OVERLAND AGENCY AND SERVICE STATION

Will Send Exhibits To The Coast Fairs

The annual meeting of the Mission Agricultural and Arts Association was held in the Council Chamber, Mission City, on Friday, January 23

The Secretary read the financial statement, which showed a substantial balance on the right side. It was decided to hold the Fair this year on the 22nd and 23rd.

The directors were authorized to make arrangements to send district exhibits to New Westminster and Vancouver.

The following officers were elected:

President—W. T. Abbott.
Vice-President—S. Smith.
2nd Vice-Pres.—T. F. Brearley.
Secretary—Rev. C. McDiarmid.
Directors—C. J. Ward, C. E. Noble A. Gibbard, C. A. Patton, F. C. Blott, Mrs. L. J. Solloway, Mrs. Lambarde, J. B. Millar, J. A. Catherwood, S. Hurd, F. W. Hunter, E. Bush, T. Thompson and J. B. Cade.

Considerable enthusiasm was shown and the desire was expressed to have the 1920 Fair the best yet held.

Gone To England

W. E. Scott, formerly deputy minister of agriculture in this province, is to reside in England, where he assumes the important duties under the Land Settlement Board in connection with the selection of ex-imperial service men who desire to take up land in Canada.

A loan of $1000 has been made by the department of industries by the provincial cabinet to Messrs A. D'Arcy McBride and W. Hunger Wells, returned soldiers, for the purchase of machinery for labelling cans and packing.

GORDON—FADDEN

Miss Margaret Gordon, daughter of the late William Gordon, of Huntingdon, was united in marriage to Mr. George Fadden, of Whatcom road, Upper Sumas. The Rev. J. L. Campbell of Collingwood officiated at the ceremony which was held at the home of Mrs. W. G. Cobley of Kitsilano.

TRUSTEE BARRET RESIGNS

The Matsqui School board at a special meeting accepted with regret the resignation of Trustee Barter, whose new farm at Peardonville will prevent his taking active interest in public affairs for a time. The appointment of two new teachers was confirmed.

Miss Stewart, who was at Matsqui high school until last year, when the decline in numbers necessitated a reduction in the staff, has been secured for high school work at Bradner, and Mrs. Pattison, widowed in the war, is assistant to Miss Forrester at Mt. Lehman.

Vancouver wants to be made a free port. As it is the only city on the Pacific coast in British Columbia with a real future before it it vould be a good idea to make it a fere port if it would cheapen any line of imported goods to the consumer.

The new Bank of Hamilton at Port Hammond is now about completed and the bank staff in honor of the occasion arranged an impromptu dance on the nice hard wood floor, before the furniture was put in.

GOING TO HAVE A BAND

It is impossible to build up a town and make it of any importance without having a little music to help it along, and with this object in view the G. W. A. are now planning a band Several musicians have already be en secured, but more are wanted and Mr. J. Aitkins will be pleased to talk the matter over with any person or persons who would wish to join the only band in the Fraser Valley.

This should be helped along with as much vigor as possible, backed by some cash for the instruments, for a first-class band in Abbotsford would have many an outing.

Arrangements are being made for a St. Valentine's dance on the 14th.

THE LECTURES ON FARMING

(Grand Forks Gazette)

The unanimous verdict of ranchers as to the practical value of the lectures last week by professors of the Faculty of Agriculture of the British Columbia University is a most satisfactory and encouraging feature Dean Clement also commented on the consistently large attendance at each of the sessions held. The test of the value of such lectures will come with the practical use the ranchers will make of the information thus gained.

Farming like every other pursuit demands modern methods to obtain results, and a persistent admixture of "gray matter" is just as essential to success in farming as in any other enterprise. If the lectures will force the ranchers into well-directed thinking that will lead to getting out of ruts and substituting profitable for unprofitable work they will have performed a great service to the whole valley.

The speakers were able to collect and present some facts concerning agriculture in the valley that were a surprise to most of those who should have known. They also pointed out that there was an inclination to want assistance towards obtaining some questionable advantage while real opportunities were being passed up They drove home the need for mixed farming and the keeping of stock and noted the fact that, although the keeping of dairy cows offered one of the most profitable resources of the farm at the present time, and that there was a ready market at their door, only a handful of farmers kept cows. The value of cows on a farm was far reaching and should be taken advantage of to the fullest extent.

The importance of co-operation was also urged by the speakers. Farmers will never be as prosperous as they should be till they combine along co-operative lines for the protection of their mutual interests. This principle is becoming more recognized throughout the different farming districts of the province. If farmers would only drop all little local rivalries and pealousies and pull together farming would be put on a stronger and better basis.

Findlay Will Not Be There

The annual meeting of the People's Prohibition Association will be held on February 18 and 19, but it is not likely Findlay will be there. The meeting will be held in Victoria.

The Vancouver and New Westminster fall fairs will be held on consecutive weeks this year as the result of the big get-to-gether meeting.

New Westminster has an automobile membership of over 800.

ABBOTSFORD PLANS FOR MORE SPORTS

An athletic association has been formed for the purpose of encouraging sports, such as basket ball and indoor hockey and the old drill hall has been secured for this purpose. In the summer the association will branch out to such as tennis, baseball and later football. The idea is to have all round athletics so that the young men and boys will have their latent energy developed.

A comitttee was appointed consisting of Cliff Spring, J. A. McGowan and A. C. Salt, the latter being named as secretary treasurer.

The meeting was held in the G. W. V. A. rooms.

PROSPECTS LOOK BRIGHT

The prospects look bright for the berry crop this coming season, at least so far as the prices are concerned, some of the growers already signing up at 20¢ a pound, an increase on last year One berry king, one of the largest is reported to have sold all at that price, and no doubt the berry monarchs of this district will be getting a high price also.

On the north side of the river there is a very big demand for berry canes, and it is reported that the supply is not equal to the demand. The nurseries bought the canes at 2¢ and are asking 10¢ for them now. At least 50 per cent more will be put in berries this year.

The bench lands south and west of Abbotsford are just as good as any for raspberries and a great deal more acreage should be planted close to Abbotsford.

ABBOTSFORD AND VANCOUVER CONNECTED BY TRAFFIC TRUCK

With a view to giving better service than was heretofore obtainable, a fast motor truck line is now running between Abbotsford and Vancouver A brand new Traffic Truck was purchased especially for this run and is already becoming a familiar figure on the Yale road

The sponsors of the new venture are the Conlin Brothers who have an excellent reputation for dependability and industry. This Traffic is equipped with monster pneumatic tires which makes for smooth running and facilitates the handling of fragile merchandise and produce.

All kinds of general freight and furniture, nothing too large or too small, is delivered either way and between all intermediate points en route, including Aldergrove, Murrayville, Langley Prairie, Cloverdale, New Westminster, etc.

At present the round trip is being made every two days but as soon as business warrants it, another Traffic will be put on, making the service both ways every day. Mr. Condon has headquarters at the Abbotsford Garage and 321 Kingsway, Vancouver, phone Fairmont 3700.

The annual meeting of St. Matthews church, Abbotsford, B. C., was held in the church on 1st January 1920.

The financial statement for the year was presented. During the year the balance of $700 due on the vicarage debt was discharged.

The Women's Auxiliary report was also presented and accepted.

The following officers were elected:

People's Warden—H. F. Thorn.
Vicar's Warden—V. Hill.
Envelope Clerk—N. Hill.
Finance Comittee — Messrs Salt and Barrett.
Delegates to Synod—P. R. Poele, and N. Hill.
Alternates—E. Webster and J. W. Winson.

Lipton will send a 23-metre Shamrock to America this spring to meet the cup challenger, Shamrock IV. in a series of trial races. It is hoped that Shamrock IV. will lift the American cup.

A Healthy Drink

Lemonade is one of the best and safest drinks for any person, whether in health or not. It is suitable for all stomach diseases etc.

PERSONALS

Mr. and Mrs. Nixon and family spent Sunday with Mrs. Ben Nelson.

Mrs. and Miss Hoyde were the guests of Mr. and Mrs. Renner last week.

The business has increased so lately at the B. C. E. R. depot that it was necessary to have more assistance. Mr. Nelson from Vancouver has been assisting.

The Ladies' Aid will meet at the home of Mrs. McGowan on Wednesday afternoon, February 4th at 3 o'clock.

About sixty people went by special tram on Monday evening to Vancouver to see the hockey match played. Abbotsford is some sporty place.

Mr. and Mrs. Rogers of Alberta are the guests of Mr. and Mrs. Hollingworth, and are so taken up with B. C., are talking of buying a five or ten acre farm in this vicinity.

Mr. and Mrs. Downie spent a few days in Vancouver last week with friends from the old country, who were on their way to China.

Mr. Riggs has been a guest at the manse for a few days. He left on Tuesday for his old old home.

The club met at the home of Mrs. Eby on Tuseday afternoon.

The little Hart boy who has been suffering with an attack of appendicitis is able to be around again.

Mr. E. H. Thorne of Vancouver, who has been teller in the bank for a few weeks during the absence of Miss Parton, left for home on Saturday.

Mr. Johnson of the Abbotsford Garage has bought the home owned by Mr. Walter Wells, necessitating Mr. Price moving into the house vacated by Mr. Riggs.

Mr. and Mrs. Shortreed are spending a few days in Vancouver this week.

Mr. Stewart and Miss Christina McPhee of Vancouver and Miss Hawn of New Westminster, spent the week end in Abbotsford and attended the dance on Friday evening!

The dance last Friday night was well attended and the music was good. The expenses were high but $12.55 were clear. There will be another dance on February 20th, with the same orchestra—Blaine six-piece—under the auspices of the Abbotsford-Sumas Agricultural Association This will be a start for the fall fair, or rather January 20th was the start when the annual meeting was held in the Masonic Hall, with 25 members present. The president, Mr. A. H. Harrop presided and Mr. M. M. Shore Huntingdon and various schools are Huntingdon and various schols are to be invited to send special school exhibits. The date of the fair will be about the same as last year—Sept. 16th. The treasurer reported that the finances were O.K. and that the prospects for the 1920 fair were very bright. Everybody is boosting for it already. Hoop 'er up.

The Scotch social held at the home of Mrs. Hanah Fraser on Monday evening was surely a grand success for such weather. The house was filled to its fullest capacity. Mr. Robinson occupied the chair. The Scotch programme consisted of Scotch songs by Mrs. McInnes, Mrs. Wreath, Mrs. Renburn, Mrs. Coutts, Mr. McGowan Mr. Downie. There were also other songs and instrumental music. "Jimmie" told some funny stories. Mr. McGowan was the orator of the evening. He interested the people very much with his Scotch story which he well knew. Refreshments were served by the ladies of the aid. Collections amounted to $11.00. The Irish social will be in the hall on St. Patrick's night instead in the Irish home.

Just after it began to thaw a few evenings ago, Mr. Shortreed was heard to sing a new song, entitled "When the icicles begin to fall, we won't have to pay! pay!" But he was not the only one.

Don't forget the board of trade meeting on Monday night, for the board must have an enthusiastic meeting to pick out enthusiastic officers for the coming year—the biggest year Abbotsford ever saw.

SPECIALS IN BOOTS

THE ABBOTSFORD POST

Published Every Thursday

J. A. Bates, Editor and Proprietor

FRIDAY, JANUARY 30, 1920

The provincial house open this week for the, probably last, session of the present government before it appeals to the electors again. True they may take advantage of another session, but governments usually do not.

The present session is spoken of now as going to be a most interesting one, in view of an early election. It will be up to the opposition to make good this session. They have everything in their favor, for probably no provincial government ever had control of affairs in the province that was so unpopular with the people as the Oliver government, and anything happening during the session that places the government in an unfavorable position would be most popular with the people.

It will be interesting to watch the trend of affairs.

How To Succeed

C. F. Higham, member of British parliament says that every healthy man is a potntial earner of $50,000 a year. Then he tells how to go about it. Maybe he is "spoofing" us. But aiming at the $50,000 place, if we follow him, we might land a $25,000 job, which in itself is worth while.

"The secret is to get others to work out your ideas," he says. "And to have the courage of your convictions; to say 'yes' and 'no' and stick to it. Don't be too tired to get up when opportunity knocks at your door. Have an infinite capacity for taking pains. Be ready for any question—for any emergency. Look and act prosperous. Be an optimist. Pesimists do not get far. Be kind. Be courteous—it's the cheapest thing in the world. Never break your word. Business men are looking for reliable men. Fire yourself from the job that doesn't make you happy. Take chances. Have faith in yourself. You will be judged by what you can do and do do. But no man who works for a minimum wage will ever earn $50,000 a year."

There(that's how to earn $50,000 a year. Take off your coats and go to work! Wonder if Higham is earning that much or only telling the rest of us how to do it.

LIBRARY READY TO AID MUNICIPALITIES

Arrangements have been perfected whereby it will be possible in future for outlying municipalities to have the advantage of making use of the splendid selection of volumes in the Vancouver city library. The scheme is the outcome of a general plan formulated by the B. C. library association and no doubt will be taken up by other large centres of population which are able to support large libraries.

Any organied municipality in the district surrounding Vancouver, including the Fraser Valley settlements and points on the main line of the C P. R. on application to the city library and by paying ta sum of $50 per year may obtain the loan of 100 volumes which may be echanged every three months. In addition the Vancouver library will be prepared to extend the same facilities to the outside readers as it does to its own readers in the way of loaning and reserving books specially asked for.

The conditions on which the scheme will be put into operation include the provision of suitable housing and a librarian to undertake the circulation of the books and their proper care. In the Vancouver city library there are 85,000 volumes and it is anticipated that many small municipalities will be glad to take advantage of this plan. The selections to be loaned will be of such a variety as to interest the readers in the particular district and whenever possible will include any books especially requested by members. The services of the library in outlying districts must be free, no charge being allowed for the books.—Province.

MANY IMMIGRANTS COMING TO CANADA NOW

Immigration figures up to the end of November show that the total number of immigrants who entered Canada during the previous twelve months was 114,768 of whom 54,941 came from the United Kingdom and 52,141 from the United States. For the month of November 8,074 came in as compared with 3,195 in November, 1918. During the past eight months 91,430 entered, the nationality being as follows: English 36,519; Welsh, 523; Scotch, 8,412; Irish, 2,137; Americans, 37,721; and other countries 5,114. Practically all the efforts of the immigration department are now being directed to the United States and Great Britain, with the main stress being laid on the former. At present the balance of emmigration is rather in favor of the United States, but it is pointed out that the figures to that country are artificially swoollen by fact that many of those going over are disband ed soldiers from the United States who enlisted in the Canadian forces.

The British government is now paying the passage to Canada of all war workers who desire to come to Canada. A committee of selection from Canada is now in Great Britain to pass on the agricultural qualifications of those who seek to come to Canada. Both east and west are represented on this committee, as stress is being laid on settlement in the eastern provinces now that the most available homestead land in the west has been withdrawn.

STANDARD-SENTINEL WILL HAVE NEW MANAGER FEB. 1

Mr. F. E. Simpson, the well known newspaper man of B. C., in fact so well known and at the business in B C. so long that he is known as "Dad" Simpson to some of us old fellows, is about to retire from the active newspaper work in Kamloops on account of eye trouble and Mr. Robt G. Marshall will assume the management of the paper.

But Mr. Simpson, so many years a busy man will not go away back and sit down until his eyes get better but will assume the management of a tobacco and confectionery business in Kamloops. We all hope he will sell a good brand of cigars, and we are sure he will.

But he will come back again, we know he will.

GETTING GOOD TO DRURY

Premier Drury's difficulties are to be lessened by the old parties not putting candidates in the field against him in the by-election. This is only right and should help to smooth over the difficulties.

Joe Martin appears to be of the same opinion as W. J. Bowser in regard to the Farmers' Party but none by men unless versed in law (and the lawyers do not always agree) do not want to see legislators of the common people have full sway.
need worry much the fact of the men from the farm sitting in the House and meeting with the public affairs of the day will lead them to see the necessity for broad legislation. Many a farmer has been elected to parliament before and has been just as valuable a member in making the laws of the country as those of other professions and occupations.

Just for instance it might be just as well if there were not so many legal terms used in our laws—simpler language would save many a lawsuit and make the great common public more at ease in business. Such men as Bowser and Martin who use legal language not understandable

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Chevrolet "Baby Grand" (Model FB) Touring Car $1835 F. O. B. Mission City, B. C.

SALES
CHEVROLET
SERVICE

Baby Grand (Model FB) Touring Car

THIS NEW MODEL FB Touring Car is offered with the feeling that it is fully worthy of bearing the well known name "Chevrolet".

The five passenger body is new and distinctive. It might be said, too, that it has individuality. It has not followed the common practice of the day, but here and there have been given touches to separate this new model from any other.

Equal thought was given to each important feature of its construction. Mechanical sturdiness, proper wight, safety, economy, appearance, convenience—all received attention by the designers.

Come in and inspect this new Chevrolet model. See for yourself all it offers in the way of beauty, comfort and economy.

Wants To "Come Back"

A message from Cuxhaven dated October 1 stated that a strong agitation was preceeding in Heligoland for separation from Germany and union with Great Britain, and that a plebiscite on the question was planned. The people of the island, according to the Berliner Tagblatt, are anxious to come again under the British rule. Before Great Britain ceded Heligoland to Germany it was one of the most peaceful spots in the world, a unique place to study the habits of rare sea birds, inhabited by a tiny community untroubled by the cost of living, inasmuch as it escaped the income tax and was well supplied with German wine and cigars, imported for the summer visitors who came for the bathing season. The change which dug huge fortifications a hundred feet deep in the cliffs, covered them with gun emplacements, and girdled them with a labyrinth of walls 50 feet thick, as a means of protecting the Elbe, and providing a base for attack on England, was considered by the inhabitants as a doubtful blessing and proved a severe strain on the island's zeal for the Fatherland When the war broke out the Heligoland fishermen were all shipped off to the mainland, and the island was given over to sea gulls and the German gunners. Since the Berlin revolution the original inhabitants have returned, the island has again been thrown open, and a beginning has been made with the dismantling of the formidable fortifications as stipulated by the Versailles Treaty.

A TRIBUTE TO THE DOG

The following plea was made by the late Senator Vest of Missouri in the trial of a man who had wantonly shot a dog belonging to a neighbor. Mr. Vest represented the plaintiff who demanded $200 damages. As the result of the speech, the jury after two minutes deliberation award ed the plaintiff $500. It follows:

"Gentlemen of the Jury: The best friend a man has in this world may turn against him and become his enemy. His son or daughter that he has reared with loving care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors to their faith. The money that a man has, he may lose. It flies away from him, perhaps when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our roads. The one absolutely unselfish friend that a man can have in this selfish world, the one that never deserts him and the one that never proves ungrateful or treacherous, is his dog.

"Gentlemen of the Jury, a man's dog stands by him in prosperity and in poverty; in health and in sickness He will sleep on the cold ground, when the wintry winds blow and the snow drives fiercly, if only he may be near his master's side. He will kiss the hand that has no food to offer, he will lick the wounds and sores that come in encounters with the roughness of the world. He guards the sleep of his pauper master as if he were a prince. When all other friends desert he remains. When riches take wings and reputation falls to pieces, he is as constant in his love as the sun in its journey through the heavens. If fortune drives the master forth an outcast in the world, friendless and homeless the faithful dog asks no higher privilege than that of accompanying him to guard against danger, to fight against his enemies, and when the last scene of all comes, and death takes the master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way, there by his graveside will the noble dog be found, his head between his paws, his eyes sad but open in alert watchfulness, faithful and true even to death."

Might Raise the Prices

"I'm in doubt about the wisdom of arresting the food-profiteers."

"Why, I should think you'd want them punished."

"It may be all right to punish them but as a consumer I'm afraid they'll raise prices again to get money to pay their fines."Detroit Free Press.

The Kamloops Telegram has changed from a weekly to a tri-weekly paper, probably as an experiment. The effort will be watched with interest by other large weekly papers most of whom are even now tryweeklies—get them out one week and try the same thing the next week. The Telegram is published on Tuesdays, on Thursdays and on Fridays.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

BAYER

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation.

The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

CHEAPER ADVERTISING

On the claim that it is "Cheaper Advertising" than newspaper advertising, a good many unnecessary advertising schemes are sold to business men.

The plans for buying are usually made in the home at the warm fireside, not when the family is on an amusement jaunt.

Supplementary advertising includes all advertising outside of newspaper advertising.

BUTTER WRAPPERS

Now is the time to get your supply of Butter Wrappers for summer months.

Get them at BATES' PRINTING OFFICE.

PRIVATE PEAT'S PATRIOTISM

Harold R. Peat, who after active service in the field, proved to be the most popular journalist and lecturer that the war has produced returns finally to his native land, and now offers to the Canadian people The Private Peat Canadian Lyceum Bureau. He says, Time was when we Canadians, seeking amusement or the lighter forms of popular education as supplied by the lecture platform, had perforce to turn to the production of the United States to gratify our desires. Doubtless we enjoyed the fare provided, yet always there was the subconscious feeling that this should not be so; that we, being British, should in our play, as in our work, mould our ideas and tastes along British lines; that it was in a manner humiliating that we should be forced to turn to a foreign people for many of the little things that bulk so large in life.

American lecturers arrive and carry our thoughts to scenes and actions which have no bearing on Canadian ideals or literature, and in short were the present conditions to remain in force we should doubtless in time lose all national identity, and become merged spiritually with the Republic to the South.

Are we going to shake off this lethargy and develop for ourselves Canadian ideals, Canadian literature, art and music? To that end he has organized a purely Canadian concern—The Private Peat Canadian Lyceum Bureau—with head offices in Winnipeg, from which point will radiate public attractions that must appeal to the Canadian people.

The Private Peat Lyceum Bureau has a number of planks in its platform which must appeal strongly to Canadian ears:

First—Presenting the art of our own people.

Second—Giving the smallest community the same programmes that are presented to the most critical audiences in the largest cities of our land.

Third—Presenting "stars" of international fame in a series of summer and winter chatauquas.

HIS GOOD WORKS LIVE AFTER HE IS GONE

"The late Sir Richard McBride and his ministerial colleagues are to be thanked for the large and influential paper-making industry in British Columbia today," stated C. J. Kay, of the Columbia Paper Company at New Westminster this week. His government set aside certain large timber limits for the encouragement of the industry and this, the speaker averred, had led to a growth in pulp and papermaking in this province to an extent only second to that of the province of Quebec.

Canada today is the second largest pulp and paper making country in the world, exporting for the fiscal year ending March 31st, 1919, $99,250,000 worth of paper and pulp as compared with 72 millions exported in 1918, and 53 millions in 1917. In 1918 Canada's export of newsprint alone was $34,000,000. So important has the pulp and paper industry of Canada become, that it is now a vital factor in off-setting an adverse trade balance.

Coming to B. C.'s production, the speaker showed how in 1917 it was 14 per cent of the value of all the pulp and paper produced in Canada, and today was producing 685 tons of paper and pulp per day, when twelve years ago not a plant was operating in this province. In the industry in B. C. 2872 employees are on the payroll of the industry, which totals $3,383,000 per annum, and the capital invested in B. C. is $27,000,000.

"You were blackballed, old fellow Yet I didn't think you had an enemy in the club."

"I have my suspicions," said the blackballed one darkly. "My wife belongs to that club. We havet hree children and somebody has got to stay home nights."—Louisville Courier-Journal.

It is rumored that the Granby Company will resume operations both at Phoenix and Grand Forks at an early date.
