ANNUAL AGGIE BANQUET HELD

Stock-judging Team Chosen to Represent U. B. C. in South

The Agriculture Undergraduate Society held its fifth annual banquet in honor of Dean Clement and the members of the Faculty, last Wednesday evening, October 15th at the Elysium Hotel.

The "Aggie Banquet" is one of the major events in the social activities of the undergraduates of Agriculture. It is a big "get-together" of the members of the faculty and their wives, and the students, which enables the freshmen to meet and become acquainted with the professors and the students of the other years, so that at the earliest possible time the faculty can become a unity in both academic and inter-class activities.

The principal speakers were Dean Clement, Prof. Wilfrid Sadler, and Mr. Dal Grauer, president of the Alma Mater Society. Mr. Fergus Mutrie contributed a piano solo, and Messrs. Tommy Wilkinson and "Lefty" Nelson rendered a duet with Miss Milne accompanying. The freshmen are required to put on a "stunt" each year at the banquet, and this year the class contributed an original parody on "It ain't gonna rain no mo."

During the course of the evening Dean Clement announced the personnel of the teams which will represent the U. B. C. in the stock-judging competition at the Pacific International Live-Stock Exposition which will be held at Portland in November. The general animal husbandry team will consist of: Messrs. A. W. Aylard, G. W. Challenger, E. B. Fraser, L. A. Murphy and J. C. Nelson, while Messrs. G. T. Wilkinson, J. B. McCurrach, and G. M. Dynes will compose the dairy cattle judging team. These men will meet keen competition from the representatives of the college of the Pacific Coast States and the very best wishes of the whole College will be with them when they leave for the South.

ROWING CLUB DEFEATS VARSITY

Rugby Score is 9 to 5

The Rowing Club defeated Varsity in a hard-fought game last Saturday by 9 points to 5. The game the students put up was the more creditable in that they played minus the services of Hall, the regular full-back. Gwyther having moved from his position to fill the vacancy, there were no available spares to take the fly-half's place. Varsity was thus forced to play with but one half-back.

The Rowing Club kicked off and followed their advantage by engineering two fast three-quarter wins, carrying the ball to the Varsity twenty-five. At this point Price relieved the situation momentarily by breaking through

UNIVERSITY TRACK STARS RUN UP FINE TOTAL AT TRACK MEET

Warren, Henry, Mottley and Ramsell Make Splendid Showing. Given Fine Reception at Edmonton

Eight records were shattered in the Western Inter-Collegiate meet at Edmonton in what was considered by everyone present as the best track meet in the history of the union.

Manitoba won the aggregate of the meet as per usual with their star aggregation of track men, but U. B. C. with six men tied for second place with Alberta, who had a full team of fifteen, and Saskatchewan came fourth having a team of twelve. The B. C. boys were not allowed points however, as they were not affiliated with the W. I. C. A. A. U. Hence to figure out the aggregate, points must be deducted from each college and added to U. B. C.'s credit.

Without handing themselves any bouquets the Varsity track team, and the students themselves, may well be proud of last Saturday's performance of the smallest (in numbers) of any track team at the Prairie meet.

Harry Warren, C. Henry, C. Mottley and Ramsell were the stars of the U. B. C. outfit, and had points been awarded in their events, would have

garnered 29 for the coast province.

Warren came second in the century, 220 yards and 440 yards, records being broken in all three events. The U. B. C. star was only about two feet behind Cohen of Winnipeg in the hundred, which was run in 10 1-5 secs. The 220 yard event was probably the best in comparative times of any races at Edmonton. The Winnipeg speed merchant, Cohen, broke the tape at 22 seconds flat after being forced to the tape all the way by Warren of B. C. Some idea of the excellent time made in this event may be realized when it is considered that the world's record for the event is only four-fifths of a second better. Warren capped his performance by coming within an ace of beating Butch McLeod of Winnipeg in the quarter mile, which was won in the record time of 52 1-5 seconds.

Clarence Henry of Art's '28 turned in the second best performance for his college when he copped two seconds in both the high and low hurdles and

Try-Outs Being Held for Xmas Plays

Keen Competition Marks This Year's Race For Roles

The tryouts for the annual Christmas plays were held at the end of last week, and the majority of the parts assigned. However, owing to the number and excellency of the contestants, a definite decision was not arrived at in all cases, so further tryouts for these roles are taking place during this week. Up-to-date, the following is the result:—

"Figureheads." Princess—Miss M. Alahan; understudy, Miss J. Faulkner. Prince—Mr. F. Painter; understudy, Mr. J. Anderson. Gertrude—Miss A. Pumphrey; understudy, Miss E. Rilance. Guards—To be assigned later.

"The Old Lady Shows her medals." Mrs. Doire, Principal, Miss I. Barton; or Miss B. Clegg. "Chars."—Principals, Misses L. Morrison, H. Kidd; understudy, Miss I. Russell. Kenneth—Mr. H. L. Brown or R. C. Harris. Willings—To be arranged later.

"The One Deserving." Laura—Misses Baillie, Meredith, Rankin. Althea—Miss Harvey or Miss Craig. Mrs. W.—Principal, Miss G. Hope; understudy, Miss G. Musgrave.

(Continued on Page 2)

Crute Is Life Member of Soccer Team

Veteran Player Is Honored by Men's Athletic Association

At a meeting of the Men's Athletic Association on Thursday, Ebenezer Crute, star right full-back of the Varsity first soccer team, was singularly honored by being made a life member of the soccer team. Crute has been with the Varsity team from its very beginning. He played when the college team engaged only in friendly matches. During their uphill fight of four years ago in the second division he played no small part. Eb has always acted as a steadying influence to the team of young players but when it comes to playing he is about the class of the province at right-back and wherever the Varsity team appears there are sure to be some rabid supporters of "Good Old Eb." Last year it was decided to permit Crute to play, he under ordinary circumstances being ineligible, as he was not attending Varsity. By Thursday's meeting Crute is eligible to play with the U. B. C. team as long as there is any football left in his legs, which is going to be for a long time yet. It was but a fitting tribute to one who has done so much for soccer at the U. B. C.

BAKER RETAINS TENNIS TITLE

Shields Gives Champion a Hard Run

Lorimer Baker was again successful in defending his singles title against the challenger, Gordon Shields. As was expected, Shields put up a hard fight but his opponent, consistently holding a slight edge, was able to defeat him in three straight sets 8-6, 6-3, 7-5.

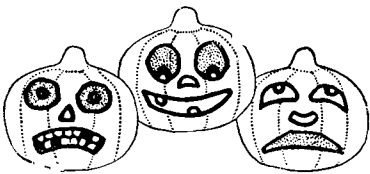

In the men's doubles Hincks and Shields defeated Arnott and Baker 6-4, 7-5, 4-6, 7-5. In the ladies singles Miss Bullock-Webster defeated Miss Jean Strauss 6-4, 6-4. The ladies' event provided an interesting and consistently well-fought brand of tennis. But it is evident that the finals in the men's doubles was even better, since the latter had a monopoly on the spectators. Baker and Arnott played an excellent brand of tennis and at times during the second and third sets it seemed as if they might win the title. But the superior combination of Hinck's and Shields told and they went down to defeat.

Another excellent event was the match between Shields and Hincks in the finals of the men's singles. During the first two sets Shields was markedly the better, winning 6-1, 6-1. But in the third Hincks struck his pace and, fighting every inch of the way, took the set 6-8. However, Shields came back in the next, and winning 6-3 took the match.

This win gave Shields the right to again challenge Baker whom he had failed to defeat last year by only a hair's breadth. Baker has held the title for the past three years, and a large gallery was present to witness his success. This match, by far the best of the tournament was filled from beginning to end with consistently brilliant tennis. In the first set Baker had run up a lead of 5-3 and was twice within a point of winning when Shields called and forced the score to 8-6. In the second and third, though the game was very even Baker held the edge, winning 6-3, 7-5.

WELFARE WORKER TO ADDRESS S.C.M.

The S. C. M. of this University has arranged to have Mr. H. N. Harkness address them on Monday next, on the subject, "The Challenge of the Child." Mr. Harkness, the secretary of the local Kiwanis Club, is a well-known worker in social and child welfare work. It is his aim to give every child a full opportunity to develop into a good citizen. This should be interesting to many students and a good turn out is expected. Although this meeting is under the auspices of the S. C. M., all students are invited. Remember, Monday next, at noon in Room Z.

HALLOWE'EN

That is the Night for a Party

A night when mystic spirits are abroad; a night when witch and goblin (so they say) mingle with mortals in revelry and games; a night when solemn owls stare and radiant Jack O' Lanterns peep from windows. Dennison's Bogle Book simplifies your party plans and helps you with arrangements from invitations to refreshments. We carry everything in the Dennison line to make your party a success, and also give free instructions on how to decorate and make favors, etc. Remember the date of Hallowe'en, Oct. 31.

IN CO-ED SPORT CIRCLES

In Women's Athletics as well as the Men's, letters are given for proficiency. For the benefit of the Freshettes and others who do not understand the system by which these letters are awarded, the following explanation is given:

In basketball and swimming, small block letters are awarded to those taking part in 50 per cent. of the scheduled games or meets. Those taking part in 50 per cent. of grass hockey and Badminton games are given plain letters, while the three girls making the most progress in gymnasium are also given plain letters. In the track meet, to the girl making the highest number of points, a plain letter is awarded; and also 1st, 2nd and 3rd ribbons are awarded in the different events. First ribbons go to the members of the first relay team.

Every year, keen interest is taken in the Interclass competitions, both by players and supporters. There is always that feeling of excitement in seeing which class will come out on top, and also that struggle to win or hold certain cups.

This year the Competition opens with the Track events and is followed by basketball, swimming, badminton and the relay, which is also counted. The class winning the relay gets the Arts '25 Relay Cup, while the class making the greatest number of points throughout the year wins the Chris Spencer Cup.

The order of points given in each event are: 4, 3, 2, 1.

The girls' basketball game that was scheduled for Saturday evening was called off, as hikes, practices, and various other engagements prevented the girls from getting together for a game.

The Hockey Club will play a practice game with King Edward High School, Thursday afternoon at 3, in preparation for a probable game against the Duke of Connaught High School on Saturday. All the girls will play and a team of the best players will be picked.

Dean—"Have you ever been up before me?"

Sophomore—"Why, I don't know sir. At what time do you generally get up?"

Varsity Rugby Game

(Continued from Page 1)

and carrying the ball to mid-field before being stopped. The Club retaliated with a rush that took the ball to Varsity's five-yard line; improving this movement by scoring shortly after, Lane being the principal. Crone failed to convert. The Club immediately pressed to the attack again, and two pretty three-quarter runs were followed by a score, Marshall going over. Crone again failed to convert. Varsity now took the initiative and began a heavy attack; aided by slow work at the base of the Club scrum, the Varsity threes obtained possession of the ball, and on this occasion got the ball away fast, Arkley being in possession before the Club three had quite tumbled to the situation. He evaded his check by a nice turn of speed, and swerved neatly past the full-back, just making the line as he fell. Gwyther converted. Purdy followed up fast after the kick-off and downed Stuart, the Club full-back in his tracks. From the ensuing scrum Casselman obtained the ball and engineered a three-quarter run which was again featured by unusually fast passing on the part of the Varsity. The half ended with the full-backs exchanging kicks, Gwyther having the slight advantage. Rowing Club 6; Varsity 5.

Before the second half had proceeded a minute, Purdy kicked long and high, followed fast, and again nailed Stuart. This advantage was short-lived, for a rush by the Club forwards took the ball to Varsity's twenty-yard line. Gwyther relieving the situation for a moment by a nice kick, the ball was brought right back, and the next ten minutes were taken up with scrums on Varsity's five-yard line, Boyd being pushed over eventually by the scrum. Crone had hard luck in not converting, his effort hitting the bar. Varsity followed the advantage of the kick by pressing the Club back to their twenty-five, and subsequent kicking by Morgan and Casselman gained another fifteen yards. Here Varsity started a zig-zag rush which almost put them over, but determined resistance by the Club took the play back to Varsity territory and the final whistle went with the teams in mid-field. Rowing Club, 9; Varsity, 5.

The Varsity forwards worked very hard, but much of the time ineffectively. They apparently have sufficient weight, but do not heel smartly enough as yet, nor is their bunching all that could be desired. The three-quarters are strong, defensively, but do not seem to realize the full value of fast passing movements. In this respect, however, they are vastly improved over their form of last Saturday, and no doubt a few more practices will show a great difference in their combination work.

RHODES' SCHOLARSHIP

A considerable number of applications for the Rhodes Scholarship of B. C. have been handed in this year to Prof. Logan, secretary of the Selection Committee, and a keen competition is promised. The secretary is unable to give out further statements, however, until the final decision is made.

Monday, October 20th, was the last day for entries.

ARTS UNDERGRAD. DANCE

The much discussed Arts Dance will be held on November 7 at Lester Court. Lee's Orchestra will occupy the musician's balcony and will provide the sweet strains for which they are famous. President Bert Smith is busy with the many details which accompany such occasions and after the meeting to be held on the 27th of this month will be in a better position to enlarge upon the present arrangements.

To prevent crowding on the social calendar the Arts Smoker will be held after Christmas and will be an event to look forward to when the dance has faded to a delightful memory.

NEW FRENCH CLUB

The first meeting of the new French club was held Friday evening at the home of Miss Jean Woodrow, 1705 12th Ave. W., and was presided over by Miss Alice Myers. "La Causerie" was chosen as the name of the club and it was decided that the members meet once a fortnight. Dr. Clark gave some appropriate remarks on Anatole France, which were deeply appreciated. The gathering then took on a purely social aspect, rivalling in point of conversation and refreshments, the French salon.

PIANISTS' CLUB

Saint-Saens was the composer under discussion at a meeting of the Pianists' Club held last Monday evening at the home of Miss Phyllis Fewster. A short paper on the life and art of the great French musician and author was read by Miss Marguerite Boulton.

Piano solos were rendered by Miss Dorothy Fewster, Miss Gladys Harvey and Miss Margaret Forward, and violin solos by Miss Dorothy Tennant and Mr. Leslie Brooks. In addition, Miss Lillian Reid contributed a vocal number.

SPORT NEWS

U. B. C. Soccer Team Defeated

The Varsity 2nd Team suffered its first defeat of the season when it was eliminated by Malkins from the first round of the O. B. Allan Cup competition. The game was played at Trimble Park and the slope seemed to bother the University boys.

Play opened with a strong offensive by Malkins. The Varsity right back fouled when hit in the face by the ball and from the resulting kick, Malkins' earned a corner. Sutherland saved, but the ball was not properly cleared. A scrimmage in front of the goal resulted in Malkins scoring their first, when the inside left drove the ball through a mass of players and past Sutherland, who could not see it. Varsity, who were kicking down hill, pressed, but failed to score when Newcombe missed two fine chances. McLuckie at outside right for Varsity, and Evans at the extreme left, made many good runs and nice crosses, but the inside men either shot wild, or the Malkins' goalie, who played a brilliant game, saved spectacularly. Play went both ways with the Malkins' outside left in the limelight, but Gibbard, Reid and Robertson managed to keep them from breaking through. Soon, McLuckie scored Varsity's first goal when he knocked the opposing goalie over with a bullet shot from close in.

After half time, Malkins', now kicking down hill, scored their second on an easy shot which Sutherland let slip through his fingers. Varsity, nothing daunted, came right back and Hec Cant went through for the tying score. U. B. C. was playing good and bad soccer, and the Malkins' front line, which throughout the game kept in exact position, did not fall back on the defensive as did the U. B. C. forwards. Varsity forced a corner and Newcombe scored. Then with the game nearly won, the backs let Malkins' outside left tie up the score.

Overtime, which is necessary in all cup games, was played. Both teams were tired out and Alsbury, Reid and Gibbard of the U. B. C. were crippled.

The first fifteen minutes resulted in no score. The teams then changed over and Malkins did the greater part of the pressing. There was only a minute to go when the Malkins' outside left crossed the ball which Sutherland only knocked down and the opposing centre rushed through, thus winning the game, 4-3 U. B. C. line-up: Sutherland, Warden and Hunter; Gibbard, Reid and Robertson; McLuckie, Newcombe, Cant, Alsbury and Evans.

Tribute to Mosher

Peculiar how fame spreads, isn't it? Just the other day, one of our reporters, who is also a soccer fan and player, ran across a very real and very interesting tribute to Varsity's star convalescent. It was in a big London sports paper, in the correspondence column, that a fellow from Brisbane, Australia, had written to the editor about the stimulus created by the Canadian tour. The one player he mentioned was "our" Heggie. In fact, he seemed slightly awed. He referred to the "wonderful work of their goal keeper, who is well over six feet in height. In one game he saved no fewer than three penalties in two minutes." Perhaps Heggie could enlighten us.

Just shows how news travels. Brisbane to London, London to Vancouver! Best of luck, Heggie.

Rowing Club is Beaten by Frosh

That the U. B. C. freshmen are in no wise "green" to the game of rugby was proven beyond a doubt when Varsity's "little boys" breezed through to a 7-0 victory in a hard fought game with the Rowing Club at Strathcona Park last Saturday.

Shortly after the starting whistle, the Rowers were forced to defend when the Frosh took the ball to their opponents' goal mouth and scuffled around in a vain attempt to "push it across." Play was soon brought back to centre field and Varsity's stern defence, which featured much long range kicking had the Rowers guessing. By this time the "club" team was warmed up, and scrum followed scrum with both teams going at full tilt. Suddenly a streak of blue and gold flashed out of the crush and went straight for touch. In the wild stampede which followed, the lone runner was swamped, and the ball was lost again. Schapelle emerged from the fray and taking a cool aim from the three-fourths line placed the ball neatly between the posts with a pretty drop kick. In the fierce play which ensued the Rowers were given a penalty kick within easy scoring range of Varsity's goal. The ball sailed in a wierd curve around the posts and the referee ordered another try. The second attempt was most effectively blocked by the Frosh. With only five minutes to go, Varsity pushed the ball down field and fought every inch of the way to touch. Shields converted with an easy kick. The last few moments of play found the Rowers maintaining a fifteen man offensive.

The game on Saturday revealed a good deal of rugby talent among the freshmen ranks.

Third Soccer Team Trounces Cup-Holders

Varsity Juniors climbed at once into the winning column and the spot-light by trouncing Manchester, holders of the Con Jones Cup, 3-2. The game was fairly fast, and well contested, Varsity deserving her success by reason of a more stubborn defense and more aggressive forwards. Gaudin opened the scoring a few minutes from the start with a shot that came as a surprise. Stevenson got the second on a drive that the University goalie failed to hold. Manchester sent their goalie up to the forward line, a forward back to left-half, and the left half to goal. J. Stevenson placed a perfect corner, and their outside left headed through. Varsity was often in danger from corner kicks but defended stoutly. Half time arrived with no change in the scoring. After the change over, the College got away nicely, and Pifers and Stevenson had clean "break-aways," only to have their shots blocked. At the other end, Stewart was picking them off nicely. Spillsbury got a nice goal about half-way through, and Manchester came back desperately, their inside left going between the backs at last to tally. The play was fast and furious after this, but neither team made the most of its chances, and Varsity left the field with a well-earned win. Manchester previously stood second in the league table.

Line-up: Stewart; Smith and Davies; Monroe, Miller and Taylor; McKinnon, Gaudin, Stevenson, Spillsbury and Pifers.

THE CORRESPONDENCE COLUMN

The Ubyssy, as the official organ of the students of the University of British Columbia, is interpreted by the public as being characteristic, in its expressions, of the whole body. As a result, each of us should feel a sense of responsibility in writing letters to the weekly, for it must be forever borne in mind that extra mural readers will regard correspondence not as the outpourings of the overburdened soul of a single undergraduate, but as the expression of views typical of us all.

We cannot afford at any time to forget that the University is a public institution, founded and subsidized by taxpayers of the province, and dependent for its continued existence upon the goodwill of thousands, to whom a university may mean very little. It is reasonable to state that there are many cases in which the occasional perusing of the Ubyssy is the single point of contact with the University. Our publication is sent to the business houses of all who advertise in it, and thus finding its way into the city it is brought to the attention of a number of men of affairs.

One lone student, writing hastily or heatedly may cause a thousand of his fellows to be censured. It would redound to our credit if our correspondence column were one in which would be found only what constitutes our honest convictions, couched in moderate language. The importance of such a precaution cannot be overestimated, and it behooves all who would avail themselves of the column to bear it in mind.

THE FRESHMAN CLASS

The undergraduates of the University join with the Ubyssy in wishing the best of luck to Arts '28, united for the first time under a permanent executive. Since this year it comprises almost half our members, it was at first feared that the task of assimilating and infusing into it the true spirit of our Alma Mater, would be difficult and lengthy. Events have proved, beyond a shadow of a doubt that these fears were entirely groundless. Not only have the members of this year shown themselves loyal supporters of their University as a whole, but individual members have already attracted the notice of the student body in no uncertain manner. The stellar performance of Henry at Edmonton is a thing of which '28 should be proud of while the rugby playing of Malcolm Lange and Shaw has attracted much

favorable comment. Further, a close examination of the large bodies of Varsity rooters at all the rugby and soccer games has revealed the gratifying fact that most of them wear a bit of green ribbon, prominently displayed. The freshman team was the only rugby outfit to win its game last Saturday, and it looks like the best in the league. With such a favorable start, Arts '28 should show up prominently in the months to come, and the whole student body once more wishes them all success.

BY THE WAY.

At last! We have labelled ourselves so that he who runs (to or from a lecture) may read! Dear reader, have you seen our portal superscription? It's a little piece of thoughtfulness on the part of our chief. One of our brand-new, freshette reporters had actually wandered into that awful den, the men's common room, while searching for our office. Of course we couldn't have our reports and reporters lost like that—hence the sign!

We understand that Mr. Quigley has indignantly denied all rumours to the effect that he is a feature member of the advertising staff of a prominent cigarette-manufacturing house.

BUDGETS

At the regular meeting of the Students' Council on Monday night final budgets were passed calling for the expenditure of \$6,890.10 of student funds. This figure represents an increase of \$530.47 over the budgets of last year which were \$6,359.63. The appropriations for the men's ice hockey team have not yet been definitely decided but it is anticipated that they will not be in excess of \$300.

The budgets as finally approved stand:—

Arts Men's Undergrad.....	\$ 60.00
Women's Undergrad	120.00
Agriculture Undergrad	60.00
Science Undergrad	60.00

Total	\$300.00
Mens' Athletics:	
Rugby	\$ 426.00
Track	70.00
Basketball	150.00
Badminton	85.00
Soccer	425.00
Rowing	150.00
Swimming	90.00
Boxing	100.00
Outdoors	25.00
Grass Hockey	32.00
General	10.00

Total	\$1,563.00
Woman's Athletics:	
Basketball	\$ 65.50
Grass Hockey	19.00
Gymnasium	35.00
Swimming	35.00
Track	6.00
General	21.60

Total	\$182.10
Literary and Scientific Department:	
Musical Society	\$180.00
Woman's Literary Society.....	26.00
Men's Literary Society.....	25.00
Player's Club	196.00
General	20.00
Debates	100.00
Agricultural Discussion Club....	8.00
Livestock Club	162.00
Engineering Discussion Club....	10.00
Chemistry Society	5.00
Sigma Delta Kappa	3.00

MEMORIAL CEREMONY AT DR. WESBROOK'S GRAVE

Arts '25 paid honor to the memory of the late Dr. Francis Fairchild Westbrook, first president of the University, when they placed a wreath of flowers on his grave in Mountain View Cemetery, Monday afternoon. Dr. Westbrook died October 20, 1918, during the influenza epidemic.

Professor F. G. C. Wood, honorary president of the senior class, spoke a few words on the untiring efforts made by the first president in his difficult task of founding the University.

In placing the wreath Ralph Mathews, president, said that he hoped other classes would honor the memory of Dr. Westbrook in a similar manner.

THE NEW CLASSICS CLUB

A meeting was held on Wednesday noon of last week by members of the upper years studying Latin and Greek, to consider the formation of a University Classics Club. A good deal of interest was evidenced so that it seemed feasible to organize and continue the work dropped by a similar society three years ago. It will be the purpose of the Club to foster the study of classical subjects by the discussion of general and interesting topics in that field, and by giving classical students a feeling of unity. It was arranged to hold two meetings this term, which members of the faculty have kindly consented to lead, and four next term, when a paper prepared by a member of the Club will be read each evening. Membership this year will be open to students of the third and fourth years taking one or more full courses in Latin or Greek, who are thoroughly interested in the work. An initial fee of twenty-five cents will be required. Officers were elected as follows: Honorary president, Prof. Robertson; president, H. A. Thompson, Arts '25; vice-president, Miss E. Lucas Arts '25; secretary, John Grace, Arts '26. Those wishing to join the club and those prepared to attend the first evening will kindly communicate with the president or secretary immediately. The first meeting will be held on October 25 at 8 p.m. at the home of Prof. Robertson, Mr. Robertson will speak on "The Oracles of the Ancient World," and the papers for the next term will be assigned. Take a Kerrisdale car, No. 7, to Elm St., walk six blocks south and enjoy a good evening.

NURSING UNDERGRADS.

The first regular meeting of the Undergraduate Nursing Society was held the evening October 15th, in the Nurses Home, V. G. H. New members were welcomed by Miss Ellis, Supt. of Nurses, and by Miss Carson, President.

On account of the resignation of Miss Wilkie, Miss MacDonald was elected to the post of secretary, Miss Swerdfager was chosen as Athletic Representative.

Several amendments to the constitution were passed by the Society. The remainder of the evening was spent in discussing work for the coming year.

\$100.00 for the Ring

Because \$100.00 is one of the most usual prices for an engagement ring, we have a specially large variety at that figure. In addition to sound value, your ring has that quality and distinction that go with the name "Birks."

MUSICAL SOCIETY

The Musical Society hopes to see all its members present at the hike to Cypress Park on Saturday, October 25th. Members will please meet at the 1.15 ferry to West Vancouver on Saturday afternoon.

The Duo-Art recital, to which all students are invited, will be held in the auditorium at 3 o'clock on Wednesday, November 5th. The recital is given under the auspices of the Musical Society but is in the hands of Mr. R. V. Gould of Fletcher's.

Those interested in music will be glad to hear that the Society, through the kindness of Miss Laverock, has been able to obtain special reduced rates for students for some of the musical events of the coming season. Among the artists who will be heard here this winter are: October 27, Florence Macbeth; November 4th, Russian Cathedral Male Quartette; November 12th, Louis Graveure; November 26th, Marie Rosenthal; December 1st, Mischa Elman.

If there are still any students desirous of joining the Society they are advised to apply immediately as the time is getting short.

Correspondence

This column is maintained for the use of students and others who wish to express themselves in moderate language on any topic of general interest. The "Ubyssy" does not assume responsibility for any of the views expressed. All contributions must be signed and written legibly in ink, on one side of the paper only. They must not exceed two hundred words in length, and must reach this office not later than noon Monday, in order to appear in the issue of the following Thursday.

OBJECTS TO QUIGLEY'S PHRASES

University of British Columbia,
October 18th, 1924.

To the
Editor of the Ubyssy,
Dear Sir—

As newcomers to this University we, the undersigned, were very much interested in reading Mr. Quigley's contribution to the correspondence column of the last edition of the Ubyssy. Needless to say it caused considerable astonishment in us.

We, and no doubt all the gentlemen in the University, quite agree with Mr. Quigley that there is an element of discourtesy in smoking in the halls of the University while they are crowded with ladies. We feel, however, that Mr. Quigley has overstepped the mark of ordinary politeness in his letter. This has no doubt happened through his ignorance of the way in which errors and thoughtlessness are courteously and tactfully pointed out by one gentleman to another. Had his letter been couched in such a form we feel that it would have had a much greater effect in the right direction.

We do not wish to enter into a controversy with Mr. Quigley on the subject of smoking, but as we are all smokers we wish to protest against the extremely unsavoury epithets with which he has dubbed us and a very large proportion of the gentlemen of this University. These epithets are not only out of place but are even indecent.

We do not wish to encroach upon your valuable time and space further, but wish to thank you now, should you find yourself in a position to place this protest in your next edition.

We beg to remain, Dear Sir,
Faithfully yours,
C. F. Swannell, Arts '26,
G. Vincent, Arts '26,
D. G. Marsh, Arts '26,
W. L. Bates, Arts '27.

IN DEFENCE OF SMOKING

University of B. C.,
October 17, 1924.

The Editor,
"Ubyssy,"
Dear Sir:—

It was with some satisfaction that we read in last week's issue of the Ubyssy, the letter signed "Quigley." The letter brings to the public notice a matter that is undoubtedly in need of reform, and our only regret is that there is no Christian name in the signature to indicate whether the writer is male or female, and we are not quite sure with whom we are dealing. As, however, the writer has travelled some miles on a tug unchaperoned, we assume it is Mr. Quigley.

To answer Mr. Quigley's letter in detail might take even more space than the epistle we are taking the liberty of replying to, but we can at least say that once the habit of smoking is acquired, a cigarette is some comfort after a strenuous session in lab. or lecture room, and, further, that although the habit of lighting a cigarette before the open air has been reached, is perhaps not in the best of taste, especially in the Arts Building, it is really no worse than the

noisy talk and constant stoppages for facial refurbishing indulged in by our lady and lady-like friends.

As for the women's attitude towards the question, did the author of the letter never have the pleasure of hearing his dearly beloved murmur: "Yes, go ahead and smoke, I really like it?"

Yours truly,
J. R. Arnold, '27
J. D. Curtis, Sc. '28.

THE SPAT HABIT

Editor Ubyssy.
Dear Sir:

Are the so-called men of the University becoming effeminate? Has the obnoxious habit of wearing spats taken such a hold on them that they cannot restrain from wearing them even within the sacred precincts of the University?

Do they think it manly? Let me tell you what men think of it. While getting a lift around the harbor on the North Vancouver Ferry No. 3, the fifth mate asked me if I ever wore spats. I denied it. He told me it was the wisest thing I had ever done, adding that the habit was so strong on him that he must wear his habitual spat even while in bed.

On another occasion, the chief engineer of the "Lightfoot" apartments remarked that he hadn't seen me wearing spats yet. He could stand rubbers, bow ties, or even umbrellas, but to see young men with those "damned spats" draped around their ankles. "Why look at them! See their knees all trembling!"

Only two cases those, but many other influential men in various walks of life, have told me of the weakened moral and physical condition into which the ankles of these thoughtless young men have so often deteriorated.

Yours for healthy ankles,
Wrigley.

OUTDOORS CLUB

The outdoors' cabin grew rapidly under the hands of the members of both sexes. Whether it was due to the fine weather or to the female members we do not know. But this is certain, that after the honorary president, Mr. Lighthouse, and thirty-one members of the Outdoors Club arrived, the ceiling rafters were fixed and the roofing was commenced.

Eight members climbed to the cabin on Saturday and cut sufficient logs for the Sunday arrivals. The members spent an excellent night chasing away mice and trying to get more than one and one-half feet of floor-board to sleep on. Poor sardines.

About 10 o'clock Sunday morning the rest of the workers arrived and came to task. Even the girls showed a fine spirit of cooperation in carrying roof-shakes from the tree to the cabin. It is believed that those who split the shakes had the time of their lives keeping up the supply!

TABLE GRAMOPHONES

Wonderful Value at \$13.75

We don't think like value has ever been offered before. We bought several hundreds of them, and it is only because we bought them in a large quantity that we can sell them for this low price.

The case measures 11x12 inches; has a speaking front, concert sound box, nickel front turn-table, stop, tone arm and regulator. It has a splendid tone, and plays all makes of records. Really wonderful value at \$13.75.

WOMEN'S LIT. HAS LIVELY MEETING

The regular meeting of the Women's Literary Society was held in the Auditorium on Wednesday, September 15th. The chief interest of the meeting was centered in an open debate, "Resolved that Formal Credit Should be Given for Student Activities."

The debate was opened by Miss Helen MacGill who spoke for the affirmative. This started a very interesting discussion of the subject, and supporters for both sides set their views clearly before the meeting. Although the speakers for the negative led by Alfreda Berekley, put up a strong fight, and presented some excellent arguments, a general vote decided in favor of the affirmative, as having presented the best case.

The coming inter-class debates for the shield should arouse general interest. The first of these takes place some time next week, the contestants being the women of Arts '27 and Arts '28. Try-outs have already been held and debaters chosen from these classes.

Last year the shield was won by the women of Arts '25, the final contest being between them and the Freshettes, who had in turn gained the victory over the women of the Sophomore class. It remains to be seen whether Arts '25 will retain it this year, or will hand it over to one of the other classes. The subject of the debate has not yet been decided, but competition promises to be keen.

ARTS '28 ORGANIZE

Thirteen permanent officers for the executive of Arts 28 were elected at the second meeting of the Freshmen in the auditorium Friday noon. Mr. H. B. Smith, president of the Men's Undergraduate Society, took the chair.

Competition was not as keen as in previous years, many of the officers being elected by acclamation, but nevertheless the students are assured of having their activities controlled by one of the best executives in the U.B.C. Those elected were: Honorary president, Mr. F. H. Soward of the department of history; president, Mr. E. Bebb; vice-president, Miss B. Tingley; secretary, Miss M. Walker; treasurer, Mr. R. Shaw; Men's marshal, Mr. Lange; women's marshal, Miss N. Robarts; men's athletic representative, Mr. W. Thompson; women's athletic representative, Miss D. Woods; men's literary representative, Mr. F. Adams; women's literary representative, Miss K. Baird; yell leader, Mr. F. Fournier; song leader, Mr. W. Turpin.

Following the elections, Mr. C. Barton gave a short address on the Musical Society and Glee Club. A vocal selection, "Kentucky Babe," was cleverly rendered by the quartette composed of Mr. C. Barton, Mr. F. Lowden, Miss K. Baird and Miss L. Reid. The chairman then spoke of the Arts' annual dance on November 7th, and particularly asked assistance to make the function a success. Any tickets that are left over will be sold to the Science and Agriculture students. After Mr. T. Taylor made an appeal to the students to follow the rules of the initiation and wear the green ribbon, the elected president took charge of the meeting, and introduced Mr. B. McLeod, former yell leader, who gave a brief talk on rugby, and led the gathering in a yell for the U. B. C.

The meeting adjourned after singing God Save the King.

Unnecessary.

Mr. Fussy: "Here, waiter, bring me a spoon for my coffee."

Waiter: "Sorry, sir, but we don't serve them—the music here is so stirring."

Literary Corner

EVENING ON HOWE SOUND

Upon the sea and o'er the hills
A quietness broods,
And in my heart is gratitude,
For this, my lovely day.

The gold and flame and blue of day
Are hidden now, and sea and sky
Put on their evening cloak of grey.

And in the heavens there appears
A single tiny point of light,
The herald of a thousand stars
To spray the deeper, darker hues
Of night.

Among the treetops still is heard;
The chorus of a thousand birds
And gentle ripples on the beach
That woo the worn-out cliffs to sleep,
When comes the night.

H. B. C., Arts '27.

PEP BAND RESURRECTED

The weird and wonderful Heinz Band that knocked the Longshoremen out of the Cup last year, is back in force, and with a plan of campaign that ought to go right through for all the trophies we ever glimpsed, and a score of others that will unconsciously be drawn hither by the magnetizing strains of the 57 varieties.

The potentates of Jazz met last week to formulate a programme of the Artistes, incidentally making a few changes in their method.

The election of officers who will guide the musicians is as follows:

Hon. President.....Benny Williams
President.....Geo. Phillips
Vice-President.....Bill Turpin
"Squint" McInnes

Secty-Treas.J. Houkir

While the old tradition of terror will be maintained, it is their objective to assemble a really capable band, run on scientific lines, and under the instruction of a prominent bandmaster. The one group will provide the symphony, the other the misery. The result of the blend will be (?). In consequence, the president appeals to all talent, real or supposed, for either section, and is especially desirous to have the services of capable players of wind instruments. The "Promoters of Pep" will meet this week to arrange for a procedure in campaign, and before long should be "heard", in more senses than one!

SILENCE. PLEASE!

The Librarian, Mr. J. Ridington, feels that silence must be more in evidence in the Reading Room. No one would try to read in a noisy boiler-factory. So also in the Reading Room, one cannot concentrate for one's work with constant irritating noises around him. For his protection then, there is a library law which requires silence in the Reading Room.

The Library staff are not policemen nor do they wish to employ the bartender method to enforce silence. Rather they depend upon the library spirit for the silence so essential to intensive reading. Even the "hello", or the scraping of a chair spoils this silence. One person can disturb the peace of the ninety-nine students seated in the Reading Room. He is unknowingly an "anti-socialist."

Although these annoying conditions exist, the conduct of the student in the opinion of the Librarian, is better this year than ever. But he feels that there still can be improvement in the silence of the Reading Room.

Varsity Soccerites

Defeat South Hill

Varsity romped home with a 2-1 victory over South Hill at the latter's home ground, Wilson Park, and again showed that their bad defeat in their first game of the season can not be taken seriously. The Collegians had the advantage in the play in the first half and it was late in this period when Auchinvole, their new centre-forward, scored with a well-placed shot from a difficult angle.

The second half was fairly even. After about fifteen minutes of play, Auchinvole scored again for the Students. This time on a long drive which the South Hill goalie was unable to keep from between his legs. As the period was dying the Hillmen pressed hard and were rewarded with a goal just three seconds before the final blast.

? JOKES ?

Kenny Schell says he knows a co-ed so dumb she thinks inter-class sports are seniors who rush freshettes.

If anyone in the college objects to seeing his name in this column he can notify the editor two weeks in advance of its appearance.

"How do you know she is a freshette?"
"I heard her talking French."

Answer to Our Own Intelligence Tests

J. Caesar—One of Cleopatras Knights.
Solomon—A well-known bigamist.
Sir Walter Raleigh—The first pole cat.

No, Algernon, the author of "Crossing the Bar" was not a pole vaulter.
—Pelican.

Our New Faculty

Rude—"Ah! Teacher's Pet!"
Rudolph—"No! Do they?"
Colorado Dodo.

Him—"I understand that your father said that if he found me here again he would kick me out of the door."
Her—"Oh, don't mind that! Father's punting is wretched."

The freshman burst wildly into the midst of his lecture at 9.30. "Do you know what time this lecture commences?" thundered the infuriated prof. "Can't say as I do. I know you're always at it when I get here," said the youngster.

VARSITY JOINS W.I.C.A.A.U.

The University of British Columbia has long been justly proud of her ability, not only along intellectual lines, but also in the field of athletics. And now at last she is to have a chance to prove her prowess in the latter to her fellow colleges of Canada.

Last week Dr. Davidson attended the meeting of the amateur athletic Union of Canada, held in Edmonton. There it was urged that the U. B. C. join the Union, subject to the approval of the Students Council. At the meeting on Monday night the Council gave its full approval in anticipation of this step. President Klinck was elected Honorary President of the U. C. I. A. A. U. It should be noted that memberships in this league will not debar the University from competition with the Western Colleges south of the line.

DEBATING NEWS

Murray Hunter and Gordon Telford, members of the team chosen to debate with Oxford, have accepted an invitation to debate before the Socialist Party of Canada. They will uphold Capitalism against the onslaughts of the Socialists at the Royal Theatre on Sunday night. All interested are cordially invited to attend. The Varsity boys may need some support.

This event is one of a series of outside debates which are being arranged as training for the team which is to debate with Oxford on November 24. Tickets of the big debate will be on sale in the Main Hall at noon on Monday.

Varsity Athletes

Shine at Edmonton

(Continued from Page 1)

tied for second in the pole vault in which event the old record was eclipsed by nine inches.

Henry was only a yard behind Neilson of Manitoba in the high hurdles, and the event was run in the record time of 17 seconds flat. Neilson has been regarded in former years as being in a class by himself in the hurdles, but the U. B. C. boy gave him one of the greatest scares of his life and forced him to break a record to win the event. Henry lost the 220 low hurdles by sheer bad luck, he was leading all the way to the last hurdle when he had the misfortune to stumble and the Manitoba man nosed him out by a yard. In the pole vault Demidoff and Henry were among the four best in the four Western provinces. There was wonderful competition in this event and the old record of 10-ft. 1-in. was eclipsed by Hutchison of Saskatchewan when he negotiated the bar at 10-ft. 10-in. Henry cleared the bar at 10ft. 6-in. which entitled him to a tie with a Manitoba man for second, Demidoff being fourth. Demidoff gave a great display of jumping and gamely filled in the different events for the coast men.

Charley Mottley turned in a stellar performance in both the mile and half mile. The Arts '27 president came within a yard of beating Manitoba's best distance man in the half, Jack Murray, who shattered the half mile record when he was clocked at two minutes and three seconds. Mottley was only a couple of steps behind the man that made the record that may stand in the West for years, because the track was very fast and the weather ideal for record breaking. Mottley also came second in the mile, after making a great finish and beating Jack Murray at the tape. Cormick the winner was in a class by himself and enjoyed a comfortable lead at the tape.

Mottley also did his best in the three miles and was well up with the winners until the finish, but his previous efforts told on the U. B. C. man and he was unable to finish.

Buckley forced the way for a considerable distance in the half but the pace was too fast for him and he was unable to place. Thompson in the sprints made a good showing but he too was up against a great aggregation of sprinters and it was certainly no disgrace to be beaten by such men as Cohen, Hazeltine and Warren.

Ramsell, the U. B. C. star weight thrower, covered himself with glory in the hammer when he threw the 16-lb. weight a good eight feet farther than his nearest competitor. "Ramy" was a little off form in the event however and could not throw it his accustomed distance or else he would have broken the record of 100-ft. 3-in. Ramsell heaved the lead 98-ft. 9½-in. The U. B. C. track and rugby star also placed in the discus coming third to Alberta's champion Bright who hurled the disc for over 120 feet, breaking his own record.

Jack Buchanan, Varsity's coach, is delighted with the showing made by the team, and indeed it is due largely to his tireless efforts that the local students did so well at the prairie confab. Jack was amongst all his old friends down there as he coached at the Alberta "U" for about fifteen years.

The U. B. C. men were royally entertained by the students of Edmonton and made many friends during their short stay there. The members of the team were loud in their praises of the fine buildings at the prairie city as well as the splendid hospitality shown by everyone with whom they came in contact.

U.B.C. LOSES TO
YOUNG LIBERALS

U. B. C. ruggers made a poor showing Saturday when they were defeated by the Young Liberals in a ragged contest. The politicians scored two unconverted tries while the collegians made one. Loose scrum work in which the former rugby men had starred was the feature of the day but each team put up such a poor showing in this work that the grandstand was almost emptied by the end of the game.

Tyrwhitt opened the scoring early in the first half when he received the ball on the college twenty-five yard line and dashed over before either team was aware of his intentions. The try was unconverted. With each team showing little tendency to follow up on the long kicks the game dwaddled along until half-time when shifts were made in the opposing scrums.

Tyrwhitt scored in the second half when Domoney made his only fumble of the season following a pretty kicking bout between him and Keeling, the Liberal full back. These men starred along with Gregg, MacFarlane, Greggor and Lange.

Lange scored for Varsity when he secured from a pass following loose scrum work and beat the defense to the line. The score closed 6-3 for the politicians.

"Brit" Brock has been elected president of the Science Men's Undergrad by acclamation, in place of W. L. Phillips who has resigned from that office, to which he was elected last Spring. "Brit" is a popular member of Science '26 and is, in the opinion of the other students of the Faculty of Science, undoubtedly the best man for the position.

JUNIORS JAZZ AT CAPILANO

Dear Izzie:—

Please excuse writing, etc., since this is being written from the depths of my feathery bed. Every muscle I have, and I didn't know I had so many, is a source of great anguish when moved. Such are the punishments for those who attend hikes, but especially Arts '26 hikes, which, we must admit are real ones.

I'm sure you are thirsting for details by now. So to begin with, the day was simply beautiful, and although many of us had taken extra wraps to protect our tender chests from the sea-whiffs on the ferry, we speedily peeled off as many as possible when the hiking part began. We arrived, foot-sore and perspiring at the Second Canyon at about 3.15 p.m. A few of us, being very foolish and not content with merely seeing the view, decided to find out if the canyon was as steep as it looked. It was—very steep. Finger nails and teeth were much in demand, and if our own were inadequate, we hung on by some one else's. I skidded on wet logs, landed on heaps of pine needles, saved myself from reaching eternity by means of "bloom-ing precipices," and ruined forever those darling Cubist art socks received from you in the last mail.

Exceedingly dirty, but strange to say, still enthusiastic, we adjourned to the hall, where the saner portion of the multitude were cavorting to the strains of a jazz-mad piano, which was occasionally brought triumphant through its struggles by Frank Potter's cornet.

At five o'clock we had the loveliest eats, and after having disposed of fifty different types of ham sandwiches and the same of cake, we resumed the terpsichorean exercise until 7.30. On walking to the car, I discovered several large blisters had found a hiding place in my pedal extremities, but the ache from these was soon overwhelmed by an "exquisite pain," when several members of the class sought to beguile the long walk by singing.

We landed among the bright lights tired but happy. I have fleeting visions of tall, wonderful sundaes, street cars, and then bed—"Ah! ye blessed haven of the weary, I shall never leave thee more." I should worry, a hike like that was worth it.

Yours till—well when you please.

Lizzie.

Ex-King George Wins Intermediate Game

Varsity Intermediate put up a tough fight against Ex King George rug-gers last Saturday at Strathcona Park and were defeated 3-0.

Varsity took the offensive from the start, and made several desperate efforts to score, but the King George squad brought good team work into play and turned the tables. Mulhern drew a veritable hornet's nest of green and black around him as he carried the ball in a zig-zag race down field. Both teams were working splendidly and play ranged around centre with neither side doing much damage. Varsity players excelled in long range shooting and King George forwards played a fine dribbling game. Shortly before half-time Varsity's defence fumbled and the King George men following up closely "pushed it over" and touched. However they failed to convert. Both teams were well matched. Varsity's defence was thoroughly tested by the opponents' aggressive team play and vice-versa.

UNEMPLOYMENT IS LECTURE SUBJECT

That Great Britain shall continue to be faced with problems of unemployment, and that a scheme for moderate emigration would considerably relieve the present distressing situation, were the kynotes of the address delivered before the Vancouver Institute by Professor Angus last Thursday night.

"Never before in the history of Britain has there been such a large number of men out of work," said the professor, and he quoted figures to show that only one worker in ten is engaged in his regular occupation.

The great shipbuilding industry, which supplied 61% of the world's tonnage, is now at a comparative standstill. To meet the needs of the Admiralty during the time of hostile submarine activities numerous ship-yards sprang up, and as a result there are more vessels afloat to-day than can be found trade for. If the evolution of the internal combustion engine calls for a new design in hulls, several of the new ships now lying idle will have to be scrapped and building will proceed as before.

The pre-war revenue on exported cotton alone, contributed large sums to balance the cost of imports. Britain's best customers, China, India and South Africa, now produce almost enough for their own consumption and unless new markets are found, the great cotton mills must remain idle.

The condition of the iron and steel industry is such that few bright prospects for the future are held. The normal output of iron and steel goods was twelve million tons per annum, forty per cent. of which was purchased by the colonies. But the dominions are fast developing their own mineral resources and have shut out the mother country's manufacturers, which in previous years were imported in such large quantities.

The distressing conditions brought on by unemployment have led many to regard the future with none but gloomy foreboding, and the pessimism of the people is re-echoed in the press. Yet there is a solution to the problem. In times of prosperity, a substantial sum should be set aside for expenditure on public works in times of relative depression. A policy of moderate emigration should be adopted. If factories were to re-equip with up-to-the-minute machinery now that labor is cheap, competition with outside sources in times of normalcy could be met with the greatest ease. It is also interesting to note that if the school age was raised to sixteen years, over seven hundred thousand youths would have to go back to school and the unemployment situation would be relieved accordingly.

To-night in the Physics lecture room, at 8:15 p.m., Mr. K. C. J. Davies, M.A., F.R.G.S., will present an illustrated lecture on "The Cities of the Moguls."

"Brick" McLeod is "Yell King"

The unanimous choice of Friday's Meeting, of "Brick" McLeod as Varsity's Yell Leader, efficiently expresses the sentiment of the student body towards its veteran pocket edition of pep—it is unanimous.

Anyone around Varsity who does not know and appreciate "Brick" in a million, ought to wake up properly. He is possessed of an inexplicable quality that brings every mother's son to his feet for one last yell of encouragement, when despair grips the throbbing heart as the ball is pushed back to our own twenty-five. Does that yell help? Ask 'em! He is the original man to pile up points from the grandstand, and on the stage is an inspiring (and incidentally, perspiring) personification of pep.

LEARNED MORE HERE

Many of our students maintain that they learned more here in two or three lessons than they believed possible, because of the highly efficient instruction in gracefulness, leading and following.

Instructing the gentleman to lead and the lady to follow with ease has always been the feature of our tuition.

Sophomores Attend Rugby at Brockton

"The best yet!" That was the unanimous opinion of all those who turned out to the first Sophomore event of the season last Saturday. The honorary president, Mr. Hunter Lewis, had evidently got on the sunny side of the Weather Man. There was no patter of raindrops to drown the vociferous yelling led by Brick McLeod. Although the class did not have the pleasure of seeing either of the Varsity teams come out on top, they helped as best they could by straining their vocal organs. After the first half of the second game the Sophs. migrated to the Stanley Park Pavilion. Here the time passed very pleasantly, the "pep" of Fred Smith's orchestra only being outdone by the goodness of the "eats."
