Foreword

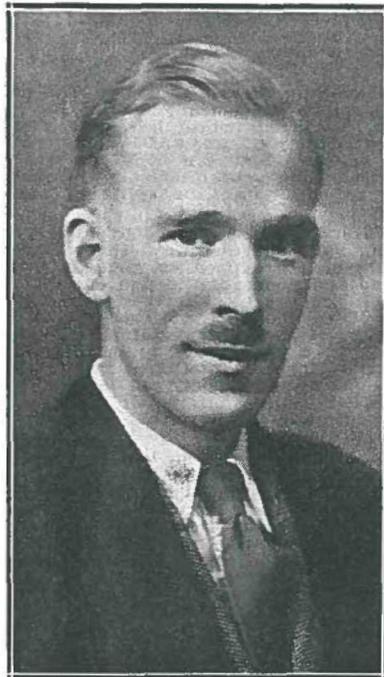

The little Handbook, which is published each fall under the auspices of the Student Publications Board, has long been regarded by those who are connected with the University as an indispensable reference on all matters pertaining to student activities. No other publication gives the student, in such concise and referable form, so much information which will be of value to him in his endeavour to relate himself to student organization and life.

In the main, the present issue of the Handbook does not materially differ from those previously published, though it should be stated, at the same time, that important additions and necessary changes have improved the publication and brought it up to date. In this booklet the President of the Students' Council passes on to the new students something of the accumulated experience of preceding generations of undergraduates, and the Editor gives authentic information on various matters in connection with student activities and government.

As President of the University of British Columbia, I extend to all students, new and old alike, a hearty welcome. There is nothing conventional or perfunctory in this greeting. It is cordial and without reservation, because I have every confidence that the present generation of students will maintain those high standards of scholarships by which so many of their predecessors have increased the prestige of the University at home and commanded the respect of the foremost Universities abroad.

It is my hope that all of you, whether undergraduates or graduates, shall become inspired to train yourselves with enthusiasm, and that, in the process, you may experience the fullest measure of personal and corporate satisfaction.

L. S. KLINCK

R. RUSSELL MUNN
President Alma Mater Society

To the Men and Women of the Class of '33

Kla-How-Yah, Class of '33! The Alma Mater Society welcomes you into its membership. We are glad to have you with us to share in the pleasures and benefits that the A.M.S. has to offer. We hope you will respond in showing your interest by a real endeavor to enter into the spirit of our organization.

This Handbook is designed to guide you in directing your efforts toward the various activities which are open to you. It is your privilege and your duty to find out that field in which you are most interested and to get behind it to the best of your ability. A knowledge of the contents of this book will not only be a benefit to you but it will enable you to take an intelligent interest in all the actions of the Society, an interest which is essential to its welfare. If there is anything you want to know that is not in this book, ask questions.

While you are here you will be treated as men and women and the Alma Mater Society expects you to act as such. We are a young institution but the future that lies before us is bright, the opportunities for its betterment are many. Just what is to be made of these opportunities is dependent upon the incoming class. We expect a big year this year, we expect you to co-operate with us.

We wish you every success this year as Freshmen. Hard work, good sportsmanship and intelligent enthusiasm are the only requirements. We hope that you will begin at once to develop the kind of love for U.B.C. that is a permanent bond of union of our graduates scattered all over the world.

Class of '33, "Tuum Est."

R. RUSSELL MUNN,
Pres. A.M.S.

Kla-How-Yah!

In the Chinook jargon, "kla-how-yah" is the single word of welcome and is, therefore, equivalent to any friendly greeting in English. "Kla-how-yah" was adopted at the University to become the traditional salutation among its students; but, although the word and its purpose have been recognized and accepted by students, the greeting has never generally been employed. It was, however, incorporated two years ago into one of our yells; and efforts were made at the same time to make the use of the word popular among undergraduates. "Kla-how-yah" is too rich in association with the early history of our province, too appropriately ours, in a word, too British Columbian, to be lost to us. Greet fellow-students with "Kla-how-yah;" it takes the place of an introduction.

Historical Sketch

In 1890 the Provincial Legislature passed an Act establishing a body politic and corporate named "The University of British Columbia." No material progress was made, however, until 1894, when an Act was passed which permitted the affiliation of high schools in the Province with recognized Canadian Universities.

In 1899 Vancouver High School was affiliated with McGill University in order to provide first year work in Arts, and took the name of Vancouver College. First Year work in Arts was offered by Victoria High School when it became Victoria College by affiliation with McGill University in 1902. In the same year Vancouver College undertook the Second Year in Arts.

In 1906 an Act was passed incorporating the Royal Institution for the Advancement of Learning of British Columbia, which, in the same year, established at Vancouver the McGill University College of British Columbia. In 1915 the University of British Columbia was opened and the McGill University College of Vancouver and Victoria College which was a part of it, ceased to exist.

Definite steps to establish the University were taken by Dr. H. E. Young, Minister of Education, in 1907, when he introduced a "University Endowment Act." This Act was followed in 1908 by an Act establishing and incorporating the University of British Columbia and repealing the old Act of 1890-91. This Act with its subsequent amendments, determines the present constitution of the University.

A site commission appointed in 1910 recommended the vicinity of Vancouver and in the following year the Point Grey site was granted to the University. The grant now consists of 548 acres at the extremity of

Point Grey. The waters of the Gulf of Georgia form more than half the boundary of the University Campus. A tract of some 3,000 acres of Government land immediately adjoining the site and lying between it and the City of Vancouver, has been set aside by the Government in order that University revenue may be provided by sale or lease.

The first Convocation, held on August 1st, 1912, chose Mr. F. L. Carter-Cotton as first chancellor of the University. In March, 1913, the Lieutenant-Governor-in-Council appointed as President of the University, F. F. Westbrook, M.A., M.D., C.M., L.L.D. On April 4th, 1918, Dr. R. E. McKechnie, the present Chancellor, was elected. On the death of President Westbrook, October 20th, 1918, L. S. Klinck, Dean of the Faculty of Agriculture, was appointed Acting President and on June 1st, 1919, President.

From its opening in 1915 till the summer of 1925, the University carried on its work in temporary quarters on part of the site of the General Hospital in Fairview.

Construction work was commenced on the Science Building at the Point Grey site in 1914, but was interrupted because of war conditions. Work on this building was resumed in 1923 shortly after the great Student Campaign. The Science Building and Library as well as nine other buildings were completed and ready for occupancy in the fall of 1925.

The inauguration of the new buildings was held on October 15th and 16th, 1925, on which occasion honorary degrees were granted by the University for the first time.

Organization of the Student Body

The Students' Council is the governing body, its nine members being elected by the students late in the Spring term. This body meets every Monday night during the term to discuss all motions for student welfare. The Presidents of the Men's and Women's Undergraduate Societies, the Presidents of the Men's and Women's Athletic Societies and the President of the Literary and Scientific Society, represent definite bodies of student opinion. These members bring up matters relative to their own subsidiaries, but are expected to know and discuss matters outside their own spheres.

Each of the subsidiary clubs submits a budget early in the fall to its own governing body, which in turn submits it to the Council through the club president. Budgets are then allotted by Council. In addition to club budgets, special grants may be made at the discretion of the Council.

Each club has its own executive, which is elected by undergraduates interested in the activities of that club.

The Publications Board is a semi-independent body, having no representation on Council, though the editor holds an "A" position.

The Undergraduate Societies

The Undergraduate Societies comprise the Womens' Undergraduate Society, the Mens' Undergraduate Society, and subsidiary class organizations.

Membership in the Womens' Undergraduate Society is conferred automatically on all women students at the University; and membership in the Mens' Undergraduate Society on all men students. The executive of the former society is composed of president, vice-president, secretary-treasurer, president of Nursing, and vice-presidents of the other class organizations. The executive of the latter is composed of president, secretary-treasurer, and presidents of the Arts Men's, the Science, and the Agriculture Undergraduate Societies. The class presidents are members of the Undergraduate Society of the faculty to which they belong, thus the class organizations are connected with the Undergraduate Societies.

The duties of the Undergraduate Societies are mainly social; also, the president of each society is a member of a standing committee on discipline, (see By-Law No. 31 of the Alma Mater Constitution).

The Presidents for this session are:

Women's Undergraduate Society, Elaine Colledge; Men's Undergraduate Society, Douglas Macdonald; Arts Men's Undergraduate Society, Douglas Pollock; Science Undergraduate Society, Jack Macdonald; Agriculture Undergraduate Society, William Roach.

EXCHANGE OF UNDERGRADUATES SCHEME

Through this scheme the National Federation of Canadian University Students hopes to most effectively serve the fundamental purpose for which it was formed. The scheme offers an opportunity to Canadian university students, without extra expense to themselves, to receive a year's study at a university in another part of Canada.

Briefly speaking the Exchange Scheme provides that each university, through its selection committee of a member of faculty and two students, shall nominate, upon application, any number of students not exceeding one per cent. of the enrolment. The only prerequisite is that the student desiring to take advantage of the scheme must have completed at least two years of study and be representative in a general way of the student body.

Through the co-operation of the various university authorities in promoting this national scheme, it is provided that the exchange scholars are exempt from tuition fees, which, except in extreme cases, is more than sufficient compensation for the railway fee involved in effecting the exchange. The Junior Member on Council is our representative on the N.F.C.U.S. and can give full information respecting the Exchange Scheme.

THE HONOR SYSTEM

"The Alma Mater Society depends upon the honor of the individual student for the maintenance of discipline and order on the campus."

Members of the Alma Mater Society shall at all times endeavor to uphold the honor and good name of the student body and the University as a whole. They shall co-operate with the Student and University authorities in the maintenance of order and the protection of buildings, grounds and properties, within the University precincts. This is to include fire regulations prohibiting smoking in the halls of the University buildings.

Athletics

It is the aim of the Men's and Women's Athletic Association to promote clean sport, to provide for all wholesome and interesting activities, and prevent the unhealthy condition resulting from indoor work of the student.

There are coaches for all sports, who give their time voluntarily and who have been star athletes. They respect our ideals and sportsmanship to the fullest. They have been carefully selected with the influence which they have on their athletes in mind; they only ask for your co-operation and support.

The University does not seek only to train star athletes, but to develop young and inexperienced athletes. There are many different sports and teams of all calibre in each sport; the places on teams are given without any favoritism or prejudice; nationality, age, experience, pedigree, bank roll, past records, etc. do not mean a thing; the place is open for the best man. There is an opportunity for everyone who is physically fit, and we are anxious for you to take advantage of this—it is your advantage and ours. To those of you who are not capable of active physical participation, we offer positions managing these teams. This is an excellent stepping-stone to executive work. To every last one of you—get in touch with the person in charge of the sport you are interested in; get out for that sport and stick to it.

Here we allow Freshmen the opportunity to play on any team which he can win a place on. The Freshman classes in the past have placed men on the first teams in every sport; that is the challenge that they leave. Watch the notice boards for the first practice, and get out to it.

Men's Athletics

MEN'S ATHLETIC ASSOCIATION

(James Dunn, President)

Membership in the Men's Athletic Association is automatically conferred on all men students in the Alma Mater Society. The executive of the Association, composed of the presidents of all branches of sport, is responsible for the organization, supervision and administration of athletics for men.

This year they have been recognized as a local board of the Amateur Athletic Union of Canada. Any athlete intending to play on any outside team must obtain written permission from Men's Athletics; if such is not done the athlete is liable for suspension from all amateur athletics.

To encourage a man to stick to the sport he is best suited for, we give our highest athletic award to an athlete who measures up to a certain standard in that sport. However, most of the Big Blocks go to the Major Sports, the small letters to the Minor Sports, and the plain letters to the sub-minor sports. The second team in a major sport has rating of minor sport; while the third team in a major sport and the second team of a minor sport have sub-minor rating.

The sports are classified into four groups, as follows, due to achievement and interest shown:

- (a) Major: Canadian Rugby, English Rugby, Basketball, Track.
- (b) Minor: Swimming, Tennis, Boxing, Rowing, Soccer, Ice Hockey.
- (c) Sub-Minor: Badminton, Grass Hockey, Golf.
- (d) Unclassed: Outdoor Club, Fencing.

A single executive handles the business of the following clubs for both men and women: Swimming, Tennis, Badminton, Fencing, Skating and Outdoors.

GOLF

(Reginald Arkell, President)

The Golf Club was organized in 1926; last year its activities included a match with Victoria College, a Handicap Tournament before Christmas, and the Open Tournament after Christmas. The construction of the new course on the Endowment Lands should greatly strengthen the position of this sport on the Campus.

SWIMMING(Marjorie Kirk, President)
(Ron Wilson, Vice-President)

The Swimming Club is an organization for both men and women. The purpose of the club is to give an opportunity to students interested in this branch of sport either to improve their swimming or to learn how to swim. A tank is engaged for at least four practices a week, and an expert coach is provided. Opportunity is given to practised swimmers to enter into competition throughout the year with local clubs, at Victoria, during the Invasion weekend, and at Banff, during the spring term. The inter-class meet takes place in November, and this year Arts '30 will defend the Allan and Boulton trophy. If sufficient interest is shown a life saving class will be formed.

ROWING

(W. A. Madeley, President)

The Boat Club is now in its seventh season, and is one of the largest athletic clubs in the University. It has no quarters of its own, but arrangements are made with the Vancouver Rowing Club to use their premises. An inter-faculty race will be held in the Christmas term, and races with Brentwood College, Vancouver Rowing Club, and the University of Washington take place in March. The Club's equipment consists of two "eights," generously donated by the University of Washington; but a Trust Fund has been started, and the Club hopes to have more equipment in the near future.

OUTDOORS CLUB

(Ken Dobson, President)

The Outdoors Club will be of interest to those students who enjoy hiking, climbing, skiing, snowshoeing, and the outdoors in general. Week-end trips to the Club cabin on Grouse Mountain constitute the chief activity. Membership is by try-out and election.

SKATING CLUB

(President to be elected)

This Club was formed in 1927, for the benefit of those interested in skating. Membership is open to all. Arrangements are made for skaters to meet one evening a week at the Arena. Men's and Women's teams are entered in the Rotary Ice Carnival in November. A meeting will be held directly the Fall term opens for the election of officers.

ICE HOCKEY

(Will Selder, President)

The Ice Hockey Club enters only one team in the Junior League. This club has the credit of winning the B. C. Senior Amateur title in 1921. With the return of valuable hockey material this year an attempt will be made to put ice hockey on a real footing in the University. The Club visits Victoria on the annual Invasion, and meets a team from Victoria College on the return Invasion.

SOCCER

(Ernest Peden, President)

This year an effort is being made by the officials of the Soccer Club to restore the Club to its previous high position. A strong team will be entered in the Third Division, while the Second team will again play in the Junior Alliance.

All newcomers to Varsity who are interested in Soccer are asked to get in touch with the President, through the letter rack, and thus aid the Club in its upward climb.

TENNIS

(President to be elected)

The U.B.C. Tennis Club forms a very popular activity among many of the undergraduates. Excellent cement courts are available for all members, these being situated on the Campus. Besides the local competition, which has always been keen, attempts will be made to hold intercollegiate matches during the coming season. The annual tournament will be held in the Christmas term.

BADMINTON

(Nicholas Solly, President)
(Margaret Lyle, Vice-President)

The Badminton Club enters teams in the Vancouver and District League; teams are also sent to Victoria during the Invasion, and to other places whenever possible. An Annual Tournament is held in the Spring for the championship of the University. Practices will be held in the Gymnasium.

TRACK CLUB

(Norman Terry, President)

The Track Club is among the four Major sports and has the greatest number of participants of any sport at the University. The programme for the year with tentative dates is as follows:

Fall Term—

1. Varsity vs. Freshmen—Oct. 16.
2. Arts '30 Road Race—Oct. 23.
3. Inter-Class Indoor Meet—Nov. 1.
4. Varsity vs. Y.M.C.A. Indoor Meet—Nov. 15.
5. Victoria Invasion Relays—Jan. 5.

Spring Term—

6. Cross Country Road Race—Feb. 8.
7. Arts '20 Relay—Feb. 24.
8. College of Puget Sound vs. Varsity—March 15.
9. Inter-Class Track Meet—March 22.
10. Dunlop Road Race—March 27.
11. Washington Carnival—May 4.

BASKETBALL

(Ed. Paulson, President)

Four teams are fielded in City leagues by the Basketball Club. Some of these teams also make trips into the Interior, over to the Island, and down to Washington. Regular practices will be held in the Gymnasium.

GRASS HOCKEY

(Shirley Preston, President)

Two teams are entered in the Mainland Grass Hockey League by this Club. Practices are held at Brockton Point under the supervision of able coaches. In addition to the league fixtures, exhibition matches are arranged with Island teams.

FENCING CLUB

(President to be elected)

The Fencing Club is a Men's and Women's Organization open to all interested. It is proposed to have an instructor come out to the Gymnasium for beginners, and for those who desire further lessons. There is a cup for competition within the Club, and, if enough talent is forthcoming, there will be a meet with the University of Washington.

ENGLISH RUGBY

(Douglas McNeill, President)

The major events of the Rugby Club's activities are the McKechnie Cup series, the Miller Cup series and the Intermediate and Freshman series. On entering the McKechnie Cup league the University won the trophy for three consecutive years, lost it in 1926, won it again in 1927, and in 1928 and 1929 lost it again to Vancouver "Rep." The English Rugby Club is very fortunate in securing the services of experienced players as coaches for the Senior, Intermediate and Freshman teams.

Practices will be held as follows:

Seniors and First Intermediates—Wednesday at 3:00 p.m.; Second Intermediates and Frosh—Tuesday and Thursday at 3:00 p.m.

INTER-CLASS ATHLETICS

The Governor's Cup, donated for inter-class athletics, is competed for during the entire year by the various classes. In this way all students able and willing to take part in athletics are enabled to show their ability and help their class in a really tangible way.

The big athletic, intra-mural event of the year has always been the Arts '20 Relay Race. Each Spring every class turns out a team of eight men to compete for the cup.

The Arts '30 Inter-faculty Road Race will be held in the Fall term. This race is run entirely on the campus, and each team consists of eight men.

BOXING CLUB

(Charles Woodbury, President)

This Club has been formed for the purpose of promoting inter-faculty and intercollegiate boxing, and also to coach inexperienced men. Two turnouts a week are held, and two coaches (one for men up to 135 lbs. and the other for those over 175 lbs.) will instruct. A statement of physical fitness must be handed in by each applicant. There will also be a small fee for coaching expenses. As a further stimulus for those wishing a place on the team, meets are arranged in Washington, Victoria and locally. Boxing is regulated and governed by intercollegiate rules; weights range from 112 lbs. to 175 lbs. and over.

BIG BLOCK CLUB

(William Locke, President)

Membership in this Club is confined to all holders, past and present, of U. B. C. Big Block letters. Unity of spirit and effort for the furtherance of Varsity sport is the fundamental principle. Also, it will afford the preparatory schools a tangible access of appeal for help from U. B. C. Athletics. Voluntary steps along this line will be taken by the Club itself. In this way prospective athletes for Varsity teams will be known before they come to the University.

CANADIAN RUGBY CLUB

(W. P. Haggerty, President)

The Canadian Rugby Club, as a major sport in good standing, offers a wealth of opportunity to the athletes of the University. It fields both a Senior and an Intermediate team, the former competing in the Big Four Inter-City League for the Seaforth and Lipton trophies. The University is entering its first year as a member of the Western Canada Inter-Collegiate Rugby Football Union. Morning turnouts take place during the week, with chalk-talks and dinners two nights.

During its two seasons as a major sport, the Senior team has won the Seaforth and Lipton Cups, emblematic of the Big Four and Provincial Championships. A spirit of Inter-Collegiate rivalry was inaugurated by a two-game series with the University of Alberta.

The success of the Club in the past is due to early morning practices, and the coaching efforts of Dr. Burke and Norman Burley.

Publications Board

Three publications are undertaken by the Publications Board: The "Ubysses," The "Totem" and The Handbook.

The "Ubysses," now on a firm financial basis, enters its fifth year as a twice-weekly journal. It appears every Tuesday and Friday noon throughout the session, except in examination weeks.

The "Ubysses" is the University newspaper, dealing with the current events of college life. It is managed entirely by students, and is independent of all other University organizations. A Literary Supplement published twice a year is open to contributions. The Publications Board is affiliated with the Pacific Intercollegiate Press Association, and exchange news from other colleges in Canada and U. S. is featured.

The "Totem" is the University Annual, the traditional publication to the graduating class. A special staff prepares this annual, its editor being a member of the Senior or Junior year of any faculty.

The Handbook—This is it.

(Mills Winram, President)

The Art Club was organized last year with the intention of promoting interest in the different branches of art among the students of the University. Already the club has accomplished a good deal, and great interest has been shown both by the students and the faculty. The work of the club consists of sketching, painting, cartooning, sculpturing, and discussions and lectures on art subjects.

THE MENORAH SOCIETY

(Julius Shore, President)

The Menorah Society has for its object the discussion of current problems, with particular reference to problems of Jewish life and activity. The programme for the year consists of papers, discussions and debates. After being organized for five years, the Society became affiliated with the University two years ago.

THE DEBATING UNION

(Betty Moore, President)

The Debating Union was organized for the purpose of encouraging public speaking among the students. It is open to both men and women, and only members of the Union are chosen as international debaters who represent the University in inter-collegiate debates. From time to time speakers will address the Union on the art of public speaking and other topics.

The Union also holds informal discussions between members, and conducts all major debates. Membership in the club is limited.

THE WOMEN'S LITERARY SOCIETY

(President to be elected)

The Women's Literary Society has for its prime object the fostering of public speaking and debating, and membership is open to all women students. The inter-class debates held annually for the Silver Debating Shield are arranged by this society. During last session a course of lectures on Public Speaking and another on Vocational Guidance were sponsored by the Womens' Literary Society; these lectures were open to the general student body.

THE RADIO CLUB

The Radio Club was re-organized in the spring of 1929 after a period of several years inactivity. Its objects are to promote an interest in radio communication and experimental work, and to extend the knowledge of the principles of radio by individual and collective research. Meetings are held weekly when papers on suitable topics are given and discussed. Any member of the Student body interested in radio work, either from the practical or the theoretical point of view, is eligible for membership in the Club.

MAMOOKS CLUB

(Earl Vance, President)

The Mamooks Club, which is Siwash for "Plenty of Pep and How," was formed at the beginning of the year for the purpose of trying to instil what is commonly known as "College Spirit" into the students of the Varsity.

The executive of the club consists of: (1) President; (2) Vice-President; (3) Treasurer; (4) Yell King; (5) Chief Sign Man; (6) Head of the Greater U.B.C. Committee; and Head of the Tradition Committee.

The Mamooks Club is officially responsible for all advertising; the members will also take charge of arrangements for Initiation and Homecoming.

CHESS CLUB

(John Clayton, President)

The Chess Club was founded in 1926, in response to the interest displayed in this game. Tournaments are held during each term, and matches with other clubs will be arranged. The feature event is the annual match with the Faculty.

SOCIETY OF THOTH

(W. G. Smith, Grand Scribe)

The Society of Thoth, founded in 1926, is an honorary journalistic society. It is devoted to the discussion of topical subjects that lie outside the field of the other University clubs. In addition, the Royal Egyptian Ballet of the society gives an annual performance.

FRENCH LITERARY AND DRAMATIC SOCIETY

La Canadienne—Harold D. Bischoff, Pres.
L'Alouette—A. H. Hutson, President.
La Causerie—Letitia Hay, President.

In order to promote co-operation in all activities, the three French Clubs, La Canadienne, L'Alouette and La Causerie, were combined to form the French Literary and Dramatic Society. The programme consists mainly of lectures, conversations and refreshments.

LETTERS CLUB

(Roy Daniells, President)

The Letters Club, now in its eleventh year, meets every second week for the discussion of literature in all its branches. Membership is limited to twenty elected members of the two Upper years, who are responsible for the programme of the reading of prepared papers, followed by informal discussion, bearing on the topic. The club executive includes a critic, whose function it is to criticize the style of the author and the way in which the paper is read.

STUDENT CHRISTIAN MOVEMENT

(Frank McKenzie, President)

The Student Christian Movement on the campus is open to all students regardless of creed and color. The only qualification is a real interest in the "raison d'être," and an honest attempt to work out an intelligent philosophy of life.

Its activities consist of:

1. Weekly study groups on the Life and Teachings of Jesus;
2. Study groups on problems of modern life;
3. Occasional week-end discussion camps;
4. Spontaneous, informal evening groups in homes of members;
5. A spring camp for one week at the end of the spring term;
6. The S.C.M. also arranges for regular weekly addresses by prominent speakers. These meetings are held each Tuesday at noon, and are open to the entire student body.

The S.C.M. has local units in seventy colleges and Universities in Canada; these cooperate to form a National Student Movement of Canada which is in turn a member of the World Student Christian Federation, including students of thirty-one countries.

Every four years National Student Conferences are arranged. This year a world-wide conference has been held at Benares, India. The Canadian delegate to this conference will be at the spring camp.

The formal statement of the National Movement is not binding. The attitude of the group depends entirely on its personnel from year to year. This statement is: "The S.C.M. is a movement which unites all students in the Colleges of Canada who share the conviction, that in Jesus are found the supreme revelation of God and the means to a full realization of life, together with students who are willing to test the truth of the conviction upon which the movement is founded."

ENGINEERING INSTITUTE OF CANADA

This club is organized as a Student section of the Vancouver Branch. Membership is open to third, fourth and fifth year Applied Science Students. All members are students of the Engineering Institute of Canada, and entitled to Junior Membership on graduation. Members of the Student Section are also engineering pupils of the Association of Professional Engineers of British Columbia.

Meetings are held during the University session at which addresses are given by prominent engineers in the province and members of the University Faculty. Student nights are held at which papers are presented by student members, for which prizes may be awarded. On Saturday afternoons, visits are made to engineering projects and works in the vicinity of Vancouver. A dinner is held in the fall term and other social events may be arranged.

MUSICAL SOCIETY

(Wilbur Sparks, President)

(Dr. W. L. MacDonald, Honorary President)

The purpose of the Musical Society is to encourage and cultivate an interest and appreciation of music at the University. The work of the Society consists of two parts. Throughout the year the members will study various choral and orchestral selections which will be presented along with vocal and instrumental solo work in a series of noon hour recitals. The final production of the year will be in the nature of an operetta, the staging of which will be managed by a student producer, assisted by an advisory board and a musical director.

Admittance to the Society is by private tryouts conducted early in the fall term. The cast for the operetta will be selected later from the membership by separate tryouts. A fee of three dollars is charged for membership.

It is the custom of the society to hold two informal parties during the year and a picnic after the final examinations.

THE PHILOSOPHY CLUB

(Frank S. Morley, President)

The Philosophy Club exists to provide opportunities for students of philosophy to discuss phases of their subject of particular interest. Prominent speakers address the club from time to time, but greater emphasis is being placed upon papers given by members of the club. The friendly informal discussion that follows enables members to share and enlarge their knowledge.

Membership is open to a limited number of students who have taken Philosophy 1. Applications are considered at the close of the Spring Term.

HISTORICAL SOCIETY

(Margaret Ross, President)

The Historical Society was formed to give students of the Upper years a fuller understanding and appreciation of history. Meetings are held every two weeks, at which members read papers on historical subjects. This is followed by discussion in which all members are expected to take part. This year a new policy was adopted in providing for a member of the faculty as critic, and this proved particularly helpful. Membership is limited to twenty members of the Upper years. At present there are four vacancies to enable students from Victoria College, entering their third year, to become members.

VARSIITY CHRISTIAN UNION

(Robert Birch, President)

As an organization the Union has for its object the defense and proclamation of the gospel. It seeks to stimulate a firm belief in the fundamental truths of the Christian faith, and to emphasize the need of a closer relationship with God, which is only possible through the redemption offered by Jesus Christ. By this means it desires to present a well-rounded witness, spiritual and intellectual, to the truths of historic, evangelical Christianity. The society is affiliated with the League of Evangelical Students which has many branches in universities in the United States and Canada.

CLASSICS CLUB

(Harry Hickman, President)

The Classics Club was founded to satisfy the cravings of that body of students interested in the "classics". It is a closed club, limited to members of the two Upper years.

MATHEMATICS CLUB

(Bert Webber, President)

This club is open to all interested in Mathematics. Problems and topics connected with the subject are discussed, and papers are given by professors and students. The meetings are held every two weeks when possible.

THE CHEMISTRY SOCIETY

(Reggie Archibald, President)

The aim of the Chemistry Society is to encourage interest in scientific subjects amongst students at the University. It affords them an opportunity of reading and listening to technical papers of general interest.

Membership is limited to students taking Chemistry 3, or higher; but open meetings are held throughout the year, at which members of the Faculty and prominent outside chemists speak, and to which all interested are invited.

THE PHYSICS CLUB

(Cecil Stedman, President)

The Physics Club, although only organized at the opening of the session 1928-29, is now a well established and flourishing society.

The aim of the club is to enable students of Physics to hear papers on the latest developments in that subject, and to provide them an opportunity to gain experience in the preparation and delivery of such papers. In order that these ends may best be attained, three short papers on different subjects are usually delivered at each meeting. Membership is open to all students taking one or more Physics courses.

BIOLOGICAL DISCUSSION CLUB

(President to be elected)

The aim of the Biological Discussion Club is to further the interest of undergraduate students in biological topics. Membership is limited to twenty-five students: Upper class students in biology, and second year students who have taken Biology 1 and are taking either Zoology 1 or Botany 1. Fortnightly meetings are held, at which papers are presented by members of the Club and Faculty.

G. M. DAWSON GEOLOGICAL DISCUSSION CLUB

(Clare Horwood, President)

The object of this club is to allow those who are interested in Geological topics an opportunity of discussing these matters outside class. Any student who has taken four units of Geology, or two units and one summer in the field, is eligible for membership; third year miners are also admitted. The club meets every second week at the home of a professor or of a student.

PLAYERS' CLUB

(Betty Buckland, President)

The Players' Club is the most important dramatic club in the University. Membership, which is limited to sixty, is determined in competitive tryouts. Contestants failing to gain membership, but who attain honorable mention, are eligible to try again the following year. The club gives members the opportunity for training in the histrionic art and valuable experience in the producing of plays.

Each year a prize of fifty dollars is offered to the student writing a play suitable for production in the Club's Xmas performance. In fourteen years of existence the club has staged the following "Spring Plays": "Fanny and the Servant Problem," "Merely Mary Ann," "The Importance of Being Earnest," "Green Stockings," "Sweet Lavender," "Alice-Sit-By-the-Fire," "Mr. Pim Passes By," "You Never Can Tell," "The World and His Wife," "You and I," "Pygmalion," "The Romantic Young Lady," "Polly with a Past," and "Rollo's Wild Out."

FOREST CLUB

The Forest Club was formed last session for the purpose of increasing interest in forestry in all its phases. Instructive and interesting lectures are given by prominent members of the lumbering industry, forestry profession and the Faculty. Papers are also read by the Student members. Although primarily intended for Forest Engineering students, the club is open to all interested in forestry. Each year a member of the first year Applied Science is elected to one of the committees.

AGRICULTURE CLUB

(Donald Sutherland, President)

The Agriculture Club was created last year; and its organization was accomplished with the object of combining the functions of the Agricultural Discussion Club and the Livestock Club which had previously existed independently.

The new club has a varied programme. One of the primary objects is to encourage debating and public speaking among the Aggies, and to achieve this a series of inter-class debates and an oratorical contest are arranged within the faculty. By holding evening meetings at the homes of students or professors for the purpose of presenting papers on agricultural subjects, an incidental but important stimulation is given to fellowship among the students and between the students and professors. Lastly, the club endeavors to secure lectures by prominent agriculturists or other scientists.

Membership in the club is not limited to students in Agriculture, but is also open to students in other faculties who are deeply interested in Agriculture.

THE MANAGER SYSTEM

This system of management was adopted at the close of last session by the Alma Mater Society on the recommendation of the Finance Committee which was appointed by the Students' Council to investigate conditions of the Alma Mater Society.

The Business Manager is a paid representative of the Students' Council, carrying out the wishes of Council in all activities in regard to finance. The executives of clubs and societies are expected to give him their full co-operation.

CURATOR

The Curator is the keeper of all the athletic equipment of the Alma Mater Society. He is in his office at certain hours as posted, and all equipment must be obtained from him and returned to him at the end of the season. He is the only officer who can issue requisitions for equipment and supplies.

NOTE: No bills will be honoured by the Students' Council unless they are covered by a requisition from the Curator. The business houses of the city have been informed of this ruling, and it will be rigidly observed by Council.

Freshman Initiation

This Initiation programme has been evolved, not for the purpose of hazing and maltreating Freshmen, but primarily to give them a fellow feeling from the first week of their Varsity careers; and further, to acquaint them fully with the opportunities and pitfalls of University activities. Freshmen are urged to enter into the spirit of all branches of the initiation scheme, as this is essential for its complete success.

The following programme, as yet untried, may be subject to slight revision, but on the whole it will be as follows:

The period of Freshman training will continue until the end of the second week of the first term—this training will include the following:

Regulations

1. Placards must be worn until and at the Frosh Reception.
- *2. Green skull caps must be worn until the end of the first term.
3. Freshmen must carry a copy of the Handbook at all times.
4. Freshmen must attend ALL Alma Mater Meetings and meetings called for Freshmen.

*These caps will be procurable at Varsity, at a nominal sum.

Organization

1. Each Freshman will be assigned to an Upper Class man, who will assist him to get acquainted with Varsity life and activities. A Freshman must feel free at all times to question his "Big Brother" on matters pertaining to Varsity about which he is in doubt.

2. Meetings will be called by the Initiation Committee, and at these meetings the heads of various Varsity organizations will address the Freshmen, and give information regarding the activities which are open to students.

3. Freshman Class Elections will not be held until after the Freshman Reception.

4. The Initiation Committee will act as a court for enforcing regulations.

5. Initiation ceremonies will be performed by the Sophomore Class.

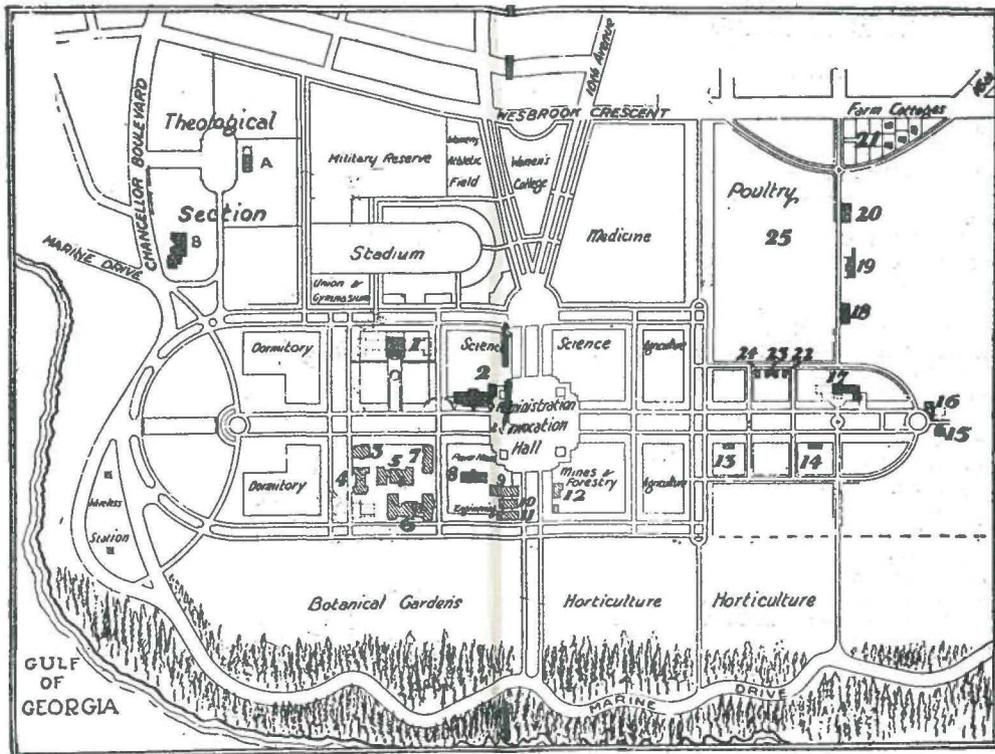

Tentative dates for functions are as follows:

Friday, October 11—Frosh Day.

Friday, October 18—Frosh Reception.

Other dates will be published in the "Ubysey"—watch for them.

Social Events

Since the purpose of this book is to deal with the "other" side of college, it is well to give the student some idea of the nature and approximate dates of the main events on the social calendar.

FROSH RECEPTION—A dance given in honor of incoming students. The Freshmen are expected to mingle with members of the upper classes. Admission is free, one ticket being given to each undergraduate. Takes place about the second or third week of the fall term.

UNDERGRADUATE BALLS—Each faculty is allowed to give one general dance during the year. Tickets are available to all undergraduates of all faculties as long as they hold out. The Arts Ball is held about the middle of November. The Aggie Ball takes place about the end of January and the Science Ball late in February.

CLASS PARTIES—Each class of each faculty is allowed to hold one class party during the year. Members only of the class holding the dance are admitted. Class fees pay for these dances.

BASKETBALL DANCES—Several times a year the Basketball Club holds informal dances in honor of visiting basketball teams. The dances are open to all students, admission generally being 50c.

ANNUAL VICTORIA INVASION—This is the major event on the social calendar. This year the Invasion takes place January 3rd to January 5th. Athletic contests are arranged for all teams with Vancouver Island teams. Two dances are given for U. B. C. athletes—one in the Victoria High School and the second the following night at the Empress Hotel. Victoria College plays the part of host for the Invasion. Special boat and hotel rates are arranged.

MUSICAL SOCIETY CONCERT — Each Spring the Musical Society gives a concert in the Auditorium, to which the public is invited. An admission fee is charged.

XMAS AND SPRING PLAYS—Late in the Fall term the Players' Club presents four representative plays in the Auditorium for students only. Admission is free. The Club also presents a Spring Play late in the Spring term which is open to the public. Admission is charged.

HOME COMING—The Annual Home Coming Week-End is celebrated early in November. It is intended to bring the Alumni into closer contact with the students, and includes various entertainments in honour of the graduates.

HI-JINX—An annual fancy-dress party for women students only. The Women's Undergraduate Society takes charge of all arrangements. A small admission fee is charged. Takes place during February.

CO-EDS' BALL—A dance arranged by the Women's Undergraduate Society. Takes place during the latter part of February.

VANCOUVER INVASION BY VICTORIA—The return visit paid by the students of Victoria College. Athletic contests and a Basketball Dance are held.

Points of Interest on the Campus

THE BURNETT COLLECTION — The library of the University contains a collection of curious relics, rated as the most complete representative Polynesian collection in the world. The collection was made by Mr. Frank Burnett, who, during a period of 35 years, sailed around the Cannibal Islands in the South Pacific.

Among the exhibits are figures of Polynesian gods, native implements, several skulls, and samples of native dress. Bill Tansley superintends this museum of relics.

STAMP COLLECTION — The University stamp collection comprises the postage stamps of Canada and the early British North American colonies; it contains many interesting stamps, dating from the time of Queen Victoria to the present day. This collection is not yet complete, and all new contributions will be welcomed. Those interested may have access to the collection through the Registrar.

TOTEM POLES — The Totem Poles now situated in the Botanical Gardens were presented in 1927 by the Alumni Association. They are from the Musquiam Reserve, Point Grey, and are the last two of the tribe. The pole on the right is the Capilano Pole, a carving of the celebrated Capilano Chief; on the left is the Tsem-Lano Pole, symbolic of the magical powers of Tsem Lano, a great Musquiam warrior.

THE MEMORIAL WINDOWS — The Canadian Jubilee Memorial Windows are one of the most recent additions to the library. They are situated near the western end of the main concourse, but may also be viewed from the hallway below. Presented to the University by an unknown donor, the windows were unveiled on November 28th, 1928, by the Honorable S. F. Tolmie, Premier of British Columbia.

GEOLOGY MUSEUM—The Geology Museum is located in the southern wing of the Applied Science Building. It contains valuable and interesting collections of material, illustrative of both the physical and historical branches of geology; and new additions are constantly being made.

THE SUN-DIAL—The Sun-Dial with its oblong face and engravings of the Cairn and the Lions is a familiar object to all visitors of the Botanical Gardens. It was presented to the University in 1926 by B. S. Hartley, Professor of Mathematics, who designed it especially for the position in which it now stands.

WAR MEMORIAL—Inside the main doorway of the Science Building are erected two war memorials—one "to commemorate the supreme sacrifices and willing services of the members of the 'D' Coy 196th Battalion, C. E. F. Western Universities in the Great War, 1914-1918;" the other "in honor of the B. C. reinforcing platoon 196th Western Universities Overseas Battalion, C. E. F."

FLAG POLE—The University flag pole is at present being seasoned in a shed south of the Science Building. It is of British Columbia Douglas Fir, and when erected will take its place among the four tallest flagpoles in the world.

PAINTINGS IN THE LIBRARY—The series of paintings by John Innes which hang in the library, represent early scenes in the history of British Columbia.

*Songs***ALMA MATER**

Alma Mater, guardian of our youth,
 Fair is the laurel wreath that crowns thy
 brow,
 Friend of our country and the friend of
 truth
 Thy children hail thee now.

Alma Mater, daughter of the years,
 The great of other days are with thee yet;
 Speak thou their high faith in our duller
 ears,
 Forbid us to forget.

Alma Mater, watcher of the hours,
 Thou lookest on the mountains and the
 sea,
 And rulest in the might of other powers
 In loftier majesty.

Alma Mater, feeder of the flame,
 High hopes and noble purposes are thine—
 On us, whose pulses quicken at thy name,
 Grant that the light may shine.

Alma Mater, mother of our love,
 Many the paths we tread in future days—
 Yet naught that time shall bring can e'er
 remove
 Thy memory or thy praise.

—H. T. J. COLEMAN.

MY GIRL'S A HULLABALOO

My girl's a hullabaloo,
 She wears the Gold and Blue;
 She goes to Varsity too,
 Just like the others do.

(Chorus)

And in my future life
 She's going to be my wife.
 How in the world d'j'a find that out?
 She told me so.

She goes to all the games
 Just like the other dames,
 I fork out all the change
 Just like the others do, etc.

When we go walking
 She does the talking.
 I do the squeezing,
 She does the teasing, etc.

As we grow older
 She will grow bolder,
 And she will hold her
 Head on my shoulder, etc.

POLLY-WOLLY-DOODLE

Oh I went down south for to see my Sal,
 Sing Polly-wolly-doodle all the day;
 My Sally am a spunky gal,
 Sing Polly-wolly-doodle all the day.

(Chorus)

Fare thee well, fare thee well;
 Fare thee well my fairy fay,
 Oh, I'm off to Louisiana
 For to see my Susyanna,
 Sing Polly-wolly-doodle all the day.

Oh, my gal she am a maiden fair,
 With curly eyes and laughing hair.

Oh, I came to a river and I couldn't get
 across,
 And I jumped upon a nigger, for I thought
 he was a hoss.

Oh, the grasshopper sitting on the railroad
 track,
 A—picking his teeth with a carpet tack.

Behind the barn down on my knees,
 I thought I heard a chicken sneeze.

He sneezed so hard with the whooping-cough,
 He sneezed his head and tail right off.

RIDING DOWN FROM BANGOR

Riding down from Bangor on an Eastern
 train,
 After weeks of hunting in the woods of
 Maine,
 Quite extensive whiskers, beard, moustache
 as well,
 Sat a student fellow, tall and slim and swell.
 Empty seat behind him, no one at his side,
 Into quiet village Eastern train did glide.
 Enter aged couple, take the hindmost seat;
 Enter village maiden, beautiful, petite.

Blushingly she faltered, "Is this seat en-
 gaged?"

Sees the aged couple properly enraged;
 Student, quite ecstatic, sees her ticket
 through;

Thinks of the long tunnel—thinks what he
 will do.

Pleasantly they chatter. How the cinders
 fly!

Till the student fellow gets one in his eye.
 Maiden, sympathetic, turns herself about—
 "May I, if you please, sir, try to get it out?"

Then the student fellow feels a gentle touch;
 Hears a gentle murmur, "Does it hurt you
 much?"

Whiz! slap! bang! into tunnel quite,
 Into glorious darkness, black as Egypt's
 night.

Out into the daylight glides that Eastern
 train;

Student's hair is ruffled just the merest
 grain;

Maiden seen all blushes, when then and there
 appeared

A tiny little ear-ring in that horrid student's
 beard.

HI! HI! THE VARSITY

It is the work of all the land
 To build up now what they began;
 So join with us and lend a hand
 To build the future Varsity.

(Chorus)

Hi! Hi! the Faculty,
 The Students of the U. B. C.

Hi! Hi! the Varsity;
 We're working for the future.

THE SENIOR

I'm tired of walking uphill;
 I long for an automobile;
 When I get a jag on,
 I need a gas wagon;
 I'm tired of walking uphill.

I'm tired of living alone;
 I want a wee wife of my own;
 Someone to caress me,
 To wash and undress me,
 I'm tired of living alone.

As a beauty I am not a star;
 There are others more handsome by far;
 My face I don't mind it;
 For I am behind it;
 The people in front get the jar—some jar.

WHERE ARE THE FLIES

We work all the day,
 And we work all the night,
 It's just for three units
 Which doesn't seem right.

(Chorus)

Hallelujah, I'm collegiate,
 Hallelujah, U.B.C.
 Hallelujah, look me over,
 There's no flies on me.

Do you go to your lab,
 Every day just at three?
 No, I have a sweet freshette
 I take down to tea.

Oh I just met my Prof,
 He was slightly upset,
 "Where the deuce is that essay
 That I didn't get?"

Oh we are two lads,
 We both go to college,
 And we know a lot,
 But you can't call it knowledge.

THE BLUE AND GOLD

(Tune: "Marching Through Georgia")

Sing a song of Varsity, and sing it loud and long,
 Sing it with all your might, each voice builds up our song,
 As something we must crow about, our college it shall be—
 For nothing will deserve it more than good old U.B.C.

(Chorus)

The Blue! The Gold! Their praise was sung of old.
 Our yells, our songs, their worthiness have told,
 The Faculty, the Council, and the Student Body too
 All join in the chorus when we shout for the Gold and Blue.

First there is our Faculty, the best in all the land;
 They make our lectures interesting, and lend a willing hand,
 They tell us just what books to read and what to do that's best,
 And find out our shortcomings in a Spring and Christmas test.

Our shout grows loud and longer as we look about with pride;
 Athletic stars in every sport we see on every side;
 Rowing, swimming, badminton, a score of others too,
 Soccer, rugby, basketball, all shine at the B.C.U.

And when it comes to learning we are really quite first-rate,
 From scholarly attainments to the wisdom of debate.
 Our quality in acting the Player's Club will show,
 The Glee Club and Musicians teach us tunes we ought to know.

By Clubs we are surrounded, all excel in different ways,
 The Letters Club, Historical and Classics Club we praise,
 Discussion clubs, the Mamooks Club, and many more as well,
 What wonders are produced, the papers given tell.

Our college news and views are echoed in the "Ubysey,"
 For years we lacked good buildings, now at Point Grey we are free.
 Our blessings are so many we can sing both loud and long,
 Our Alma Mater is a tie that binds us to our song.

ALOUETTE

Alouette, gentille Alouette, Alouette
 Je te plumerai,
 Je te plumerai la tete,
 Je te plumerai la tete,
 Et la tete, Et la tete.

Oh—Alouette, gentille Alouette, Alouette
 Je te plumerai.

HERE'S TO GOOD OLD RUM

Here's to good old rum,
 Drink 'er down, drink 'er down.
 Here's to good old rum,
 Drink 'er down, drink 'er down.
 Here's to good old rum that puts you on
 the bum,
 Here's to good old rum, drink 'er down.

(Chorus)

Rolling home—dead drunk,
 Rolling home—dead drunk,
 By the light of the silvery moon,
 Here's to good old rum, drink 'er down.

THERE IS A TAVERN IN THE TOWN

There is a tavern in the town, in the town,
 And there my dear love sits him down, sits
 him down,
 And drinks his wine 'mid laughter free,
 And never, never thinks of me.

(Chorus)

Fare thee well, for I must leave thee,
 Do not let the parting grieve thee,
 And remember that the best of friends must
 part, must part.
 Adieu, adieu kind friends; adieu, adieu, adieu;
 I can no longer stay with you, stay with
 you;
 I'll hang my harp on a weeping willow tree,
 And may the world go well with thee.

The Young People's Paper

THE VANCOUVER SUN is published by young men in the interests of young Vancouver, young British Columbia and young Canada. It has fought with the vigor and enterprise of youth for the western grain rate, the equalization of freight rates and for those measures that will contribute to the growth and development of the community in whose prosperity it must find its own prosperity. Editorially, The Vancouver Sun stands for an industrial Vancouver, and a lovely Vancouver, capable of contributing to the spiritual and material progress of the Dominion.
