Favor Allison Pass Route For Hope-Princeton Route

Princeton Board of Trade Now Prepared to Get Down to Real Campaign With View to Having Road Built at Earliest Possible Date; Chosen Route Has Many Advantages

That Princeton board of trade should undertake the publication of a map clearly showing the relative merits of the proposed Hope-Princeton highway, and existing routes, was suggested at the meeting Monday night, when a lengthy discussion on the road occupied the better part of the evening. Most of this was purely informatory, and will be reserved for special use.

The proposed map would show the geography of the section, the populations served, the resources, and the elevations. This, it was felt, could serve to overcome a great many faulty impressions created by ignorance, or by wilful obstructionists.

Princeton board of trade went on record as unanimously favoring the Allison (Muddy Creek) survey, the second of three possible routes, and the most favorable to Hope. This road would cross the center one of the three passes, and was given support because it was thought it would serve the best interests of the territory tributary.

Its elevation is 4485 feet at the summit, compared with the Dewdney trail (5500 feet) and the Cleveland Pass, to the extreme south (4450 feet). The grade would at no place be more difficult than from Princeton to Allenby, and snow lies far less deeply than in the Dowdney Pass.

The Cleveland route would serve valuable mineral territory, the Dewdney Pass perhaps would have slightly better scenic advantages. The Dewdney route is the shortest, but by far the most difficult.

The selected pass combines advantages of both the others. It is very little longer than the Dewdney, shorter than the Cleveland. Its altitude, as shown, is also intermediatory. It will serve valuable timber, mineral, and agricultural areas, and its chief advantage will be that by easy cross-roads, valuable adjacent territory can be opened up. Its scenic advantages compare favorably with either of the others, and tributary territory is among the most wonderful in natural scenic wealth in the world.

The proposed route would go aroun Copper Mountain and Roche River. Both the Allison and Cleveland routes follow the same survey to Cambie Creek, but the Cleveland route hits the Fraser some two miles below Hope, while the Allison route enters Hope, and would be far more favorable to that section. In addition, it is the route favored by Dr. Sutherland, ex-minister of works.

Made History

A complete survey of the road was made years ago, and cross sectioning has been done. The board is now prepared to launch a thorough campaign in support of the chosen route. The motion was moved by P. W. Gregory and seconded by Charles Watson. Without a doubt, it made history.

STAR CASH PRIZE

Have you renewed your subscription to The Star and thus qualified to win the $60.00 cash prize?

If you are not already a subscriber, join the ranks of Star readers NOW and thus get in on the free drawing.

Someone will win six crisp ten-dollar notes. Why not you?

List closes at 12 noon Saturdal, Oct. 13; drawing on Saturday evening at the Princess Theatre.

Remember that in order to pull down the full $60.00 your subscription must be paid one year in advance. September 1929 will considered as a full yar.

Should the person whose name is drawn be paid for less than a year in advance he will receive $5.00 per month for the time he is in advance.

The subscription rate is $2.00 per year.

Board of Trade Holds Session Here Monday

SOLIDLY IN SUPPORT OF HOPE-PRINCETON ROAD; PLEASED WITH MINERAL EXHIBIT AT NEW WESTMINSTER FAIR

The Hope-Princeton road mineral exhibits, and the power controversy were the chief topics of Princeton board of trade at its Monday night meeting in Secretary Gregory's office. These matters are covered under separate articles.

Pleasure was expressed at the success achieved at the provincial exhibition where Princeton took third place with its mineral exhibit. Wm. Mark Daly, in charge of the exhibit, was voted an honorarium of $50 above expenses, which totalled $162. Expenses were defrayed by special subscription, which left a favorable balance for the board.

By popular vote, it was decided that where the first Monday falls close to the first of the month, it will be left to the president and secretary to set another date for the regular meeting, due to pressure of business on merchants at this time.

Want Convention Here

The report of the convention of the Associated Boards of Trade of Eastern B.C., to hand, mentions Princeton's cordial invitation to assemble here next year. Secretary Gregory was instructed to write supporting the invitation.

The matter of improvements to the tourist park was brought up, but laid aside owing to the lateness of the season.

E. E. Burr presided, with P. W. Gregory recording. Also present were H. C. McGuffie, H. W. R. Moore, C. R. Watson, O. Carlson W. A. Wagenhauser and W. Wilson.

COUNTY COURT TRIAL LIST

Naturalizations—Steven S. Swanson, Giovanni Quarin, Ernest McKay, Mike Babich.

Civil Suits—Caruso vs. Young, Christofersen vs. Russell and Roberts.

Liquor Appeals—Rex vs. Wilson, Rex vs. Collins, Rex. vs. Norman.

County court will be held in the government court house Thursday, October 11, under the presidency of Judge J. R. Brown, with L. A. Dodd clerk of court.

Pleading guilty to shooting grebe, one of the birds protected under the migratory non-game birds convention, an Oliver hunter was fined in that town. He pleaded ignorance of the law. But grebe must not be shot.

LOSE APPEAL

By a decision of the court of appeal, county court judgment was upheld in the case of Haselden vs. Hunter, involving a wage claim for breach of contract. The plaintiff argued improper dismissal, and his view was upheld by His Honor Judge J. R. Brown in March county court session here, and outstanding wages and costs of action were awarded the plaintiff. The defendants carried the matter to higher court, but were unsuccessful, and will pay the costs of litigation. A. S. Black represented Mr. Haselden, Mr. Moore appearing for Mr. Hunter.

NELS LOUGHEED, WORKS MINISTER, TO TOUR SIMILKAMEEN

Hon. Nels Lougheed, minister of works, is planning a tour of the Similkameen in the near future, and will be accompanied by Hon. W. A. McKenzie, minister of mines and member for this constituency.

Princeton board of trade will take full advantage of his visit to impress the necessity for the construction of the Hope-Princeton road. The minister will be met at Tulameen, where he will commence his tour, by a strong delegation, and if it is his pleasure, will be accpomanied by representatives of the board, and entertained here.

Secretary Gregory has been instructed to write, securing his itinerary. He is expected here next week.

Class Leaders in Valley Schools Announced for Month of September

ATTENDANCES GOOD FOR FIRST MONTH OF SCHOOL YEAR; EXAMINATIONS HELD IN SEVEN GRADES OF PRINCETON PUBLIC SCHOOL

One month of the all too short schol year already merely record, Princeton schools are away to a satisfactory start on the term's work. Considering this was the first month of the school year, the average attendance for high and public schools was quite fair, 96.2 per cent. perfect.

The 250 odd pupils enrolled had a taste of what is expected when test exams were held through the upper seven grades of public school. Class leaders are listed below.

Attendance figures are:

High School

Days in session, 19.
Total attendance 684.5.
Average daily attendance 36.03.
Actual attendance 37.
Average 97.4.

Public School

Days in session 19.
Total attendance 36.63.
Average daily attendance 192.79.
Total enrollment 201.
Average 96.2.

Public School Leaders

Class leaders in Princeton public school in September exams follow:

Grade VIII—1, Emily Wardle; 2, Edna Pughe; 3, Arnold Wilson.

Grade VII—1, Lillian Johnson; 2, Marshall Gellatly; 3, Phyllis Edwards.

Grade VI—1, Rachael Barton; 2, Margaret Hall; 3, Tony Affleck.

Grade V—1, Doreen Francis; 2, Alan MacDiarmid; 3, Albert Irwin.

Grade IV—1, Catherine Foster; 2, Maurice Garrison; 3, Florence White.

Grade III (Div. III)—1, George Schulli; 2, Nancy Moore; 3, Eric Dodd.

Grade III (Div. IV.)—1, Betty Oreskovich; 2, Eddie Hansen; 3, Ronald D'Altroy.

Grade II—1, Geo. Wardle; 2, Florence Williams; 3, Grace Marks.

Grade I—No ranking.

ALLENBY

Class leaders at Allenby school, September exams, are:

Grade VIII—1, Bill Pitney; 2, Marion Sawrey; 3, Lorraine Wharton.

Grade VII—1, Joyce Goodeve; 2, Bobby Lansing; 3, May Miller.

Grade VI—1, Mahlon Williams; 2,

(Continued on page six.)

THIS WILL BE NEWS

Princeton won a medal, but O where, O where, has Perley's nugget gone? A gruesome tale of triumph and despair was unfolded at the Monday night meeting of Princeton board of trade.

The paid admission got a pleasant thrill when Secretary Gregory produced a nice enough document certifying that Princeton board of trade had secured first place at the Vancouver exhibition for its exhibit of gold nuggets. Which was news. No one seemed to know that the board of trade had entered an exhibit, but the medal will be most welcome.

Last year the nuggets, coming from the B.C. Placers, and the possession of Perley Russell, was an attractive part of Princeton's prize winning exhibit at the New Westminster Provincial Fair. The later samples were handed over to a Vancouver firm for display, but the valuable metals were ordered returned to Princeton. No one seems to have thought much about these nuggets until this announcement.

It appears that a well-wisher in Vancouver secured the nuggets and honestly enough entered them under Princeton's name. Bill Daly, in charge of the Princeton exhibit at New Westminster, tried to locate them for his display, but learned where it was too late.

Accordingly, Secretary Gregory was instructed to write thanking the Vancouver fair people for the medal, which it is hoped will arrive soon, and asking for the return of the nuggets.

Hotel Team Triumphs Over Garage in First Senior Basketball Game

WINNERS SHOW MORE DASH AND SHOOTING ABILITY; GARAGE MEETS STAR TONIGHT; FIVE FAST GAMES SERVED UP ON OPENING NIGHT

When five fast games were staged, the whole program run strictly according to schedule, Princeton Basketball Association made a highly successful start to its ambitious 1928-1929 season Thursday night. A fair crowd was treated to one thrilling battle and four enjoyable exhibtions. That the crowd liked it was evident from its voluntary cheers.

Tonight three games will be staged, as itemized in the next column.

Thursday's results:

Hotel 20, Garage 17.

Dept. Store 12, Coles 4.

Tulameen Hotel 8, Burr Motors 1.

Cook Estate 12, A. L. White 2.

Princess 8, Burns & Co. 2.

Speed and stamina told for the Hotel representatives in the most surprising result of the night, when the Garage team, with Kelly Callahan, Jack Wilson, et al, in tow, succumbed to a 20-17 count. The winners, starring Lucas, were much too fast on the break-away. They played less basketball, but got more goals, and on the whole, were quite entitled to their victory.

It was a ding dong battle, with the ultimate winners four points down at the interval. The score was tied three minutes after the re-start, and a free throw gave the reds the lead, to which they clung tenaciously in spite of a last minute effort of the greasy ones to pull the game out of the fire.

Both sides showed flashes of great form, the speedy plays of Broderick and Lucas, and the clever work of Callahan being outstanding. Notable, though, was the air tight defense the Muir boys put up for the winners, and on this as much as anything hinges the hotelmen's victory.

Though the Garage men were far superior in the opening minutes Lucas gave the blacks a touch of what to expect when he flashed under the basket to open the scoring. Garage took the lead at 3-2, lost it 4-3, and regained it at 5-4, to forge ahead 12-5. A Hotel rally brought the tally to 12-8 at the interval. Broderick worked under for two fine baskets on the restart, and Coles' free shot made the score 13-12. Garage got the lead for the last time on Callahan's basket, but three Hotel tallies offset this. Clark came on for Alwyn, and the Garage made a strong effort to win back their lead. Wilson brought them within a point at 18-17

(Continued on page five.)

GOLFERS ENGAGED IN CLUB CHAMPIONSHIP TOURNAMENT

With a score of 82, Ernie Gray led the field of some sixteen golfers in the qualifying round of the Princeotn Golf Clubs' tournament Sunay. Mrs. V. G. Field and Mrs. Alf Sorenson tied for first among the lady contestants with 122.

Sixteen qualifiers were selected, eight in each section, their scores being as follows: E. Gray, 82; Alf. Sorenson, 84; Dr. Lee Smith, 94; Jno. L. Coles, 96; H. C. Smith, 98; V. G. Field, 98; R. McDonald, 100; and S. Ewart 100. Ladies—Mrs. V. G. Field, 122; Mrs. Alf Sorenson, 122; Mrs. J. A. Brown, 136; Mrs. J. A. McLaughlin, 137; Mrs. Lee Smith, 138; Mrs. H. C. Smith, 139; Mrs. Lansing, 144, and Miss R. Coles, 147. There were about twelve competitors among the ladies.

Championship play along match lines will be conducted to determine the winners, the first round being played today. Pairings for the first round are as follows:

Men—V. G. Field vs. R. McDonald, H. C. Smith vs. J. L. Coles, Dr. Lee Smith vs S. Ewart, E. Gray vs. Alf Sorenson.

Ladies—Mrs. J. A. Brown vs. Mrs. V. G. Field Miss R. L. Coles vs. Mrs. Lansing, Mrs. J. A. McLaughlin vs. Mrs. Alf Sorenson, Mrs. H. C. Smith vs. Mrs. Lee Smith.

Yankees Trim Cardinals 4-1 In Opening Classic Today

Hoyt Holds Slugging Nationals to Three Scattered Hits; Meusel and Bottomley Hit Homers; Ruth Gets Three Hits; Record Crowd Witnesses Yanks' Triumph

In a tight pitcher's duel between Waite Hoyt, youthful ace of the Metropolitans, and Sherdel, a veteran of the National League champions, New York Yankees won the opening game of the 1928 world series at Yankee Stadium by a 4-1 score. Meusel and Bottomley hit home runs. Ruth had a great day, scoring two doubles and a single, and himself making two runs. The game was played before a record crowd this afternoon.

The American leaguers tallied in the opening inning when with two away, Ruth doubled, and Gehrig followed with a ripping two ply swat to send him over the rubber. Ruth's second double paved the way for two more runs in the south, when Bob Meusel poled out a long home run. Bottomley's home run, one of the only three hits Hoyt yielded, came in the seventh. In the eighth singles by Ruth and Gehrig put Koenig over for the final tally.

Both hurlers were in superb form, with the edge to the New Yorker who held the slugging cards to 3 hits, struck out five and walked three. Sherdel was credited with two strikeouts.

Short Score

New York	4	7	0
St. Louis	1	3	1

Batteries—New York, Hoyt and Bengough; St. Louis, Sherdel and Wilson.

Score by Innings

St. Louis	0	0	0	0	0	0	1	0	0	—1
New York	1	0	0	2	0	0	0	1	x	—4

This report is made possible by courtesy of Jno. L. Coles, distributor for the Stewart-Warner radio.

TONIGHT'S BASKETBALL

7:30—Burr Motors vs. Similkameen Garage, junior boys.

8:00—Princess Theatre vs. Cash Store, junior girls.

8:40—Star vs. Garage (senior men).

TREAT FOR MOVIE FANS

Through courtesy of Mr. W. A. Wagenhauser of the Princeton Departmental Stores at the Friday and Saturday performances, patrons of the Princess Theatre will be treated to an excellent musical program on the famous new Electrola. This superb instrument embodies the most recent developments in electrical phonographs, and produces utmost fidelity in reproduction. In order to allow patrons ample time to appreciate this treat, doors will open at 7:30 instead of 8 o'clock. This week's picture is Norma Shearer's great triumph, "After Midnight."

Power Dispute Carried To Premier Tolmie

CITY OF GRAND FORKS AVOIDS HEARING UNDER MINISTER OF LANDS AND APPEALS DIRECT TO PREMIER

The West Kootenay-Granby-Grand Forks power dispute has been carried to Premier Tolmie by a petition from the city of Grand Forks. Princeton board of trade is also behind a petition urging the Premier to do what he can to effect a settlement. Meanwhile the legal angle of the case is about to be settled in the court of appeal now in session at Vancouver.

The city of Grand Forks this week made a sweeping move in the fight. Grand Forks had originally filed a protest with Hon. F. A. Burden, minister of lands, over the water board's decision that it could not regulate the West Kootenay Company's rates outside a 50-mile radius of Rossland. Grand Forks claims that it is within 50 miles of Rossland, and there is legally no such district as the West Kootenay company claims. Hearing was set for October 10, and Grand Forks city officials planned to be present. This investigation, however, has been rudely upset by the drastic step of appealing direct to the Premier.

Local Resolution

The local resolution was addressed to the Premier, and a copy sent to the minister of mines. It held that the prosperity of the district would be seriously threatened if the threatened foreclosure of the power company materialized, and urged that 500 men and their dependents would be thrown out of work, and a great industry halted.

The case has not yet come up in appeal court.

ROAD IS COMPLETED

After a busy summer, work has almost been completed on the new Blakeburn-Coalmont road, the benefits of which are already being noted, and will continue to be. Without a great deal of machinery and working under other handicaps, Mr. Alex MacKenzie has given this section a really excellent road, which is a credit to his ability and experience, and to the fine force of men under his command.

The road has a minimum width of twelve feet, with the curves considerably wider, and the grade is such that the average car will not have to touch low gear at all. The thanks of the motoring public are extended to Alex and his men, and it is their ardent hope that they will be turned loose on the new Princeton-Coalmont road next year.

RECEPTION IN PENTICTON FOR POPULAR MEMBER

A rousing reception was tendered Hon. W. A. McKenzie, minister of mines and representative of the Similkameen since the elevation of Mr. Shatford to the senate, when he made his first visit as a member of His Majesty's British Columbia cabinet to his constituency.

The Arena was filled to capacity with represntatives from all valley points Friday night, and Mr. and Mrs. McKenzie, who, because of the importance of the member's new duties, will take up residence in Victoria, were recipients of congratulations wholesale, and left with the knowledge that they have hundreds of true friends in the Similkameen.

While, naturally, his new duties would necessitate the distribution of his attetnions throughout the province, Mr. McKenzie, in a neat address, made it understood that the Similkameen would always be foremost in his thoughts. He regretted to have to change his residence after 23 years here, but his heart would always be in the valley.

Reeve J. W. Kirkpatrick of Penticton extended a cordial welcome to the member, in an address of felicitation. Rousing cheers were given for the member and his charming wife when they entered. "For He's a Jolly Good Fellow" was sung with such gusto that it was evident that the words were meant. Mr. Wagenhauser, whose varied Penticton interests delayed his arrival, got a cheer all to himself when he entered in state.

Mrs. McKenzie was presented with an overflowing basket of luscious fruit. A six-piece orchestra was present, and a short musical program was given, following which the wooers of terpsichore had the evening to themselves. Supper was served at midnight, and dancing continued until the wee sma' hours.

Given Fine Send-off

Mr. McKenzie made a triumphal return to the Similkameen, and met hundreds of friends while here. He was met at the Princeton depot en route to the coast Sunday, and given a rousing send-off.

GRAND MASTER VISITS

A pleasing function was held in the Oddfellows' Hall Monday night when E. G. Cavalsky, Nanaimo, Grand Master of the provincial lodge, paid an official visit. He was accompanied by John Ovington, also of Nanaimo. Complimentary remarks were exchanged, and the hospitality of the local Oddfellows drew the thanks of both visitors.

MINING NOTES

Allenby No Shipper

Allenby does not appear on the list of shippers to Trail smelter for the week ending Sept. 21. This is the first time Granby has not been included for many months. The only shipper of copper is Copper King, Bull River, which sent 23 tons of copper ore. Total smelter receipts were 20,174 tons for the week, of which company mines sent 12,411 tons.

* * * *

Transfer of the Kaaba property, near Nighthawk on the American side of the Similkameen Valley, to the Dominion Bond and Share Co., Ltd., Vancouver, is reported from Oroville. The company has taken a working contract which will lead to acquisition of a controlling interest in the stock if results are satisfactory. Activity has been brisk on the Kaaba for the past number of months. New plans for tunneling have been made and considerable new ore has been blocked out.

* * * *

Favorable reports of the Pacific Slope mines, says a coast report, have been made by Dr. C. E. Cairnes, Dominion geologist, and E. J. Conway, mining engineer, Vancouver. The lower tunnel on the S & M has now been driven 600 feet, with several crosscuts, and ore has been encountered on every level. A strike of a ten-foot silver-lead vein was recently reported.

The directorate of the company is: president, Percy H. Fraser; secretary, Harry C. Duffus; J. Barnes, J. Washburn, J. Kelman, S. Kolle and J. A. MacKichan.

* * * *

Granby's Prosperity

With the price of 15½ cents per pound—the most favorable since the war days—prevailing in the copper market, the new concentrating mill working at capacity with a maximum efficiency, operating mines experiencing a distinctly good period, and a good prospect in the Bonanza, shareholders of the Granby Consolidated Mining, Smelting and Power Company may well expect to reap increased dividends when the next payment falls due. Last year's returns of $7.00 a share should be surpassed.

A dividend of $1.25 per share on 432,262 shares of common stock outstanding was paid May 1, and it is confidently expected that the next dividend will be considerably increased.

For the quarter ending June 30, the company reports a profit of $747,609, deducting expenses, ordinary taxes, and interest, but not depreciation, depletion and federal taxes. These profits compare with $553,605 for the last preceding quarter, and $513,591 for the second quarter in 1927. All outstanding bonds have been retired.

Tonnage developed last year was 1,992,426 tons, while ore mined at Anyox and Copper Mountain was 2,125,040 tons. The increased efficiency system, as predicted is bringing results. The new dam and hydro-electric plant at Anyox is providing ample power for the new concentrating mill and plant. Improved smelter methods are resulting in greater recoveries. With the old direct blast furnaces ousted and no heavy expenditures anticipated for the next few years, profits should be increased.

Extensive Holdings

The company's holdings and interests are numerous and varied. Principal activities are at Hidden Creek mines, Granby Bay, south of Observatory Inlet, the Anyox smelter at Anyox, B.C., the Copper Mountain mine and Allenby plant. The company also owns a large interest in the Crow's Nest Pass Coal Co., a 100,000 horse power hydro-electric site at Kettle Falls, the Cassidy coal mine of approximately 800 acres near Nanaimo.

The company was incorporated March 29, 1901, and has general offices at Vancouver and New York. Officers are: president, J. T. Crabbs; vice-president, C. V. Jenkins; treasurer, H. R. Plommer; secretary, H. G. Lodge; vice-president and general manager, C. Bocking.

* * * *

Guest in Big Deal

John F. Guest, it is reported, has taken over the property on the Tulameen River of the Tulameen Placer Company. The terms are not disclosed.

This extensive placer property is situated on the Tulameen River between Collins' Gulch and Slate Creek, and comprises seven bench leases and eight mill creek leases.

Mr. Guest, a well known American mining man and a fairly frequent visitor to these parts, is under contract to equip the property in the 1929 season, and is now in the central states conferring with his principals on this deal.

It is announced that he will start by the first of March to install a plant capable of handling 2000 yards daily, and will, it is expected, be prepared to make the initial run during the coming summer.

The Tulameen Placer Company's property is one of the most extensive placer prospects in the Tulameen territory, and has been tested by the company under C. M. Snowden, superintendent.

* * * *

Mining Engineer Gives Views on Summit Camp Properties

With only a foot or two of the proposed 125 foot tunnel driven on the newly transferred Queen Bess group, Summit Camp, the contractors, Hudsin and Coast, have abandoned the work, and have left, taking the entire outfit, according to Mr. Allen K. Stuart, mining engineer, recently returned from Summit Camp where he went in the interests of an American company, known as the Indiana group.

The reason for this sudden abandonment is hard to understand. It is known that the rock encountered was unusually hard, and it is said that it kept the men busy changing drills. Another rumor is to the effect that the men were ordered to cease work by the owners, the Summit Camp Mines, Limited, recently incorporated to operate the Queen Bess which it acquired from Andy Jensen of Tulameen. It is stated that they were notified by their principal that no money had been appropriated for the work.

Assess Julian Holdings

Whatever may be the future policy of Julian at Tulameen, assessment work is being continued for the Julian (Dornberg) interests, with J. Pennington and his two men employed. Andy Jensen is also doing assessment on various claims he represents, but otherwise there is no activity of any kind at Summit Camp.

Needs More Work

One of Mr. Stuart's principal missions was to determine the feasibility of handling ore via the Dewdney Creek trail down to Jessica, a distance of only 12 miles, as compared with 23 miles to rail connections at Tulameen. He came to the conclusion that should pay ore on any of the Summit Camp claims be eventually found in large bodies, which at present is not the case, a great bulk of the concentrates could be handled by this route at a considerable saving, once hoisting facilities had been installed and necessary improvements effected to the present trail.

Summit Camp, however, is not, in the view of Mr. Stuart, yet an established camp. Various small discoveries have been made, indicative of possibilities, but, in his view, insufficient actual work has been done to make any project of much magnitude justifiable at this time.

* * * *

Big Horn Ships

Trail smelter receips for the week ending Sept. 21 credit Big Horn (Horn Silver) Similkameen with 28 tons of dry ore. This is the first such shipment that has been noted in these shipments for some time. Most of the Trail dry ore comes from the Republic district of Washington.

* * * *

Company's Reorganization

Further re-organization of the Tulameen Gold and Platinum Recovery Company is reported, resultant upon the meeting of stock holders recently held in Vancouver. G. M. Morgan is reported to have resumed the duties of managing director, replacing G. V. Tupper, while Norman McCormick again becomes superintendent. The company, which this year did not experience a great deal of success, plans the installation of a dredge for working its low lying ground along the Similkameen on Peterson Flats, above Princeton.

* * * *

Sinking is reported in progress from the Similkameen Placers tunnel on Slate Creek.

Bill Daly and George Allison have returned to town from the Coquihalla region, near Jessica where they staked 36 claims thought to bear promising gold ore. They are located near the well known Trites claim.

* * * *

P. H. Fraser, manager of the Pacific Slope Mines, is again in Princeton from Vancouver, en route to the property.

* * * *

Encouragement for Coal

An effort to re-introduce the use of coal in shipping is being made by Hon. W. A. McKenzie, minister of mines, who recently conferred with J. R. Courlton, assistant manager of C.N.R. coastal shipping, and B. C. Keeley of the Canadian government coastal service. Pulverized coal would be used.

Develop Okanagan

The Okanagan Valley at last appears to be figuring in the development of mineral resources. A rich gold strike is reported from the east side of the lake above Kelowna. A Vancouver syndicate is developing the old copper prospect on the north side of Siwash Creek, where a serpentine dyke occurs and appears to have associated with it gold quartz veins which are supposed to be the source of the gold which has been mined for so many years on Siwash Creek. The coat deposit at the head of Short's Creek is likely to be actively developed with a view to supplying the local coal demand. It is an outlier of the Nicola coal field. The seams were small on their outcrops, but are stated o have widened to good proportions with depth.

* * * *

The Ingenika mines, recently taken over by the Ingenika Mines, Ltd., under the Wilson interests, were located by James Ferguson of Victoria.

* * * *

Road for Thelma

A road for the Thelma mine, Nicola district, is urged by Mr. McInnes of the company, and reports of new discoveries of high grade ore since the inspection of the district engineer have been ordered investigated by Hon. W. A. McKenzie, minister of mines, Engineer H. G. Nicholls of Kamloops being thus commissioned. Mr. Nicholls has also been asked to visit the Tulameen and report on conditions there. An effort is being made to grant all possible road and trail improvement, though funds are limited.

Synopsis of Land Act Amendments

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subject over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B. C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i. e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a compnay.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

In Oklahoma, school teachers are not allowed to go to dances, card parties or joy riding. They have got to give all their attention to teaching. In Princeton none of these restrictions are put on the teachers, as the trustees study the interest of the automobile dealer, the dry goods man, and the shoe man, at it takes nice clothes and shoes to go to dances and the automobiles to go joy riding.

How to Make Rice Pudding

A TESTED RECIPE
That Adds New Flavour:

4 tblspns. rice 2½ cups Borden's
1-3 cup sugar St. Charles Milk
½ tspn. salt 1¾ cups water
Nutmeg

Wash the rice thoroughly, then add with the sugar and salt to the milk diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300°F) stirring several times the first hour to prevent the rice from settling to the bottom. Serve hot or cold.

Protection of Public Against Monopoly Chief Recommendation of Convention

Trail Session of Union of B.C. Municipalities Considers Many Aspects of Civic Government; Roads Receive Attention

Control of monopolies—the outcome of the Granby-West Kootenay brush—revision of school taxation, introduction of reorganization of the school system on the basis of the Putnam-Weir reports, tax discounts; provincial health insurance, highway maintenance; municipal licence control; cost of imprisoning transients; abolition of grade crossings increased teachers' grants; care of abandoned children; higher taxes on trucks; firemen's wages; minor offenses under the motor vehicle act; hospital support—these were some of the many vital matters of civic concern discussed at the recent convention of the Union of B.C. Municipalities held at Trail.

A genuine denunciation of monopoly was recorded. Featured in the president's opening address, the establishment of a public utilities commission as a public safeguard was unanimously and forcibly advocated. The cases of the West Kootenay dispute, and the B.C.E.R. and the fares question, were cited, and from the outset it was evident that this would be the most important matter. Proceedings were carefully watched by the provincial government, through Hon. R. H. Bruhn, who was present in person.

The case of the sale of the B.C. Electric to eastern interests and the increase in capitalization from $25,000,000 to $80,000,000 was cited as an indication of undue profits. Officials said the company would be satisfied with 3½ per cent. This, on the new capital, would equal 11 per cent of the old capital; but the company has been paying only 8 per cent dividends. Only $5,000,000 of new capital has been used, an indications of how a monopolized company can "pull the strings."

Vancouver pays 4 cents and 2 cents graded rates; Point Grey 5 and 2; Windsor 238 miles from the power supply in Ontario, gets 1.6 rate, as does Toronto, while Ottawa, like Vancouver close to the supply pays .9 cents. Even farms in lonely Ontario places get a 5 and 4 cent rate. Yet compare Princeton.

An increase of 400 per cent in rates was complained of by Mayor T. A. Love of Grand Forks, whose city has spent $4000 providing the futility of the water board. At one time Grand Forks had a 1 cent rate. Yet Grand Forks, proportionately, was a large user.

The West Kootenay wants to wholesale power at Grand Forks at 3 cents, an increase 1-2 cent over the old contract. Trail pays 1.6 cents. The Boundary country must pay excessive rates in order to support the Consolidated and its adjacent settlement.

The licensed company does not sell direct; there are other matters than water questions to deal with, and the futility of the water board has been recenly revealed.

The time has come to establish a real public utilities commission in this province. The act should provide for control of subsidiary companies, and over the capitalization of these companies, and their dealings with the public.

Power is becoming one of our most dangerous monopolies. Twenty companies control over 83 per cent. of the power in the United Sattes, and the number is gradually growing less. As the matter stands, a company can shut off our power, and we have no redress. We don't want to hurt an industry; we merely want to know whether we can regulate the industry or whether we must let it regulate us.

The resolution: "That the provincial government be requested to enact legislation making provision for a public utilities commission with effective powers to control the rates, capitalization and contracts of all public utility companies, and their subsidiaries, based upon sound principles of law and economy which principles should be set out in such legislation."

Road Matters

Many questions of real concern were discussed in connection with road matters, both at the Union and Good Roads League conventions. The resolution that the government bear full cost of maintenance of primary highways through small municipalities failed to carry, but a resolution was passed asking the government to make a thorough investigation of the whole question, and evolve a fair schedule of distribution of road costs.

Criticism was levelled at the government for failure to provide adequate detours where new roads had to be built. The government was urged to pave the Yale road. More and better roads mean good advertising for the province for tourists are thereby influenced to settle and invest. Abolition of all grade crossings and widening of main thoroughfares were recommended. Wider and regularly placed main highways, and fewer intersections of main highways were advocated.

A government grant was urged to help small municipalities, in which th traffic was heavy, to adequately police these sections. The proposal was endorsed giving a magistrate discretion as to whether or not to take up driver's licenses for minor infractions of the motor vehicle act. At present taking up of license is mandatory upon conviction.

Free or nominal motor licenses for municipal road making equipment and refund of the tax collected on gasoline road work was recommended.

In view of the fact that many non trucks but do not pay taxes a heavier licence fee for trucks was urged, on the understanding that this will not mean an increased fee for those now licenced to deliver.

Patrick Phillip, deputy works minister, urged the municipalities to make application for classification of highways early in the year, so that appropriations could be provided by the government.

Taxation

A change in favor of the taxpayer in the matter of arrears was recommended. It was suggested that the 15 per cent. penalty be reduced to 12, the 10 to 7. Changes are asked to facilitate taxing harbor commission lands, and to enable a corporation to assume, if desired, the burden of distributing the tax on adjoining property. Owners of tracts of ten acres or less would thus be relieved of the necessity of reconveying part of it to the government on subdividing said land.

Modification of the request for exemption of railway properties was also recommended. Request for reduction of land registry fees for subdivision of low assessed value was decided upon.

An interesting suggestion was that instead of a penalty for tardy ones, the municipality be authorized to give a discount on taxes paid before February 28.

School taxation came in for a great deal of consideration, it being thought that discussion at this time would be especially opportune in view of the Conservatives' criticism of the Liberal government for failure to deal adequately with this matter. Municipalities represent 70 per cent of the population of the province; combined municipal budgets are $70,000,000, combined municipal debt $107,000,000, both figures being greater than the provincial government's budget and debt. A change is sought in the municipal taxation system which will relieve municipalities from the ever increasing burden of school taxation. A one per cent. school tax on all incomes is urged.

The government was asked to provide for collection of fees for education of children not domiciled in the municipality.

The union re-affirmed its recommendation that the government undertake a revision of the school system, on the basis of the Weir and Putnam reports. Vigorous protests were made on the unfairness of the present system, whereby thousands of people procure free education for their children at the expense of others. Japanese of Richmond, it was claimed, furnish one third of the school population, but pay no taxes.

Other Matters

Revised shop regulations were advocated whereby it would be possible for a town, like Fernie, having advanced closing regulations, to enforce them. It was also agreed that municipal councils should give approval before division of a lot can be registered. Exemption from poll tax was favored of husbands whose wives pay real property tax.

Homes for abandoned infants, for whose care the municipalities are now responsible, was also recommended. The propsal to have the government reconsider the payment by the municipality to the local hospital of seventy cents per day for each patient was left over for a year. Right to establish a legal trust fund was sought.

One on the Hoboes

Malefactors are notified that they had better administer their malefactions in the municipality where they have most legitimate claim to residence, otherwise they may be refused prosecution. At least six months residence of an offender before the municipality is requited to pay prison costs was urged. Municipalities are liable for $1 a day for each Oakalla guest. Magistrates hesitate to commit because of expense on municipalities, it was said.

Veto on clubs by municipalities was not endorsed, it being thought that this serious responsibility should rest with the attorney general. A motion favoring provincial health insurance did not find unanimous support.

It was recommended that licenses issued under the same act be subject to municipal by-laws or resolutions

Forty-seven municipalities were represented at the convention. Ald. E. H. Bridgman, North Vancouver, a member of the union for 18 years was named president, succeeding Tom Reed of Surrey, made honorary life president. Mayor Love of Grand Forks was named a vice-president. J. J. Johnston of New Westminster is president of the Good Roads League.

TOWNS TALK INCORPORATION

Tuesday morning's fire, says a Kimberley despatch, amply demonstrated the need of a civic body to govern the town of Kimberley. While the volunteer fire department worked nobly, they were seroiusly handicapped by lack of equipment.

The question of incorporation is about to come to a head. Some property owners are opposed, holding that this would immediately imply an increase in taxation. Now that our taxes go to the government, what do we get in return, save school assistance? But we forfeit pari-mutuels, liquor profits, motor license fees. It is understood that a meeting will be called in the near future.

Robert Baird, Victoria, inspector of municipalities, gave a talk on village incorporation to Enderby ratepayers. He explained the necessary steps. The Town Improvement Society has charge of the matter.

OKANAGAN NOT SO BAD

Never before in the history of the Okanagan have conditions appeared more prosperous, quoth Mayor D. W. Sutherland of Kelowna, who has a thing or two to say about fruit marketing legislation. We are selling out apples at a set minimum price of $2 a box. This is the best price ever, save 1919, the year of inflation. We are getting the unprecedented price of $45 a ton for onions, and the same is true of tomatoes, he said. 1928 will see mortgages and bank notes liquated as no other year has.

Criticism is apparently levelled at Hon. W. A. Atkinson's remarks about the marketing act. It is claimed in the Okanagan that the majority of growers distinctly favor the act in this year of haevy crops and no dumping duty.

TEACHES RUG MAKING

Miss Maria Coy, demonstrating the new rug needle to encourage rug making among women of the Similkameen, plans to give considerable attention to Princeton next week. She has on display at the Princeton Departmnetal Store several articles of her handicraft.

The designs used are based on Indian tribal history, and in themselves form an interesting study. The design illustrated here is the Chilkat or thunder bird of the Chilcotin Indians of the adjacent valley.

The Candle of Life is Burning

HOUR by hour the flame burns the candle shorter until, suddenly—a gust of wind—a flicker—and the flame expires.

So with your life. You do not know when the gust may come that will extinguish the flame of your life, but you know that it will come. Perhaps soon.

Familiarity with this fact often breeds indifference that results in suffering and privation to a family that might easily be prevented.

Confederation Life Policies are *designed to prevent this.* Do you really know the extent to which you and yours can be relieved of all chance of such misfortune?

Are you familiar with the liberal provisions of the Confederation Life Association's

TOTAL DISABILITY BENEFIT?
DOUBLE INDEMNITY ACCIDENT BENEFIT?
OR
LIFE INSURANCE WITHOUT MEDICAL EXAMINATION?

If you will write we will send you some information about life insurance that will interest you.

St. Louis Cardinals and New York Yankees Hook Up Today in World Series Opener

National Leaguers Get Into Big Money After Valiant Battle; Slipping Yanks Seem to Have Recovered

This afternoon—or rather this morning, as far as we are concerned—the big boys got at it again. Gate busting is on in the world's annual baseball classic, with two interesting teams engaged after the most thrilling year in big baseball in many seasons. There will be a big element of uncertainty about this year's classic

Neither one of the contenders has exactly ridden the crest of the waves. In both leagues the titles were in dispute until nearly the last day, and in the case of the Cards, it is not so much their own prowess as the ability of others that lifted them into the big money. They can thank the Chicago Cubs, themselves a mighty shifty lot, for coming through to put the quietus on the Giants' aspirations after the McGraw boys had put themselves in line for a restoration of the old story by trimming the Cards properly in the "crucial" series.

In the case of the Yankees, it is the same, only different. Against Connie Mack's carefuly nurtured ball players the Hugmen have been real class, and the meetings of the two teams show the Yanks far ahead of their rivals. But ti was just this superiority that gave them the flag, for against the weaker teams, the Yanks were a mediocre lot, and the Athletics made a far better showing.

With the Yanks and Cards both scrambling into the money by the skins of their respective teeth, anything may happen, the way we see it. The critics are all for the Cards, pointing out that the Yanks had a tremendous early season lead, but after the half way mark frittered it away, and just skinned into the series.

The Cards, on the other hand, were never far in the lead, though persistent contenders all season. They made a great final struggle to get in. Neither team is a super team. In the American there was not much between the Yanks and the Athletics, who were head and shoulders above all the rest. In the National, any one of the clubs, outside the Braves and Phillies, might reasonably have won the title. It certainly is an unusual situation.

The Yanks strike as a temperamental lot. No doubt, they have been badly affected by moods, and this may prove their undoing in the acid test. But it should be remembered that temperament works both ways. Some of the most wonderful performances in athletics have been nothing more than temperamental displays. While a fumble of the first hard ball in the opening game may set Koenig all on nerve and wash him out for the series, should he hold that same hard ball it may make a 1928 world series hero out of him.

The Cards appear the steadier, and have the better pitching staff. Their infield is fair, their hitting not much better than fair. The Yanks are well fixed for catchers, and whatever may be said of the hurlers, there are some pretty good men left; men who have risen to the occasion in other worlds' series. The infield at its best is very good; at its worst, very poor. The hitting of the team is about the same, at its best, deadly, at its worst, feeble.

Yes, it is entirely problematical this time. It will not be four straight, and it won't be the best series in history. But it should be a thriller. The experts dope the Cards. They're entitled to their own opinion. If the Yanks hit their stride we'll call them over any team in either league. We believe they have suffered their bad patch and have got over it. That being so, they ought to win another pennant. But we'll see.

APPEAL CASES

Three cases of local interest are on the docket of the court of appeal at Vancouver, which opened under Jusice Murphy Tuesday morning. They are Rex vs. Grosart, in which Grosart, formerly intcested in the Tulameen placers here, is fighting a conviction for theft of bonds from a Vancouver vault; Granby vs. West Kootenay, on the vexed question of power rates and power supply; and Doraburg vs. Somerville in which the plaintiff is seeking to force Somerville to observe an alleged contract to sell 30,000 shares of mining stock in a Kootenay company, the amount involved said to be $3000.

GREENWOOD ROBBERS JAILED

Willis Judd and Muriel Lee, Americans, were each sentenced to twelve months imprisonment on a charge of breaking into the Greenwood liquor store. Trial was delayed pending Judd's recovery from a gun-shot wound inflicted in his daring escape. He lay for some time in hospital at Republic, where he was driven in mad flight by his accomplice, Muriel Lee, a breed. Judd goes to Nelson, the woman to Oakalla.

LOST HIS ROLL

Loss of $400 in bills and a draft for $800 is reported at Oroville of J. F. Jones, well known Tulameen mining man, residing in Coalmont. He stopped overnight at the Peerless Hotel, Oroville, returning from Spokane. Although he retraced his steps to Oroville he failed to locate the lost roll.

CARDS FAVORED TO WIN THE SERIES BY SPECULATIVE

New York, Oct. 1.—Betting odds posted on Broadway today make the St. Louis Cardinals heavy favorites to defeat the New York Yankees in the world series. Odds on the series and the various games are as follows:

7 to 10 the Cardinals do not win the series.
11 to 10 the Yankees do not win the series.
12 to 5 the Cardinals do not win the first two games.
16 to 5 the Yankees do not win the first two games.
4 to 5 the Cardinals do not win the opening game.
Even money Yankees do not win opening game.

Both legs broken by a rock slide near Coquihalla, Arthur Currie, employed on a Kettle Valley bridge gang, was admitted to Nicola Valley general hospital. He suffered other injuries. While his condition is serious, hopes are held for his recovery

Notice has been given by A. C. Pye, receiver for the firm of Sosiad & Hume, that a meeting of the creditors of the said firm will be held in Vancouver October 10th.

POLITICAL NOTES

P. R. Leighton has been appointed returning officer for the Dominion by-election, to be held in Victoria federal riding to fill the vacancy caused by the resgination of Hon. S. F. Tolmie, now B.C.'s premier.

* * * *

A Complete Audit

A complete audit of the books of the province as up to August of this year has been ordered by Hon. W. C. Shelly, minister of finance, the most important act ac the new cabinet.

Public opinion demands this, after the allegations which have been made, according to the minister, who has commissioned a Victoria firm to do the work. This will include investigations into the Land Settlement Board, liquor returns, the South Okanagan project, Workmen's Compensation, and the like. A complete financial statement will be published. The Sumas scheme will be one of other projects thoroughly investigated.

* * * *

Tory Majority Cut

Premier Rhodes' Conservative government was returned Tuesday in Nova Scotia, but its majority was cut from forty to three. The standing is Conservative 23. Liberals 20.

In 1925 after 40 years of solid Liberal rule, the Conservatives gained a sweeping victory. The outstanding point about this election was the defeat of four ministers of the Rhodes' cabinet, and election of their opponents, members of the former Grit cabinet. The House was dissolved in September.

STORE-WIDE SALE CONTINUES

The store-wide sale of the Princeton Departmental Store has concluded another successful week, and is clearing the decks for a final rush before the sale doors are closed, and the greatest slaughter of prices in Princeton's history becomes a thing of the past.

The store is well on its way to establishing the $10,000 mark set as a final effort—just double the original objective, and when further reductions are made to give the final impetus, next week's rush, it is expected, will sweep the sale over the top.

Interest has not abated, but on the contrary increases as the sale proceeds. Out of town buyers are more and more taking advantage of the tremendous reductions as the news is nosed abroad. Local folk continue to patronize the sale, and are pocketing the difference.

Tickets are being snapped up in conection with the free prize drawing, representing increased sales, as each $1.00 cash purchase entitles the customer to one chance for one of three fine prizes, totalling over $200 in value. The drawing will take place in public at the store Saturday, Oct. 13, at 9:30 p.m., when the big sale will officially close.

OGOPOGO AGAIN

South America comes on the map as a rival to the Okanagan in the matter of the Ogopogo, only the lower continent myth hasn't assumed such wondrous proportions—as yet.

Since the reported finding at La Union of a strange beast the opinion is voiced that monsters of the Jurastic period may yet be alive in the jungle regions of South and Central America. The name by which the gentle creature is christened is simply ichthyosaurus.

It died just before it was seen; and no wonder. The body resembled a bull's; the head was like a horse's, fitted with four jaws, each with seventeen teeth as thick as a man's little finger.

The animal, says a noted scientist, has been extinct for many million years. This one, perhaps, like Topsy, just growed.

Geo. Shenult of Cawston returned home after spending the week-end in Oroville, Wash.

Subscription Drive Closes Friday, Oct. 12th

Drawing at Princess Theatre Saturday, Oct. 13th

Have you qualified for the $60.00 Cash Prize by having your subscription to The Star paid one year in advance?

This prize is absolutely free to subscribers. Someone will win it. Why not you?

Should we fail to call on you personally, send in your renewal to this office by the evening of Friday, Oct. 12.

Miss Ora Allen is assisting with the canvass in Princeton.

A splendid film attraction entitled "College" by the United Artists, will be presented at the Princess the night of the drawing---October 13.

THE SUBSCRIPTION RATE IS $2.00 PER YEAR

Mr. and Mrs. Walter Paulding, Copper Mountain's most recent newly weds, have taken up residence on the Thomas property adjoining the Granby Company's site at Copper Mt.

Decks are being cleared for the hockey season. Peg White has offered Bobby McKinnon the best outfit in Spalding's catalog to stay with Princeton this year.

A fine apple—Wealthy—as one would wish to see in a long day are grown right in Princeton on a tree which sprang from a seed, at the side of the Garrison residence.

Mel Gibson will not be available for basketball duty for a short time at least, as he and his brother are on the prairies, doing the harvest work, and may possibly move on south.

W. A. Wagenhauser has taken delivery of a new and fine appearing Ford truck, which will be used for local delivery. Dr. McCaffrey has taken delivery of a fine new Ford sedan.

Bert Bryant and wife were visitors to Princeton last week. Mr. Bryant was an active prospector on Copper Mountain some fifteen years ago, and still retains interests there. He at one time was proprietor of the old Jackson Hotel, Princeton's first hostelry.

Mr. Develin, representing the House of Hobberlin, Ltd., will be at the Princeton Departmental Stores all day today (Thursday) and tomorrow, showing all the latest patterns and designs for men in fall and winter suitings an overcoats. You are cordially invited to inspect the samples and models.-1

Mr. Charles Bocking, vice-president and general manager of the Granby Consolidated, arrived Saturday, and left again for the coast by Sunday's westbound K.V. train, accompanying him was the manager of the Hotel Vancouver, making his first visit to these parts.

Among the valley folk at the reception in honor of Hon. W. A. McKenzie, new minister of mines at Penticton Friday were Mr. and Mrs. W. A. Wagenhauser, Mrs. A. Bell, Mr. and Mrs. L. A. Dodd, Mr. and Mrs. H. H. Avery, Mrs. R. McKelvie, all of Princeton, with Mr. Gomer P. Jones leading a large party from Hedley.

Miss S. Wilson of Glasgow, Scotland, who first set foot on Canadian soil a fortnight ago, accompanying her brother-in-law, Mr. W. Lindsay of Copper Mountain, left on Monday for Vanocuver where she intends to make her home. Mr. Lindsay made the trip to the coast with her, and they will visit two other sisters. Miss Jessie Lindsay of Copper Mt. left last week for Vanocuver where she will attend high school.

While the crowd might have been bigger, it could hardly have been happier at the dance of the Princeton football club. The orchestra, including Mrs. B. Hickey, piano, Joe Vickers, drums, Magnus Foster, violin, and Dave Taylor, sax, rose to the occasion well. The footballers are planning another dance October 26, upon a much more elaborate scale. Other approaching dances are hospital dance, Copper Mountain, Wednesday next; Eastern Star invitation dance, 19th; Masonic invitation dance, 31st, and Princeton orchestra dance Saturday night.

BLAKEBURN WINS CLOSE GAME FROM ALL STARS HERE, 2-1

Blakeburn, winners of the spring and fall league honors, in the Similkameen, are still undefeated in the first season of organized football which officially closed Sunday, when an all star team again failed to stem the rush of the champions. The score was 2-1.

It was not very good football, neither side seeming to rise to the occasion. Play for the most part was of a scrappy nature, and both goals had narrow escapes, though forwards were generally ineffective near goal.

Each side scored in the opening half, but Blakeburn put through the winning goal after the interval. The stars pressed most of the second half but could not get through. Jimmy Foster gave a fine display at back for the losers, with Pollett turning in a good game for Blakeburn.

Sammy Craig refereed.

CHURCH NOTES

Local Delegates Attend Sessions at Penticton

Princeton's allotment for the Okanagan-Kamloops Presbytery budget under the maintenance and extension fund of the United Church is $300, according to Rev. J. C. Goodfellow and Hugh Hunter, delegates of St. Paul's Church, who attended presbytery sessions held in Penticton Tuesday and Wednesday of last week.

The report of the general convention of the United Church of Canada, held at Winnipeg, a bi-annual gathering, was read. The work of consolidation, following amalgamatoin, has practcialy been completed, and the road is now open for real progress.

The public heard these reports, presented by the commissioners, Rev. J. A. Dowe and Rev. A. E. Whitehouse and Wm. Stott.

A beautiful ceremony was the unveiling in the new church of a memorial winder erected by the presbytery in effectionate memory of the late Rev. J. Ferguson Miller, a devoted local worker. Dr. G. A. Wilson delivered the dedicatory address. Geo. Miller of Vancouver, a brother of the late minister, performed the ceremony.

Rev. J. A. Dowe, B.A., Kelowna, was named chairman, Rev. A. E. Whitehouse, B.A., B.D., secretary. Much routine business was gone through, and devotional exercises were held.

* * * *

Ladies' Aid Meets

Ladies' Aid of St. Paul's met Wednesday afternoon for sewing at the home of Mrs. Gorsulowski.

* * * *

Young People's Service

Sunday will be young people's day at St. Paul's, a special service for young people being held in the evening. The young people's choir will assist, and the sermon will be appropriate.

* * * *

Choir Concert

St. Paul's choir will hold a concert in November. The choir has a reputation to maintain, and practices have been commenced.

* * * *

Lutheran Pastor

Rev. Wm. L. Zersen has arrived to take over duties for the Lutheran Church in the local field, and will serve eight stations, as follows: Kelowna, Penticton, Princeton, Copper Mountain, Allenby, Blakeburn, Hedley and Oliver.

Mr. Zersen succeeds Mr. W. Poehler, who served all these stations regularly in a similar capacity last year, and is now studying in St. Louis. Mr. Zersen is a graduate of the Concordia Theological Seminary, St. Louis, the largest theological seminary in the world.

He plans to serve these eight stations, for the present, bi-weekly, holding Sunday school classes and confirmations. Announcements will be advertised as heretofore, and should additional information be required Mr. Zersen will be glad to answer questions orally or by letter. His address is box 495, Kelowna.

* * * *

Need Finances

Finances are none too good, the committee of St. Cuthbert's Church learned at its regular meeting Thursday last. It is urging members of the church living in Princeton and district, not now regular subscribers, to become so.

* * * *

Harvest Festival

Harvest festival service, celebrated in St. Cuthbert's Church Sunday evening, was well attended, and quite beautiful. The church had been decorated with flowers and fruits of autumn. Flowers, fruit, and vegetables contributed were donated to the hospital, the staff showing real appreciation.

* * * *

Young People

Young people's work is being helped along at the church. Counter attractions, however, are cutting down attendances a the weekly gatherings. Mrs. Rhodes, who has a certificate for this work, gave the girls of the new Girl Guide troop a fine workout in drill yesterday afternoon.

* * * *

The "Come and Go" tea held under the auspices of St. Paul's Ladies' Aid in the church Thursday last was a distinct social and financial success.

On the evening of her departure for Victoria, Mrs. W. A. McKenzie was presented, as a token of friendship and esteem of her fellow members, with a silver cake dish the gift of the Penticton chaper of the Order of the Eastern Star.

RESULTS OF TODAY'S GOLF

In the first round of the club championship play on the Princeton golf links this afternoon Alf Sorenson beat Ernie Gray; Dr. Lee Smith beat Sam Ewart; H. C. Smith beat J. L. Coles and Rod McDonald won from Mr. Field on the eighteenth hole. In the ladies' competition Mrs. Field beat Mrs. Brown; Mrs. H. C. Smith beat Mrs. Lee Smith; Mrs. Sorenson beat Mrs. McLaughlin. The game between Miss Coles and Mrs. Lansing was not finished. In his second round Mr. Sorenson established a new course record of 37.

DONALD McCALLUM IS NEW DISTRICT ROAD SUPERVISOR

Princetonians attending the Penticton reception to W. A. McKenzie brought news of the announcement by the member of the appointment of Donald McCallum, Keremeos, as district roads supervisor, filling the vacancy caused by the resignation of Finlay Fraser.

Mr. McCallum, who is president of the central Conservative association in Similkameen, has for the past seventeen years been engaged in fruit raising in the lower valley. Prior to that he was engaged in the mining and lumbering industries in the Cariboo.

HOTEL TEAM TRIUMPHS OVER GARAGE IN FIRST SENIOR BASCKETBALL GAME

(Continued from page one.)

but in the list minute Lucas cinched it with a final basket.

Play of this calibre will surely draw crowds. McAlpine is to be complimented on a polished exhibiton of refereeing.

The senior ladies were somewhat disappointing, and will have to pull their socks up if they are to come up to expectations. Bella Lockhart starred in a mediocre lot.

With Tuffy Burr in shooting form and Kenny Garrison a big help on the attack, Mr. Wagenhauser's pets were all too good for the ice cream vendors from Coles', for whom young Hanson and Harold Pughe played bang up games.

True to form the junior girls served up one of the best displays of the night. The moving picture stars clipped off a fast reel, and quite outmatched the small but game butcherettes.

The Hotelmen had a grand night all round, and the gas business was poor. Emulating the feat of the seniors, Andy Johnson's young hosts applied a neat coat of shellac to the gaskets of Burr Motors, 8-1.

Senior Men

GARAGE: Pope and Alwyn, guards; Callahan (4) center; Cross (4) and Wilson (9) forwards; Clark. Total, 17.

HOTEL—D. Muir (2) and A. Muir, guards; Lucas (9) center; Coles (3) and Broderick (6), forwards. Total, 20.

Referee, Cammie McAlpine.

Personals—Coles (2), A. Muir (2), Wilson (2), Callahan (2), Cross (1), Alwyn (1), Broderick (1), D. Muir (3). Total, Hotel 8; Garage 6.

Intermediate

COLES—E. Hansen (1) and McDiarmid, guards; Dobie, center; Pughe (3) and Gellatly, forwards, Berryman. Total 4.

DEPARTMENT STORE—Lindsay and W. Dodd (2), guards; L. Hewitt (2), center; Burr (8) and K. Garrison (4) forwards. Total 16.

Referee, Dave Taylor.

Senior Ladies

COOK ESTATE—A. Plecash and M. Du Hamel, guards; M. Hughes (2) center; B. Lockhart (8) and A. Mitchell (2), forwards. Total 12.

A. L. WHITE—M. Gellatly and M. Oreskovich, guards; M. Dobie, center; E. Pughe (2) and L. Mitchell, forwards. Total 2.

Referee, C. McAlpine.

Junior Ladies

BURN—E. Lester and M. Dobie, guards; L. Mitchell, center; P. Pughe and D. Francis (2) forwards. Total 2.

PRINCESS—A. Plecash and P. Edwards guards; W. Iachinni (2) center; E. Pughe (4) and H. Hewitt (2) forwards. Total 8.

Referee, Dave Taylor.

Junor Boys

BURR MOTORS—P. Gregory and S. Gould, guards; E. Avery, center (1); L. Cooper and A. Barton, forwards. Total 1.

TULAMEEN HOTEL—M. Garrison and A. Caruso, forwards; W. Garrison (2) center; F. Caruso (2) and H. McConnell (4) forwards. Total 8.

Referee, Dave Taylor.

KEREMEOS NOTES

A representative of the Junior Red Cross addressed the school children on Tuesday with the object of forming a branch of the society in here.

* * * *

Rain—real rain at last. So long since we had any we have nearly forgotten what it feels like. It is too wet to pick apples so the pickers have had the day off. The women pickers were glad at any rate, for it gave them a chance to catch up on the household jobs that accumulated during the busy days.

* * * *

Mrs. Snowden left on Sunday for her home in Victoria, after spending the past month with her daughter Nurse Snowden. Mrs. Purslow has forsaken the bench and has gone down to share Miss Snowden's house.

* * * *

Mr. and Mrs. Keeler arrived in town on Monday for a stay of about a week. Their many friends would like to make it longer.

* * * *

Mr. Morrison's new tractor was busy at work on Monday on the land lying west of the Morrison estate.

* * * *

G Willis and G. Morton are making a short business trip into the States.

* * * *

St John's Guild will meet at the home of Mrs. J. W. Innis on Sunday next at 3 p.m.

* * * *

On Thursday last Mr. R. C. Clarke celebrated his 70th birthday. A few friends spent the evening with him and partook of the big cake that was crowned with seventy candles.

* * * *

Several carloads of people went to Penticton on Friday to attend the reception given for the Hon. W. A. McKenzie. All report a most enjoyable evening.

* * * *

The dance put on by the Victory Hall committee on Saturday was well attended and much enjoyed by those present. There will be no dance this coming Saturday as the hall is engaged for a meeting.

* * * *

A meeting of all water users will be held in the Victory Hall on Saturday, Oct. 6th, at 8 p.m. for the purpose of considering the formation of an Irrigation District.

* * * *

Mr. and Mrs. Lindsay motored up from Okanogan to spend the week-end with Mrs. Tom Daly and family.

* * * *

Next Sunday there will be a special service at the United Church to celebrate the 20th anniversary of the church. Mrs. J. A. Brown will sing. Three of the hymns sung at the original opening of the church will be sung again at the anniversary service. All old timers are specially invited to be present and "everybody welcome."

* * * *

Mr. Frank Fiddler, newly appointed secretary of boys' work in connection with the United Church, was in town on Tuesday and addressed the boys in the afternoon.

* * * *

Slight frosts on Monday and Tuesday night. Not enough to hurt things much.

CAWSTON NOTES

Rally Service

Sunday afternon the Cawston Sunday school and church held a joint Rally Day service using the Rally Day program.

A choir of junior and intermediate boys and girls rendered a rally song. Mr. C. Tickell sang "One Sweetly Solemn Thought," accompanied at the piano by Miss Margaret Smith.

The funds for the day go to help other schools less fortunate than our own.

* * * *

T. Rooney returned on Friday after spending the past few months in Grande Prairie, Alberta.

* * * *

W. D. Lang is in from Victoria spending a few weeks with Mr. and Mrs. T. Rouey at his home, Langside Gardens.

* * * *

Mortgage Paid Off

There was joy in the camp of the Women's Auxiliary of Cawston United Church, when, following the meeting Wednesday evening at the home of Mrs. W. J. Hammill the secretary was authorized to pay the balance due on the parsonage mortgage.

Cawston Women's Auxiliary will join with and assist the Keremeos United Church in their anniversary service and the burning of the mortgage. Plans were made for a bazaar to be held jointly with the Women's Institute in November.

COPPER MOUNTAIN

This week Copper Mountain says farewell to Mr. and Mrs. Duck and baby daughter who left for Nelson. Also to Mrs. and "Sis" Deane who leave for Anyox.

* * * *

The school dance though not a financial success was a huge success as a dance. Everybody there had a good time; the decorations were exceedingly pretty and the board gratefully acknowledge the ready assistance given to make the hall look so tasteful.

* * * *

Rev. Goodfellow made his regular fornightly visit on Tuesday.

COALMONT NEWS

Mr. and Mrs. Thos. Bysouth and son Stanley left early in September to motor down to Santa Barbara, California, where they will spend the winter with Mrs. Bysouth's brother, Geo. Thurner, who is well known in this district.

* * * *

Mrs. William Richardson is busy fixing up a restaurant in Jim Prendergast's building formerly occupied by Joe Bush. She expects to be ready to open for business on Saturday.

* * * *

Mr .A. L. Flynn returned from Seattle early in he week and has resumed work on the Swan lease.

* * * *

Norman Matthews of the C.P.S.S. visited friends in Coalmont during the week. Mr. Matthews is on his way to the prairies in the interests of his company.

* * * *

Mrs. A. B. Lloyd returned on Saturday from spending a few days visiting friends in Penticton.

* * * *

Mr. McHaffie of the Kettle Valley staff arrived on Wednesday to relieve George Clark, local agent, who left that day to spend a holiday with his family in Victoria.

* * * *

Miss Muriel Matheson left for the coast during the week on a holiday. Her place in Matheson Bros. store is being taken by her sister, Mrs. James Gordon of Vancouver, who arrived with her son James Jr. earlier in the week.

* * * *

Coalmont and Tulameen are being honored this week by a visit from the genial editor on his annual subscription drive.

* * * *

Mr. and Mrs. J. F. Jones left early Tuesday morning by car for Spokane. Mr. Jones has just completed a fine cable suspension bridge across Granite Creek to the property of the Granite Creek Mining & Development Co.

* * * *

John Fielding of Blakeburn received a telegram on Tuesday containing the sad news that his eldest son Willard had been killed in a logging camp on Vancouver Island. Mr. Fielding left for the Island immediately. Willard Fielding was the eldest of Mr. Fielding's twelve children.

* * * *

Mr. and Mrs. William McKinnon returned on Sunday morning from their honeymoon and have taken up residence at Blakeburn.

* * * *

George Murray, mine manager for the Coalmont Collieries, left on a short business trip to Vancouver on Tuesday.

* * * *

The Blakeburn Football Club are holding their first dance in Coalmont for this season on Saturday night in the Coalmont Hotel. The music is being supplied by Joe Vickers' reorganized orchestra, which we understand is going to be peppier than ever.

BLAKEBURN NEWS

Mr. and Mrs. Geo. Sherriff have returned from a motor trip to Victoria accompanied by Miss F. Blunt.

* * * *

Mr. Dunc Bullock received painful injuries last week when he was thrown from a work horse he was riding.

* * * *

Mr. J. Bootle of Vancouver was a recent visitor to Blakeburn.

TULAMEEN RIPPLES

George Schubert returned recently from England where he had been residing for the past three years while taking a course in electrical engineering.

* * * *

We met Billy Moses, Joe Delprato and Louis Johnson, who had just motored in from the Champion Creek district where they had been placer mining. Each of the trio had enough ounces of platinum and gold to make a checkako's mouth water. They spoke enthusiasticaly of the placer prospects on the Tulameen and each of them intends to be on the job in the spring.

* * * *

Ed. Oliver, proprietor of the Cascade Cafe, is moving into new premises. Ed speaks of seeking employment for himself and truck on the outside—possibly around Princeton.

* * * *

Ten carloads of logs were shipped from here by S. Bush Tuesday and many more will follow as flat cars are available.

* * * *

Although the fall is not with us yet the trees are changing color and the scenery in the Tulameen district is probably as picturesque as can be seen anywhere in the province.

FIRE HALTED IN TIME

Fire breaking out from a short circuit Tuesday mornnig for a time threatened Marsden's Garage, Keremeos. For a time it looked as if the building would go, but extinguishers were rushed in from neighboring packing houses, and, thanks to the valiant efforts of volunteer workers, the flames were extinguished before much damage had been done.

CLASS LEADERS IN VALLEY SCHOOLS ANNOUNCED FOR MONTH OF SEPTEMBER

(Continued from page one.)

Doris Marston.

Grade V—1, Mildren Joss; 2, Jack Marston; 3, Dixie Taylor.

Grade IV—1, Christine Cowin; 2, Lilian MacDonald; 3, Richard Lavery.

Grade III—1, Louise Miller and Daniel Lavery (tie); 3, Irene Morley.

Grade II—1, Victoria Alexandre; 2, Enid Brooke; 3, Donald Broomfield.

COPPER MOUNTAIN

Division I
(F. J. Willway, teacher)

Grade VIII—1, Kathleen Forshaw; 2, Emily Nelson and Vera Powell.

Grade VII—1, Pat Powell; 2, Willie Lindsay.

Grade VI—1, Albina Barichello; 2, Delton Jameson.

Grade V—1, Mary Kovich; 2, Mary Watling.

Perfect Attendance—Nine out of twenty-seven were never absent or late.

Division II
(Miss C. Ward, teacher)

Grade IV—1, John Kovich.

Grade III—1, Robert Muir.

Grade II—1, Tony Kovich.

Grade 1—1, Ruby Anderson and Juanita Graham.

Perfect Attendance—Twelve out of twenty-three were never absent or late.

Four visitors visited the school during the month. Rev. J. C. Goodfellow gave a lecture on Indian customs.

KEREMEOS

Division I
(W. H. Gurney teacher)

Grade VIII—1, Dorothy Clark; 2, George Christian.

Grade VII—1, Elspeth Lintott; 2, Dora Mattice.

Perfect Attendance—Daisy Bell, George Christian, Dorothy Clark Hilbert Cochran, Janet Derry, Ross Echlin, Elspeth Lintott, Dora Mattice, Mary Sorge.

Division II
(Doris M. Newcomb, teacher)

Grade III—1, Helen Daly; 2, Billy Smsey.

Grade IV—1, Grant Echlin; 2, Stephen Allen.

Grade V—1, Ruth Sorge; 2, Lorine Daly.

Perfect Attendance—Willa Blackwood, Mickey Campbell, Esther Harris, Clarence La Bounty, Peter Wheeler, Gladys Wheeler, Alec Milloy, Grant Echlin, Reggie Smith, Ruth Sorge.

Average attendance 89.27 per cent.

Division III
(Margaret G. Davidson, teacher)

Grade II—1, Muriel Smith; 2, Arthur Liddicoat.

Grade IA—1, Pansy Milloy; 2, Helen Van Blaricom.

Grade IB—1, Geufford Northey; 2, Alfred Liddicoat.

Beginners—1, Bernice Van Blaricom; 2, Laura Parsons.

Perfect Attendance—Nita Armstrong, Margaret Colwell, Joyce East, Norma Etches, Elsie Harris, Wallace Liddicoat, Myrtle Milloy, Pansy Milloy, Norah Mills, Marjorie Mills, Geufford Northey, Allan Smith, Kenneth Smith, Muriel Smith, Margaret Spall, Helen Van Blaricom, Thomas Willis, John Derry.

Average atendance 98.17.

CUSTOMS RETURNS UP

Customs returns for the port of Princeton for the month of September showed a material increase over the August total, and over the corresponding month for last year. The biggest gain was in importations, which were $1365.33 compared with $499.23 in September 1927, an abnormally small month.

Detailed figures are:

	1928	1927	1926
Importations	$1365.33	$ 499.23	$1389.17
Excise duty	360.00	360 00	120.00
Excise tax	1100.68	1153.83	1008.64
Total	2426 01	2013.96	2417.81

Total collection for the first six months of the fiscal year, ending Sept. 30, were $15,937.93. Collector Boult announces that the tables of the new consolidation of the tarriff, in book form, have arrived. These may be secured by importers at a nominal fee.

KEREMEOS YOUTH'S THEFT

Clear of suspicion for several days, but, on being arrested, confessing his guilt, Guy Hilts, 19, Keremeos youth, was found guilty of theft of $70 from T. A. Pettypiece of the same town before Magistrate T. A. Pope.

The two men went to Penticton and roomed at a cafe. They imbibed somewhat freely. In the morning the elder man awoke to find his wallet missing. Not suspecting his companion at all, Pettypiece began a search, and was assisted by young Hilt. The latter suggested that wallet might have been lost in changing a tire on the Keremeos road, but a return to the spot failed to reveal it.

In a few days Pettypiece learned that Hilts had paid over $5.00 to a Keremeos barber, and his suspicions were aroused. He could not identify the bill, but laid a complaint against Hilts, who, when arrester, confessed. On his person were found bills of a corresponding denomination to the value of $50.00 Hilts offered to restore the money, and asked to have the charge withdrawn but this was refused. He has been similarly involved before.
