Presents Trophey

—o—

Truly, the rewards of those who follow the strenuous game of soccer football do not consist in barked skins and glory, only. This fact was brought home very forcibly to the members of our football team last Thursday evening when, on the invitation of Mr. C. Hill-Tout, the president of the Abbotsford Club, they sat down to an excellent supper in the Maple Leaf Hall. The occasion was the formal presentation of the presentation of the challenge cup which Abbotsford has so successfully defended during the past season. Tables loaded with eatables of all description attested not only to the liberality of Mr. Hill-Tout but also, in the words of the appreciative diners, to the "bangupness of the cook."

After toasts to the King and the Empire had been enthusiastically drunk, Mr. Hill-Tout proposed the toast "Our Visitors" These were visiting members of the Mt. Lehman team who had so gallantly assisted Abbotsford in the hard-fought battle with the Rovers of Westminster. Mr. Hill-Tout spoke in glowing terms of the sportsman like manner in which the Mt. Lehman boys had "played the game" during the past season. It is true they had been unable to wrest the cup from the grasp of the Abbotsford boys, but they had demonstrated their ability to play clean football, and play it well. He learned that they had recently added some "imported stock" to their team and he was of opinion that if the Abbotsford captain wished to continue to exhibit the cup to admiring visitors he must be up and doing. Mr. Lehman in replying on behalf of the Mt. Lehman team, characterized our team as "true sports" They had always used the Mr. Lehman boys right, he hoped that many friendly matches would take place between the two towns during the coming season.

The many speeches which followed showed that our boys were quite enthusiastic over the prospects of their team. They had tied with the pick of Westminster; was there any reason for supposing they could not hold their own during the coming season with any team in the valley? They could see none. Perhaps the most highly applauded address of the evening was delivered by Mr. Hayes. The graceful maanner in which he responded when called upon, proved that he was equally in his element in the field or at the festive board.

The financial standing of the club was then fully discussed. As the secretary was not present, Capt Harrop read a statement showing the club was in debt to the amount of $55. Almost before he had finished, our hustling real estate agent, C. A. Sumner, got busy with the hat, and in a few moments had collected $37.00. This leaves a deficit of $18, not a large debt for a young club. The members then proceeded to the election of officers and committees for the coming season.

The officers chosen are;

Pres.—C. Hill-Tout, re-elected.

Vice-Pres.—H. Alanson.

2nd Vice-Pres.—A. Tretheway.

Capt.—Cyril Harrop, re-elected

Vice-Capt.—J. A. McGowan.

Sec-Treas.—Mr. Brown.

The meetinng then resolved itself into a smoking concert to join which several visitors dropped in Songs were given by Messrs Barrer, Hill-Tout and McGowan. All songs had choruses, and all choruses were taken up by the boys with a verve and gusto that "set the wild echoes flying." Mr. Hill Tout next presented the cup to the club. Its glistening surface seemed to exercise a very strong attraction over Capt. Harrop; so on request, he was allowed to bear it off in triumph toh is "vacant room" All soon followed, full of football—and cake.

Fruit Tree Shipments

(From Fraser Valley Record)

—o—

Last week Mr Tom Wilson, inspector of fruit pests for the Dominion goernment was in Mission City inspecting the trees at the C. P. R. station while waiting for the train he was interviewed by a representative of this paper, and asked if he had anything for publication he began to tell about the fruit tree shipments to this province this year, stating that it was undoubtedly the largest in the history of the province.

The shipments this year came from many parts of the world, from Belgium, Holland, France; the United Kingdom Japan and the Pnited States. During the month of April alone there were about 1,000,000 trees and shrubs. During the season just ended there was something like 3,000,000 trees came through the station at Vancouver, most of which was for this province.

Of the shipments about 2,000,000 came from the United States and the balance from Europe and Japan. It was mostly ornamental trees that came from Europe. He instanced this as showing the prosperity of the province that its residents were in a position to indulge in the luxury of other than fruit trees. Of course a small proportion of the trees coming in were for grafting purposes.

The trees came in on the whole very clear of pests. There were no cases of San Jose scale, but ther were a few of the trees slightly affected.

There was one batch of 10,700 roses from the north of Ireland, and Mr. Wilson said they were the finest stock of the kind he had ever seen come into the province. They were 22 days from date of shipment until they reached Vancouver.

It is only the American and the Japanese trees that need fumigation. The trees from Europe were found not to require fumigation. The only disease the trees of Europe have are the Brown Tailed Moth—a nest of immature caterpillars—and the Gipsey Moth a nest of eggs. But the trees this year were free from this.

The majority of the trees were apple trees, with a few carloads of peach trees.

Thompson having executed an agreement with the council, the salient points of which were; to slash the roads 40 feet wide and render them fit for vehicular travel when these roads are demanded by actual sttlers on the adjoining lands, and in default the municipality may undertake the work and recover the cost in the same manner as taxes, and they further agreed that the municipality shall not be required to do any

FRIDAY, MAY 12, 1911

Abbotsford is to celebrate the 22nd, Coronation Day in royal style. The committee appointed are quietly working and planning and expect to get real busy very shortly. In the meantime it is mind to help some and make it a mind to help a little and make it day long to be remembered by all who come to help celebrate that auspicious occasion.

——o——

What are you doing these days to boost for Abbotsford, and get the town permanently on the map No town in the Fraser Valley has better opportunity of coming to the front and showing that it in the field for a big share of the business between New Westminster and Chilliwack than has Abbotsford. Some of our neighbors are getting extremely busy these days and will run this town an awful lively race for the business that rightly belongs here. We do not mention any place names at the present time, but put your ear to the ground and you might be surprised to hear the rumbling of the wheels of the chariots as they pass along with the capital to advertise and boost. All roads lead to Abbotsford, Grab before too late. They should stop here.

TRIBUTE TO A DOG

One of the most eloquent tributes ever paid to a dog was delivered by the late Senator Vest of Missouri some years ago He was attending court in a country town, and waiting for the trial of a case in which he was interested, was urged by the attorneys in a dog case to help them out. Volumnous evidence was introduced to show that the defendant had shot the dog in malice, while other evidence went to show that the dog had attacked defendant. Vest took no part in the trial and was not disposed to speak. The attorneys, however urged him to speak. Being thus urged, he arose scanned the face of each juryman for a moment and said;

"Gentlemen of the jury, the best friend a man has may turn against him and become his enemy. His son or daughter that he has reared with loving care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors their faith. The money that a man has he may lose. It flies away from him, perhaps when he needs it most A man's reputation may be sacrificed in a moment of ill considered action. The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads.

"The one absolutely unselfish friend that man can have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous is his dog A man's dogstands by him in prosperty and in poverty, and in health and in sickness. He will sleep on the cold ground, wher the wintry winds blow and the snow drives fiercly, if only he may be near his master's side. He will kiss the hand that has no food to offer; he will lick the wounds and sores that come in the encounter with the roughness of the world. guards the sleep of his pauper master as if he were a prince. When all other friends depart he remains When richness take wings and reputation falls to pieces he is as putation falls to pieces he is as constant in his love as the sun in its journeys through the heavens

"If fortune drives the master forth an outcast in the world friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him, to guard against danger, to fight against his enemies. And when the last secene of all comes and death takes his master in its embrace and the body is laid away in the cold ground, no matter if all all other friends pursue their way there by the grave side will the noble dog be found, his head between his paws, his eyes sad, but open in alert watchfulness, faithful and true even in death."

Then Vest sat down He had spoken in a low voice without a gesture. He made no reference to the evidence or the merits of the case When he finished the judge and the jury wrre wiping their eyes. The jury filed out but soon entered with a verdict of $500 for the plaintiff whose dog was shot, and it is said some of the jurers wanted to hang the defendnat.

The dapper little travelling man said he was not very hungry, and a cup of coffee and some hot cakes would do.—Western Tours Mag.

If your business is doing well, advertise to keep it so. The other fellow is delighted when his competitor is a "dead one" and has it all figured out why he does not have to advertise. Dance a Grand Success

(From Fraser Valley Record)

The M. W. A. ball held on the 5th of May at Matsqui in the hall, proved a grand success, socially as well as financially. In spite of the bad weather prevailing on that date it turned out to be a lovely night. Mission City, Abbotsford Sumas and other adjoining places as well as the prairie were well represented. The music which was given by Oppenshaw's orchestra of New Westminster was the best ever given in Matsqui. It is to be hoped the dancers in Matsqui will have the privilege of dancing to such good music again in the near future.

The hall was most tastefully decorated to suit the occasion and the floor was as fine as glass, the boys having taken careful pains to make the floor the best possible.

The floor managers played their part to perfection.

About twenty or more attended the ball from Mission City and all report having had a good time.

The M. W. A. are to be congratulated upon the excellent supper provided their guests.

With the Matsqui people the M. W. A.'s are considered "just all right."
