SIMILKAMEEN STAR

17th Year No. 37 PRINCETON, B.C., FRIDAY, SEPTEMBER 15, 1916. PER YEAR : $2 Cash Single Copy 5c.

L. W. Shatford Elected

At yesterday's election L. W. Shatford, Conservative, defeated R. S. Conklin, Liberal, by a majority of 102 votes in the Similkameen. But throughout the greater part of the rest of the Province the Conservative party met with defeat. Figures now available show 31 Liberals, 14 Conservatives and 2 Socialists. Premier Bowser and his cabinet ministers were dealt a stunning blow, for it is doubtful if any of them have been returned. Victoria elected four straight Liberals, which includes H. C. Brewster, who will be British Columbia's next premier. The two Socialists elected are Parker Williams of Newcastle, and John McInnes, who defeated Hon. W. R. Ross at Fort George.

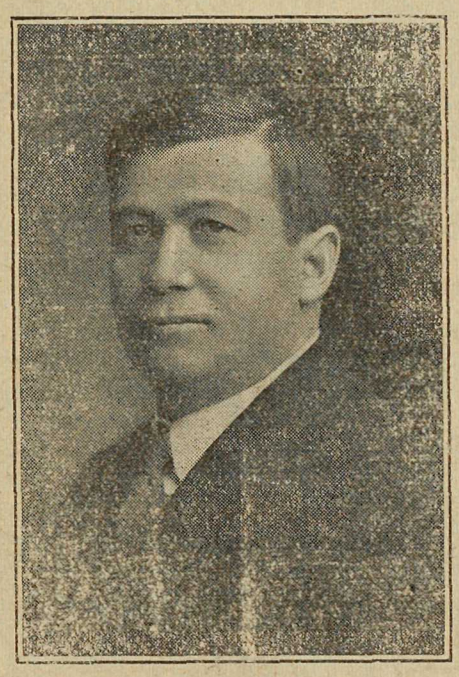
Joseph Walters defeated Alex Lucas in Yale; Dr. McLean defeated J. R. Jackson in Greenwood; J. W. Thompson defeated Hon. Ernest Miller in Grand Forks; Dr. King defeated Thos. Caven in Cranbrook; A. I. Fisher defeated Thos. Uphill in Fernie; Dr. Sutherland defeated Hon. Thos. Taylor at Revelstoke; W. D. Wilson defeated Hon. Lorne Campbell in Rossland; Michael Sullivan defeated Jas. Schofield in Trail. M. A. Macdonald led the poll in Vancouver, and it is said that Ralph Smith is elected. F. W. Anderson defeated J. P. Shaw in Kamloops; John Oliver defeated W. J. Manson in Dewdney.. Dr. Rose of Nelson was amongst the Conservatives elected, defeating A.M. Johnson.

The vote for prohibition and for woman suffrage carried by large majorities. The Prohibition Act will come into effect on July 1st, 1917.

In Princeton 99 votes were cast in favor of prohibition, and 86 votes against, or 13 of a majority in favor of the measure. The woman suffrage vote won by exactly 2 to 1. There were 122 votes for and 61 against.

There was considerable stir here on election day. Business houses were closed, and everyone was out rustling for his favorite candidate. The weather was perfect. The total vote for the candidates was 190, and Conklin had a majority of 26. About the time the votes here were counted, Copper Mountain's returns came in showing 16 to 9 in favor of Conklin. The Liberals were very much elated until Penticton and some other places were heard from. Considerable money was up on the result.

The final result of the election will not be known until after October 12th, when the ballots of the soldiers will be opened. The result of the prohibition and suffrage referendum will not be known until January 1st, when the votes of the soldiers on these questions will be counted. Nobody knows just how large the soldier vote will be. There are 30,000 British Columbia men either training or on the firing line, and anywhere from 15,000 to 20,000 of them will probably exercise their franchise. In ridings where the results were close the soldier vote may cut considerable figure.



L. W. SHATFORD
Member for the Similkameen, returned by a good majority yesterday.

"Not enough boy."

THE WIDE WORLD.

The net profits of the Ford automobile company of Detroit for the fiscal year which ended last July are reported as $59,994,118.

According to Dr. W. A. Evans death from snake bite is very rare—not 10 out of a million and a half deaths in a year. Rattlesnakes are the most poisonous of the snakes in this country, but at that the rattlesnake venom is only one-seventh as poisonous as that of the cobra. The only good effect of whisky for snake bite is that it makes the patient indifferent to consequences, thus overcoming fear, which is one of the greatest factors.

Steam railroads are losing thousands of dollars annually that they used to get since the advent of the motor car. Commercial travelers used to lose almost 50 per cent of their time around hotel lobbies and at railway stations. With their automobiles they now can get out of a town as soon as their business is done there, and they can "make" many more towns in a day. But all classes of people take advantage of the new mode of travel. The story is told that in one of the eastern States recently there was a big church convention. Hundreds attended, but the passenger traffic into that city on the railways made no increase.

Odds and Ends

Failure is not the worst thing in the world; the worst thing is not to try.

Cheerfulness is what greases the axles of the world; some people go through life creaking.

A man's name comes from his father, his honors, if he should win any, from his own worth.

Every farmer should have a well that never runs dry, a family horse that never runs shy, and a bill at the grocers which is never allowed to run high.
