BY THE STAR

LOCAL ORIGINS

"THE LITTLE RED—"

What we now call the old school building was the new school 25 years ago. It was completed on Monday, November 18, 1907. The contractors were Messrs Boeing and Brass. On the Tues day morning following Miss Rowan welcomed her pupils—some of them now local daddies— into the new school building for the first time. The cost of the building was nearly $5000.00

POLICE BLOTTER

RODE ON RAILWAY

Six men who were illegaly riding on a Kettle Valley train contrary to provisions of section 443 C of the Railway Act were given one day in the local lock-up at the sentence of Magistrate Waterman.

COSTLY CUSSING

Charged with creating a disturbance by swearing in a public place, a local man paid $5.00 fine in Princeton police court. The alternative was 30 days.

IMPEDED PASSENGER

Charged under section 238 F of the Criminal Code with impeding pedestrians a local man paid $5.00 and costs in local police court.

SHOPLIFTING

Convicted of shoplifting under section 38 of the Criminal code, a local man paid a fine of $5.00 in preference to spending 30 days at Oakalla .

THE CAPITOL

"The Office Wife" featuring Lewis Stone and a strong supporting cast, is next week's picture at the Capitol. It is a fascinating drama of modern social life.

In view of the fact that the circus is coming to town next week, the showings will be on Monday, Tuesday and Wednesday in place of Thursday, Friday and Saurday as usual.

This week-end's picture brings John Boles in "Seed."

Attention is drawn to the fact that the Ladies' Hospital Auxiliary have altered the date of their tea from Thurs day May 12 to Saturday May 14.

ONLY A GOOD DUCKING—BUT

Plunged into the icy waters of the Tulameen river at the mouth of Champ ion creek when a suspension cable broke from its moorings, five workmen of the Champion Creek PlacerCo. had a very narrow escape from a much more serious fate than a good ducking Wednesday.

The men were crossing the river in a bucket when they suddenly found themselves swung violently earthwards. One of the fastenings had torn loose.

The bewildered men struck out for terra firma and but for slight injuries are none the worse for their experience.

It was fortunate, however, that the river was at high water, for their icy immersion was all that saved hem from being smashed against the rocks at the end of their uncermonious drop of thirty feet.

The company is employing fifteen men.

Departmental Stores Stage Big Sale

Princeton Departmental Stores are busy preparing for the greatest sale event ever held in their history.

David Price, stock adjuster, Vancouver, has been instructed to liquidate the entire stock. The people of Princeton and district are now offered an opportunity to save real money on quality merchandise for every member of the family. And we mean it.

We wish to draw your attention to our double-page ad.,which only tells part of the story. A visit and examination will convince even the most skeptical of customers. Be here early on Saturday.

—David Price.
(In charge.)

Advertising is the sap of business.

PRINCETON TO HAVE BANQUET

Princeton will be the venue of the 1932 annual banquet of the Associated Boards of trade of the Similkameen. It will be held Friday, June 10.

This announcement was made by President W. A. Wagenhauser of the Council, after he and Mr. Geo. Murray of Blakeburn had unsuccessfully waited on the ladies of the Keremeos Women's Institute, as delegated by last week's meeting of the council in Princeton.

The ladies of Keremeos felt that they were entitled to a rest after catering for the last two years.

An innovation will be provided in that for the first time ladies will be present.

A strong committee headed by Mr. P. W. Gregory, president of the Princeton board, and Mr Geo. Murray, president of the Coalmont board already have arrangements well in hand.

E. A. Morrissy, secretary of the Keremeos board is in charge of the arrangements for bringing the American delegation, and that from the Canadian side of the lower Similkameen.

EXPECT MANY VISITORS

A large number of visitors from Washington are expected. Ties of international goodwill were cemented by exchange visits last year, and a big increase is anticipated over the large attendance from U. S. points at last year's gathering at Keremeos.

A number of prominent outsiders have also been invited, and many have already indiciated their intentions to be present.

The banquet will be the fourth annual of the Associated, and will be preceded by the annual meeting of the council.

Perley Goes Modern

Tempus does fugit! We are reliably informed that Perley Russell, pricked by conscience or precept has installed a pilot light. If a yeg finds anything, he's a better man than Perley. Some one will be telling us next that Perley has turned Grit, or is voting for incorporation, but we give due notice we won't believe it.

TWO STUDENTS WIN DEGREES

The Similkameen will have no small interest in to-day's convocation exercises in the University of British Columbia auditorium at Point Grey, as two local students will be receiving degrees. They are Miss Jessie Ewart of Princeton and Miss Helen Mc Eachern of Coalmont, both of whom have successfully completed the four year course in Arts., and who gained second class ranking in the final examinations, results of which have just been announced. Miss Ewart is the daughter of Mr and Mrs. W. B. Ewart of Princeton, and Miss McEachern of Mr. and Mrs. Gilbert McEachern of Coalmont.

Among the other successful candidates from the Similkameen is Cameron Hooper, who despite many handicaps negotiated the first year arts course with second class ranking. Ralph Thomas and Will Lucas, former local teachers, were also successful, each making second class grading in third year arts.

Mr. Murray Did Not Talk To Mr McKay

Some one was evidently in error with regard to the statement in last week's Star which quoted a remark made at the previous Monday's meeting of the Associated Trades Council.

District Roads Engineer G. C. Mc Kay of Penticton was reported to have answered a Coalmont request for attention to the roads of that section by saying that this area (which was transferred to Yale by the redistribution bill) is no longer in his territory. The article referred to Mr. George Murray president of the Coalmont Blakeburn board, as having been thus advised by Mr. McKay.

Mr. Murray points out that while he related this incident, he was quoting another man, and that at no time has he been in conversation.

From Mr. McKay the article calls forth emphatic denial. He states that he personally has never made any such remark, and that he has checked up in his office and can not find any of the staff who did.

Mr. McKay states that as far as he is concerned, there is absolutely no change in his district as yet, and that he is responsible for the roads in the Coalmont section.

Essondale Coal Contract

The Essondale coal contract, largest of provincial coal orders, has been awarded to the Tulameen Collieries, assuring employment for a large number of local men which had been despaired of.

This good news was received shortly before noon to-day by Mr. John Bennett, superintendent of the Collieries. It had been announced last week that not one of the several contracts which were gained by this company last year had been renewed.

Mr. Bennett states that other smaller contracts may come in addition, but that the Essondale award is the big item as far as the local mine is concerned.

Convocation Speaker

HON. H. H. STEVENS

TWO SIMILKAMEEN students will have an especial interest in what Hon. H. H. Stevens will have to say as one of the guest speakers at the annual convocation of the University of British Columbia. Mr. Stevens will receive an honorary degree.

CRITICISM AT WATER MEETING

Interest in last year's expenditures, when $70, 000 was spent on improvements and repairs to the irrigation system was shown at the annual meeting of the Keremeos water users, held April 14.

The meeting requested that a more detailed statement of the disbursements be prepared and submitted.

Some of the purchases were examined and criticized. An item for 20 new cement water boxes was considered too high. A section of the Water Act was read, to show that it was not forbidden for a trustee to work for the system. Remuneration of $25.00 per annum for trustees was allowed, on a ballot.

A motion was presented calling for the resignation of last year's trustees, but the point was ruled out of order

Election of trustees to fill vacancies on the board resulted in Mr. J. W. Armstrong topping the poll with 51 votes, and Mr. J. Clarke receiving the other seat, with 38.

The secretary, Mr. J. W. Lewis, was called on to present a budget for the coming year.

The sum of one thousand dollars was advanced by the provincial government, to provide until the District's own revenues were forthcoming.

ADVOCATES HEAD GATE

Mr. Penfield, the district irrigationalist, had advocated that a new head gate be constructed on Keremeos Creek

(Continued on Page 2)

DELAY ACTION ON GAME ASSN.

Though the public of Princeton and district is apparently not overly enthusiastic abou the protection of the fish and game resources, those who are advocating the formation of a Rod and Gun club will not despair until the matter has been given a thorough trial.

Only one citizen outside the regular membership was in attendance at the lats meeting of the Princeton Board of Trade, which was set aside for the discussion of this subject, but nevertheless the question was given a thorough airing. Good will undoubtedly resul.

Cotnsideration of the question of forming an association was left until the next meeting of the board, which will be held Monday, May 9. Meanwhile it is hoped to awaken public interest to the point where there will be a sufficiently large attendance to warrant going ahead at this meeting.

Lists have been provided at Burr's Garage and H. B. Meausette's plumbing shop where all interested may put down their names.

NEED LOCAL WARDEN

That the district was suffering for lack of such an organization was the view taken by many at the last meeting. Various exampes of extravagances of unsportsmanlike hunters were cited, and facilities which are lacking were discussed.

Especially, it was held, does the district need a game warden, who would spend his full time in this community. At present but scant supervision is possible, as game Warden Jobin of Merritt has so arge an area to cover that he can only spend a very small part of his time here.

WOULD PROTECT FISH.

Improvement of fishing in local waters was also discussed at length, it being ponietd out that there is no real reason why local lakes and streams should not provide excellent sport. It is useless, however, to simply put very young fry in the lakes, where they are prey to the larger destructive fish. It was suggested that he fry should be kept in a tank or other place until they are large enough to look after themselves. An excellent natural nursery is available near the Hardwick ranch, and another on the Freeman ranch.

Various other angles of the puestion were discussed, and the value of fish and game resources to the community, both for its own citizens and as an attraction to tourists was sressed.

Mr. Meausette outlined previous efforts to form a Rod and Gun Club. It had started out well, he said, but lanuished for lack of interest.

An association of this kind was, in the opinion of the meeting, a real asset and a vital necessity to the community. It's recommendations would carry considerable weight. It was essential, however, that it be well suppored, and it was decded to defer action in hopes that the next meeting would be more representative.

Lnder Fire

SIR HENRY W. THORNTON, K.B.E.
President and Chairman of the Board of Directors, Canadian National Railways

THE ECONOMIC depression has its worries for Sir Henry Thornton, who, generally regarded as something of a business wizard for his accomplishments in the interests of the Canadian National Railway, is now obliged to give an accounting.

G. P MYREN DIED TODAY

G. P. Myron, one of the best known of the early settlers of the Tulameen end of the valley, passed away early this morning at the Royal Inland hospital in Kamloops.

Associated with the late F. P. Cook Mr. Myron played an important part in the early development of Coalmont and the Otter valley. He was some years ago conected with a sawmill, and was interested at various times in several industries.

He held considerable property, and was living on his ranch in Otter Valley.

He had not enjoyed robust health for some years.

Full particulars are not available at this time.

SEES SOVIET AS FAILURE

Former Local Man Speaks Mind After Term In Russia

Back from Soviet Russia where he has completed a two year contract with the Soviet government, supervising the opening af a copper mine in Uralmedstroy, J. A. McLaughlin, former superindendent of the Copper Mountain mine gives some very interesting impresions from actual observation of the Soviet system in that country, and its application to industry and social welfare.

Mr. McLaughlin does not present a very strong recommendation for the Soviet plan. Writing to W. A. Wagenhauser he admits that he and Mrs. McLaughlin are very glad to be out of that country. While the Russians treated them with every courtesy, and fulfilled every clause of their contract to the letter, the privation of Russia under the Soviet makes a return to Occidental civilization amatter to be thankful for.

WILL NOT WORK.

Interviewed in Paris by the New York Herald, Mr. McLaughlin told that newspaper that the Soviet five year plan seemed doomed to failure, because it was exacting a greater sacrifice from the individual than human nature can stand.

Until the Soviets change their system and work toward the main principles of capitalism, the five-year plan will prove a failure, Mr. McLaughlin is quoted by the Herald as having said.

While he admitted that the Russians had accomplished much in the first years of the industrial plan, he found that the indivdual was crackngha he the strain, and was proving dissatisfied with the fruits of 17 years of privation.

Individual initiative has been killed and this must be revied and rewarded as it is under the capitalistic system. The human animal has not reached the state where he will kill himself for an ideal, and Russia is an excellent example of this.

The Soviets may adjust themselves, but they are a long way from it now. Though not starving as some people believe, the average workman is cracking under the deadly monotony of daily poor food, which arrives in uncertain quantities, as well as the overcrowded and unhealthy living conditions.

Mr. McLaughlin summed up his impressions of the Soviets in the three words of Ralph Budd, president of the Great Northern Railway, who declared they were "inefficient, underfed and unhappy." He had the greatest admiration of the individual, but has no desire to return to Russia, although admitting that the Soviet government carried out his contract to the letter and always treated him with the utmost courtesy and respect.

At the mines Mr. McLaughlin often had women and boys of 15 among his workers. Once he asked a workman who was resting by the shaft why he was not at his post. "Oh, I have done all I can on cabbage soup to-day" was the response.

Most of the American engineers are leaving now, Mr. McLaughlin said. Those Americans whoo have married Russian girls, however, are having a terrible time to get them out, as the Soviets absolutely refuse to let their people travel except on diplomatic and propaganda missions.

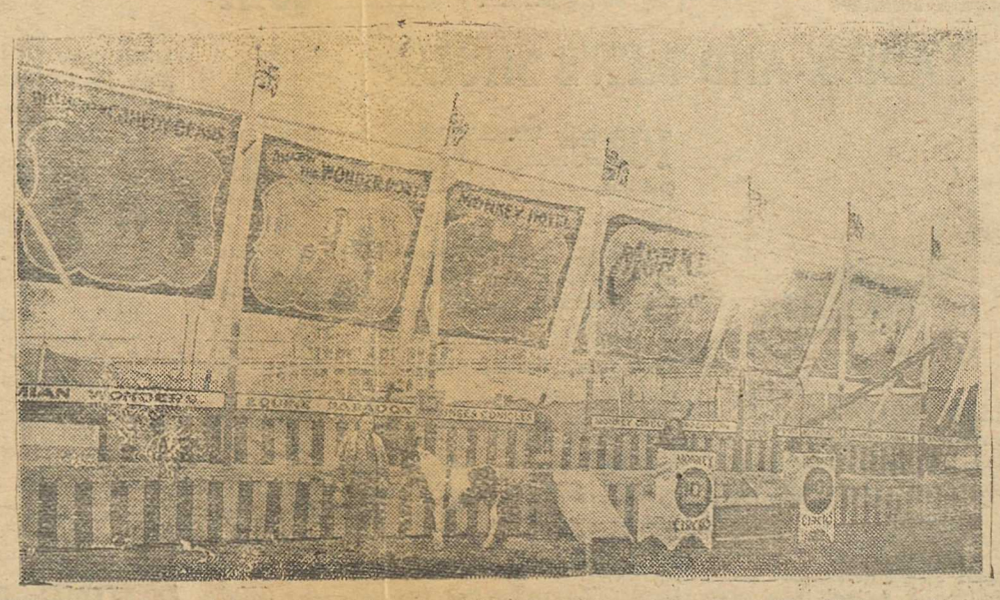
GLAD TO BE AWAY

"I cannot tell you how glad we are to be out of Russia Mr. McLaughlin writes in his letter. Conditions there are very bad, and I can see no prospect of improvement; certainly there is no improvement since we went to that country.

Now that I am out of the country I feel that I can speak my mind. I can not see how communism is going to work. The condition of the working classes there is worse than in any other place I have ever been and they would like nothing better than to move out if they were allowed to do so, and I believe that this is true of at least 90% of the people. As soon as you leave Russia and get to the Polish border you notice the difference. We had our first oranges in two years at Stolpce, and we also had a wonderful variety of foods to choose from, and took full advanage of this privelege."

Mr. and Mrs. McLaughlin expected to arrive in New Yark on April 19. They have visited Berlin, Paris and London en route. They will spend some time at their home in Quebec before coming to Princeton. "We are beginning to get a bit homesick for B.C" they write. "In fact we have been slightly that way for over two years.

Circus With Monkeys, 'n Clowns 'n Everythin' Coming To Town Soon



KNOWN the world over of the greatest monkey show of them all, George Weeks' "Monkey Circus" is one of the feature attractions of the Conklin All Canadian Shows which open at Princeton Thursday, in the course of their present nation-wide tour.

The genial "Pattie" Conklin, "mayor" of the tented city, states that his agents were unusually successful this year in their bookings. The world's entertainment circles were combed for the best material, and the result is a wonder aggregation of variety, magnificence, originality and sensationalism.

The ten astounding side shows include the big Monkey Autodrome, with fourteen ring-tailed racers; Bert York's "Palace of Illusions, five shows in one, including "Sawing a Woman in Two"; Al Salvail's "World Museum of Freaks" featuring the marvellous "White Mahatma" to whom past, present and future are as an open book; Prof. Torp's famous English Flea Circus; the magnificant War Relics exhibition; Signal's noted European Mystery Show; and Will Wright's world-renowned "Death on the Guillotine."

Six of the latest and finest rides provide joyous thrills for kids of all ages: the merry-go-round, the Ferris wheel, the tilt-a-whirl, the caterpillar, the Merry-Mix-Up, and that latest word in thrillers the Lindy Loop (the only one in Canada.

Saturday, May 14, will be Children's Day.

(Continued from Page 1)

the present one being no longer servicable. He also suggested a drainage valve for the system.

The sum of $4403.00 is needed for new construction for 1932.. An emergency fund of $500, to take care of any major break was also established. The sum of $400 was requested for the operation of the patrol truck.

1000 ACRES

The district embraces 1000 acres of land, on which the assessment is $7 per acre for grade A, and $5.00 per acre for grade B.

It is the wish of many users to have water available on April 1 instead of May 1 as at present, but no definite decision has been arrived at on this point.

Keremeos Plans To Improve Cemetery

Improvements to the cemetery and the auto park were discussed at the annual meeting of the Keremeos Public Properties Society which was held April 14.

It was decided to raise by subscription money for the cemetery, in order to give it attention that has been needed for some years. A brick chimney will be built in the park for the accomodation of tourists.

A day early in June will be selected for a working bee to clean up the cemetery.

Mr. W. Schmock occupied the chair with Mrs. Lintott as secretary.

COALMONT GETS LIQUOR STORE

Coalmont's liquor store is to be reopened shortly. It was closed early in 1931, the government stating that it was necessary to do so as an economy measure. The order to cease business, however, aroused wide-spread protest, which was not allayed when beer parlor privileges were granted a little later. Numerous approaches have been made to the Attorney-General's department fo ra re-consideration of the question, and finally success has been achieved. Last week Coalmont-Blakeburn-Tulameen Conservative association held a meeting to ballot on the choice for the position of vendor, and as a result of the vote R. V. Shaw of Coalmont will receive the recommendation of that body.

He Missed The Job— No Telephone

◆

Opportunity used to knock. Now it uses the Telephone. This fact has just been brought home to Bill Jones, who has'nt a telephone. Bill has been out of work for some time. The other day an opening developed that he migh have filled, but he couldn't be reached by telephone, so he didn't get the job. It was given to someone who had a telephone.

Wine and Women

☆ ☆ ☆

Liquor and women are the bane of mankind. Look at the Police blotter in this week's paper. It is a sad story of good men gone wrong.
If it were not for liquor there would be no green windows and no corkscrews, and if it were not for women there would be no divorces.
If it were not for these evils we would still be hoeing onions in the garden of Eden, and Perley might write his own ads instead of leaving it to the Printer's Devil.

☆ ☆ ☆

YES, WE HAVE BANANAS.

..: : MINING IN BRITISH COLUMBIA : :..

IN 1930, among the Canadian Provinces, BRITISH COLUMBIA was the leading producer of Silver, Lead and Zinc.

IN THIS PROVINCE 45 per cent of Canada's silver, 97 per cent of the Lead, and 93 per cent of the Zinc were produced.

BRITISH COLUMBIA has produced over $1,260,000,000 worth of mineral products.

Abou 200, 000 squatre miles of unexplored mineral-bearing lands are open for prospecting.

Practically Every Mineral Known To Be Found On The Continent Exists To Some Extent In British Columbia.

A special report on Placer Mining in British Columbia is available, and may be obtained, together with copies of the Annual Reports and Bulletins (one of which contains a SYNOPSIS OF THE MINING LAWS) upon application to.

Princeton Paragraphs

CONTRIBUTIONS TO THIS COLUMN THE STAR IS VERY GRATEFUL FOR

● Mr. Wes Rossiter of Coalmont was a Princeton visitor yesterday afternoon.

—☙—

● Dr. and Mrs. Whitworth of Blakeburn were among the people from that town in Princeton Saturday night.

—☙—

● Dr. J. D. Butler is making one of his periodical visits to the Coalmont end of the valley.

—☙—

● Mr. W. C. McDougall of Olalla was a Princeton visitor on Monday.

—☙—

● Mr. . Q. (Tug) Wilson returned to Princeton at he end of the week after a visit to Calgary. He was accompanied by Mr. Joseph Fontane.

—☙—

● Mr. and Mrs. Geo. Murray of Blakeburn and Mr. and Mrs. W. A. Wagenhauser of Princeton motored to Keremeos on Thursday.

—☙—

● A. L. White is an optimist and he believes in anticipation. See his ad.

—☙—

● It may have been the new Ford, but at any rate Harry Priest was in our town this week.

—☙—

● H. S. Chapman of Mazama was a Princeton visitor on Thursday

—☙—

● Mrs. W. B. Ewart and Miss Jessie Ewart are in Vancouver for the graduation exercises at U. B. C.

—☙—

● Mr. Martin Ravey of Vancouver is spending a few days in Princeton on busines.

—☙—

● Mr. F. DeMuth has returned from Vancouver, where he has been seriously ill for some time. He is reported much better.

—☙—

● Local pedestrias stopped this afternoon to gaze at a stalwart stranger with a profusion of unshorn locks.

—☙—

● Mr. and Mrs. Meher have moved belongings to their new China Creek home.

—☙—

● A. R. Carrington of Merritt was a Princeton visitor on business Tuesday.

—☙—

● D. Mc Callum of Keremeos passed through Princeton on Wednesday.

—☙—

● F. Shunter of Lumby was a business visitor on Friday.

☙

● R. A. Berquist of Oroville spent Friday in Princeton.

☙

● Mr. D. Price of Vancouver arrived in Princeton on Saturday to take charge of the sale at the Department Store.

The Similkameen's abnormal winter finds a parallel in many parts of the Province and the outside world, but the heaviest snowfall reported to date is at Revelstoke, where 207 inches fell during the winter season.. This is said to be a record for the past 25 years at least.

KEREMEOS

BASEBALLERS GIVE DANCE.

The Keremeos baseballers gave a hard times dance last Friday. Everyone wearing good clothes had to pay ten cents extra. The music was donated by the local orchestra. Many visitors from outside points were in attend ance. "A good time" was the general verdict.

* * *

The Ladies' Guild of St. John's Church held a home cooking sale. The girls of the junior Red Cross were in charge of the candy stall. The tidy profit of $58 was realized.

* * *

Among the guests at the Keremeos Hotel this week were Mr. Sam Roper of Wenachee. Mr. D. E. Crawford of New Westminster; G. H. Hunter of Vancouver, I. Mc Taavish of Coalmont, G. N. Gartrell and H. B. Young of Summerland, and V. R. Dobson of Cagary.

* * *

Mrs. A. Kirby accompanied the Coleman family to Oliver, where they spent the day with Mr. and Mrs. Fillingham.

* * *

Dr. Manson will be here on May 9 to hold a baby clinic ,and give a lecture on cereal feeding.

CETON *For Less*

tmental

ORES

PRINCETON, B.C.

BLAKEBURN

Blakeburn got her share of "snow drops" for this spring on Tuesday. They were no the dainty, gentle kind that go with spring poetry, either. For fifteen minutes they pelted from the heavens and were aptly named by some one "baby snowballs." We won't in future be so hasty in our judgment of those who tell stories of hail_stones "as big as hen's eggs".

* * *

Mrs. Wylie of Nanaimo is the guest of her son, Mr. J. Drake.

* * *

Mrs. Nick Popovich, who has been staying in Princeton. where her husband is a patient in hospital, came home for a few days last week, bringing with her little Miss Beryl Lucas.

* * *

BATTER UP

Blakeburn boys got out to their first real ball practice on Sunday. Two teams picked from juniors and seniors played a seven-inning game and they give promise of some good work this season.

Among those showing especially good form were "Bilie" and F. M.

* * *

Miss Audrey Gibson and Miss Louise Vallance have been absent from school with the measles.

* * *

IS THAT NICE?

Then of course there was the Blakeburn gentleman who, having gone to he hospital to have his tonsils removed reads that he has had his appendix taken out. What is the medical—or is it the journalistic profession coming to?

COALMONT

Miss Lucas, sister of Mr. Ed. Lucas, is holidaying here, recuperating her health.

* * *

Mrs. A. Black, accompanied by Mrs. Shaw and Miss Barton, arrived on Monday morning's train. Mrs. Black left here last fall and spent the winter in Victoria.

* * *

ELECTION THRILLS

Voting on the question of who is to be liquor vendor here took place last Wednesday at the Canadian Legion rooms. A packed house greeted the president, Mr. E. J. Rhodes, who in a short masterly speech explained the intent of the meeting. All and sundry were invited to cast their ballots, and there were 90 all told. Marking ballots and counting probably took twenty minues, and the result gave Shaw 81, Rossiter 9.

A SUGGESTION

Now that the government is seeking new ways and means of cutting expenses they may perhaps decide to hold all elections on the same basis as the above, and so sae a whole lot of the taxpayers' time and money, which counts so much these hard times. Total cost of the above election works out about as follows: rent of hall, nil; lights, one only (donated); ballot papers, nil; scrutineers, gave time freely; president's time and ex-officio officers, all for nuffin'. Super grand total, nil desperandum, pencils thrown in.

Danny McLeod has forsaken his rendevous near the river, most likely thinking discretion the better part of valor, and will in future reside at Tulameen, still near the river.

Mrs. Geo. Sills, accompanied by little Miss Sills, arrived home from the Princeton hospital on Saturday.

School Sports Assn. Adopts Constitution

With only minor changes, the committee's recommendations for a constitution for the Similkameen School Sports Association were adopted by a general meeting held at Hedley on Friday evening. The constitution is now in process of printing, and copies will be sent out at an early date.

The executive held a short meeting and gave the necessary commissions for preliminary arrangements. The approved official program is printed alongside

The executive will hold its meeting in the Star office at Princeton on Saturday evening.

Coleman Winner Of Monthly Medal Event

With a gross of 71 Jack Coleman won the season's first monthly medal competition at the Princeton Golf Club's links on Sunday. Mrs. E. Gray won the ladies' medal with a score of 83.

On Sunday the men will get their Spring Competition under way, while the ladies are staging a one club competition.

Sunday's Results

MEN—Winner, J. Coleman, gross 93 handicap 22, net 71; runner-up, J.Coles Jr. Gross 87, handicap 12 net 75.

LADIES—Winner, Mrs. E. Gray. Gross 119, handicap 36, net 83. Runner-up, Mrs. V. G. Field, Gross 118, handicap 28, net 90.

Board Of Trade To Meet On Monday Night

Princeton Board of Trade will meet on Monday night in the office of President P. W. Gregory. The question of forming a rod and gun club will again be discussed, and the public is invited.

A Quick Way

to.... Restore an Estate

ARE you among the thousands who have suffered from the great depression? Have you had to make a hurried survey of your financial position only to find that you are worth less by thousands of dollars than you were? Do you realize that death compels a liquidation of securities at current values?

How can that situation be met?

You can *instantly* restore your estate to a healthy basis by taking out more insurance. The sane way is to insure to the point of safety ... at least.

Over five hundred million dollars of life insurance was taken out in the Sun Life Company last year — much of it by level-headed men who balanced their accounts by this simple method.

SUN LIFE ASSURANCE COMPANY OF CANADA

Head Office: MONTREAL

LEGALS

WATER NOTICE
Diversion and Use

TAKE NOTICE that David Jennings, whose address is 2876 West 5th avenue, Vancouver, B. C., will apply for a licence to take and use fifty second feet of water out of Granite Creek, which flows north-easterly, and drains into the Tulameen river about one mile below the town of Coalmont. The water will be diverted from the stream a a point about seven miles above its mouth on the right hand side, and will be used for mining and power purposes upon leases No. 256 and 257, and applications for the leases shown on plan by Jennings and associates, the power to be used in the region within twenty miles of the point of diversion.

This notice was posted on the ground on the 2nd day of April, 1932. A copy of this notice, and an application pursuant thereto, and o the "Water Act" will be filed in the office of the Water Recorder at Princeton, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights Parliament Buildings, Victoria, B. C., within 30 days of the first appearance of this notice in a local newspaper.

DAVID JENNINGS
Applicant.

The date of the first publication of this notice is April 7, 1932. 22-4

"PROVINCIAL ELECTIONS ACT

Similkameen Electoral District

NOTICE IS HEREBY GIVEN that I shall on Monday, the 16th day of May, 1932, at the hour of 10 o'clock in the forenoon, at the Provincial Government office, Penticton, hold a sitting of the Court of Revision for the purpose of resvising the list of voters for the Similkameen electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration, and for the other purposes set forth in the "Provincial Elections Act".

And further take notice that an adjourned sitting of the said Court will be held at the Court House, Princeton, on Tuesday, the 17th day of May, 1932, at the hour of 10 o'clock in the forenoon.

Dated at Penticton, B. C., this 14th day of April, 1932.

W. R. DEWDNEY
Registrar of Voters,
Similkameen Electoral District.

YOUR MERCHANT—AT YOUR SERVICE

BUSINESS—the grease that lubricates the hub of the Similkameen. One of the most important community cogs addresses you—the business men of Princeton.

What would Princeton be without its business street? What would the business street be without supporting payrolls and industries, and without a loyal public?

Princeton business men realize that what is good for the community is good for them; it is good business to make good buisness—good for the merchant, and good for the consumer.

Conscious of their function in community life, your merchants are anxious to please you; are anxious to co-operate with you, and are anxious for your co-operation.

PRINCETON MERCHANTS— AT YOUR SERVICE
