Beginning to Manifest Interest in By-election

LEADER OF OPPOSITION IN FEDERAL HOUSE MAY ADDRESS ELECTORS OF PRINCETON

The present election campaign will be opened in Princeton in the Oddfellows' Hall this evening at eight o'clock when D. W. Sutherland will address the electors. It will probably be Mr. Sutherland's only opportunity to speak here as the Yale riding is a large one and requires a considerable time to cover. Electors should make it a point to attend. Later meetings may be arranged for other speakers but so far nothing in that line has been arranged

Last Thursday evening Mr. Sutherland and Dr. King, federal minister of public works addressed the electors of Keremeos at a well attended and enthusiastic meeting. Yesterday afternoon Mr. Sutherland addressed the electors of Coalmont but owing to the unfavorable hour and scant notice the meeting was not large attended.

A better and more enthusiastic audience greeted the Liberal candidate at Blakeburn last evening. Col. Edgett was in Princeton last Saturday arranging the itinerary. A meeting which it was the intention to hold at Hedley last Wednesday had to be postponed. J. H. Patten, registrar of voters at Keremeos and Charlie Fowler of Kelowna are accompanying Mr. Sutherland on his present trip up the valley.

Mr. W. A. McKenzie, member for the Similkameen in the local legislature, and A. S. Hatfield, agent for Mr. Stirling, the Conservative candidate in the approaching election, were in town last evening and today went up the valley as far as Tulameen. We are informed that Mr. McKenzie will be back in Princeton this evening and has been invited to appear on the platform.

According to Mr. Hatfield he has not yet arranged the itinerary of meetings for this valley but he intimates that there is a strong possibility that Hon. Arthur Meighen, leader of the Conservative party at Ottawa will appear on the public platform in the interests of Mr. Stirling.

Mr. Phillips, formerly lineman for the government telephone in this district, but now a resident of Merritt, was a visitor in Princeton on Sunday. He was accompanied by his family.

FREE

8 NEW FORD SEDANS AND 8 NEW FORDSON TRACTORS

Ford Contest Announcement

The Ford Motor Company of Canada, Limited, nas now been in business for twenty years. During that time 340,964 Ford cars and trucks have been built and the Ford has won a nation-wide reputation for giving satisfactory service.

In our relations with the public as local Ford dealers we have learned that the best advertising we get is the recommendation of a satisfied customer. Many Ford cars are sold on such recommendations and many more will be sold in the same way.

If you are one of the many thousands of Canada's farmer Ford owners, here is a big opportunity for you.

Ten farmer Ford-owners or members of farmer Ford-owner families in each rural Ford dealer's territory in British Columbia will be given the privilege of taking orders for Ford cars, trucks and tractors. Only the first ten applicants for this privilege will be enrolled. You can enroll immediately.

Order forms and complete instructions will be supplied to all contestants.

All you are expected to do is to tell your friends who need a car, truck or tractor of your own experience with your Ford. If they decide to buy, you take their order and send it to the Ford Branch in this territory.

On all such orders you will get credit in points at the rate of 5% on the list price of the order. The contestant gaining the highest number of points in each Ford Branch territory will receive, absolutely free, a Ford Tudor Sedan, fully equipped, all taxes and delivery charges paid, and with 1925 license, ready to run.

Next highest contestant will receive, free, a Fordson tractor, fully equipped with fenders and belt pulley, ready to work.

All contestants who do not qualify for the first or second prizes will receive credit for 3% of the list price on all orders taken in by them. This will be awarded in any kind of Ford-made merchandise or in cash.

This contest closes December 30th. Prizes will be delivered January 15th. Enrollment applications will be sent to all farmer Ford-owners but if you wish to enroll immediately in order insure acceptance application may be had from the undersigned.

PRINCETON — B. C.

PHEASANT SEASON OPENS

Pheasant shooting, a comparatively new form of sport for patrons of the "scatter" gun in this valley, but perhaps the most attractive of all, opens on Saturday. Under the protection which the game laws afforded these handsome birds have multiplied very rapidly in the lower Similkameen and even the small bunch that were liberated at the ranch of Percy Rowlands two seasons ago are reported to have thrived satisfactorily. In another year or two the prospects are that pheasant shooting will be general from one end of the valley to the other, but for the present sportsmen in this district are reminded that it is not permissable to shoot these birds above the town of Hedley.

Donated Surgical Bed To Princeton Hospital

FUNDS RETURNED BY MEMORIAL COMMITTEE TO EX-SERIVE MEN ARE PUT TO GOOD USE

About two years ago a movement, initiated by the Ex-service Men's Association of Princeton, was launched to have a fitting memorial erected to the men from this town and district who fell in the Great War. At a meeting of the citizens it was decided that this memorial should be in the form of a monument, which as opportunity offered would form part of a scheme of beautifying the triangle of public ground at the junction of Bride Street and Vermilion Ave.

The committee appointed to carry out the scheme however decided upon a project in which the memorial idea was made secondary to that of improvement of the property and contemplated an expenditure that was beyond the means of the district.

The matter was left in abeyance so long that the ex-service men, who had contributed the sum of $111.65 as a nucleus to the fund, requested that the money be returned to them so that it could be used for some worthy purpose.

At a general meeting of the association held on Tuesday evening it was unanimously voted that approximately $80 of this money be used to purchase a Fowler surgical bed for the local hospital, which it is understood is much needed, and that as soon as the necessary additional funds can be raised that a brass tablet be purchased and placed in some public place, with the names of the Princeton men who fell in the war inscribed thereon.

At the same meeting several other topics of interest were discussed and officers elected for the ensuing year as follows: President, Alex Adams; vice-president, G. H. Dyson; secretary-treasurer, R. W. Levack; committee, W. L. Boult, J. Mitchell and Vic Ryder.

The attention of members was drawn to a case where the pension board without any explanation has discontinued a disabled man's pension. As the member in question was occupying a government position with a fair salary, payment of the pension during his occupancy of the position was not insisted upon, but in the opinion of the meeting, some assurance should be given by the pension board that upon his resignation or dismissal from the position, that the pension be resumed.

It was decided to extend the patronage of the association to Mr. Nicholson, a man who saw much service and was wounded in the war, in carrying out a Victory Festival to be held here in connection with the observance of Armistice Day anniversary. A committee was appointed to co-operate with Mr. Nicholson.

It was also decided to hold a smoker on the evening of Thanksgiving Day, Nov. 10th. Tickets for this will shortly be on sale and will be open to the public.

DEVELOPING THE KINGSTON GROUP

(Contributed.)

Considerable interest attaches to the visit during last week to Hedley of the fiscal agent of the Metropolitan Mining Co. Mr. James Malcolm, of Vancouver, and his visit is held to presage an early start on further development of this valuable group of claims, which adjoin the Nickel Plate property. The Metropolitan Mining Company, which has been capitalized at $350,000 has taken over the Kingston group and the Kingston fraction, also the Warehouse claims.

In connection with the preliminary undertakings of the new company Mr. John Willoughby, well and favorably known in the Similkameen District has severed his former connections and has secured an option on a large block of stock in the new company and it is his intention to interest local capital in the development of the Metropolitan holdings.

The cry has long been raised that the dividends from British Columbia's paying mines goes elsewhere than in British Columbia and in view of this the company has laid down a policy that just as far as the people of the district will help themselves to the fruits of this rich property, so the company will assist them in their enterprise. It is not the intention of the company to sell any more stock than is necessary to raise the capital needed for the erection of a mill tramway when the stock will be taken off the market or very materially advanced in price.

ADVANTAGES OF INCORPORATION

The Princeton Star:

For the past 12 months the question of incorporation under the Village Act has been in the minds of a great many of the property owns of Princeton and it is for the purpose of explaining the act and answering questions that some of the citizens of Princeton are calling for a public meeting at the Princeton Hotel on next Monday night at 8 p. m. The inspector of municipalities paid a visit to Princeton some months ago and it is by his advice that the question is brought to the attention of the people at this time.

The fall of the year is the proper time to consider the question as if incorporation is the wish of the majority of the property owners and residents of Princeton, then it should start operating at the beginning of the new year so that there is no confusion between the provincial and village authorities as to disposition of revenue.

The question comes up of what is this incorporation scheme and what does it mean to the residents of Princeton? Primarily it is intended to allow towns which have less than a thousand population to incorporate for the purpose of administering its affairs, schools and policing excepted. Under the Village Act the provincial government still continues to levy taxes for maintainence of the school system as previously. It still will administer justice and provide police for the district. Those powers are not granted to a village

The act does provide that the village shall have the power formerly held by the province of levying taxes for the general purposes required for the carrying on of the village, i.e., for the paying of administration charges and for spending such sums as are deemed necessary for roads, sidewalks, fire protection, hospitals, parks, etc. In addition the provincial government gives to a village a share in the liquor profits, automobile licences and pari-mutual funds. Business and trades licences are payable to the village and not to the province as heretofore. Power is given the village to levy dog and poll taxes, in addition to the other items.

An estimate of the funds which would accrue to the village of Princeton under the act may be estimated as follows:

Taxes on unimproved and improved property	$3200.00
Business licenses	800.00
Share of liquor profits	1400.00
Share of motor licenses	500.00
Share of pari-mutuals	200.00
Dog Licenses	250.00
Road of poll tax	400.00
Total estimated annual revenue	$6750.00

You will note that the first item, that of taxes on land and improvements is estimated at $3200.00, this being the amount now levied by the provincial government. This is placed at the same figure as that now being levied because it is not the wish of any one interested in incorporation to see the taxes in this community raised. What we do want is to know that we are getting value in the town for the taxes paid by administering them ourselves.

The administration of a village under the Village Incorporation Act is in the hands of three commissioners who are paying taxes on real property of the value of $500.00 or more per year. They may or may not be paid salaries by the village for the service they render. If paid a sum, it cannot exceed $100.00 per year. The clerical work is the main item of expense so far as administration goes. Other places in this province of greater population than we have are paying only $750.00 per year for such work. This should be a fair estimate for Princeton. Books, ledgers, stationary, etc., go to make up the other administration charges. Of course these expenses will be higher for the first year than for any years thereafter.

Since we have made an estimate of the revenue for a year let us also make up a draft of what should be considered a budget for the village for a year's operation.

Estimated annual expenditures:

Three commissioners	$ 300.00
Municipal clerk	750.00
Sundries, office expenses, etc.	500.00
Hospital grant	500.00
Fire protection	500.00
Care of indigent poor	300.00
Road and sidewalk improvement	2500.00
Balance to reserve fund	1400.00
Total estimates	$6750.00

Under the incorporation act the town cannot go into debt, nor can it borrow at one time more than three fourths of the remaining unpaid taxes due to the town. This is allowed so that the commissioners may obtain funds to pay bills of the village as they become due without having to wait for the payment of taxes.

Some of the advantages under the Village Incorporation Act are as follows:

1. That the expenses of administration are spent here in Princeton.
2. That more extensive and efficient road work will be done.
3. That further and suitable fire protection will be afforded, paid for by all property owners equitably, with a resulting lowering of insurance rates in the town.
4. That building by-laws will be inaugurated providing for the erection of certain classes of buildings in certain areas.
5. The protection of legitimate established businesses in the community by preventing the raft of pedlars, aluminium salesmen, cloak and suit sales men and women, automobile salesmen other than those doing business through our local garages, spice and extract pedlers, brush salesmen, etc., who have been congregating to Princeton ever since the railroad construction to Copper Mountain started. Such salesmen and pedlers pay nothing in the way of taxes towards our school systems and contribute to the community only to the extent of their bare living expenses while in the community.
6. All travelling entertainments such as Chautauquas, minstrels, circuses, street fairs, etc., would all be taxed for the general revenue of the community.

Space does not permit going into the entire question of village incorporation in these columns. We have endeavored to give you an idea of the act but a complete understanding can only be obtained through close study of it. The matter will be gone into as fully as possible at the public meeting on Monday night at the Hotel Princeton where advantages and objections will be given consideration. Be sure and come yourself and urge your neighbor to be there also.

A comparison will be shown here of what it is proposed to spend in the town during the coming year as against that which has been spent by the provincial government in its administration for our affairs for us. These comparisons will certainly make you sit up, look and listen. We mean no disparagement to the government in its efforts on our behalf because as an unincorporated district we were simply another little place to be given a piece of road this year or a side walk next, but as an incorporated village we immediately become something, no longer an infant requiring aid from a parental government, but a mature body capable of administering our own affairs. Let every one be present.

CITIZENS COMMITTEE.

Princeton, B. C., October 13th, 1924.

RADIO ENTERTAINMENT

With kind permission of Mr. Alex Broomfield the citizens of Princeton and district are invited to attend a demonstration of the famous Radiola Super-Heterodyne (Second Harmonic) by the Princeton Departmental Stores in the dining room of the Princeton Hotel. Adults only on Tuesday evening next, October 21st, at 8 o'clock. And again the next evening, Wednesday, at 8 o'clock for children.

Refreshments will be served at 9 o'clock each evening. No one should miss this opportunity of listening to concerts being held in Edmonton, Calgary, Vancouver, Portland, San Francisco, Oakland and other points within 3000 miles. There are no aerials with this machine and the reproduction is received inside of closed doors. Come and listen to the most wonderful invention of modern days.

THE COVERED WAGON

Anticipating crowded houses for "The Covered Wagon," the big screen production which will appear here next week and in order that patrons from a distance may not be disappointed in securing a seat, Manager Harry Knighton of the Princess Theatre is arranging a reservation of seats for the occasion. These will be on sale at the post office, commencing Saturday, Oct. 18. There is no extra charge for reserved seats, the accommodation merely being extended in order that out-of-town patrons shall not be inconvenienced. While in other places the price of admission to this big special has ranged from one dollar up Manager Knighton has placed the general admission at 75c. Orders from outside points will be received and seats reserved for the evening desired. Remember the dates, Thursday, Friday and Saturday, Oct. 23, 24 and 25. In addition to the reserved seats there will be a number of rush seats. Reservation of seats closes at seven o'clock each evening.

REGISTRATION OF VOTERS

While the regular voters' lists close on Saturday, Oct. 18, for registration for the approaching by-election in Yale, the various registrars will be open for certain hours between Oct. 24th to 28th, inclusive, and receive names of voters for supplemental lists. On election day a voter, who has not registered can vote by taking the oath and being vouched for by a a duly registered elector.

Keep in mind the Hallowe'en dance in aid of the Princeton hospital on Oct 31st.

MOVED TO PENTICTON

Mr. R. Dale left by motor on Tuesday for Penticton where he will open up a boot and shoe repairing business in his shop on Front Street, adjacent to the B. C. Hotel. "Doc," as he was familiarly known in the Similkameen, has been a resident of Princeton for ten years and was always recognized as an expert saddler and shoe repairer. Prior to leaving he sold his property on Bridge Street to C. V. Prosser. He had previously disposed of his stock of boots, shoes, suit cases, etc., to W. A. Wagenhauser. Mr. Wagenhauser also recently purchased from George Govier of Penticton, who has retired from business, his stock of boots and shoes and had it transferred to the Princeton Departmental Stores.

Will Benefit Okanagan And Similkameen

RATES IN EFFECT PRIOR TO JULY 6TH TO BE IMMEDIATELY RESTORED

Ottawa, Oct. 14.—The Board of Railway Commissioners today issued an order disallowing the Crows Nest Pass rates, requiring them to be withdrawn from operation within fifteen days from today.

"It therefore follows that the reduction provided for in the Crows Nest Pass agreement must disappear as a factor in Canadian freight tariffs. Under the conditions now prevailing, it is impossible to make a fair and reasonable adjustment of rates and tolls, as between the shipper and the railroads on the basis of the continuance of such reductions and the provisions of the Crows Nest Pass agreement.

"This decision will remove as between city and city all discrimination based on the Crows Nest Pass agreement, and will eliminate whatever discrimination has arisen from an extension of lines and railway to which the benefit of such rates has not been applied by those responsible for the existing tariffs."

In the above words Chief Commissioner McKeown summarized the judgment of the majority of the commission on the Crows Nest Pass case.

The majority report which, as presented by Commissioner A. C. Boyce and is concurred in by the chief commissioner and by Commissioners Calvin Lawrence and Nantel, disallows the Crows Nest Pass rates and orders that they be withdrawn from operation within fifteen days from the date of the judgment. The net result is that railway freights remain as they were on July 6 last.

From the judgment of the majority, Commissioners McLean and Oliver dissent.

Will Benefit Okanagan

The disallowance of the Crows Nest rates must mean to the return to the rates which prevailed prior to July 7, last. The section of British Columbia which will feel the change most should be the Okanagan. The Crows Nest rates gave the Ontario apple growers an advantage in the prairie market as far west as thirty miles this side of Calgary. With their removal, the Okanagan growers will be able practically to control the prairie market, and with prices better than they were a year ago, this ought to mean more money and increased purchasing power in Birtish Columbia.

REGISTRARS OF VOTERS

Following is a list of the registrars of voters in this valley for the approaching federal election: Cawston, A. B. McClean; Keremeos, L. H. Patten; Hedley, R. B. Baxter; Nickel Plate L. M. Congdon; Princeton, G. G. Lyall; Allenby, W. S. Miller; Coalmont, A. D. Worgan; Blakeburn, G. McEachern; Tulameen, J. A. Schubert.

Difficulties of Fraser Canyon Route

QUESTION OF COMPENSATION HAS NOT YET BEEN DISCUSSED WITH THE RAILWAYS

Victoria, Oct. 10.—That the government will act with extreme caution in awarding contracts for the completion of the trans-provincial highway was indicated today when full details of the scheme were given out by Hon. W. H. Sutherland, minister of public works, after he had announced that tenders on the project would be called Monday to be returnable Nov. 10.

At the same time Dr. Sutherland announced that he would ask the railway board at its next session in the west, to consider what amounts the Canadian National and Canadian Pacific Railways should pay the province for damage caused by them to the old Cariboo wagon road through their costruction of their lines along the Fraser River Canyon. This money would be spent on the new road.

Not Committed

"The government, by calling for tenders," said a statement given out by the public works department," is not finally committed to its present choice as the final decision will, of necessity, have to depend on the prices submitted for the various classes of work on the different contracts. Through the Canyon the road is located at many points in close proximity to either the Canadian Pacific or Candian Northern railways, and the tenders of the different contractors will be governed by the view they individually take of the difficulty and risk involved in carrying out work under these conditions.

Ask Heavy Bonds

"Contractors will be required to deposit very heavy bonds with the government to ensure that they take all steps humanly possible to preserve the safety of the travelling public on the railways; and, further, it is improbable that the government will consider the bid of any contractor who is not specially experienced and qualified in this class of dangerous work. This is a case where angels may well fear to tread, and where the minister of public works may be more than justified in not necessarily accepting "the lowest tender."

Series of Contracts

A series of contracts will be awarded to cover the whole of the new road from Hope to Spences Bridge, Dr. Sutherland explained. The government will first complete the stretch from Hope to Lytton and later will build the road along the Thompson River to Spences Bridge. Meanwhile before this last link is installed it will be possible for motorists to drive North to Spences Bridge thus reaching the latter point by a detour.

The first unit of the work is the stretch from Hope to Yale, which will be done by day labor, and for which no contract will be let. The second unit, for which tenders are called, is from Yale to the site of the old Alexandria bridge, a distance of 13 1-2 miles.

Alternative Routes

The second contract will cover the road from the bridge to Bothroyd Indian reserve, 22 2-3 miles. This contract is divided so that tenders may be made on alternative routes past Hell's Gate, one along the river and the other on the hillside.

The third contract is from Bothroyd to Lytton, 22 miles. A few sections of this stretch from Lytton to Spences Bridge will cover 24 miles and will not be started until the other parts of the road are installed.

CAWSTON "TOM" CANNERY

This co-operative cannery has been doing fairly well this season, the pack to date (Oct. 6th) being 13,000 cases, about equal to the total output last year. This year's pack is estimated to reach 17,000 cases, provided the frost does not put a premature stop to the industry. There was a rather heavy frost on the nights of Friday and Saturday, the 26th and 27th of September, but at Cawston the tomato crop was very lightly affected. Last year Jack Frost put down his foot hard enough to be painfully felt on the 23rd of October, which is more than two weeks away, and during two weeks a lot can be done in the canning business.

"It is to be hoped that Mr. Frost will be as lenient this year as he was last," said the manager, Mr. S. Manery, "and give us an extension of time until the end of this month at least."

The daily output is from 650 to 700 cases, the number of peelers employed being twenty-eight. The employees work nine hours a day and all are local people except four peelers.

This year's crop is not up to the average in size, but there is very little deterioration in quality. Of course the smaller the fruit the more expensive it becomes to handle it, as there is more skin and less pulp, and by the same token it takes the peelers, who work by the piece, a much longer time to peel a ton. "However," concluded the manager, "things might be much worse and we have no kick coming."

Ten car loads have already been shipped from this cannery this season. There are 125 acres used exclusively in growing tomatoes for the Co-operative.

A QUESTION OF PENSIONS

A much involved question cropped up at a meeting of the Princeton Ex-service Men's Association held in the Hotel Princeton on Tuesday evening. Should a man who is suffering from partial disability as a result of war service, but who has been given a government position at a fair salary, be entitled to a pension during his tenure of office.

We take the position that he should not. The strong exception we took to the appointment of other than returned men to the positions of vendors when the liquor stores at Keremeos, Penticton and Coalmont were created was based on the principle that if partially disabled war veterans were given these positions it would relieve the country from contributing as great an amount in the way of pension money.

The trouble in the case to which we refer appears to lie in the fact that the pension board have discontinued the pension without explanation and without assurance that it will again become operative should the pensioner quit his job, either through resignation or dismissal.

SAME OLD STORY

There are a number of "ifs" and "ands" in the recent anonuncement of Dr. Sutherland, minister of public works, in connection with the calling of tenders for the building of a highway through the Fraser Canyon.

It will be remembered that the minister stated at Keremeos that no decision as to route would be announced until they had taken up the question of compensation for road destroyed with the railway companies.

In his latest communique he states that this will be done at the next meeting of the railway commission in the west. Looks as if he was "kidding the troops."

It will perhaps end with the policy of Dr. King, now minister of public works in the federal government and formerly minister of the same department in this province, being adopted. His policy was to build the direct route via Hope and Princeton first and have the other follow later.

We know that Dr. King has not swerved from his decision, which was announced first from the Liberal convention at Nelson and later in the speech from the throne and from the floor of the local legislature. It would not be policy on his part now to dictate to the local government what they should do in the matter but surely his views should receive some consideration.

IF NOT, WHY NOT?

Next to the fact that the town of Princeton should be entitled to have a fair proportion of the money collected in the way of taxation spent here, but which is not, the strongest argument in favor of village incorporation would appear to be the fact that our local merchants have not sufficient protection against pedlars and hawksters from neighboring towns coming in and securing a large percentage of the trade and rightly belongs to them. It is the local merchant, who makes and contributes to the upkeep of the town, that is entitled to the trade. How much would it cost a Princeton merchant to peddle goods in Penticton? How much does it cost a Penticton merchant to peddle goods here?

Merritt, Oct. 10.—Mr. H. C. Anderson, District Provincial Engineer, met with an unfortunate accident on Saturday night. He was starting his car, and, as the engine was cold and the self-starter would not work, he got out to crank it. He had just made one turn when the engine back-fired, the crank handle breaking his right arm.

As the campaign progesses more interest may be manifested in the approaching federal by-election, but at present to the ordinary elector it looks like six of one and half a dozen of the other.

WHAT WAS DOING HERE

TWENTY YEARS AGO

From the Similkameen Star of Saturday, October 15, 1904

The Okanagan Herald has been recently started at Vernon and is a most welcome exchange, being bright, original and mechanically superior to any paper in that section.

Geo. R. Philp, the courteous and efficient secretary-treasurer of the A. E. Howse Co., left for Nicola last Monday.

Joe Fitzharris came down from Elliot creek last Sunday where he has been working all summer on his mineral properties adjoining the Cousin Jack. He has no doubt whatever as to the result of future developments of the camp. Sufficient is now kn[own] to warrant the statement that there are "oceans of ore" of good grade and easily accessible.

A bet of $500 against $50 has been laid in the riding by two gentlemen of strong political faiths that Sir Wilfrid Laurier will be the next premier.

The roadmakers have been nearly all discharged on the Copper Mountain road, the appropriation being expended. There remains about a thousand yards to complete which it is understood will be done by E. Voigt. Foreman Goldsborough is having the roads and bridges repaired on the Nicola road.

At Kamloops assize court, Rex vs. Brooks for shooting Smoky Chisholm, prisoner was discharged. Smoky is likely to be a lifelong cripple from the wound in his leg.

Billy Summers arrived in town Thursday. He didn't go to the war as reported.

Ambrose McDermott, of Hedley, was in town Thursday making application before the commissioners for a license for the Similkameen hotel at Hedley. Mr. McDermott is a successful hotel manager and is personally popular with guests and the public generally. He will open the Similkameen about the first of November and run it as a first class hotel. J. Swansborough, who has no superior as a wine artist, will engage with Mr. McDermott.

NOTICE

(Coal and Petroleum Act)

Take notice that I, Benjamin Bowen of Princeton, B. C., intend to apply to the Commissioner of Lands for a licence to prospect for coal and petroleum over the following described lands:

Commencing at the south west corner of Lot 248, Yale Division Yale District; thence north 40 chains; thence east 10 chains; thence north 40 chains; thence west 80 chains; thence south 80 chains; thence east 70 chains to the point of commencement.

HETTY, HOLM, CAVE, FRANCIS, MAUD, BROWNIE, KEYS AND CAMERON MINERAL CLAIMS

Situate in the Similkameen Mining Division of Yale District. Where located: Olivine Mountain.

TAKE NOTICE that the Olivine Mountain Platinum Syndicate, Ltd., of West Vancouver, B.C., J. Sentence, secretary, free miner's certificate no. 72898C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 24th day of September, A.D. 1924. 46-9

WATER NOTICE

(Diversion and Use.)

TAKE NOTICE that B. H. Champion and D. A. Dunbar, whose address is Standard Bank Building, Hastings Street, Vancouver, B. C., will apply for a licence to take and use 19 acre feet of water out of a spring which flows Easterly and drains into One Mile Creek (Allison Creek) about four miles from its mouth.

The water will be diverted from the stream at a point about 800 feet Southwesterly from the N. E. corner of Lot 1195, Kamloops Division, Yale District, and will be used for domestic and industrial purpose upon the land described as 13.2 acre portion of the above lot. This notice was posted on the ground on the 9th day of September, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Princeton, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

Synopsis of Land Act Amendments

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subject over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B. C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i. e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land. not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfiilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a compnay.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Princeton Paragraphs

Mrs. D. Walmsley has at present as her guests, her father, Mr. J. S. Brady of Cashmere, Wn., her sister Mrs. Carter of Seattle, and Mr. Carter.

Students of the Princeton high school, which at present is held in the court house, are preparing the ground in front of the building for a lawn.

Mrs. Alex Grant has received word that her youngest brother, K. J. Morrison, chartered accountant at Calgary, is dangerously ill.

Emil Voigt came down from camp last evening and is spending the day in town. He had nothing in the way of information to spill to the Star.

Miss Thelma Eckloff, who recently underwent an operation for appendicitis in the Princeton hospital is progressing nicely.

Miss Eva Gibson, formerly of the local telephone staff but now stationed at Merritt, was a brief visitor in Princeton on Friday.

We are pleased to notice that Rev. Dr. Unsworth, who was a patient in the hospital last week owing to a severe cold, is again able to be around and will be able to occupy the pulpit as usual next Sunday.

The "Swastikas" is the name of a club that has been organized among the young people of the town. The officers are as follows: President, Miss M. Keele; secretary, Mrs. Everton; secretary, Miss L. Ford.

Last week the publication, formerly known as The Hook, reached our desk under the more sedate name of The Tribune. Can it be that friend Cowper is weakening under the strain.

Mrs. Fitzwarren Lloyd of England, who has been spending the summer with friends in Canada and intends spending the winter in California, arrived in Princeton on Friday on a visit at the home of her neice, Mrs. E. Waterman.

Mr. Sam Roper, roadmaster, and R. J. Berquist, lineman, both of the G. N. R. service, appear to have had about a stand-off in a little encounter they had yesterday this side of Keremeos. They were both travelling by speeder, but in the opposite directions, and both tried to occupy the same portion of track at the same time. Neither were seriously damaged but their speeders are said to be somewhat the worse for the encounter.

Mrs. George Sproule was a brief visitor in town Friday. She was on her way to New Westminster where she will visit at the home of Mr. and Mrs. J. Marlow. Mr. Marlow was formerly the manager of the local branch of the Bank of Commerce. Later Mrs. Sproule will visit at the home of Mr. Dalton, formerly manager of the Bank of B. N. A., Hedley, after which she will leave for the Old Country to take up her residence.

The three nights' entertainment which Mr. Nicholson, a war vetern, is arranging to present here Nov. 6 to 8, appears to be of a lively wholesome and altogether attractive nature. No guarantee is asked and the profits are to be split 50-50 with the Ex-service Men's Association. The selection and crowning of a festival queen, though by no means a new idea, has not as yet taken place in Princeton and, if properly managed, should prove an interesting feature on the program.

SECOND RAID BRINGS RESULTS

Kamloops, Oct. 11.—Last Saturday night a general raid was made on soft drink vendors under suspicion in the city but the police drew a blank. Making a double back call at 5 p.m. yesterday on the Club buffet, operated on Third Avenue by Hugh Devery ("Old Butch") a bottle of Black and White Scotch whiskey was found and the accused appeared before Magistrate Dr. Wade this morning and was fined $200, with the option of taking two months in jail. He paid. This is Devery's second offence, he having been convicted a considerable time ago when he was fined $100. If there is a third conviction there will be no fine option.

Indians who have recently visited the Petite Creek section for the purpose of picking huckleberries, report the bears very plentiful, the animals probably being attracted to the district by a desire for the frut. One Indian states that he saw several bears, including one that was entirely white, except for a black or dark spot around one of its eyes. This is either a "sport" albino of the bear family, or a member of the Ursus Kermodell species, the only specimen of which in captivity is to be found at Victoria.—Merritt Herald.

Victory Festival for Armistice Anniversary

Three Evenings of Rollicking Fun With "Victory Queen" Contest as the Leading Feature; Under Patronage of Ex-service Men

In connection with the approaching anniversary of Armisfice Day Princeton citizens are to be given three evenings of rollicking wholesome entertainment consisting of many novelties and featuring a "Victory Queen" contest and coronation.

The Oddfellows' Hall will be turned into a palace of splendor for the occasion, and there will be plenty of local coloring to the entire programme with the Princeton orchestra in attendance. Vaudeville acts, parades, music and novel innovations will be interspersed with dancing. There will be a "Thanksgiving Turkey Shoot," "Down on the Farm," "The Country Fair" and everything.

The festival is under the patronage of the Ex-Service Men's Association of Princeton and under the direction of Harry Nicholson of Vancouver with Eddie Harbottle in charge of the concessions. The net proceeds will be split between the promoters and the ex-service men. Mr. Nicholson, his wife and daughter, are staying at the Hotel Princeton, where he will be open to receive applications from competitors for the Victory Queen contest and give full information relating thereto.

Bills and advertisements, giving full particulars will follow but in the meantime young ladies intending to enter the contest should turn their names in to Mr. Nicholson at an early date so that the contest can be started early next week. Contestants from neighboring towns are cordially invited to compete.

Queen Contest

Girls! Would you like to win the greatest honor in the most brilliant event of the season? Haven't you often longed to be a great Queen or a Princess and wished that a great Geni would come and bid you enter the jewelled portals of Fairyland, where amid great throngs and scenes of wondrous beauty you would be crowned Queen of Happiness and Laughter, and where, at your bidding, the laughing, dancing merrymakers would pause in their play and pay respect to the greatest lady in that Land of Wonders.

Well here is your opportunity. Don't put it off. You may never have another chance like this offered again. This nomination may be the means of you becoming the Ruler of Happyland and all the people therein.

Rally all your friends to your colors, fill out the nomination form, bring or send it in to headquarters, where your name and title will be registered together with the number of free votes allowed those who enter on the start. Do it now.

The coronation gift to the Queen will be a diamond ring and to the Maids of Honor (candidates running second and third) a necklace of French pearls.

Princeton, B. C., October.....1924

KEREMEOS NOTES

(Our regular correspondent.)

Mack Clark has traded in his Ford for a new sedan. Watch Mack now.

* * * *

We are glad to hear that Mrs. H. Tweddle who has had a serious operation at Mayo Bros. is improving.

* * * *

Remember—Sale and Tea—Saturday, Oct. 18th. Come and get your Saturday baking.

* * * *

The Union Church intend holding their Harvest Festival Sunday, Oct. 26th.

* * * *

Rev. MacConnell is staying here at present looking after his interests. He will be remembered by oldtimers as brother of Mrs. (Dr.) Shilstra and Miss MacConnell.

* * * *

Mrs. Blight left on Monday's train for Milner, where she will visit Rev. and Mrs. Curry for awhile.

* * * *

Mr. and Mrs. Tom Daly left Sunday for the coast on a short business trip.

* * * *

H. C. N. Etches is a business visitor at the coast this week, also W. G. Mattice.

* * * *

Thursday evening a few couples went in as a "surprise" on Mr. and Mrs. Houghton, who are leaving shortly for California. A very pleasant evening was spent.

* * * *

Mrs. Sproule left Friday morning for Vancouver where she will visit her sister, Mrs. Dickinson, then go on to Kingston, Ont., where she expects to remain for the winter.

* * * *

Several ladies of the Women's Missionary Society went to Penticton Friday to hear Mrs. Saunby, returned missionary from Japan, speak on her work in that country.

* * * *

The monthly meeting of the Women's Institute was held at the Victory Hall October 14th. It was decided to hold a dance on Saturday night, Oct. 18th, in the Victory Hall. They intend holding an old fashioned dance in November and in December they will have a sale of work and a play. They are getting up a donation of fruit and vegetables for the Princeton Hospital.

OLALLA NUGGETS

By R. W. N.

I regret to say that Mrs. Manuel Barcelo has been confined to her bed for several days past suffering from a mild form of influenza.

* * * *

Mr. A. Crossland, of Vancouver, who has been spending a short holiday at the Lone Pine ranch, left yesterday morning on the Great Northern train for the coast.

* * * *

With a view to bonding the Lookout group of quartz claims at Tenas creek Mr. Farleigh of Vancouver went up with Ezra Mills, one of the owners, to make an examination of the property. He took samples across the breast of the tunnel, and when these were examined out in the daylight it was found that every piece of rock was dotted with specks of free gold plainly visible to the naked eye. Quartz that carries specks of free gold visible to the naked eye is certainly high grade ore.

* * * *

A friend at Oroville writes me that mining is looking up down around there. A smelter is to be built near the Similkameen river somewhere between Oroville and Nighthawk and another encouraging item is to the effect that the old Tribune mine, a gold property, has changed hands and work was to commence at once on opening up the once famous property. Several claims on Kruger Mountain are also being extensively opened up

* * * *

There was a slight frost here last Friday morning, when the thermometer showed 2 deg. below freezing, but on the bench lands around Keremeos it went o 6 below freezing, with disastrous results to some large fields of tomatoes, especially on the Tweddle ranch.

* * * *

William Hall, rancher of Olalla, was unfortunate enough to lose a valuable milch cow on Sunday. It appears that she broke into an alfalfa field on the Cassidy ranch and heartily devoured the green stuff to her own undoing The carcass was very much swollen as if inflated with gas. As there have been several other instances in the valley of cows dying from green alfalfa at this season of the year, there is very little doubt about the cause of death. I am sure that all who are acquainted with Mr. Hall will feel sympathy for him in his loss.

* * * *

Peter T. Williamson came home a few days ago after spending most of the summer over at Fairview, where he was employed as cook and sharpener to the crew of men who were working on the Silver Crown, one of the group of claims which is being developed under bond to a Vancouver syndicate. Steve Mangott is chief owner of the Silver Crown. Other claims in the group are the Black Diamond and Morning Star in which Dan McEachern is also interested. Peter says the showing is very good and quite up to expectations. From which it may be expected that the deal will go through.

* * * *

Dunc Campbell's road gang is certainly making it pleasant for autos to cross the bridges, of which there are many on the Keremeos-Penticton auto road. They are laying down planks across the bridge planks and longwise with the road. Planks on each side of the bridge surface are laid down as a "smooth-way" for the tires, so as to take off the jolts of crossing the bridge as well as the jolts of getting on and dropping off. I don't know who started it, but it's a darned good idea anyway.

* * * *

Several young people who have been connected with this village, both past and present, have been brave enough to enter into the bonds of matrimony recently. Below I mention five cases that I know of, but there may be more that have not yet come to light:

A couple of weeks ago Lind LeLievre and Mrs. Laura Barcelo left by auto for a trip through the State of Washington to the Coast and incidentally stopped over a day at Wenatchee to get married. Last Friday they returned from their honeymoon and will reside at the Barcelo ranch. Mrs. LeLievre is the widow of Henry Allen (Mannie) Barcelo, who died a year ago last month.

Mrs. Pallerson, who was recently married in Vancouver, left yesterday for that city after spending three weeks on a visit to her mother, Mrs. Julia Marsel. Mrs. Pallerson was Rosie Marsel.

Miss Bertha Noble, who taught school here for two terms two years ago, was recently married to the principal of Mission school.

Alfred Brewer, a native son of Olalla, was married at Kamloops a couple of weeks ago to Miss Ella Troson. They are now residing at Vernon.

Miss Gladys M. Lowe, of Hedley, who was married to Harold Watson at Keremeos last month, was a resident of Olalla during 1919. Quite a string, isn't it? But perhaps there are more to come.

A shipment of two carloads of buffalo robes left Wainwright, Alta., via Canadian National Railways, for Quebec to be made up into robes for auto and sleigh riding purposes. These are from the buffalo killed in the big drive last spring, when the government decided that the size of the herd in the national park must be reduced.
