Almost smokeless and high in carbon--Princeton coal

SIMILKAMEEN STAR

Not wealth nor eloquence but the righteous life counts most.

Princeton is at the transitional stage of its existence and its destiny is in the hands of citizens—Unlimited resources and opportunities for investor—Real estate is advancing in value continuously—Early completion of railways to coast essential to further progress.

Vol. XII. PRINCETON, B.C., WEDNESDAY, DECEMBER 13, 1911. No. 50

MINES AND MINING

Fire Brick Practically Non-Fusible Made from Roanie Clay.

Member for Kootenay Chairman of Committee on Mines is an Excellent Choice.

A sample of fire clay taken from the Roanie and tested at the B.C. Portland Cement Co's plant, East Princeton, has proven to be first class. The brick is pronounced 'none better' by those capable of judging. The brick may be seen at J. O. Coulthard's home.

The selection of A. S. Goodeve as chairman of the select committee of the house of commons on mines and minerals will give unqualified satisfaction in British Columbia. Mr. Goodeve's home is in a city that has a particular close connection with the mining industry, and no member of the house could have been selected who has a more intimate acquaintance with he mining and smelting industries of British Columbia, and with their requirements.

Aldous & Cramer have completed their tunnel contract of 100 feet for the B.C. Copper Co on Copper mountain.

Specimens of the recent ore strike in Voigt camp show undonbted high values, besides the ore is away up in the picture class.

Fred Keffer arrived from Greenwood yesterday and went to Voigt camp.

It is reported that Col. Robert Stevenson and Harry Illicker have sold the Little Burke and Copper Queen groups on Copper mountain. The property is sold to Messrs. Sweeney and Clark of Butte, Montana.

The big plant of the Quesnel Hydraulic Mining company at Hydraulic, on Quesnel river has begun operations and is handling 25 000 tons of gravel daily.

Work on No. 3 tunnel, Roanie camp, is progressing and good ore is mined.

The October production of the British Columbia Copper company is reported as 778,586 pounds of copper, 11,347 ounces of silver and 2766 ounces of gold. The total output for the first 10 months of this year was 8,338,511 pounds of copper, comparing with 5,519,596 pounds in the corresponding period last year.

BOUNTIES ON ANIMALS.

All Justices of the Peace and Government Agents are cautioned by the provincial secretary on issuing certificates for bounties on wolves, cougars, coyotes, etc., to be very careful in complying with the regulations in this respect.

The whole skin of any animal on which the bounty is asked must be produced by the person who killed it. Bounties cannot be claimed by other parties. Both ears must be carefully examined and a hole punched in the left ear. Any hole in either ear disqualifies the skin.

No certificate may be issued on skulls or scalps.

Should there be any doubt at all as to the species, reliable information must first be obtained.

Bounties on golden eagles may only be paid on a certified voucher from the Provincial Game Warden, to whom feet must be sent.

OPENING OF NEW CHURCH.

This is announced to take place next Sunday Dec. 17th, when special and appropriate services will be held at 11 am and 7.30 pm. In the morning holy communion will be celebrated. A beautiful new altar has been given by the Rev. J. Williams, who will dedicate it to its sacred use at 11 am. The bishop, owing to pressure of engagements is unable to come at this time, consequently the resident clergyman will conduct the services. Special offerings for the building fund. A cordial invitation is given to all, especially those who have kindly subscribed to the work.

EAST PRINCETON NOTES.

East Princeton, Dec. 12—E. Thomas and family of Princeton have moved into W. Carsly's cottage on Ninth Av.

W. J. Budd arrived from Calgary last Friday.

Rev. Dr. White, superintendent of Methodist missions, was in town last week making arrangements for the new church to be built here.

W. H. Carsly has the contract for the two-storey laundry to be built on the corner of Ninth Av. and Portland street

The East Princeton Townsite Co are having Princeton street cleared its entire length.

OBITUARY.

Many friends here will regret to learn of the passing away of Mrs. Lumsden at Vancouver general hospital early last Saturday morning. Two surgical operations failed to give the relief hoped for, the end coming unexpectedly to those who were accustomed to see her in the vigor of health. An estimable lady, unaffected and truly christian, the deceased had many friends here and elsewhere, particularly in Vancouver and Atlin, where she was engaged on hospital staffs as matron. A little more than a year married the separation from husband is sorrowful indeed, to whom and to all relatives Star extends sincerest sympathy.

See Joudry for Christmas jewelry. Big stock just arrived.

SEARCHING FOR LINE

Kettle Valley Route Difficult from Fivemile West to Onemile.

V., V. & E. Line Located in Coquihalla Pass; But When will It be Built?

It is stated that the railroad is being extended westward from Coalmont to Otter Flat, a distance of some six miles. At this rate Jim Hill's railroad will eventually reach the coast, although the exact date when we may celebrate the consummation of that happy event is problematical --Oroville Gazette.

J. H. Kennedy, chief of V.V. & E. construction, arrived yesterday.

The trusses of three bridges are in position between Princeton and Coalmont and the others will be finished and traffic open in about six weeks.

Brookes's party of 18 recently camped near Rowlandville on Onemile, struck camp recently and pitched again on Fivemile, running another line for the Kettle Valley railway. The party will shortly encamp on the suburbs of Princeton, gradually working to Coalmont.

The survey party operating under W. W. Amburn, for the V. V. & E. Railway completed the final location of that line into Hope on Wednesday last.

As this is the definite location of the V. V. & E. line, Hope is practically assured of another railway in the near future.

We are in receipt of information to the effect that construction of this line will be commenced during the early part of 1912, and that it will be vigorously pushed to completion.

The completion of this line will have the effect of linking Hope to Princeton and the vast network of railroads to the south, and of opening up the immense area of country lying between the Similkameen and the Fraser River valleys.—Hope News.

COALMONT NEWS.

Coalmont, B. C., Dec. 8, 1911.—The carpenters here are taking advantage of the prevailing fine weather and are all busily engaged and building operations are going on briskly. Mr. McTavish, the merchant, hopes to be able to transfer to his new building within the next few weeks. The building on Main St,, about to be occupied by F. P. Cook, of Granite Creek, will soon be completed.

The Columbia Coal & Coke Co. expect to be running their new saw mill in about ten days time. The machinery is now on the ground. This new mill will have double the capacity of the old one and on account of its close proximity it will be of great advantage to builders.

The track laying gang were busy last week on the side tracks and on Saturday last the gang proceeded to lay the rails further on, finishing up about one mile above the townsite. It is understood that this line will be pushed on to completion in the shortest possible period. Several car loads of lumber have arrived and unloading has begun for the erection of the depot and there is every reason to believe that the work will be proceeded with immediately.

On Sunday last, in addition to the morning services conducted by Mr Craig from Princeton, a service was held in the evening and was conducted by the Rev. J. Williams, Church of England. There was a good attendance at both services. In the evening the serice of baptism was administered. A Sunday School has been formed and has proven to be a great success under the able leadership of Mr. Craig, the preacher. A treat is being arranged for at Christmas time, which is being eagerly looked forward to by the children. Mr. Craig, accompanied by Mr. Osborne, the Methodist preacher, arrived here from Princeton on Wednesday. They then proceeded to Tulameen returning on Thursday.

V. D. Doty, of the Remington Typewriter Co. Ltd. arrived Wednesday returning to Princeton the same day.

LODGE ELECTS OFFICERS.

There was a very large attendance at the meeting of the Orange lodge in the I. O. O. F. hall, Princeton, on Dec. 5th, at which the election of officers took place. There were over forty in attendance, after the initiation of four new members, the election of officers took place. The following is a list of the succesful candidates: Perley Russel, worshipful master; Roy Martin, deputy master; J. R. Craig, chaplain; Len Marston, recording secretary; W. J. Kirkpatrick, treasurer; H. H. Avery, jr., financial secretary; F. Turner, director of ceremonies; W. W. Martin, lecturer; J. A. Osborne, 2nd lecturer; J. Horricks, 1st committeeman; Geo. DeForest, 2nd committeeman; Geo. Bennett, 3rd committeeman; Alfred Allison, 4th committeeman; C. V. Semerad, 5th committeeman. The lodge decided that on account of such great interest being taken in the work it would be necessary to have an extra meeting night in the month. After partaking of an excellent supper prepared by Semerad & Co. the officers were duly installed. The lodge adjourned at 1.30 a.m. to meet again on Dec. 19th at 8 p.m., when four members will take their final degree.

Star, following custom of newspapers, will give review of Christmas trade advertisers next week.

THE SIMILKAMEEN STAR

(J. M. WRIGHT)

PUBLISHED EVERY WEDNESDAY
At PRINCETON, B.C., by
Princeton Printing and Publishing Co.

SUBSCRIPTION RATES:

British Empire, One Year - - $2.00
Foreign, One Year - - - - $2.25
Payable in Advance,

ADVERTISING RATES:

Land Notices, 60 days, $7.50 each.
Coal Notices, 30 days, $5 each.
Reading Notices, 20 cents per line each insertion.
Legal Advertising, 12 cents per line, 1st insertion, 8 cents per line each subsequent insertion.
Liquor Licenses, $5 each.
Advertisements by contract, $1 per in. per month.

Copy for publication as reading matter exclusively or for advertising should be delivered not later than Monday.

NOTES AND COMMENTS.

To appease some querulous brethren of the quill Star states that its political views are dictated by controlling owners who recently acquired it. Nothing wrong about that, Su(o)nny.

The waiters of Montreal will agitate against the tipping system. Why not extend it to the public servants in employ of governments?

LOCAL AND GENERAL

Buy Christmas goods at home and thus help to build up your own town and not another's.

J. R. Campbell of Ft. George is a visitor to Princeton receiving many hearty handshakes.

Nigel Ewart was up from Keremeos last week and says the weather was fine in the peach belt. He is still on the payroll of the government, not having received settlement for services and he is utterly at sea as to why he should be treated so meanly. Regarding his trial for alleged misconduct and which failed so miserably for want of evidence Mr. Ewart states that he has never heard whether he is condemned or free of the damaging charges made against him some six months ago before Mr. Webster, S.M. All he asks is British fair play.

Dr. Otto Schmidt, a well known cancer expert of this city, has applied for the Italian Maraini prize of $20,000 offered to the discover of a cancer cerum, who can prove that he has been successfull in healing five cases by means of his remedy. Dr. Schmidt claims he is able to prove he has made 40 cures.

The legisletu e of British Columbia has been called to meet on Thursday, January 11th.

A quiet wedding was celebrated by the Rev. J. Williams at the Similkameen hotel on the 7th inst., the principals in the contract being Robert Renn, of Quanah, Tex., and Miss Esther Lucille Vaughan, of Bridgeport, Wash. The handsome young couple were assisted in the ceremony by Mr. and Mrs. Wardle. Star bids the happy wedded pair a long and prosperous voyage with few squalls and no wrecks.

Mesdames Waddell and Coulthard are the newly elected president and vice-president of the Hospital Auxiliary.

The Canadian Manufactures' association today received information that the supreme court has unanimously upheld the decision of the Dominion railway commission in ordering an adjustment of the rates from the east to Regina and points in the west in favor of Winnipeg and points in Manitoba and the order compels an adjustment which will mean a reduction of freight rates of about 10 per cent from Toronto and Montreal to the west.

Charged with sending watered milk to the Prouse cheese factory, Luno Melbourne, a Dereham farmer who had sixteen cows milking, was fined $40 by the police magistrate at Woodstock. He pleaded that the adulteration must have been done by some one without his knowledge, but the magistrate imposed the fine.

S. L. Frazier and family, of Chewelah, Wash., will make their residence here at the Great Northern station, having been appointed to succeed M. Irwin, temporarily in charge since Mr. Snyder resigned. Warren S. Stains, the ever obliging and popular lightning jerker and prestidigitateur, succeeds himself and we are glad to say by his general proficiency and courtesy stands in line for the presidency of the Great Northern railway company. Such is the reward of the faithful.

The death of James H. Murchison, which occurred at the Merritt hotel on Saturday night 25th ult removes another of the old timers who have done much for the development of the country. The deceased was 64 years of age and came from Williamstown, Ont., though a large part of his early life was spent in Virginia. He lived in British Columbia about 30 years and was well known in Princeton, having followed his trade as carpenter while here.

Revs. T. A. Osborne and Mr. Craig made a pastoral visit to Coalmont this week.

H. A. Turner, road superintendent, and T. D. Pickard, mining expert, were in town this week.

Owing to a shrinkage in ads this week Star is compelled to reduce to former size. It will again add the two pages as soon as conditions justify. Princeton, with its five hundred population, has done remarkably well in the past to maintain a newspaper, and probably no other town in the world of its size can show as creditable record. Star hopes always to be found abreast of the times, enlarging and improving as its revenue and general patronage increases.

D. M. French has eight deer heads in various stages of being mounted and they are all beauties. 'Tink' is a natural st and taxidermist whom those having heads to mount will do well to consult before sending their money away.

Knockers, like the spy within the gate, are traitors of the worst type. But the wheels of progress grind them into powder and they are lost in the dim and dusty past, stranded and forgotten.

The new government at Ottawa is making some changes in the postoffice department. At Penticton a $50,000 public building will be recommended and at Merritt new buildings have been asked for with a promise of compliance. Geo. Kirby, Liberal postmaster at Keremeos, has taken time by the forelock to save probable dismissal and resigned, while numerous other changes are said to be in the making with a view to improvement.

Ontario elections on Monday last resulted in 58 majority for Conservatives.

The Sunday school entertainment will be held in the court house on Friday evening, Dec. 22nd at 8 o'clock. An excellent program is being arranged, and a good time is assured to all. Be sure you are there to welcome the arrival of Santa Claus.

The bazaar in aid of the Anglican church building fund last Friday was highly successful, over $70 in all being realized. Besides the sale of useful and fancy articles there was a fishing pond which was highly amusing for the young folks; also a fine stall of candies, parlor bowling and some very clever palmistry delineation. The ladies provided refreshments. Altho the crowd was not great those who were present had a very enjoyable time.

Rich Resources

SURROUNDING

EAST PRINCETON

The New City With The Payroll

Give you the opportunity for one of the

SOUNDEST INVESTMENTS

In British Columbia.

CITY LOTS ARE BEING OFFERED FOR SALE FOR THE FIRST TIME.

IT IS INEVITABLE THAT THE VALUE OF THESE LANDS WILL GREATLY INCREASE

Here are some of the Reasons:

East Princeton is surrounded by huge deposits of Coal, Cement, Copper, Gold, and other important Minerals.

The British Columbia Portland Cement Co. is erecting a half a million dollar plant, which will employ between 300 and 400 men.

The United Empire Co. is shipping a lignite coal of the best quality and is developing immense copper deposits, requiring large reduction works and several hundred employees. The Princeton Coal & Land Co. is increasing its daily shipments to 300 tons of coal, providing employment to about 150 men. Other coal companies are spending over $2,000,000 in development, and will give work to at least 1,000 men.

For transportation, East Princeton will have, in the near future, the Great Northern and the Kettle Valley lines, both of which, will pass through the townsite.

East Princeton is beautifully situated on the Similkameen River, with an abundance of water power available. The new city has every facter for growth into a big industrial centre.

It presents a rare opportunity for investment. Get full particulars immediately.

D. G. McCURDY
RESIDENT AGENT.
Or write C. R. BRIGGS, 615 Hastings W., Vancouver.

TOWN AND DISTRICT.

The Methodist church has selected a lot near the school house on Vermilion Av. on which it is proposed to build.

It is reported that J. Bromley has sold his upper ranch to local capitalists for $10,000 cash.

Priest, the photographer, is turning out fine work in his new studio, Kenley av. See him and send your photo home to the old folks or maybe to sweetheart.

Rev. Dr. White, superintendent of Methodist missions, is visiting Princeton.

SPECIALS.

COALMONT

The Town of Opportunity

The rails have been laid into the town and Coalmont is now the new terminus, the base of operations for the next forty miles of railway building.

Before six months have passed there should be a payroll in Coalmont of between 350 and 400 men: This means population, which naturally means good business.

IF YOU ARE WISE YOU will invest in a little Coalmont real estate now while the choice is still good.

Don't let this opportunity slip along with the others which have got past you. Write for our circular and price list; a post card will bring it to you. There are still some 50-foot lots left

Two blocks from the centre of town at only $225, $55 cash, bal. in 18 months to suit.

Williamson & Turner

AGENTS, COALMONT, B. C.

CANADIAN CITIZEN.

Canada now boasts of a number of high class magazines, but for artistic excellence and solid literary meat, The Fruit Magazine, Scientific Farmer and Canadian Citizen takes first place.

The magazine holds a unique position amongst the monthly publications reaching our exchange table, as its whole aim seems to be to popularize, assist and encourage the development of the Science of Agriculture and cultivate ideals of true citizenship.

The December number just issued, is even better than usual. The front cover and frontpiece, in colors, are works of art, while the numerous halftone illustrations are not only beautiful but highly instructive In addition to the usual features and many other literary gems, we might mention a special article by Maxwell Smith, on the subject of "Patriotism;" "Philosophy of Development in Childhood," by Miss Ravenhill; "A Woman's View," by Mrs. Rutherford; "Irrigation and Drainage," by F. E Jones; "Agriculture and Animal Husbandry," by M. A. Jull, B S. A. A full page engraving shows in striking contrast the city of Vancouver twenty years ago ten years ago and today. The first installment of a fascinating Australian romance entitled, "The Little Apricot Quarter," by Mrs. M. Ella Chaffey, also appears in this beautiful Christmas number.

This splendid magazine should be of absorbing interest to all classes, whether in city or country.

PRINCETON

According to the laws of industrial progress and the experience of founders of western towns, there must be a tangible, genuine basis on which to establish the future city. No amount of coaxing can bring blood out of a stone, nor can the greatest scientist extract sunbeams from a cucumber. Every man makes his own destiny==his own fortune==nothing comes by so=called good luck. The door is wide ajar for all who have pluck and a little capital. Investigate Now!

Princeton

With Its Unequalled Mineral Resources
Its Healthful Climate and Pretty Site

Is destined to be the Largest City in the Interior of British Columbia.
Five hours' run to Vancouver when the V., V. & E. is finished.

Your Opportunity Is NOW!

CHOICE LOTS FOR SALE

And to Suit All Requirements
