Princeton sub-bituminous coal—sootless, smokeless.

SIMILKAMEEN STAR

'The good alone are great': Greatness is not in matter, wealth.

Vol. XIII No. 43 PRINCETON, B.C., WEDNESDAY, OCTOBER 23, 1912. PER YEAR: $2, Cash Single Copy, 5c

Our natural resources unlimited: Come and see.

MINES AND MINING

Satisfactory Profits and Dividends Reported from B.C. Mines.

Similkameen Mineral Development Making Rapid Advance—Coal Demand Active.

There are indications of a coal famine all al ng the Pacific coast on account of the strike of the miners at Comox and Ladysmith. Trouble is brewing in the Crows' Nest pass, and a strike is not all improbable at any time now.

H B. Br wn, last Friday, brought some samples of goo l galena, running $90 per ton, from the mine owned by Cooper & Robinson at mile 23 on the Hope-Princeton trail. He will take samples with him t the congre s of mining engineers to be held in Spokane. He is of opinion that the galena z ne there is part of that which includes Wh psaw, Summit and the Skagit

The B C. Copper Co. will shortly make a large payment on Voigt camp, says the Boston Commercial and adds that an extension of time on the option to December 15 will enable the company to prove sufficient and determine the complete purchase of this very promising property. The outlook for Voigt camp is good and sufficient ore is already developed to make a large producing mine.

Russell E Bates and G. C. Channell have returned from Newton creek where they have been working on their placer claims Owing to heavy snows in this altitude, they have come out for the winter.

Frank B iley, M E., has a large, high-grade gyp-um deposit west of Princeton about eight miles, situate nearly to the lines of the V. V. & E. and K. V. railroads. He is ready to dispose of it at a very reasonble figure. Mr. Bailey has taken prizes with gypsum exhibits in Spokaue, and is an authority on this mineral.

James Brodie, city gas engineer of Edmonton, reports that millions of cubic feet of natural gas is going to waste at Pelican Portage, 170 miles northwest of Edmonton, where he has just commenced an investigation for the municipality One of the wells, sunk to the depth of 625 by the dominion government in 1897 is pouring out 4,000,000 feet a day.

To date this year five mining and smelting companies in the Kootenay and Boundary district have paid dividecds aggregating $932,000. The LeRoi No 2 mine has paid $30,000 in dividends this sear, making a total distribution of profits by the company of $1,524,430. The Nickle Flate of Hedley has paid $180,000 this year, and a total of $638,520. The last dividend of 50 cents was paid on September 30, 1912 The Standard mine at Silverton paid $325,000 since April 1 1912. To date, this year the British Columbia Copper company, at Greenwood has paid $177,000 to its stockholders. The Consolidated Mining and Smelting company of Canada, at Trail, has paid this yeer $310,345.

The final payment of $150,000 on the Windfall group at Hedley was made on Saturday, by which the owners will turn over to the Hedley Gold Mines company this valuable property.

The Princeton Goal & Land company is working hard to keep even with numerous orders for coal. A few miners and machine men are wanted.

Granby blister copper shipments for the week were 435,000 pounds, making a a total for the year to eate of 17,879,500 pounds

New York silver averaged 63.364 cents an ounce in September, 1912, compared with the same month last year of 52.442 cents. Electrolytic copper averaged 17.706 cents per pound, against 12,463 in 1911; and London lead was sold at an average price of £22 291 per ton in September, 1912, compared with £14 755 of the same month last year. Spelter in eNw York averaged, in September, 1912, 7 523 cents per pound, against 5.941 in September, 1911.

LACROSSE MATCH.

The lacrosse match between the team representing the Similkameen and the Penticton team was played before a large crowd on Friday last at Penticton. The score stood 5 to 4 in favor of the visitors, who speak highly of the reception given them. In the evening a grand ball was held, and the occasion made enjoyous for all. This is probably the last match of the season, next year lacrosse will loom large in the realm of sport in this district.

BUILDING NOTES.

J. Rnudson has the walls of his cement block residence completed and is at work on the superstructure. The building has a most substantial and imposing appearance, and with the manufacture of cement in East Princeton this material is bound to be cheap and in much vogue.

The Hotel Princeton, as it will be known when opened, about the middle of November, is in the last stages of finishing. Mr. Swanson has spared nothing to make it the equal of the best, and the house is sure to be well patronized from the first.

J. Scherbaeur has improved and modernized the old Barber buildings, which he purchased last summer. They are now comfortable and in a location that makes them valuable.

IN EAST PRINCETON

B.C. Portland Cement Co. is Shaping Toward the Final Work.

Cement is Expected to be on Delivery in Early Spring—Hotel to be Built.

East Princeton, Oct. 23—Representatives of the Peace River Realty company are in town today, looking over their holdings in the district, and the East Princeton townsite, for which they will act as agents. Important announcements regarding developments on the townsite will be made in a few days.

W. J. Budd left for Calgary on Monday.

C. R. Briggs, secretaryy-treasurer of the British Columbia Portland Cement company, is in town for a few days on business.

East Princeton is to have a large 40 room hotel in the near future. It will be of cement, and has a fine appearance, from the illustration shown.

The wheels of industry and the massive machinery will turn out cement at the beginning of the coming year. As it matures it will be ready for delivery in the early spring. At the present time the full capacity output of the plant could be readily sold.

The future of East Princeton is very hopeful and bright. Added to the permanent industry of cement making are the coal and ore mining deposits soon to be operated by a large Spokane company on completion of the deal with the pioneer United Empire Co.

TOWN AND DISTRICT.

Douglas Stewart, recently of Vancouver, but formerly of Glascow, Scotland, is a new member of the Bank of Montreal.

R. Pitts, of Sheffield, Eng., brother-in law of James Holden, has arrived and will bring his family in later on.

The Vienna Boarding House, Miss Schotzko, proprietress, is open for guests. This house is fitted with modern conveniences and is well adapted for firstclass trade. Miss Schotzko learned her professiou in old Vienna, the capital of Austria, a city noted for good cookin gand gastronomic tastes. The Vienna is centrally located, and will be found home like for ladies and gentlemen.

Large flocks of geese and ducks have begun flight to southern climes The familiar 'honk! honk!' of the ganders, as they call to their partners to line up, is heard frequently during the day, and on into moonlight. They alight on the lakes for food and rest, and, possibly, to fill some hunter's pot.

A meeting of citizens is called for next Wednesday evening, October 30, to consider the question of an efficient fire fighting service. All the big fires in Princeton have occurred in cold weather, due, no doubt, to the increase in heavy firing. A tend the meeting and help in the matter of adequate fire protection.

Don't fail to take in the social dance Friday evening, in the I.O.O.F. hall, Princeton. Tickets $1. Good music and a pleasant time guaranteed. Be there.

The Provincial board of health gives notice that 50 cents will be paid the medical inspectors of schools for each pupil examined and traveling expenses to the school at a rate not exceeding 50 cents a mile. School trustees may request more than the regular annual inspection.

Keremeous Quadrille club will give a dance in the lower town hall on Friday, November 1. Gents $1,00, ladies free. Good time guaranteed. Come.

At the moving picture show the latest styles and fashions are exhibited and the current events and happenings throughout the world as recorded in Pathe's illustrated weekly are also thrown on the screen. The Parisian fashions are interesting.

The big street roller at work is making a good job and shows what can be accomplished with uptodate road making machinery. Present and future generations will bless 'Good Roads Taylor' for his discreet expenditures.

PRINCETON HOSPITAL.

From time to time gifts to the hospital have been made by friends of the sick and of the institution. It is the intention to acknowledge all donations through the press, a custom observed otherwheres, for the encouragement of those who give, and as an incentive to all charitably disposed. The matron is pleased to gratefully acknowledge receipt of 15 quarts of fruit from the Ladies' Auxiliary Committee; 2 chickens, Mrs. McFadden; vegetables, Mrs. McDougall; magazines. J. D. Andras; fruit and vegetables, Hugh Hunter; Star, one year, and illustrated weeklies, J. M. Wright.

CRAIG—BROWN.

At the home of A. F. McTavish, 15 Eleventh avenue west Vancouver, B.C., on October 12, 1912, by the Rev. Prof. W. R. Taylor, Ph D.; J. Richmond Craig, Westminster Hall, to Margaret Wilson, second daughter of John Brown, Esq., Moffat Paper Mills, Airdrie, Scotland. The foregoing sentence will be read with pleasure by many friends of a popnlar incumbent of the Presbyterian mission field here. Star congratulates and wishes Mr. and Mrs. Craig unalloyed happiness all the way and beyond.

LOCAL AND GENERAL.

J. R. Edmond, the Hedley butcher and cattle dealer, was in town this week, and reports good prospects for the 'old town.' Jack has made good since he left 'Lord O'Kanigin,' and is keeping tab on the country with a view to making more 'good.'

October 28, 1912, being Thanksgiving day, there will be special sermons at Saint Cuthbert church, Sunday, October 27. Serivces, 11 a. m.; 7:30. p.m. You are invited to be present and help in the services.

VIENNA BOARDING HOUSE.

Rooms and firstclass board by the day, week or month. Street in rear of court house. MISS SCHOTZKO.

CROP 483,000,000 BUSHELS.

The Canadian Bank of Commerce, after a comprehensive and systematic examination of the crop conditions in western Canada, estimates the yield as follows:

Wheat, 196,000,000 bushels; oats 224,500,000; barley, 49,600,000; flax 12,900,000. Total value, $208,368,000

THE PHILOSOPHY OF LIFE.

We can all learn something from even the ant. The person who loves to speak of self is not aware that one is estimated by deeds not words. The ant says nothing, of course; but its works call forth our praises.

A little deed of kindness may
Thy ransom be from cares of day;
The scales of mercy, balanced true,
Each kindness gives back to you.

The knowitalls never take advice but are quick to give it in large and emphatic doses.

Cheer up! Adversity is only a means of making one appreciate prosperity. To be always prosperous life would lack the spice of variety.

Good cooking is a requisite in a good wife. No daughter is fit for the duties of life who cannot make good bread and prepare an acceptable meal.

The man who cannot recollect his wife's birthday is not generous and will sooner or later regret his negligence. Life, if happy, must be strewn with generous deeds in the home, from whence radiates good.

Knocking is disease of an impoverished mind, cured by intelligent thought.

The day of the brotherhood o man will not be hastened by nations arming in a nonsensical race for superiority. The battleship builders, powder and gun makers, with a hireling press, incite envy and jealousy for their own purposes

GREEN WITH JEALOUSY.

Under the heading, 'Princeton Will Not Get Railroad,' the Nicola Valley News gleefully remarks that the main reason for sidestepping this town is 'that the Merritt coal mines have passed the development stage and are bona fide shippers of an excellent grade of steam coal.' Why the Kettle Valley should leave out Princeton because steam coal is produced at Merritt is one of those things that no one can understand but the excellent editor-logician who pilots the News through slush and dead water. There is plenty of room for both Merritt and Princeton. No need then for the News to argufy to the disadvantage of Princeton. The facts are that three or four preliminary lines have already been run through Princeton by the Kettle Valley people: the locating line is within four miles west, on the Tulameen river, coming this way, and, more important than all, Mr. Shatford M P.P., pressed an agreement with the K. V. Co. that the line should serve Princeton. The government of British Columbia bonused the Kettle Valley on condition that it would serve East Princeton, Princeton, Coalmont and Tulameen, and in face of all this evidence, the News states that Princeton will not get the railroad in question. There is more tonnage awaiting the Kettle Valley at the points named than can be hoped for at Merritt, which, beyond its merchandise and coal, has little or nothing to offer. Coal, ore, cement and a large mixed traffic will accrue to the Kettle Valley railroad the minute it is completed via Princeton. The fact that two of the largest railway companies on the continent are competing for this tonnage is probably sour grapes to our friend. The only consolation Star can offer him is that some day electric lines will radiate from Princeton, and, if Merritt grows, one will probably reach the lonely burg where the cow slips blossom every morning.

A Canadian built navy will spend the money in the country and develop our resources—this is truest patriotism.

MOVING UP!

Next week Star will remove to larger quarters on Billiter avenue, in what was formerly known as the Cliff house, so named because of the cliff-like surroundings. The demands of the times require increased accommodation, the old quarters being too cramped for the mechanical staff, and we are sure the circumscribed, stuffy room had a certain jerky and snappish effect on the editorial opinions set forth in 'ten-point' from week to week and from year to year. When the reader is informed that in this small room, 10x24, it afforded space for the editor's sanctum, business office, composing room, press room, mailing department, store room, bed room, dark lantern society, literary club and political consultation room, he will have some idea of the exigencies in frontier newspaper life. If the Star shows improvement commensurate with its new, enlarged and lofty quarters, then readers may expect lofty ideals, expansive politics and careful treatment of all subjects from the genesis of man down to the latest style of bonnet. Next week's issue may be delayed, owing to removal of the heavy machinery, type, stock and the editorial chair; but, in less than a week or two, the Star will be settled down and ready to execute all orders for subscriptions and job work. The future home of the paper has been planned for the center of the town on Bridge street, on which will rise a 'sky-scraper' of cement, steel and marble; meanwhile, the staff will be content as cliff dwellers. From this height many items and subjects for trenchant, scalding editorialet may be caught on the fly as the scribe looks from his vantage point on the stream of passing humanity. Shine on, O, Star! Subscriptions $2.00 per year—cash.

NOTES AND COMMENTS.

The Americans, or Sammylanders, are an excitable people, resembling the national bird with ruffled feathers and fuss. Last week it was red sox; on the fifth of November it will be 'old sox' for the man that wins. Uncle Sam always has something to keep him a-guessing, and surely will never die of ennui, anyway.

As a believer and defender of all those who wish to exercise the right of woman suffrage, Star hopes that for the sake of the cause only legitimate agitation will be carried on by the leaders in this sacred movement. It undignifies woman, and the whole question of votes for them, to use violence or to be playfully tweaking some politician's nose. Votes for women will come all the quicker, as come they must, if they will only labor and wait. Be patient then, dear sisters, truth and right will triumph.

A CRAVEN SLANDERER.

The abject apology given by the editor of the Calgary Eye-Opener for abuse handed out to E. P. Davis, lawyer, is an illustration of the utter cravenness of a degenerate specimen of humanity. This man is recognized as a character assassin, and, like all of his class, has had to eat the humblest kind of pie. Bombast and slander do not count for much, and the person using them is sooner or later forced to admit that he is a liar. Following is Edwards' pusillanimous apology:

'E. P. Davis, Esq., K.C., Calgary:

'Sir—I beg to offer you my sincerest apology for a vile attack on you which appeared in the Calgary Eye Opener (of which I am publisher) under date of August 8, 1912, for the publication of which I was yesterday committed for trial on the charge of criminal libel. There was not a particle of foundation in fact for that attack and I never believed there was. Neither has there been any foundation in fact for that attack, and I never believed there was. Neither has there been any foundation in fact for the various other attacks on you which have appeared in the same paper during the last four years.

'I have never known you personally, and never have had any dealings with you, and my sole motive for these attacks was that I thought you had critirised me and my paper too severely in an address you made to a jury some four years ago.

'I promise not to mention your name again or to refer to you in any way, directly or indirectly, in any future number of the Calgary Eye-Opener or any other paper that may be published by me.

'I authorize you to publish this apology in any way you may see fit. Yours truly. R. C. EDWARDS.'

The charge on which Edwards has been committed is one of criminal libel and must go to trial in spite of the above apology, unless the attorney general of Alberta gives his consent to its withdrawal.—Calgary News.

BROOMFIELD & GARRISON

SEALED TENDERS addressed to the nndersigned, and endorsed "Tender for Wharf at Seymour Arm, B C.," will be received at this office until 4 p.m., on Tuesday, October 29, 1912, for the construction of a Pile Bent Wharf at Seymour Arm, District of Cariboo, B.C.

Plans, specifications and forms of contract can be seen and forms of tender obtained at this Department and at the offices of C.C.Worsfold, Esq., District Engineer, New Westminster, B.C.; F.W. Aylmer, Esq., District Engineer, Chase, B.C.; and on application to the Postmaster at Seymour Arm, B.C.

Persons tendering are notified that tenders will not be considered unless made up on the printed forms supplied, and signed by their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned:

The Department does not bind itself to accept the lowest or any tender.

By order,
R.C.DESROCHERS,
Secretary.

Department of Public Works, Ottawa, September 27, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department,—27958.

TEN YEARS AGO.

(From The Star, 1902.)

Smith Curtis, M.L.A., of Rossland, accompanied by G. W. Scott, of Listowel, Ont., arrived in Princeton Saturday and left Monday morning, to examine Copper and Kennedy mountains.

James Hislop, P.L.S, and party returned from surveying from Fairplay and Mountain View claims at Summit camp.

Hon. Richard McBride and Denis Murphy, M.L.A., will visit Princeton next week.

The sale of lots in Tulameen City, held in Princeton on Wednesday last, was a grand success.

W. D. Young, of Minneapolis, is in town visiting the McAlpine brothers.

Pouwalls and Bonniver have been sinking on the Red Star at Roche river, and now have five feet of clean ore in sight.

John H. Jackson, the genial proprietor of the Hotel Jackson, has been suffering from ivy poison, but we are glad to say will soon be around again.

Judge Murphy was down from Granite last week renewing old acquantainces, and making new ones. He is a genial, whole souled westerner of the genuine type.

Mr. Bert Thomas and bride, nee Miss Grace Allison, returned Saturday over Hope trail from the coast, where they had been united in marriage.

C. E. Thomas is circulating a petition for a mail service between this place and Penticton, which is being very generally signed.

W. A. Davis, of this place, familiarly known as 'Podunk,' is said to have fallen heir to a fortune.

REWARD—$500.00.

A reward of Five Hundred Dollars ($500) will be paid by the undersigned to any person giving such information as will lead to the conviction of the person or persons who, between the hours of 5 p.m. on Saturday, October 12, and 9 a.m. on Sunday, October 13, 1912, did publish a defamatory libel against a member of my family by writing same on the sidewalks and buildings in Princeton, B. C.

NOTICE

TO DELINQUENT CO-OWNER.

To OREN B. SMITH—Take notice that unless you do pay, within 91 days from the date hereof, the sum of $123, being your proportion of the expenditure required for the years 1911 and 1912 by Section 24 of the Mineral Act, upon the Morning Glory group of mineral claims situated on Bear Creek in the Similkameen mining division, together with interest and all costs of this notice, to the undersigned, your co-partner in the said mineral claims, your interest in the said claims shall become vested in the undersigned who has made the required expenditure.

CARL H. HENNING.

Dated this 4th day of September, 1912.

Synopsis of Coal Mining Regulations.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1. an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applitcant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-division of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5. which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five per cent. per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quanity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secrstary of the Departmeut of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands

W. W. CORY
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisment will not be paid for.

Princeton Coal and Land Co.

PRINCETON

In the center of a coal and ore producing district, situated at the junction of the Tulameen and Similkameen rivers.

Agricultural and grazing lands, suitable for sheep, cattle and horse raising, poultry farming, etc.

Climate is dry and healthful, an agreeable change for those living at the coast, or in humid atmospheres.

Scenery, fishing, hunting and shooting unexcelled for the painter and sportsman.

The future of PRINCETON is assured. The rise in real estate and farm land values will be repeated here as in other centers.

Railroad connection with the coast and the Okanogan will give impetus to development and production.
