends to fulfil his Chautauqua lecture tour in spite of criticism and the unusually heavy responsibilities of the foreign relations that pertain. He has, however, refused the sum of $3,000 for an extra lecture.

SURE TO BE SAFE
When You Select
Maple Leaf Paints & Varnishes

for your painting and finishing Do not select them for their excellence of color alone, nor merely because they cover better and wear longer than other paints and varnishes. Choose them because they protect the best, and preserve property longest. That is why they pay. That is why their use means service and money saved.

Your choice will be safe, your investment sure if you ask your dealer for the Maple Leaf Brands.

Let our M. L. Decorative Aid Department send you helpful suggestions for the decoration of your home.

WATER NOTICE.

For a licence to store or pen back water.

Notice is hereby given that The British Columbia Copper Co Ltd. of Greenwood, B. C., will apply for a licence to store or pen back 150,000,000 gallons of water from Whipsaw Creek, a stream flowing in an easterly direction and emptying in to Similkameen River near Ashnola, B. C. The water will be stored in a reservoir of 150,000,000 gallons capacity built or to be built at a point about 3300 feet west of Similkameen river and will be used for power purposes, as authorized under notice of application for a licence to take and use water posted herewith on the land described as lot 148, Yale Division, Yale District.

This notice was posted on the ground on the 24th day of July, 1913. The application will be filed in the office of the Water Recorder at Ashcroft, B. C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

JAPO-CHIN PROBLEM

Boards of trade throughout the Okanagan valley are extensively taking up the problem of giving white land owners the preference over the Chinese, and in this connection will shortly recommend to the provincial government the passage of a bill the provisions of which will be similar to the California land bill, recently passed by the California legislature, under which it is impossible for Japanese to become land owners in that state.

The feeling against Chinese and Japanese is very strong at the present time, in spite of the fact that the Orientals engaged in farming here are very industrious in their farming operations. The board of trade of Duncans, B. C., which started the new movement, has sent a copy of the resolutions dealing with the question to practically every other board of trade in the province and immediately these have been heard from the government will be approached.

Chinese residents of Armstrong, who constitute a large pecentage of the farmers of that district, express much indignation over the proposal to shut them out, as they already own large tracts of land.

NOW ITS THE HINDU.

Advices received at Ottawa indicate some apprehension in British Columbia owing to the announcement that Hindus are preparing to establish a direct line of steamers from India to British Columbia, thereby evading the clause of the Immigration Act which holds them in check at the present time. There is now no direct transportation between Canada and India and unless they come directly they can be sent back. Steps are being taken by the aggressiv element of the Hindu leaders to charter steamers of their own and an influx is feared. If it attaius large proportions some amendment to the Immigration Act may be made, even though the Hindus are British subjects.

WATER NOTICE

For a licence to take and use water.

Notice is hereby given that The Tulameen Gold and Platinum Ltd. of 536 Hastings St., W. Vancouver will apply for a licence to take and use 800 cubic feet per second of water out of Similkameen River which flows in a northerly direction through the Similkameen division of Yale and empties into Okanagan River near Oroville.

The water will be diverted about half a mile south of the mouth of Copper Creek and will be used for power purposes on the land described within a radius of 100 miles of Princeton.

This notice was posted on the ground on the 20th day of July, 1913. The application will be filed in the office of the Water Recorder at Ashcroft.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

Synopsis of Coal Mining Regulations.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1. an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-division of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five per cent per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quanity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secrstary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE

TO DELINQUENT CO-OWNER

TO GEORGE B. COWAN—Take notice that unless you do pay, within 91 days from the date hereof, the sum of $1300 being your proportion of the expenditure required for the years 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, by Section 24 of the Mineral Act, upon the Celtic Chief and Empress mineral claims, situate at Summitt Camp in the Similkameen mining division, Yale District, B. C., together with interest and all costs of this notice, to the undersigned, you co-partner in the said mineral claims, your interest in the said claims shall become vested in the undersigned who has made the required expenditure.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for Wharf at Vancouver, B. C." will be received at this office until 4.00 P.M., on Thursday, August 21, 1913 for the construction of a Wharf at Vancouver, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of C. C. Worsfold, Esq., District Engineer, New Westminster, B. C.; J. S. MacLachlan, Esq., District Engineer, Victoria, B. C., The District Engineer's Office, Confederation Life Building, Toronto, Ont.; J. L. Michaud, Esq., District Engineer, Post Office Building, Montreal Que. and on application to the Postmaster at Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to five per cent. (5 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,

RULES OF THE ROAD

As there seems to be some doubt among local teamsters, auto drivers and others as what are the rules of the road in British Columbia, we would point out that every vehicle must keep to the left of the road, but if one vehicle wishes to pass another from behind, it must come up on the right of the latter; or in other words 'Keep to the left when meeting, but pass on the right when overtaking.' Motor cars must use due care in meeting or passing horse drawn vehicles and be prepared for prompt action if the horse takes fright at the car. Motor cars must give warning of their approach at a reasonable distance when pedestrians are crossing the streets. Ten miles an hour is the speed limit for cars when driving through the city. Rigs and horse drawn vehicles must observe the meeting and passing rules as strictly as motor cars and not drift along the roads without the drivers looking about them. Pedestrians when crossing a street and seeing a motor car approaching must either remain where they are so that the driver can see what to do and how to avoid them, or else go a certain way without hesitating and darting first one way and then another. This only confuses drivers of vehiclees and results in the pedestrian loosing his nerve and invariably leads to an accident. Make up your mind what you want to do and then do it.

Above all, drivers of all vehicles must use caution; always keep within speed limit, obey the rules of the road and there will be fewer accidents.—Kamloops Standard.

WHAT A GIRL MUST LEARN

These, says The Detroit Free Press, are the thiugs that a girl must learn:

To sew.
To cook.
To mend.
To be gentle.
To value time.
To dress neatly.
To keep a secret.
To avoid idleness.
To be self reliant.
To darn stockings.
To respect old age.
To make good bread.
To keep a house tidy.
To be above gossiping.
To make home happy.
To control her temper.
To take care of the sick.
To take care of the baby.
To sweep down cobwebs.
To marry a man for his worth.
To read the very best of books.
To take plenty of active exercise.
To be a helpmate for her husband.
To keep clear of trashy literature.
To be light-hearted and fleet-footed.
To be a womanly woman under all circumstances.

WATER NOTICE

WATER ACT AND AMENDING ACTS

BEFORE THE BOARD OF INVESTIGATION

IN THE MATTER OF the Similkameen River and all its tributaries except those in the Nicola Water District.

NOTICE IS HEREBY GIVEN that the hearing of claims to the said streams will be resumed at Keremeos on Monday the 18th day of August, 1913, at nine o' clock in the forenoon and at the Court House in Princeton on the 20th day of August at one o'clock in the afternoon.

Claimants and objectors will be notified by registered letter of the place at which their respective claims or objections will be heard.

The time for filing claims or objections is hereby extended until the 2nd of August, 1913, no claims or objections will be received after that date except on such conditions as the Board may consider just.

Dated at Victoria, B. C. the 23rd day of July, 1913.

For the Board of Investigation.
J. F. ARMSTRONG.
Chairman.

Princeton Coal & Land Co.

Five Reasons, For You To Invest In Princeton

Because Princeton is the Center of a Coal, Ore and Placer Mining District.

Because There are Splendid Opportunities for Manufacturing Industries.

Because the Surrounding Country is Adapted For Cattle, Horse, and Sheep Raising. Farm, Garden and Poultry Products Find a Ready Market at High Prices, at Princeton. Climate and Water are Excellent. School and Church Facilities are the Best in the Similkameen Valley.

Unlimited Water Power, Rivers and Creeks Afford Millions of Horse Power, Now Running Waste.

Two Railroads Building to Coast. Great Transprovincial Trunk road-Rivers and Roads converge here.
