Christmas is a time of words

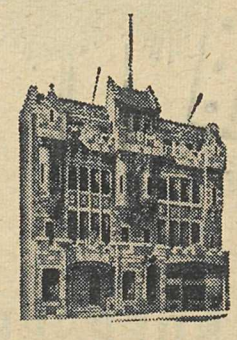
Among other things Christmas is a time of words.

There are words that wish us well, that praise,
that pay compliments and offer thanks for our many blessings.

And there are the words of the young—innocent words,
full of the wonder of the day; and still other words,
spoken over the vast spaces of a continent to waiting loved ones.

And there are words that are oft left unspoken,
words revealed only by a firm handclasp
or a trembling tear; and words too, that remind us
of seasons gone by and of those to come.

And always—as long as time itself—there will be
the familiar words—rich and splendid beyond compare,
words alive forever with warmth and sincerity,
and for which there is no substitute,
words that are the finest of all words at this time . . .
those words which say *Merry Christmas!*



The House of Seagram
