Happy New SUB year...

In April 2008, UBC students approved the construction of a new Student Union Building through an AMS referendum. Since then, the AMS has been working around the clock to turn that vision into reality through a participatory, student-driven process.

We broke ground in February 2012, so our brand-new, 250,000-square-foot SUB is still under construction. It's the biggest project the AMS has ever undertaken—eye-catching, super-sustainable, and community-oriented—and all under the AMS umbrella. We've got all kinds of things planned for it, like new restaurants, more club space, a childcare centre—even a student-run microbrewery!

THE OLD SUB
is still
Open
since 1968!

But great things take time to build, so we're going to keep bringing you the AMS shops and services you've come to expect, still in the Old SUB.

And to keep tabs on our progress, join student working groups, or just find out more, visit www.mynewsb.com.

AMS President's Message

Matt Parson • SUB 238L

604.822.3972 • president@ams.ubc.ca

Hello, and welcome to another exciting year at UBC!

On behalf of the Alma Mater Society, it is my absolute pleasure to welcome you—with a special welcome to all of our new students. With the excitement that September brings and the promise of a fresh start, take a second to think about what type of experience you hope to have throughout your student years. It's not always an easy decision—the possibilities can seem limitless, and the responsibility is entirely on your shoulders. But the AMS, your student society, is here to help you along the way as you create your unique path through UBC.

We are here to enhance your student experience in all areas—educational, social, and personal. If you took the bus onto campus today, the AMS had a part in helping you. If you find yourself attending a beer garden, the AMS had a part in that. If you grab a coffee and a bite to eat in the Student Union Building, the AMS will have had a part in that too.

Your student society is an integral part of your time at UBC, from livening up the UBC calendar with epic events like Block Party and Welcome Back BBQ to representing 48,000 UBC students to all levels of government, the University, and other groups like Translink. We foster student life by ensuring there are countless chances for student engagement through our 340 clubs or undergraduate and graduate societies. We offer services for every student, ranging from AMS tutoring to our Food Bank; from peer counselling at Speakeasy to SafeWalk. In partnership with the Graduate Student Society, we run the most comprehensive student Health and Dental Plan in Canada. And we have supported the incredibly successful U-Pass program since its inception in 2003.

The memories you make and lessons you learn outside the classroom will be the most cherished, so my advice would be to try as many unfamiliar things as possible: be fearless. We, the AMS, will continue to create a university environment that supports and encourages you, no matter the path you take.

Warm Regards,

Matt Parson
AMS President

UBC President's Message

Stephen J. Toope

Numbers are an important part of your academic life. If you are beginning your studies, you worked very hard to achieve strong grades to earn entrance to UBC. Last year the average entering grade was 89.

When you chose your university, you may have looked at how we rank against our peers. UBC consistently ranks among the top 40 in the world.

Whether we like it or not, numbers will continue to be part of evaluation. But shouldn't the quality of learning be about more than a rank? Shouldn't your achievements in life comprise more than a grade?

Learning is about much more than excelling at taking tests. This year, I urge you to also take chances. Challenge ideas with your classmates and professors—they are among the best in the world. Be part of a community service learning project, a Go Global travel study program, or a cooperative education term. Sign on to help lead one of the hundreds of AMS student clubs, from the A Cappella Club to Young Women in Business.

I want UBC to provide learning that has a dramatic personal impact. It is a core commitment in our Place and Promise plan. And this year we are taking important new steps toward looking beyond the numbers.

For the first time, all new Vancouver undergraduate students have been enrolled on more than grades. Incoming students filled out a personal profile that allowed you to shine a light on non-scholastic activities. You were accepted not only for your strong grades, but for your curiosity and initiative.

We are also re-engineering our approach to student support. Starting this year, incoming students will have one service representative for your entire learning career, to better understand and support your needs.

You are more than a grade. And UBC wants your learning to be a catalyst for a vital, dynamic life. No number can measure the value of that.

Meet Your Executives

Your AMS Executives work (and play) hard to represent you and all of your needs to the university and beyond. The elected Executive (and appointed ECSS) work together with the Student Council to manage everything AMS: the \$15 million AMS Budget, 12 AMS services, 340+ student clubs, internal university relations, government liaisons, and almost any other student issue you can think of. Take a moment to say hi—they would love to hear about any ideas and issues you may have.

1. President: Matt Parson • president@ams.ubc.ca

The big boss. Directs the executive team and takes responsibility for the society, acting as the face of the AMS. Matt has introduced a "1000 Ambassadors" program, a pledge to meet 1000 new students this year.

2. VP Academic & University Affairs: Kiran Mahal • vpademic@ams.ubc.ca

Liaises with UBC on everything from education to campus planning. This year, Kiran will be focusing on monitoring the university's land use plan, mental health and wellness resources at UBC, and an exam database.

3. VP Finance: Tristan Miller • vpfinance@ams.ubc.ca

Manages the AMS's money; makes sure your student fees are being well-spent. This year, goals include a three-year financial plan for the AMS. Snappy dresser.

4. VP Administration: Caroline Wong • vpadmin@ams.ubc.ca

Looks after the old SUB, the new SUB, the Shinerama campaign, the SUB Art Gallery and the clubs. Whew! This year, VPAd projects will include the New SUB project, especially sustainability initiatives, and connecting with clubs.

5. VP External Affairs: Kyle Warwick • vpexternal@ams.ubc.ca

Lobbies government at all levels on behalf of AMS members. The VPX office can also answer questions students may have about the U-Pass program. Plans for this year include advocacy campaigns for improved student financial aid and improved transit to campus.

6. Executive Coordinator of Student Services: Jay Shah • services@ams.ubc.ca

The "sixth executive," the ECSS provides training, guidance and support for the AMS services team (see pages 15–18). NB: The ECSS is hired, not elected, usually around the same time that elections are held.

WHO PICKED THESE GUYS, ANYWAY? AMS elections are held at the start of every Winter term. You can vote online or at a polling station with your UBC student card. Full information about elections is available on the next page.

Want to contribute? Attend a Student Council meeting, held every second Wednesday at 6pm. Dinner is provided, and you'll be able to see firsthand how the society works.

Read over the descriptions of AMS committees and services in this section—many of these will be looking for volunteers and input. Be sure to take note of the university governance committees, like BoG and Senate, which provide more opportunities for students to provide input. And finally, check out Section Two for a list of all kinds of clubs, societies and communities to get involved in.

CHRISTY CLARK MLA

The future is bright for UBC grads. In the next decade, we expect more than one million new job openings in British Columbia.

Annual AMS Elections

www.ams.ubc.ca/elections

The voting public is just as important as the election candidates! Remember: your student fees pay the Executives' salaries. If for no other reason beyond the monetary, make your contribution to democracy and vote for the candidates who shape your union. You can vote online or at a polling station with your UBC student card.

If you love your student union and would like to turn that love into devoted hard work, or if you think your student union isn't all that and you can think of tons of ways to improve it, you might want to consider running for an AMS Executive position.

The elections are open to everyone. Your AMS is committed to supporting all candidates and offers reimbursement for many campaign costs.

Run for it!

You can run for AMS positions by following these steps:

Act fast!

AMS Elections take place near the end of January, but to run in these elections, you need to get in the game earlier. You need a campaign, promotional materials, platform speeches, and so on.

Research and choose a position!

You can run for President, VP Academic and University Affairs, VP Finance, VP External, or VP Administration. During the elections, you can also run for Senate or Board of Governors.

Get nominated!

Pick up a form from the AMS Administrative Assistant (adassist@ams.ubc.ca) at the AMS Executive Offices (SUB Rm. 238) in late November.

Get 50!

Fill out the form and get 50 other registered UBC students to sign it. Then submit it per the directions on the form.

Be campaign ready!

Spend your winter break creating your campaign materials, refining your platform, and recruiting a team so you're ready to go in January.

Meet candidates!

Attend the all-candidates meeting in early January, where the elections team will explain the rules of campaigning.

Show time!

Show them what you've got! The process usually takes two weeks.

AMS Lobbying

SUB 238J • 604.822.2050
vpexternal@ams.ubc.ca

The AMS has a long history of advocating on behalf of students, from the Great Trek in 1922 that established our Point Grey Campus, to the Great Farm Trek in 2008 that protected the UBC Farm from commercial development. The AMS has always provided a strong voice for student interests. We meet with the university administration; the municipal, provincial, and federal governments; and other provincial organizations to enhance the lives of UBC students.

The AMS lobbies these bodies on issues like student loans, accessibility to education, childcare, housing, and funding for post-secondary education. To help the AMS in our efforts to create positive results for students, please contact your VP External, Kyle Warwick, to get involved and have your voice heard.

Student Legal Fund Society (SLFS)

604.827.1208 • slfsdirectors@gmail.com
www.studentlegal.org

Have you been treated unfairly and wish to look into taking legal action? The Student Legal Fund Society was created by students in 1998. SLFS provides advisory, legal, and financial assistance to initiate and continue advocacy, lobbying, and litigation. Our interest lies in improving education and access to education at UBC, as well as dealing with other matters of law that set broad precedent and concern UBC students. The society has six directors elected annually and a seventh director

appointed by AMS Council. Visit our website or contact us to get involved.

Finance Commission (FinCom)

Vice-Chair: Nicola Simpson
SUB 238F • 604.822.2361
fincomvc@ams.ubc.ca

AMS FinCom works with the VP Finance, Tristan Miller, in overseeing financial business and administration within your student society. Important programs that FinCom administers include the AMS Clubs and Constituency Budget Review, student grant applications (Clubs Benefit Fund, Constituency Aid Fund and Student Initiative Fund), and Club Treasurer Orientations. Remember to take advantage of student grants, which offer financial assistance for students with various innovative projects.

Student Administrative Commission (SAC)

SAC Vice-Chair: Adam Melhem
SUB 238F • 604.822.2361
sacvc@ams.ubc.ca

SAC works closely with the VP Admin in overseeing the SUB's operations. The commission is primarily a resource for its constituents, which include the AMS clubs, constituencies, and resource groups. SAC also ensures that subsidiaries are functioning smoothly (both independently and as a whole) by providing room bookings, locker rentals, consultations, club constitutions, and much more! Any complaints with these bodies are resolved by SAC and comments and concerns may be directed to the SAC Vice-Chair. SAC meetings are held every week and you are welcome to attend!

University Governance

Like Voltron, these governing bodies combine the diverse powers of university officials, faculty members, and student representatives to oversee the functioning of the university as a whole. Unlike Voltron, they're easily reached to discuss your concerns.

UBC Board of Governors (BoG)

Mike Silley and Sumedha Sharma

bog@ams.ubc.ca • www.bog.ubc.ca

The Board of Governors is the highest decision-making body at UBC. It is responsible for managing, administering, and controlling the property, revenue, and affairs of the university. The Board is composed of the Chancellor, the President, three student representatives (two from Vancouver and one from Okanagan), eleven people appointed by the Lieutenant Governor, three elected faculty members, and two elected non-faculty members. More information, including minutes, schedules, and agendas of Board meetings, is posted on our website.

UBC Senate

senate@ams.ubc.ca • www.senate.ubc.ca

UBC Senate governs academic affairs at UBC and works alongside the Board of Governors. The Senate creates new courses and programs, sets admissions and academic policies, and manages scholarships and awards. The Senate is also a student's last resort for appeals on academic discipline and academic standing issues. The Senate is made up of 90 Senators, 18 of whom are students.

Being involved in Senate is a great way to have an impact on the UBC community. Contact your student reps via email for meeting times or to raise concerns. A full list of representatives is available on the AMS website.

Other Bodies of Interest:

Graduate Students' Society (GSS)

gss.ubc.ca • president@gss.ubc.ca

Although listed among the constituencies that make up the AMS, the GSS offers further resources and opportunities for students, hosts open events, and advocates on behalf of grad students.

Vice-President, Students

<http://vpstudents.ubc.ca>

The VP Students' office shapes the student experience at UBC, including the Athletics, Housing, and Student Development portfolios.

University Neighbourhoods Association (UNA)

www.myuna.ca • reception@myuna.ca

The UNA is akin to a municipal council for residents on campus. As a body, it deals with parking and animal control, but it also acts as a community hub and university liaison.

IT HAS BEEN SAID THAT YOUTH DON'T CARE ABOUT POLITICS. PROVE THEM WRONG!

Why a Health & Dental Plan?

The Plan is a critical service of the AMS and GSS designed to fill the gaps in provincial health care. As a student at UBC and a member of the Alma Mater Society, you're covered by the AMS/GSS Health & Dental Plan. The cost of the Plan is part of your student fees.

Covered by Another Plan? Weigh the Costs and Benefits

Being enrolled as a dependant in a parent or spouse's employee benefit plan usually requires your family member to pay additional costs to have you covered. The AMS/GSS Plan may provide better value. You can also combine it with your other plan to maximize your overall coverage—up to 100%—and eliminate out-of-pocket costs.

Alternatively, you can opt out of the AMS/GSS Health & Dental Plan by providing proof of equivalent health and dental coverage.

Change-of-Coverage Dates

All enrolments and opt outs must be completed between **Sept. 4 - 25, 2012**. Only new Term 2 students can opt out or enrol their spouse/dependants between **Jan. 3 - 24, 2013** for coverage from Jan. 1 - Aug. 31, 2013.

By consulting a Network member, you will get additional coverage.

Dental Network

Get Up to 90% of Your Dental Costs Covered by Visiting a Dental Network Member

SUB 245F • allies.ubc@gmail.com

alliesatubc.com

Allies is a group of men who work with men to end violence towards women. We do this by critically evaluating masculinity, relationships, sexuality, and the power dynamics of society. We hope to make men aware of the driving forces that condone violence against women by holding regular group discussions. We also conduct outreach workshops for various campus groups where we teach men how to improve their relationships and sex life. Allies is famous for its White Ribbon Pancake Breakfast in late November, which raises funds for resources that benefit women's groups and survivors of sexual assault.

We organize events on various issues pertaining to 'Peoples of Colour,' and lobby the University and other institutions to implement necessary changes.

Constituencies also have their own elected councils and can assist students with the day-to-day concerns and issues specific to their school or faculty. These societies also host some of the most notorious parties, dances, and academic events on campus. Get involved and see what students with similar academic interests can offer you!

Clubs

www.ams.ubc.ca/clubs

Need a reprieve from lectures, readings, and assignments? Perhaps you just want to get away from the stresses of academic life, or learn a new skill.

In the pages to come, you'll find clubs organized by category, from shared academic interest to recreational sports. A complete alphabetical listing of clubs is available on the AMS website (see above).

If one of the 340+ clubs doesn't accommodate your eccentric or wacky hobby, speak to the Student Administrative Commission and start your own.

How to Start Your Own Club with the AMS

Does the club already exist?

If you want to form a soccer club and one already exists, you may have trouble getting approval from SAC. To make sure your club will be unique, contact the Clubs Administrator at sacadmin@ams.ubc.ca with an outline of the club you wish to form.

Meet for a 15-minute consultation/information session

Before filling out any documents, SAC needs to meet you, provide you with all the necessary information, and answer any questions (e.g. how to write a constitution, where to find resources, etc.). This meeting is crucial for starting a club! Before the meeting, please take the time to review the Clubs Constitution in the downloads section on the SAC web page.

Prepare documentation

Once you are confident in creating the club, it's time to prepare your paperwork. You'll need:

- Club constitution
- Budget
- One-year plan of intended activities, events, etc.
- Letter of intent addressed to the SAC Vice Chair

To ensure that SAC can easily read your proposal, all documents must be typed.

Present to SAC

Submit a copy of all the documents (as indicated above) to the executive secretary in SUB 238A (glass office on the left). Failure to submit all items will result in delays in the club constitution process. Your documents will then be reviewed by SAC. If no revisions are necessary, you will be invited to a SAC meeting to make a five-minute presentation followed by a short Q&A session. SAC will then decide whether to constitute the club or not. Some of the criteria used by SAC are:

- If the club's mandate furthers the mission statement of the AMS
- If the club's mandate does not overlap with the mandates of existing AMS internal groups
- If there are sufficient resources within the AMS
- If the club is open to all AMS members
- If there is adequate justification for AMS affiliation
- Other criteria as determined by SAC

All of the information and forms to start a new club, as well as a list of existing clubs, are available on the website.

Clubs Benefit Fund(CBF)

www.ams.ubc.ca/student-government/finance-commission

The CBF awards grants to clubs for one-time projects that not only help your club, but benefit the AMS and the student population in general. For more information on eligibility and how to apply, visit the Finance Commission's section of the AMS website.

AMS/GSS Health and Dental Plan

SUB Lower level, Rm. 61 • 1.877.795.4421 • www.ihaveaplan.ca

The AMS/GSS Health & Dental Plan is extended health and dental coverage, designed specifically for students to cover expenses not covered by basic health-care plans. More detailed information about the Plan is available at www.ihaveaplan.ca, or at the Health & Dental Plan Office on campus

Who is covered?

All AMS and GSS members who pay AMS fees for the Health & Dental Plan are automatically enrolled, including full-time and part-time students, international students, and those auditing a course. To verify if you are enrolled in the Health & Dental Plan, check your fee statement and look for the "AMS med/dent" line item. You can do this online through the Student Services Centre at students.ubc.ca.

What is covered? What is the cost?

The Plan includes benefits for prescription drugs, health practitioners, dental care, vision care, travel coverage, and more.

The total cost of the Plan is \$218.66 per student, included automatically with university fees each September. The policy year is from Sept. 1, 2012 to Aug. 31, 2013. Students beginning in Jan. 2013 will be assessed \$145.77 for coverage from Jan. 1 to Aug. 31, 2013.

What if I already have health and dental coverage?

If you're covered by another extended plan (i.e. parent or spouse's employee plan), you can combine both plans to maximize your

overall coverage and reduce or eliminate out-of-pocket expenses. You may also choose to opt out of the AMS/GSS Plan and have the fee reversed from your student account. All opt outs must be completed within the Change-of-Coverage Period (see below) or within three weeks of your registration date, whichever is later. If it is your first time opting out, you will need to provide proof of other health and dental coverage. Visit www.ihaveaplan.ca and follow the on-screen instructions for opting out.

Can I enrol my spouse or dependants?

Students have the option of enrolling their spouse/dependants by completing an enrolment process and paying an additional fee. Common law and same-sex couples are eligible. Visit www.ihaveaplan.ca and follow the on-screen instructions for enrolments.

Mandatory Health Insurance for new International Students (iMED)

iMED is the mandatory basic health insurance program the University provides for new international students. All new international students are automatically

enrolled in the iMED plan, which provides coverage for the three-month waiting period for BC MSP or for the entire length of a one-term exchange. Medical benefits include emergency hospitalization and medical services for an unexpected sickness or injury. Once you register for your first class, a fee of \$150 (for all students except one-term exchange students, for whom the fee is \$213) will appear on your student account and your card will be sent to you via email; print it and keep it with you at all times. For more details about the iMED policy, please visit the iMED web site at www.david-cummings.com/imed.

Change-of-Coverage Period

Students can opt out or enrol their family during the following periods only:

- For students starting in September: Sept. 4–25, 2012
- For students starting in January: Jan. 3–24, 2013 (New Winter/Term 2 students only)

Blackout Period

Claims processing is delayed while studentcare.net/works waits for complete enrolment lists, after opt outs and enrolments have been processed. Returning eligible students who were covered in 2012's Winter Term 2 will not experience a Blackout Period in Winter Term 1. All other students will have a Blackout Period during the first two months of Winter Term 1. Only new Winter Term 2 students will experience a Blackout Period in 2013's Winter Term 2.

Claims can be dropped off at the Health & Dental Plan Office, but they will not be processed until the Blackout Period ends. You may also hold your claims until this time. Remember: claims are your responsibility until received by the insurance company. Practitioners and pharmacists can't accept Pay Direct or assignment of benefits during the Blackout Period.

Tuition Fees & Financial Options

Financing your education isn't always easy. There are many factors surrounding tuition and money—get informed. If you are experiencing financial hardship, the provincial government, UBC, and the AMS offer many options to help ease the burden.

Co-operative Education Programs

www.coop.ubc.ca

Co-op programs create employment opportunities for enrolled students. Placement in a faculty's Co-op program helps translate academic classroom experience into the professional world. Co-op helps students integrate paid, full-time, four-month work terms into a university degree program.

Work Study/Learn Program

www.students.ubc.ca/careers

Work and study at the same time and help fund your education. UBC and the AMS offer a variety of part-time Work Study/Learn jobs on campus that can be molded to fit your class schedule. Visit Career Services for more information.

Government Student Loans

www.studentaidbc.ca

The government provides loans to students with difficulty affording post-secondary education. Apply for provincial or federal student loans at least six months before the end of your school term, and you are allowed a six month grace period after graduation before loan repayment begins.

UBC Student Bursaries & Scholarships

www.students.ubc.ca/finance

Students who have maxed out their student loans and still have unmet needs may qualify for UBC bursaries under Policy 72. Bursaries are based on financial need and have a rigorous application process. UBC also provides scholarships and faculty-recommended awards for students who demonstrate academic excellence.

AMS Bursaries

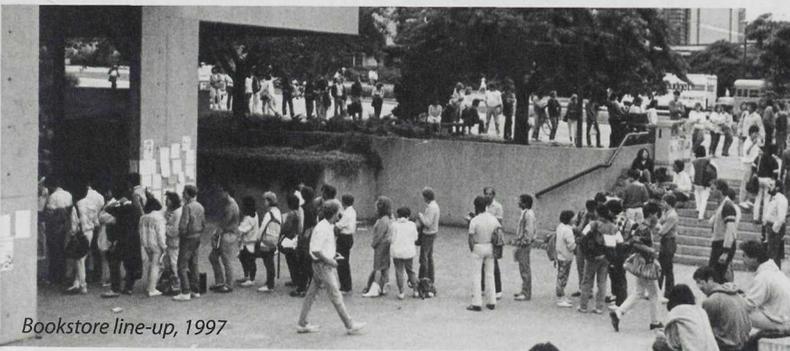

www.ams.ubc.ca

The AMS also provides financial hardship subsidies for many fees. If the U-Pass or SUB Renewal fees are causing you undue financial stress, you can fill out the application form (on the AMS website) for a partial or full subsidy. Resources are limited, so not all applicants will receive bursaries.

Health Plan Premium Assistance Fund

www.gss.ubc.ca/health

Assistance with the Health & Dental Plan fee is available on a need basis. Any student who has not opted out of the AMS/GSS Extended Health & Dental Plan may apply for this bursary. Application information is available on the Graduate Student Society website.

Your Rights as a Renter

UBC Residences

You are governed by your tenancy contract and not the Residential Tenancy Act. You can contact your Residence Life Manager or the University's Equity Office if you feel the contract has been violated.

Off-Campus Renters

You are covered by the Residential Tenancy Act. Your security (damage) deposit cannot be greater than a half-month's rent. To enter your suite, your landlord must provide you with written notice 24 hours in advance. You have a right to complain to the Residential Tenancy Branch if you feel these terms are not being met.

You have many additional rights as a renter—know them. Read the Residential Tenancy Act online at www.rto.gov.bc.ca or www.tenants.bc.ca. You can also contact your VP External, Kyle Warwick, for more information.

Your Rights as a Worker

The general minimum wage in BC is \$10.25 per hour. Liquor servers' minimum wage is \$9.00 per hour.

You are entitled to a 30-minute, unpaid meal break if you are scheduled to work over five hours. Overtime pay begins after you have worked eight hours in a day, or forty hours in a week. If scheduled, you have to be paid for at least two hours, unless you are unfit for work. Contact Employment Standards Branch with questions or concerns at 1.800.663.3316, or online at <http://www.labour.gov.bc.ca/esb/welcome.htm>.

Sustainability

The AMS and UBC strive to make this campus one of the most sustainable in Canada and the world. Sustainability is not just riding bikes and hugging trees; it is a way of thinking and acting that takes into account the broader community. Learn about and get involved with some of the great initiatives happening on this campus.

AMS Sustainability Office

Coordinator: Justin Ritchie
sustainability@ams.ubc.ca
www.amssustainability.ca

The AMS Sustainability Office carries out the AMS

Lighter Footprint Strategy—an outline for developing ecologically-responsible action in AMS operations and student life across campus. This year, the office is moving forward on taking the sustainability commitments of the student union to the next level.

In March 2011, the AMS passed a student referendum to establish the AMS Sustainability Projects Fund, a reserve of over \$100,000 for student-led sustainability initiatives. AMS-funded projects now include biodiesel produced by UBC Engineering students, workshops in sustainable skills like knitting and cheese-making, and support for gardens and bikeshares around campus. A blog about the projects and information on how to apply is available on the AMS Sustainability web page.

The Sustainability office also manages AMS-wide projects, like the Waterfillz machines, which allow students to refill water bottles without the negative effects of bottled water. The AMS also works to reduce waste through composting at outlets and through the green bins in the SUB; with your help in composting our food waste, as much as half of our organic food waste in the AMS could be collected and composted, either in our on-site vermicomposting bins or at UBC's larger on-campus facility.

For more information and opportunities, check out the AMS Sustainability webpage, or one of the many other sustainability initiatives on campus, including:

UBC Sustainability

campus.sustainability@ubc.ca
sustain.ubc.ca • @SustainUBC

Acts as a hub for green initiatives across campus, including sustainability research, teaching and learning.

New SUB Sustainability

subsustain@ams.ubc.ca • mynewsusb.com

Dedicated to ensuring that the New SUB exceeds the highest standards for sustainability, and represents the AMS's lighter Footprint Strategy. Students are welcome to contact the New SUB group to ask questions, offer ideas or apply for member-at-large positions.

Transportation Options

The road to education should be easy, affordable, and sustainable, and that's why the AMS and UBC offer many alternatives to driving to campus. Take advantage of these transportation options for getting to, from, and around UBC.

Bike Co-op

ubc.bikecoop@gmail.com • bikecoop.ca

The Bike Co-op is dedicated to improving the UBC community cycling experience. We provide cycling resources and services to the campus community and work to promote and improve cycling at UBC. Volunteer at one of our work parties, full of good people and delicious food, where you can learn about bike repair and earn a key to our famous Purple & Yellow Bike fleet—an on-campus community bike share program.

AMS Bike Kitchen, Dana Simpson photo

The Bike Kitchen

www.thebikekitchen.com

The Bike Kitchen is a full service, non-profit bicycle repair shop with its own entrance on the north side of the SUB. We specialize in inexpensive, refurbished bicycles and offer a full selection of new and used parts. We are also available for customers to repair their own bikes, and offer assistance for those who need help. Show us your student card and receive 10 percent off new parts.

UBC Transportation Planning

trans.plan@ubc.ca • www.transportation.ubc.ca

Transportation Planning develops and implements transportation policies and programs that support UBC's vision for a

sustainable campus. Our office administers the U-Pass program, provides secure bike parking facilities, and end-of-trip facilities throughout campus and supports access to sustainable transportation initiatives including emergency ride home and car share programs.

The U-Pass

www.upass.ubc.ca

The U-Pass is a three-zone, monthly bus pass that provides unlimited access to all Translink services (city buses, community shuttles, Skytrain, and the SeaBus). UBC students are entitled to pick up a U-Pass every month. U-Passes can be picked up by eligible AMS members between the middle to end of each month at the UBC Bookstore.

If you feel strongly about affordable, high-quality transit, contact your VP External, Kyle Warwick (SUB 238J, 604.822.2050) and help build a healthy culture of public transportation!

Personal safety is an important consideration for everyone regardless of age, gender or ability. The purpose of this guide is not to induce fear, but to provide resources to help you avoid and prevent dangerous situations. Do not feel foolish or embarrassed asking for help if you feel you need it. Any situation that causes you concern or fear is a legitimate reason for seeking help. If a situation feels wrong, it probably is.

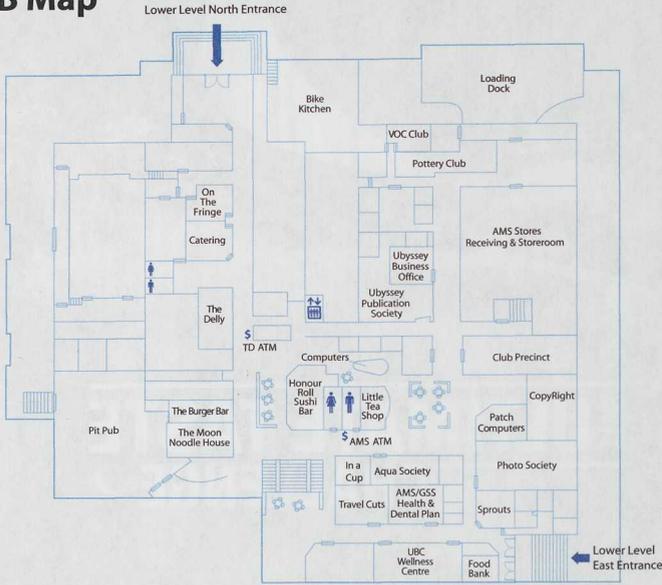

- Be aware of your surroundings.
- Trust your gut instinct and ask if you want help. SafeWalk, the blue phones and other services are there to prevent dangerous situations and to help you feel safe.
- Intervene if you feel comfortable.
- Recognize that everyone has a role in preventing violence. Educate yourself and others. The Sexual Assault Support Centre (SASC) offers free resources.

Know that it is never your fault if you survive an act of violence. Contact SASC for support, answers to questions, and advocacy. Visit us at SUB Rooms 119 A & B. Call us at (604) 827-5180. E-mail us at sasc@ams.ubc.ca.
