Tom Daly Presents Conservative Party Platform at Meeting

Tory Candidate For Similkameen Riding Addressed Gathering Here; Meeting Held At Allenby; Party Platform Outlined

On Tuesday night Conservatives met in the Travellers' Hall to welcome their standard bearer, and to review the platform of the party. Following are the main planks in the programme which was discussed:

Two problems which transcend all others confront us today:

1. Winning the War.
2. Post-war employment.

Upon our success in meeting them depends the accomplishment of our will—that out of the travail of this war shall come a better way of life for all our people.

We in British Columbia must co-operate unselfishly with one another and with our fellow Canadians to achieve success. In this, the government of this province must lead the way.

The Conservative party accordingly presents to the people of British Columbia as a solemn pledge and undertaking, its declaration of policies, as follows:

1. To co-operate to the utmost with the Government of Canad and the people of British Columbia in the prosecution of the war.

2. The Conservative party recognizes that upon the termination of the war the most urgent problem with which we will be faced will be the provision of employment for the men now in our armed forces and men and women now employed in work created by our war effort; and will,

(a) Take immediate steps to provide for the carrying out a programme of necessary public works.

(b) Take immediate steps to arrive at an agreement with the Dominion Government in respect of work which can best be provided by the co-operation of the two governments, and in connection therewith to definitely fix the responsibility and contribution by each government.

(c) To set up central voluntary planning boards and regional boards representative of producers, employers and labour, the functions of which shall be to obtain full information and organize private enterprise to provide all employment possible.

(d) To encourage in every way the development of the tourist business.

3. Appoint a non - political highway commission responsible to the Legislature, empowered to plan, construct and maintain highways and charged with the immediate duty of planning and undertaking a comprehensive highway program to provide modern roads in British Columbia as a war and post-war necessity.

4. A reconsideration with the other provinces of the Rowell-Sirois report.

5. To eliminate the present restrictions which hamper and unreasonably interfere with the financing and development of mineral prospects and to put into force an aggressive policy of assisting mineral development.

6. To check the grasping by cabinet ministers of powers which our fathers jealously preserved for the Legislature and the courts.

7. To assist in obtaining for the man on the land a fair return for his labour.

8. To remedy defects and deficiencies in administration of the Natural Products Marketing Act.

9. To encourage industrial activity throughout the province, and to give preference to the products of British Columbia's industries in all government departments, and to give every assistance possible to industry in order that it may expand and develop markets outside this province.

10. To support a cost of living bonus to old age pensioners, the alleviation of the restrictions imposed by the regulations under the Old Age Pensions Act, and a reduction in the age for eligibility for old age pensions to 65 years.

11. To review the administration of mothers' pensions and all similar social services.

12. To make a more equitable redistribution of taxation.

13. To provide that apart from the purely cultural aspect of education for those desiring the same, our educational system should more effectively prepare the youth of our province upon leaving the grade or high schools to take their places in the development of our natural resources and the industries connected therewith.

14. To eliminate the constant change of school textbooks so as to reduce materially their present cost.

15. The University shall be given every encouragement to further its contribution to education and the war effort.

PIONEER OF SIMILKAMEEN PASSES

Mrs. J. A. Graham Here Nearly 30 Years

Came To Valley From Spain 29 Years Ago

In the passing of Mrs. Dolores Mora Graham the Similkameen Valley has lost one who has resided here nearly thirty years. After a long and painful illness which she bore with patience and fortitude, Mrs. Graham pased away in the Princeton General Hospital last Friday.

Funeral services were held from St. Paul's United Church on Monday afternoon, the Rev. J. C. Goodfellow officiating. Hymns sung were "The Lord's my shepherd", and "Abide with me."

Mr. Goodfellow paid a fitting tribute, and the wealth of floral tributes was an evidence of the esteem in which she was held by her many friends.

Pallbearers were Messrs. Perley Russell, Fred Howse, Robert Clare, Thomas Jones, Jack McDonald and Dan McKinnon.

The late Mrs. Graham was born in Velverdee, Spain, on April 2, 1891. She was married to Mr. J. A. Graham in Seville, Spain, on August 10, 1910 They came to Canada the following October. For the past 29 years their home has been in Similkameen.

Mrs. Graham brought with her, and exemplified, all the best traditions of her native land. By her many friends she will long be remembered as a very kindly, genial personality, who inspired loyalty in all who knew her.

Besides her husband, Mr. J. A. Graham, she is survived by two sons and a daughter, Stephen, of Hedley; Howard, of Nickel Plate; and Juanita, of Princeton; also by two sisters and one brother in Spain, and one brother, Luis Mora, in Princeton.

War Savings Stamps In New Dress

Eight new War Savings stamps have been designed that feature the armed services and war weapons. As the savings of the Canadian people have enabled the Dominion to go full speed ahead in every department of warfare, these new stamps reflect Canada's war effort. Pictures illustrate the work of the Navy on duty in coastal defence and on the high seas; the Airforce; the Mechanized Army; the first Canadian made tank, Artillery, Coastal defence and anti-aircraft guns, and the Auxiliary Nursing service. It is anticipated that large numbers of citizens will be buying the new stamps not only for War Savings Certificates, but for stamp collections. They are available at each of Canada's 13,000 odd post offices and approximately 12,000 other outlets for War Savings Stamps.

BIRTHS

LUCAS: To Mr. and Mrs. W. E. Lucas, of Princeton, a son, on September 22, in the Princeton General Hospital.

* * *

BERNARD: To Mr. and Mrs. C. H. Bernard, of Princeton, a daughter, on September 11, at Vancouver General Hospital.

Letter of Thanks Received From Lord Mayor of London

The following letter has been received by Mrs. C. R. Mattice from the Lord Mayor of London It expresses gratitude to Princeton ladies who assisted the National Air Raid Distress Fund by sponsoring Galloping Teas last Spring.

The Mansion House,
31st. July, 1941

Mrs. C. R. Mattice.
Princeton, B.C.

DEAR MADAM:-

The Kelowna and District War Activities Committee have remitted to me a draft for £12 12. 7d., received from you as a contribution to my National Air Rair Distress Fund.

I understand from their letter that this sum represents the proceeds of teas put on by the ladies of Princeton, and I should like to say how much I appreciate this gift and the kindness and sympathy on the part of the Princeton ladies which must have prompted them to make this effort, in order to raise this money to help me in my work on the Fund.

Will you please accept yourself, and convey to all the ladies, associated with you in this gift, my sincere thanks.

Yours truly,
GEO. WILKINSON,
Lord Mayor.

Brewery Blast Rocks Town

Last Friday afternoon a violent blast rocked the town, and did considerable damage. Dynamite was used in excavating the sandstone hill behind the brewery, to which large additions are being made. Nine or ten cases of dynamite were used at a single bast.

It is always hard to predict just how dynamite will act, and this time it acted rather violently. Masses of sandstone were thrown great distances, some houses across Vermillion Avenuebeing hit.

The greatest damage, however, was to the brewery itself. The south end, where the bottling process is carried on, was severely damaged, and much of the machinery was rendered useless for the time being. Fortunately, no one was hurt, although there must have been some narrow escapes.

Mr. Fitzgerald thinks that none of the machinery is damaged beyond repair, and is glad that the results of the blast were no more serious than they proved to be.

150 Tins of Jam Sent To Old Country

J. Horrocks, President of the local Branch of the Canadian Legion, reports that 150 tins of jam — strawberry, gooseberry, blackberry, etc.—have been collected and turned over to the Red Cross for shipment to the Old Country.

There is a shortage of jam in Britain, and the present consignment will be a welcome addition for distribution.

Aug. 5th., 1941

Elks' "Smoke" Fund
Princeton, B.C.

DEAR SIRS:

I received the 300 cigarettes that you sent me in May, the other day, and I want to thank you very much for them.

We hope to be able to do something a little more tangible soon in the way of bringing this war to a successful conclusion. It seems almost certain that Germany is tied up in Russia, that Britain will begin to make large scale raids shortly on every occupied country.

Thanking you again,
Yours sincerely,
JOHN PINSON

NOTE—John Pinson is a personal friend of Mr. and Mrs. A. G. Simpson and Jock Watson

Hospital Auxiliary Whist Drive Held Monday Night

The ladies of the Hospital Auxiliary arranged a whist drive in the Elks' Hall last Monday. Forty people sat around the ten tables and had an enjoyable evening. Refreshments followed.

There were four prizes, two Firsts, and two consolation. The ladies' first was won by Mrs. Gellatly, and the gent's first by George Schisler. Consolation prizes were awarded to Mrs. D. Muir and C. Hooper.

ALUMINUM DRIVE 'GOES OVER TOP'

Local Red Cross Branch To Ship Over 150 lbs.; School Boys Help

600 lbs. of Jam To Be Shipped To British Isles This Week

P. W. Gregory, President of the local branch of the Canadian Red Cross, reports that this week 600 lbs of jam are being shipped to the bombed-out victims of Britain.

In addition to this there will be a large quantity of aluminum for Canada's war effort. Mr. Gregory tells that a number of local school boys last Tuesday used up much of their energy in flattening out aluminum pots and pans, so that the shipment would be less bulkly.

From Princeton the aluminum collected goes direct to Vancouver. About 150 lbs have been turned in by Princeton School. Coalmont and Allenby have also made contributions. Before shipment can be made all the non - aluminum parts must be separated.

During the past week ladies of the local Red Cross branch have superintended the collections at the Britton store.

☆

Biggest "Smoke" In Town Helps Elks' Cigarette Fund

The biggest 'smoke' in town is to be seen in Jimmy Corrie's store. It is a cork-tipped cigarette, which stands over six feet. Near the top, facing all who look in amazement, is a small slit, through which 'chicken feed' can be inserted as contributions to the Elks' "Smoke" Fund.

Perhaps no other fund in our district started in so humble a way; certainly no other has won more popular approval. Those at home who enjoy a smoke, or who enjoy seeing others enjoy a smoke, are not forgetting our Valley boys in the Old Land where smokes are scarce.

Continue to help the good work along. The boys overseas send "Thank you." They appreciate it.

PUTTING BACK THE CLOCK

* * *

Next Saturday at midnight standard time will be resumed. We can only hope that the time "gained" has served the useful end for which it was designed. If we were convinced of this we would think less of the inconvenience and worry that the time saving machine has caused. The best that can be said for it is that it was an experiment. The mere fact that so many people were willing to try, and endure, the experiment indicates a commendable measure of loyal co-operation, but they will be in no mood to make the experiment again. The truth is that Daylight Saving Time, on a provincial scale, has not proved satisfactory. The general feeling is that the experiment should have been initiated at Ottawa, and that it should have been on a national scale, or left alone altogether.

It may be that there are other means by which the desired end could have been realized. If Governments can insist that all citizens change their clocks, surely they can insist that all employees start work an hour early by standard time. Employers of labour would be wiling to co-operate. This would obviate the complications that necessarily arise when transportation systems run on standard time, and others operate on daylight saving time. There should not be two standards at one and the same time. We cannot successfully have time half standard and half daylight. It must be all or nothing.

Those responsible for the experiment have learned their lesson. It is not a local or a provincial matter. It must be decided by the Dominion Government. When the time comes that the question is reopened for consideration the Dominion Government would do well to consider the alternative of insisting that work commence an hour earlier by standard time.

Nation's Health Essential In Victory Over Nazi Germany

"The health of Canada's manhood is such an important factor in our war effort, it may be the determning factor whether we win or lose," declared Dr. James J. McCann, of Ottawa, chairman of the Parliamentary Health Committee, speaking recently to an audience of women in Toronto.

To win, Dr. McCann declared we must be strong, morally, mentally and physically. "It is not enough to have the will to win nor to be financially strong or to have all the instruments of war, unless we have men and women in good health to work on the home front."

Why were 12,000 men who offered their services to their country rejected because they were physically unfit, Dr. McCann asked. "Probably with old heart or kidney lesions, the result of diphteria or scarlet fever or measles, or ocular defects or stomach ulcers that either were preventable or could have been cured had early treatment been available."

Dr. McCann urged that every Canadian soldier be immediately toxoided against diphtheria. He also advocated a serological test for syphlis, both on entering the ranks and on discharge.

As for industrial workers on the home front, he urged that their hours of work be not too long, their working conditions should be good, and their nutrition up to standard.

Canada has 50,000 idle workers on the industrial front every day of the year through sickness, he went on.

Instead of 50,000 health workers in Canada there ought to be half a million of them, Dr. McCann declared.

In conclusion Dr. McCann advocated a national health crusade, subsidizing of full - time health services, medical care of the under - privilged, federal grants to aid provinces, and larger grants to voluntary bodies engaged in health work.

What Systematic War Savings Will Do—

$5 may bring down a German plane for it will buy one round of 40 mm. anti-aircraft shells.

$5 will stop a Hun with five machine gun bursts.

$5 will let a soldier fight for you with 100 rounds of rifle amunition.

$10 will stop a tank with one round of 18 or 25 pounder shells

$20 buys a cannonade of four 3.7 inch anti-aircraft shells.

$20 buys two complete rounds of 4.5 inch howitzer shells.

$50 buys enough fuses to explode 20 shells or three complete rounds of 6 inch howitzer shells.

$75 will buy a depth charge to drop on a German U-Boat.

$75 wil provide a 500 lb bomb to drop over Berlin or Berchtesgarden.

$100 buys three 9.2 inch howitzer shells or 2,000 rounds of Service Arms Ammunition.

PRACTICAL HOUSEHOLD HINTS

Flies

Flies may be kept from lighting on hard painted walls and picture frames by rubbing these surfaces with laurel oil.

* * *

To Remove Corn Silk

The silk can be removed from ears of corn more quickly and easily with a vegetable brush or a whisk broom, than by hand

* * *

Baby's Body

The best thing to use in applying talcum powder to the baby's body is a soft camel's-hair brush.

* * *

Tomato Skins

Prick holes in the bottom of a tomato with a large fork and hold it over the fire. This causes the skin to crack and it can be peeled without waiting for water to boil and sometimes soaking the tomato to a soft mass.

* * *

The Handy Towel

Fasten together two homemade iron holders with a yard tape and throw around the neck. It will save both time and steps in looking for a towel when handling hot dishes.

A War Savings Stamp a day keeps the Gestapo away.

Running Water is an Everyday Necessity

in Kitchen, Laundry, Bathroom and Barns

A DURO Pressure Water System will furnish an ample supply of water under pressure to all parts of your home and farm. Without running water, sanitary conveniences and modern facilities, so essential to health and happiness, are not available to your family.

The cost of EMCO Bathroom, Kitchen and Laundry fixtures and fittings is very reasonable and can be spread over a period of time under our Easy Payment Plan.

EMCO products are modernly finished, of high quality, and will give years of satisfactory service.

A THREE-PIECE EMCO BATHROOM—Tub on Legs, Toilet and Wall Lavatory with all Trimmings can be purchased for as little as..... $89.00
(Soil and iron pipe and fittings extra)

THE DURO SPECIAL PUMP, shown above, has a capacity of 250 gals. per hour. With 25 Imp. gal. Galvanized Tank and 25 or 60 cycle Motor, it costs only..... $104.00
(All prices F.O.B. Vancouver)

LAST CALL SEPT. 30

TO PAY YOUR 1941

Income Tax

on the Government Monthly Plan

You must start at once!

NEXT TUESDAY will be the last opportunity to pay your 1941 Income Tax on the Government Monthly Plan. This gives you the privilege of paying in 12 monthly installments without interest, instead of by lump sum in March, 1942.

Here is how to get the monthly payment privilege! Divide the total of your **1940 Income Tax** by twelve. This is your first payment—and must be paid to the Receiver General on or before September 30, 1941. You will then pay the same amount before the end of each month for the balance of 1941. When you have estimated **your 1941 income tax** at the 1941 rate you will deduct the four payments you will have already made, and pay the remainder in eight equal monthly installments, starting January, 1942.

The Government offers the above plan as the most reasonable and convenient method of meeting income tax obligations. Ask your local Income Tax Office for Installment Income Tax Remittance Form—and any further information you may require.

No Diptheria In Vancouver Last Year

VICTORIA, B.C.—Last year, for the first time in its history, Vancouver was without a case of diptheria, and it was the second consecutive year without a death from this disease.

Had it not been for the willingness of the Provincial Government to match the Rockefeller Foundation's contribution between 1936 and 1941, the inauguration of the Metropolitan Health Department would not have been possible.

Here is another example of the far-sightedness of Minister of Health, George M. Weir.

Letters to the Editor

Penticton, B.C.
Sept. 22, 1941.

The Editor,
The Similkameen Star,
Princeton, B.C.
DEAR SIR:-

I enclose herewith copy of a letter addressed to Mr. Bernard Webber, C. C. F. candidate for the Similkameen. This letter is a reply to a recent letter of challenge sent from Mr. Webber to Mr. Daly.

I understand a copy of Mr. Webber's letter was sent to your newspaper where it was published in the 'Letters to the Editor' column. I would appreciate it if you would be good enough to publish Mr. Daly's reply.

Yours faithfully,
P. D. O'BRIEN,
Agent for Tom Daly, Conservative Candidate for Similkameen.

* * *

Mr. Daly's letter to Mr. Webber reads as fololws:

Sept. 20, 1941

Mr. Bernard Webber,
C.C.F. Candidate for the Similkameen,
Osoyoos, B.C.
DEAR MR. WEBBER:-

On returning to Penticton after several days absence, I hasten to reply to your recent letter challenging me to a debate.

I would be very happy to debate any question of public interest with you at any time, but frankly feel that it would take, not only one night but perhaps several to arrive at an intelligent basis of argument.

For instance, your proposed resolution for debate refers to the C.C.F. programme. I have heard many and varied proposals made during the last few years by persons supporting the C.C.F. party and so I do not know exactly what is the C.C.F. programme that you are proposing to debate.

I would ask you, therefore, to be good enough to forward me a resume of your views and an outline of the legislation that the C.C.F. Party proposes to introduce if they are elected to office.

Yours sincerely,
TOM DALY

RED CROSS News Notes

Victoria Red Cross Sends "Bombed-Out" Kits

Rest-Centre workers in Britain, who have received "Bombed-Out" kits sent by the Victoria Red Cross branch, are deeply touched at the thoughtfulness of those who assembled them. There were tears in the eyes of one helper when she opened her kit.

In the cardboard boxes are gauze for bandages, scissors, a pin and needle case, darning wool and mending thread, elastic, thimble, black and white cotton thread, tooth-brush and paste, soap, cold cream, hairpins and grips, comb, nail file, handkerchief, packet of face powder and small puff, pencil, a picture postcard, and in most a booklet containing one of the Gospels.

Also in each kit is a new kind of first-aid antidote for shock. Further thoughtfulness is revealed in labeling the boxes: "For a Girl", which contains a lipstick and "For a Boy" which has a razor in it.

Canadian Red Cross Gives Many Ambulances to Britain

The Canadian Red Cross Society has turned over almost 200 ambulances to the British Red Cross Society and to the Canadian Medical Services. The British Red Cross states that these ambulances fulfill every requirement.

LOCALS

Norman E. Taylor, son of Mr. and Mrs. James Taylor, left on Monday morning for Vancouver where he will resume his studies at U.B.C.

☆ ☆ ☆

Rev. and Mrs. J. Wesley Miller, of Keremeos, and Mrs. Oscar Ring, attended the sessions of the Kamloops - Okanagan Presbytery of United Church at Kelowna, beginning on Tuesday September 16th. The Rev. J. A. Petrie prepared the Presbytery minute with regard to the passing of the late Judge J.D. Swanson; also a resolution anent the passing of the late Mrs. Stanton, who is kindly remembered by the people of Hedley and Keremeos.

Mrs. W. S. Garrison has returned from Kelowna, where she was visiting her daughter.

☆ ☆ ☆

Many parties of local hunters were out last weekend, and several good bags were reported.

☆ ☆ ☆

Mr. and Mrs. Jack McLaughlin were Princeton visitors this week. Mr. McLaughlin was formerly superintendent at Copper Mountain.

★ ☆ ★

Rev. W. R. Ashford, brother of Rev. H. E. D. Ashford, has been recommended for a chaplaincy, and expects to be appointed at an early date. Mr. Ashford has had a successful ministry at West Summerland.

Fine Display of Northern Lights Last Thursday

Citizens of Similkameen were treated to a particularly fine display of Northern Lights last Thursday night. They seemed to orginate at a point directly overhead, and spread fanwise from east to west, covering the whole of the northern heavens.

The aurora borealis, as the lights are called, is often observed in high latitudes, appearing as a great curtain of light, changing rapidly in color and intensity. In Similkameen, however, the phenomenon is only of occasional occurrence.

The aurora australis, or Southern Lights, is less frequently observed simply because the southern hemisphere is farther distant from the south pole than the northern one is from the north pole.

Dept. of Health Official Here On Inspection Trip

R. Bowering of the Provincial Health Dept., was in Princeton last week. He remained in the district during Friday and Saturday. Mr. Bowering examined the water supply both at the river and at the tank, taking specimens of water to be submitted to bacteriological tests.

Specimens of well water were also taken from many parts of town. He was rather surprised at the number of wells in the district, and discused the water situation with a number of citizens. Needless to say, he did not express any personal opinions, but he learned enough to make an adequate report to his superiors.

Doomed Plane Over Princeton Sunday

Two Avro - Anson bomber planes flew over Princeton soon after noon last Sunday. They were flying high and headed west. Soon after passing Princeton they picked up ice. One of the planes returned. The other was unreported for some time and search planes were sent out.

The missing plane was locaton a mountain side about ten miles west of Yale. Search parties afoot from Hope and Yale discovered the wreckage Tuesday and reported that the flyers had not survived.

Sergt. W. J. Thompson, of Chilliwack, formerly of Princeton, was in charge of one of the search parties.

Cards of Thanks

Mr. and Mrs. George and H. Cornish wish to thank the many friends who visited and helped Herbert during his two years in Princeton General Hospital; especially the doctors, matron and nurses.

Mr. and Mrs. E. J. Rotherham wish to thank their many friends who by words or letters of sympathy, or floral tributes, comforted them in their recent sad bereavement.

Mr. Joseph A. Graham & family, and Luis Mora, desire to thank their many friends for their kind sympathy, and floral tributes in their recent bereavement in the passing of Mrs. Graham.

$400 In New Grants For U.B.C. Students

New bursaries totalling $400 will be offered at the University of B.C. for the 1941-42 session.

A scholarship of $200 for a graduate student doing research in reduction metallurgy or physical metallurgy is being offered by the Kelowna Exploration Company. Applications for this award must be in the hands of the registrar by December 10 and the award will be made on the basis of scholarship, research ability, personality and health.

Kelowna Exploration Co. is also offering a $100 prize to the student obtaining the highest marks in the fourth-year course metallurgical engineering, on the recommendation of the department of mining and metallurgy.—Vancouver Province.

"... the Bank Pledge way is so Simple"

1st Woman: "I was just saying to Mr. Brown, the bank manager—how convenient it is buying War Savings Certificates through the Bank Pledge Plan."

2nd Woman: "You mean arranging with your bank to take out a regular amount each month from your account to buy a War Savings Certificate?"

1st Woman: "Yes, by buying them regularly this way it's so easy, and before you know it, you've got a tidy sum saved up."

2nd Woman: "I agree—and you know it's the best way for women like you and me to help win the war."

1st Woman: "Yes—and with children growing up it's a good idea to be putting something aside anyway."

The help of every Canadian is needed for Victory. In these days of war the thoughtless selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.
