## MISSION CITY BOY IS A PRISONER OF WAR

Arthur G. Croke Writes Home to His Father From Kriegsgefangenen Lager, Geissen, Germany

(From Fraser Valley Record)  
Arthur G. Croke, son of Mr. Chas. C. Croke, Mission City, who left with the first Canadian contingent, has written home that he is a prisoner of war in Germany. His present address is Arthur G. Croke, Kriegsgefangenen Lager, Geissen, Germany—some address, eh?

He writes that he is in good health and that he and his pals in captivity are being treated very well. They are living in big huts and every thing is perfectly clean. They get plain food, but there is apparently lots of it. They are allowed to receive letters and parcels, and like to get letters, but not to put anything in their letters about the war as they are read before the prisoners receive them.

It is understood that the prisoners are allowed to write only two letters and four postcards a month, and he has given instructions to write to a number of his friends as he cannot write to everybody.

The letter in part says:

"Things have changed a bit since you last heard from me. I was taken prisoner on the 24th of April. We put up an awful scrap, but it was no use. We few that are left are getting treated very good, and I hope we will soon be back to Canada again. We cannot write letters every day, so I would like to have you write some of my friends for me.

I received a bad wound through the hip, and cannot navigate very good. Hope to be well soon. I suppose you have read about us in the papers before this. What do they say about us? The German papers gave us great praise. They said we put up a good hard fight. I got my wound from a maxim gun. It makes a good souvenir. My coat was just riddled. Say will you send me a few sacks of that Bull Durham tobacco and papers as the tobacco over here is not to my taste, and tobacco is a great comfort.

Say that long word at the heading of the letter means, "prisoner of war"

Try and save any reports of our fighting last month, for me to see when I come back, and remember me to the rest of the folks.

Hoping to hear from you very soon."

## GETS HIGH HONOR

Mr. Charles Hill-Tout Chosen To Deliver "Popular Lecture" By Royal Society of Canada

British Columbia and the Fraser Valley have been honored by the invitation extended to a British Columbian by the Royal Society of Canada, to deliver before the members of that society what is known as the "Popular Lecture," at the annual gathering in Ottawa. This was the first time such an invitation had been extended to a member west of Winnipeg and Mr. Charles Hill-Tout of Abbotsford, who is a Fellow of the Royal Society, was chosen. Ottawa newspapers just to hand indicate that he was in brilliant form and they speak very flatteringly of the lecturer and his lecture, which he entitled "The Antiquity of Man in the Light of Modern Discovery."

The address which was profusely illustrated, was delivered in the ball room of the Chateau Laurier before a distinguished company of between 300 and 400.

"The Lecturer," observes the Ottawa Citizen, "dealt fascinatingly with his subject and proved that sometimes a study which is popularly believed to be 'dry' is the most absorbing to be found." Sir James Grant, who proposed the vote of thanks to Mr. Hill-Tout, remarked that in all the years he had been connected with the Royal Society he had never listened with so much pleasure and profit to any address given before the society.

After leaving Ottawa Mr. Hill-Tout proceeded to Santa Fe, where he is to address the American School of Archaeology.

## RE OUR 'CANADIAN DRUGGIST'

In a recent issue of the Sumas News a subscriber has taken the liberty of congratulating the editor of the Sumas News on the manner in which he handled the May Day Programmes. We do not know who this subscriber may be as he did not see fit to sign his name, but we do wish the public to know that these congratulations do not come from the May Day committee. Our committee desires to thank Mr. Copeland publicly for the generous way in which he helped May Day and appreciate it the more because he said nothing about it.

If this subscriber is so in favor of American photographer?

Again thanking Mr. Copeland for his kind help.

Sincerely yours,  
MRS. A. TAYLOR,  
Secretary May Day Com.

## A CATCH

Why do I bump over dusty roads, for miles in the early dawn?  
Why do I creep through the soaking bush 'ere ever the day is born?  
Till clothes and limbs are wet and clammy  
Why do I go thro' torture—damme?  
To cast ally.

Cold is the ground and the lakes far colder, and heavier grows my pack.

I'm bruised and torn and weary too, but nothing could turn me back  
I tell myself without a doubt  
'Tis worth it all if I catch a trout  
And here's the lake.

I've slipt and I've fallen. I'm bruised and sore. I'm torn by bramble and brier

But a true son of Walton cares nothing for these and you know he is never a liar.

Success is now mine, for I've caught a fish

'Twill weigh, when cleaned and placed on the dish

Exactly three ounces!

## MISSION COURT OF REVISION

(From Fraser Valley Record)

M. Greaves appeared for the C. P. R. Co., and appealed: First on the ground that the C. P. R. assessment should not be raised from 1914 without a corresponding raise in all property in the municipality and townsite and that conditions did not justify an increased assessment. This plea being over-ruled by the court, his complaints were then taken up item by item. Mr. Greaves made statutory declaration before the clerk "that the cost of Oil House, Plant and Tank was in the year 1913 the sum of \$3669 and the cost of the two section houses in 1907 was \$2,600. The cost of erection is obtained from the records of the C. P. R. offices at Vancouver.

On resuming business after lunch Mr. Greaves protested against assessment of Fraser River bridge on the ground that 'you could not assess half on improvement—all or none. The court ruled against him. His assessment appeals were then taken up.

## SATURDAY, JUNE 12 TH IS THE DATE AND CLAYBURN IS THE CENTRE OF ATTRACTION

The Matsqui Women's Institute Will Hold Their Rose and Flower Show at Clayburn on Saturday, June 12th—Promises To Be the Big Event of Matsqui Prairie in Display of What Can Be Successfully Grown in Abundance.

The Ladies of the Womens Institute of Matsqui Prairie are busy this week preparing for the annual Rose and Flower Show to be held on Saturday next in Clayburn. Promise has been made of an excellent lot of roses and flowers from the residents of the district, and as much enthusiasm among the ladies as to whom will carry off the most prizes there will undoubtedly be an exhibition that the residents will be proud of and the visitors enjoy looking at.

The president of the Institute phoned this office this week to say that the net proceeds of the Show will be devoted to the Red Cross Society. This will no doubt attract many who would not otherwise be present.

The following is the prize list, printed at this office some little time ago:

## VANCOUVER CITY MARKET

Below is a Report by C. H. Winslade Who Represented Mission District

No doubt readers will know of the main purposes of the market from the daily papers, however I found the majority of people sympathetic, and I was able to dispose of all the goods I had consigned.

There were a great number of sightseers among the buyers, and also quite a few customers were merely looking for snaps, but articles put up in good shape sold for better prices than good looking stuff.

No Chinamen or Water Street deal-

ers were allowed to sell in the market, and the authorities did their best to help bona fide farmers.

Gooseberries from W. Nye sold well, and there were some nice early potatoes from T. Tunbridge and G. Cummings but market conditions were a little against these selling for high prices. C. J. Ward sent me some nice poultry, and my eggs were just snapped up. If any further information is required in regard to the market I will be pleased to supply same if possible.

Consignments for the market must leave by freight not later than noon Thursday, or by express Friday afternoon or evening train.

FRIDAY, JUNE 11TH, 1915.

The Vancouver market promises to be a success if carried on according to the good plan started on Saturday last, and will receive the support of the farmers of the Fraser Valley and the patronage of the people of Vancouver city. The residents of the country districts and the residents of the cities of Vancouver and New Westminster need to get closer acquainted in order to develop the country and make the cities grow. With a good long established market in New Westminster and another one on the same principles growing in Vancouver there will not be much need for the importing of so much product from the American side; and there will be no need of the products of the Fraser Valley lying rotting on the ground. Both the consumers of the cities and the producers of the Valley will surely profit by having a good market in both cities. The market has to a certain extent the making of the city of New Westminster where they do not call it Friday but "Market Day". Friday is not on the calendar for a true New Westministerite.

A good market in Westminster cannot detract from benefits of a market day in Vancouver on the day following, if anything it will have the effect of strengthening the market at New Westminster as those who attend the market will go with a larger and more varied supply, and probably if there is anything left over will be taken to the next market the next day. This will give the grower a greater incentive to attend the market on Friday, and redound to the benefit of the city of New Westminster. Westminster then should encourage the grower to come to New Westminster first.

Excitement in Greece is also certain to be stimulated by Italy's decision. Albania adjoins the Grecian sphere and if Italy comes in for any rewards in the shape of islands in the Aegean they are bound to be islands to which Greece has a race claim. Greece might be willing to see Italy take Avlona, and the island of Saseno, just off that port, which could be made another Heligoland and so command the mouth of the Adriatic but Greece would never see with willing eye a division of Albania between Italy and Serbia, with her own interests ignored.

Just to cheer yourself up, remember that there was once a war which lasted so long that it was called the Hundred Year's War. Poor cheer! Isn't it?

"Business as Usual" means being thoroughly British in every respect. British in every respect means confining one's interests in business with those things which are truly British in every respect. It does not mean employing foreigners; it does not mean having any truck or trade with those who are or have been identified with Britain's enemies; it does not mean to have the right to criticise those who are at the head of affairs in Great Britain at the present time; it means doing or saying nothing that can be construed in any way, shape of form as being in sympathy with our "alien enemies".

Britain states on oath that the Lusitania did not carry any arms. Will the United States believe Britain or Germany. Being neutral, therefore possessed of fair play in the matter there can be no doubt whom the United States will accept the word of—a Britain of course.

It is reported that Sir Richard will shortly sail for Canada again, this should encourage the politician to greater and more vigorous abuse of the government and give Billy Bowser a great big rest. He has had a strenuous time lately, and appears to have kept his head through it all, even if there was a "Crisis in B. C."

Do the soldiers of the Allies greet each other with, 'Good Morning, have you killed your German yet?'

In the reports we read that the Allies drove the Germans out of a cemetery. This is not right. They should be driving them into a cemetery. And they will long before Potsdam is reached.

"Keep a good front" is Kitchener's motto both at home and abroad.

There will soon be more flies on the Kaiser than he can ever hope to get out of the ointment—the Americans are warned to fly.

The "Alien Enemies" in Canada should follow the coudse of the members of the German club in Edmonton—made public their disapproval of the acts of the Kaiser and the Crown Prince

The only perfidy the Germans can recognise is the other fellow's.

A thousand years ago a German Emperor was haled in chains to Rome. They say history repeats itself.

The display of Roses at the Hatzic Rose Show was very good, considering the terrible wet weather of the past week, and as a beginning was a great encouragement to the Hatzic growers. Mr. and Mrs. D. Emery arrived in the East after a very pleasant trip and are guests of Mrs. Emery's parents at Gore Bay, Ont.

We are glad to welcome back to our midst an old timer in the person of Clarence Gazley, who has been absent for over a year. His friends bid him welcome.

Rube's band played here on Tuesday afternoon and all the Rube's attended.

Mrs. Wm. Roberts is a visitor to Bellingham, a guest of her sister there.

E. Gazley met with a slight accident while at work on Monday last. He is much improved and his friends are glad to see him out again.

BORN—To Mr. and Mrs. Wm. Longfellow, Saturday, June 5th, a daughter.

We print large or small orders of butter papers.

## WEEKLY REPORT OF THE VERNON FRUIT CO., LTD

State and Condition of the Fruit Market Told By M. F. Fee In a few Words.

We had four days of steady cold rain last week which was bad for trade. One car of Missouri was in and one of Hood River. Considerable of these were sent out of town through other distributing centres. They were firm and dry while a lot of B. C.'s were wet. When a dealer had to carry a few cups of B. C.'s over night they were almost worthless. This worked as a handicap against B. C.'s in favor of the foreign Saturday, were not sufficient for the demand; Monday arrivals were quite heavy. It is unfortunate shippers will not send more to Edmonton and Medicine Hat as advised. The time of arrival at those points is practically the same, except No. 4 shipments. Some shippers have berries as good as any across the line. When more such are grown we can keep the American out as there will then be no excuse for bringing them in. The markets have kept fairly steady for firm, bright, colored berries. Car of Vancouver Island passed here Sunday night for Edmonton, 742 crates were fine berries in fine condition.
