## HUNTINGDON

The Hallowe'en social given by the Parent-Teachers' Association on Tuesday evening was a feast of delight for the young people and scholars. Permission had been given for fancy dress, and the children followed their fancies to the limit of materials at hand. The girls were queens and fairies, witches and heroines from nursery rhymes, ghosts and gypsies. The boys realized their dreams for one brief hour and were pirates, Indians, clowns, "bad men" and heroes.

Amusing stunts were performed, the wits of the elders being exercised on conundrums and guessing games.

A hearty half-hour of community singing preceded the refreshments, giving everyone an opportunity to express themselves according to their ability. The fifteen dollars collected at the door will be used towards the purchase of an electric heating apparatus for making hot drinks for the children's lunches.

On the eve of her departure to New Westminster, Mrs. Hart was very pleasantly surprised by the members of the Abbotsford Eastern Star Lodge on Thursday evening. Games, music and cards filled the happy hours. Much regret was expressed by all present on account of Mrs. Hart moving away, as she was a very popular and valued member.

In aid of St. Paul's Presbyterian Church, a fowl dinner was held in the Cobley Hall on Friday evening which was much enjoyed by those in attendance.

The Women's Institute of Sumas Prairie have arranged to hold a Memorial Service in the Municipal Hall at Whatcom Road on Friday evening, November 11th.

Mrs. J. Murphy has purchased the residence recently owned by Mrs. Hart.

Mrs. Robert Thomas visited friends in Abbotsford early in the week.

The sad news was received in Abbotsford of the death of Mrs. E. Sutherby, who passed away at her son's home in Ladner on Saturday night. The deceased who was eighty-one years of age was very well known in this district, and is survived by two sons, Mr. Fred Sutherby of Abbotsford and Mr. Frank Sutherby of Ladner. The funeral was held on Monday, Rev. Mr. Gilbert of Ladner officiating.

The sympathy of the community is extended to Mr. and Mrs. Sutherby.

## LADIES' AID PLAY IS A DECIDED SUCCESS

The play given in the Alexandria Hall on Monday evening by the Ladies' Aid of the Presbyterian Church was a decided success, and the ladies are to be congratulated for the able manner in which the character parts were played. The evening was much enjoyed by the large audience, and the proceeds will go far in the purchase of the stretcher for the M. S. A. Hospital.

Among the singers assisting with the programme were Mrs. Horne, Mr. Thornthwaite and Mrs. Alder. Music was rendered during the evening by a local orchestra.

## WILL USE ONLY ONE "T"

Our genial postmaster has received word from the Post Office Department that it has been decided to spell the name of this town with only one "t".

The Abbotsford Post when it was started in May 1910, went carefully into this matter and decided that Mr. Abbott of the C. P. R. had no intention of having the town called after him, but to be called after the historical town of Abbotsford in Scotland. While others in the meantime have been disputing over the name this paper has used only the one "t" in Abbotsford. Now that the post office department has decided to change, this town will sure to be on the map correctly.

New post office dating stamps and other equipment used in date in a post office will arrive shortly.

## CLAYBURN WAS WINNING TEAM IN FIRST ROUND

LANGLEY PRAIRIE, Oct. 30.—One win and one draw were recorded in the first round for the possession of the Pakenham cup in the Fraser Valley senior amateur football league on Saturday. Chilliwack was the team eliminated, being defeated by Clayburn. The score was four goals to nil.

In the second game Langley United ad Abbotsford played to a 1-1 draw. An extra 12 minutes was then decided on, but neither team was able to register. Finally the game was called on account of darkness, and will have to be replayed.

The two remaining teams in the league, Mission and Clayburn, drew byes for this round, and are match against each other in the second round.

Don't forget the War Veterans' dance on Friday evening November 10th.

## DISTRICT No. 4

### FRASERVALLEY POULTRY SHOW

Arrangements for the above show which is this year being held at Abbotsford under the auspices of the M. S. A. Poultry Association are now almost complete and up to date everything points to it being one of the best ever held in the Fraser Valley.

The show is to run for four days from the 14th to the 17th of November, Wednesday, the 15th will be the official opening day and it is expected that Hon. E. D. Barrow, Minister of Agriculture will attend to open the show.

On Thursday the 17th, there is to be a poultrymen's convention in the G. W. V. A. Hall during the afternoon when prominent poultrymen and poultry experts from all parts of the province will give addresses and practical demonstrations. At 5:30 p. m. the visiting poultrymen and exhibitors will be entertained at a banquet in the Alexandria Hall to be followed by a dance in the evening.

The W. A. of the G. W. V. A. are to cater for both the banquet and the supper dance and that fact alone should be sufficient guarantee for the success of the catering.

A display of the many magnificent trophies being offered has been arranged and they will be on show through the courtesy of Mr. H. P. Knoll in one of his display windows for at least ten days prior to the date of show. Amongst them are two silver cups which should be of great interest to Abbotsford people, viz. "The Abbotsford Challenge Cup" presented by the Abbotsford Lumber, Mining and Development Company Limited and "The M. S. A. Cup" presented by Mr. Robert Duncan of the M. S. A. Transfer Company, Abbotsford. These two cups alone should be sufficient to draw competition from all parts of the Province.

As this show will be one of, if not the finest that our district has had in years it should be unnecessary to remind anyone and everyone that it is their duty to boost for the success of the show for all they are worth and help to put their district on the map in large print.

The poultry men are fortunate in having Mr. F. Matthews to act as show superintendent. He is one of the oldest members of the B. C. Poultry Association, and has for many years been a breeder of Barred Rocks in the interior and at Abbotsford. He has resided here for many years. He is considered one of the most experienced poultrymen in this district.

## "LEST WE FORGET"

Armistice Day, November 11th, will this year be observed in Abbotsford by a brief memorial service.

Stores are requested by the Veterans and their friends to close for ten minutes—five minutes before 11 o'clock to five minutes after 11 o'clock, so that all may attend the memorial service at the War Veterans' flag pole on Essendene Avenue. All invited to attend.

On Sunday November 12th there will be a Memorial and Decoration Service at Hazelwood Cemetery, St. Nicholas, when the graves of the Veterans buried there will be decorated. This service will be at 3 o'clock. Cars leave Abbotsford at 2:39 returning at 3:47. The G. W. V. A. are making arrangements for both services.

Don't forget the War Veteran's dance on Friday evening, November 10th. The dance this year promises to be better and bigger than ever, and last year it was one of the very big events of the year. Be there and have real enjoyment.

Saturday, November 11th is Poppy Day, and poppies will be sold on that day in Abbotsford. Everyone should wear a poppy.

Don't forget the date of the Bazaar.

## PERSONALS

The ladies of the W. A. of St. Matthews Church are holding a sale of home cooking in Mr. King's store Saturday afternoon at 2 p. m.

The Ladies' Aid of the Presbyterian Church were pleasantly entertained at the home of Mrs. McMenamy on Wednesday afternoon.

On Thanksgiving evening, November the 6th, a whist drive and dance will be given in the G. W. V. A. Hall in aid of the Abbotsford Athletic Association, beginning at 8 p. m. sharp. Special music for dancing.

Mrs. O'Hara of Cloverdale was the guest of Mrs. Brown during the week.

Mr. and Mrs. E. Beckham and children of Vancouver have been the guests of Mr. and Mrs. James Downie.

Mrs. Gillen has leased her residence to Mr. and Mrs. Chas. L. Baden-Powell for the winter and will take up residence in Vancouver until the end of the University term.

Mrs. Brown, Mrs. Miller and Miss Verna Stinson were week-end visitors in Vancouver.

Mr. and Mrs. Oscar L. Hicks of Mt. Lehman visited Mrs. Dan Smith on Wednesday.

Mrs. M. McMillan was a visitor to Bellingham this week.

Miss Muriel Wright entertained several friends at a party on Hallowe'en night.

Members of the Abbotsford Orange Lodge were very pleasantly entertained by the Milner Lodge on Friday evening. Following the Lodge meeting a social and dance were held.

Plans are completed for the attractive Masquerade Dance which is to be given under the auspices of the G. W. V. A. on Friday next. Special prizes are offered for the best costumes. A very large attendance is expected.

Mr. Robert Gillen of Calgary has been visiting his mother here.

Mrs. Bryanton and little daughter have returned from a visit in Vancouver.

Mrs. S. Cole who resided here is

an inmate of the Vancouver General Hospital.

Mr. W. J. Gray is opening a general grocery store in the building owned by Mr. Weatherbee on Essendene Avenue.

There will be a special service for members of the G. W. V. A. and all returned men at St. Matthews Church, Sunday evening, Nov. 12 at 7:30. The choir will sing Stainer's "What Are These" and an appropriate sermon will be preached by the vicar, Capt. Rev. A. H. Priest.

Mr. B. Weatherbee has left for Campbellton, N. B. where Mrs. Weatherbee and Doris are residing.

Miss Agnes Gillen was a recent visitor at her home in Abbotsford.

Under the auspices of the Loyal True Blue Lodge a whist drive will be held on the evening of November 17th. Alterations are being made to the Orange Hall, which is also being enlarged, and should the work be completed the whist drive will be held in the Orange Hall. If not other arrangements will be made.

A jolly Hallowe'en party was given at the residence of Mrs. W. Roberts on Tuesday evening when guests to the number of thirty were very pleasantly entertained by games and various attractions. Mrs. R. H. Eby assisted the hostess and music for dancing was supplied by the Abbotsford Orchestra.

Mrs. George Smith and children of Sumas mountain are visiting Mrs. A. McInnes.

A most enjoyable Hallowe'en dance was given by the members of the Eastern Star Lodge of Abbotsford, in the Theatre on Friday evening. Over two hundred invitations were issued, and the attendance was large, a very pleasant evening being spent by all. The hall was tastefully decorated in keeping with the occasion, witches, black cats and pumpkins were used to advantage. Heun's orchestra was present.

Services will be held in St. Mathew's Anglican Church at Abbotsford every Sunday night at 7:30. Rev. A. Harding Priest, vicar.

## THE ABBOTSFORD POST

Published Every Friday

J. A. DATES, Editor and Proprietor

FRIDAY, NOVEMBER 3, 1922

The third session of the present parliament started business at Victoria on Monday last, and may be expected to be in session for the next six weeks, provided Premier Oliver can stand the pressure that long. The Liberal government has the privilege of holding two more sessions before it appeals to the people for re-election. It is hoped the government will give the people something this session in the way of legislation that will be for the good of the whole province.

The first session was devoted to abuse of the former government. This weakened; and the next session was one grand battle of defense against the Bowser bullets—many taking effect.

What this paper would really like to see would be a speech of Premier Oliver giving in detail what he has done for the people of this province besides raising taxes; abusing the former Conservative government; telling the people how poor and hard-up the government was; borrowing money for the P.G.E.; and constantly reminding the people that he was "Honest" John Oliver, Premier of British Columbia.

During the past six years many changes have taken place at Victoria, but probably at the present time no change would be so welcome as the resignation of Premier Oliver, and the calling in of Dr. McLean as premier of the province; except of course the ever-welcome news that Premier Oliver was going to immediately place his case once more before the people of this province. It would be a political landslide that even the Liberals of the province would rejoice over.

The record of the Oliver government in Dewdney where "Honest" John was resurrected to political life, does not show that he has accomplished much for the men who voted for him. The promises that have been broken outnumber the good that has been done to the community by having done so noble a deed. Space does permit our recording the misdeeds of the Oliver government, suffice it to say that from one end of the riding to the other there was such general dissatisfaction with the representation of Premier Oliver that at the last election a Conservative was sent to Victoria to speak for Dewdney.

In 1916 Nicomen Island looked like a promised land to the settlers there when Friend Oliver was through telling them what he would do for them if he were elected. He was elected and that is as far as the promises went, except when Don Martyn later renewed the promises and a thousand others of minor importance.

Oliver used to say that the "roads of Dewdney were too good, too much money having been spent on them," and that opinion appears to still hold good for, for six years they have been sadly neglected.

Lloyd George arose from the war as the greatest man and statesman of his day and certainly his premiership and achievements are unique in British history. If any man may be said to have won the war against Germany, that man is Lloyd George and he will undoubtedly go down in history as the dynamic force which crushed the Teuton and saved the world.

Not only was Lloyd George great in war; he was great in the peace which preceded the war and his premiership since November of 1918 has been indicative of ever growing personality, power and ability. It was Lloyd George who raised the British labor masses from the depths of Bolshevism. The English working man may thank his faithful servant David for the blessings of Old Age Pensions, Workmen's Compensation, Unemployment Insurance and reams of further protective legislation.

Lloyd George's service has been to no one class of the people; British capital has nothing to complain about; its possessions, its trade and commerce, its property of all description have been preserved inviolate throughout the world. There never was a British Premier who served his country more faithfully or more efficiently.

Then, considering all this, why has Lloyd George fallen? The answer is simply that British people are such that they do not require a dictator; they merely need a leader.

The Conservative Party of Great Britain has only figuratively done to Lloyd George what Brutus did to Caesar. It was unthinkable that the British people with their God-given high average of intelligence and their instinct for self-government and personal liberty should ever be allowed to degenerate into a nation merely governed and not self-governing.

Every person of discernment who has watched the career of Lloyd George since the war has been pained

to notice the great change in Parliament and its authority as the sovereign body representing the will of the British people. Before Lloyd George, Parliament was supreme but he reversed the role, dictated legislation and acquired more power and greater dominion than any Caesar ever had. The mere fact that the legislation he dictated was mostly beneficial does not change the fact that Lloyd George was establishing a most dangerous precedent in attaching unlimited power to the office of Premier. England has never long tolerated dictation from Kings or Premiers and her greatness is based upon this fact. England is England, and the fount of liberty, because of her sturdy citizenship, individual intelligence and instinct for self government; curb these instincts and abilities with a dictatorship over so beneficent and they will soon die, as anything which falls into disuse will die.

As Prime Minister, Lloyd George wielded more power than any man who ever held office before him; he held more power than any one man should be allowed to hold. He established a precedent in this regard, which if allowed to take root and some day fall into the hands of a man of lesser calibre, would mean the end of British self respect and British greatness which had its birth and lives today in the personal responsibility of free and complete citizenship.

And the world needs the ancient British tradition of manhood, courage and individual responsibility. Rather than these should be diminished by a jot or little it were better that ten thousand Lloyd Georges should go by the board, with all due respect to his great name and deeds. If he is ever allowed to return to office it should only be on terms whereby he would lose much of his former power and be forced to accept Parliament as his master, not his servant. For Parliament is the concentrated virility of the British people and will not, must not, be ignored.—Farm and Home.

## THE WEEKLY NEWSPAPER

A comparison of local newspapers of a number of years ago and the present publications with which almost every district of any importance is familiar, reveals a remarkable stride in the progress made, not only from a mechanical point of view but also in a literary sense.

There are many among us who can recall the paper of say fifteen years ago, filled on the inside with what is known in the business as "boiler plate" leaving only the outside pages to be printed locally. These latter pages were usually taken up with political and world news, and probably contained a continued story, while local news and items of local interest had but a scanty representation in one corner.

The change to present day publications has been imperceptible but steady, and today the best weeklies of Canada are crammed with local news, in fact at times it is impossible to find room for all that occurs locally. "Boiler plate" is done away with, and in this regard it is only fair to say that this paper has never in the course of its career sought this method of creating bulk—and local news and local features have the foremost place.

Although town and county are today flooded with cheap periodicals and daily papers, yet the country weekly has not suffered in the slightest degree, but has gone forward and strengthened its hold upon its local field. While to jokers in the community the weekly is known as "the rag" yet it is a fact that never is more keenness displayed than when the local paper is issued and each subscriber eagerly scans its pages for news of interest to themselves and the district generally. How often do we hear it said "read every word of our local paper" and of how many dailies or periodicals can this be said?—Summerland Review.

## MUSINGS OF A COUNTRY MERCHANT

The following quotation portrays conditions in some localities. We trust this is not a local experience.

"Yes," remarked a country merchant, "I certainly have a snap. Wholesale houses send me duns every month and draw on me at sight, but if I send a bill to a farmer he comes swearing mad and quits trading at my store. While I am hard up for money, many of those who are owing me are sending money in advance to mail order houses. If I contribute money for any cause people say I am bidding for trade. If I don't they say I am a hog. Every day I am expected to dig up for everything that comes along, from a raffle ticket to a church fund, by people who claim I ought to do this, because they do part of their trading here, but our friends, Robert Simpson and T. Eaton, neither buy tickets nor help the church fund, and yet they get the

cash in advance business. If I sell a pair of pants I must treat the family to candy and cigars, and if I buy a load of potatoes I must do the same. Customers who are able to pay, hang on to their money, while I pay 10 per cent at the bank to get ready cash. I have a big business during hard times and poor crops, from people who are willing to trade with me provided I can duplicate catalogue prices and wait until harvest for my money. My scales weigh too much when I sell sugar and too little when I buy butter. I am a thief, a liar, and a grafter. If I smile I am a soft, soapy grafter, and if I don't I am a grump. Yes, certainly this is a snap." And he looks over \$10,000 worth of accounts, all good, and wonders how he can raise \$35 to pay a sight draft due to-morrow.—Ex.

## MANSON TALKS ON WORKMEN'S COMPENSATION ACT

"When an accident occurs and a widow becomes pensionable the Board's actuaries calculate the amount which will be necessary to pay her the pension for the rest of her life.

"As in the life insurance business this is done on the basis of expectancy, taking into consideration her age and other factors. There is an accepted scientific formula for making these calculations. One of the factors on which the year's assessment on industry is based is the amount which is required to be set aside in this way.

"That is, each year pays for its own accidents in full. The total pension payable, if for instance, a widow is expected to live 20 years, is collected in the annual assessment next following the accident in question. Allowance is made, however, for the interest which the money will earn at 5 per cent, thus reducing the total assessment to a considerable degree.

"Briefly, the board ascertains what amount is necessary to set aside in order to comply with the law, and does not set aside an amount which earning 5 per cent will be sufficient to pay the pension awarded. The total of these accumulated pensions is what people call the reserve fund.

"The suggestion that this fund be used to increase the compensation rates is, therefore, based on an obvious misconception. This fund is a trust fund, which the board is obliged to invest under the Trustee Act, viz., Dominion or Provincial securities or municipal bonds. These bonds are always purchased in the open market after notice and the securities offering the highest yield are accepted in competitive bids.

"It may be pointed out that, one result of this policy is that if tomorrow the act were repealed and a new method were adopted of handling industrial accident victims there would be enough money in the treasury to fulfill every obligation which the board has to every injured workman, every widow, every orphan."

Mr. Manson also gave some statistics showing how the act has operated. The amount of compensation and medical aid which the board has paid out has increased year by year from \$677,000 in 1917, its first year, until in 1921 there was paid out \$2,230,000.

"What the act means to the workers of the province may best be inferred from the fact that in the first year, when only two-thirds of a million dollars was paid out, this was more than employers had paid to their workers as the result of accidents in the previous 20 years under the old litigation system," said Mr. Manson.

## NATURAL TAR SAND GOOD ROAD MATERIAL

The Research Department of the University of Alberta has made excellent progress in developing a good road surfacing material from natural tar sands from the Fort McMurray district. A process has been developed whereby the asphalt can be extracted from the sand. It is planned to carry investigations on during the winter, the university having secured 22 tons of the sands, which will be reduced. With the four or five tons of asphalt obtained, stretches of rural road will be surfaced. If this surfacing stands the test, it is expected the development of the deposits will assume large proportions.

Two tons of sand have been brought to Edmonton by the Dominion Government, and all those who desire an opportunity to experiment with them can obtain samples from the lands office there.

## SHIFTING AUTO GEARS

There is seldom any difficulty in shifting from second to third, or from third to fourth, in cars equipped with a four-speed gearbox.

The most troublesome change for most drivers is that from third back to second and this is where we get the clashing and grinding. To begin with most drivers make this downward shift when the car is travelling too fast. The car should not be going more than ten miles per hour or fifteen at the outside. The best method of avoiding the trouble is by accelerating the engine just a little, just as the shift is thrown out. Do not accelerate after clutch has been

When your telephone is left accidentally off the hook, it registers the same as a call at central. If the operator gets no response to her "Number, Please," the number is handed over to the repairing forces as being out of order. All this involves tests, reports and time. In the meantime, no one gets you on your telephone.

"Off the hook" is a very common cause of interruption to telephone service. By the exercise of care in this connection you will protect your service and avoid inconvenience to yourself and others.

The dance given by the Dewdney Girls' Club on Oct. 27 was a big success. A large crowd were present, many coming from Vancouver. The hall was prettily decorated in the club's new colors, blue and gold. The girls take this opportunity of thanking those who helped make their first dance of the season a success.

disengaged. Remember just a slight touch on the accelerator pedal just before the clutch is thrown out.

A little practise will enable any driver to make an almost soundless shift and will add materially to the length of life of his gearshift.

## ONIONS

Growers who have any onions for sale should hold on for a few weeks. There is sure to be a considerable advance in price for well matured dry stock, at least sufficient to pay for cost of production.

Advices from Washington and California show the onions have suddenly jumped in price.

One large jobber in Calgary who has bought 13 cars is looking for 20 more. He sees a splendid speculation in onions. We advise growers to withdraw quotations and hold all unsold stock.

We do not place any stress on the rumor that California onion growers have secured control. We believe the quantity of onions produced this year is under the normal consumption besides the Canadian market is well established for Canadian growers this year by the operation of the "dumping clause."

## WINTER FEED FOR THE DAIRY COW

How to keep up the winter milk flow is a problem confronting a great many dairymen, more so in sections where the temperature is severe than in the milder climate of British Columbia. Invariably the price of milk goes up in the fall and down in the spring and just as unloading the supply drops in the fall and increases in the spring. The dairyman given good cows, the proper proportion bred to freshen in the fall, and conditions suitable for good general management in the matter of sanitation and thorough and regular milking, it is then up to the feeder to keep the milk supply up to the maximum.

Raspberries and strawberries show excellent bloom in this district at this time of the year. It goes to show what a mild October will do.

### WEEK IN CALGARY

The wholesale fruit dealers met in the Board of Trade rooms Wednesday and discussed ways and means to stabilize the apple market. After this meeting, the Western Jobbers held a meeting to arrange for their Convention, to be held in Calgary on the 8th, 9th and 10th January. The Western Jobbers extend a hearty invitation to representatives of the fruit growing industry to be with them on this occasion and partake in their deliberations.

This is Sunshine Apple Day in Calgary. Over 250 boxes of B. C. apples have been donated by B. C. shippers to the Herald Sunshine Club. The funds realized from the tag sale of these apples will be applied to provide Christmas hampers to the deserving needy. The Rotary Club will make this a record Tag Day. We have examined the apples donated and find them all in the Extra Fancy class, including Delicious, Macs and Jonathans. No better ad. could be devised to stimulate apple consumption.

Three of the best sales made this year of B. C. produce were made by the Vernon Fruit Co. this week. On October 24th a shipment of Golden Bantam sweet corn was received from Mr. G. Kingsbury, of West Bank, and sold wholesale at 57¢ per doz. Also a crate of raspberries arrived from Mr. S. Eagle, of Dewdney, and sold wholesale at \$10 per crate. On the 26th, the same firm received four crates of peaches from Mr. E. Johnson, Westbank. Two crates (large, well colored) were sold wholesale at \$3 each, the other two wholesaled at \$2.50 each.

This is a very cheerful contrast to the present price of apples. During this coming week Calgary retail fruit dealers will put on an apple display of O. K. apples, all varieties. Five substantial prizes will be awarded for the best displays.

Some of the finest Delicious apples that have been seen on this market came from the farm of M. C. Stevens, of Naramata.

The weather this week has been cool, crisp and clear.

### BLUENOSE AWARDED POSSESSION OF CUP

GLOUCESTER, Mass., Oct. 28.—The international committee in charge of the fisherman's races yesterday awarded the cup and first prize of the purse to the Canadian schooner Bluenose and her skipper, Captain Angus Walters. All protests made against the schooner's victory were disallowed. The committee's action was announced as unanimous.

## Wipe Out Deficit At Closing Session

VANCOUVER, Oct. 28.—Assured by delegates to the annual convention of the B. C. Prohibition Association that they would wipe out the deficit of \$1800 from the last campaign and would get themselves earnestly by the task of raising the required budget of \$4000 for the ensuing year, Rev. A. E. Cooks accepted his unanimous election as president of the closing session on Thursday.

As evidence of their faith in his leadership, the delegates went into their pockets and within a few minutes had subscribed over half the amount represented in the deficit.

When the final subscription had been secured at the evening meeting it was announced, amid enthusiastic applause that the sum of \$2150 had been raised, thus leaving a balance of over \$300 after the debt of \$1800 had been wiped out. Plans for the organization of the entire province would proceed at once, it was stated.

Repeal of the B. C. Liquor Control Act and total prohibition for the province under the Canada Temperance Act, including prohibition of the importation, manufacture and sale of liquors, abolition of wholesale liquor warehouses, and every member pledged to work for the Dominion-wide prohibition, were the avowed objects of the convention, which the delegates promised to support their new president in achieving.

Among resolutions passed at the closing session was one protesting over three years ago.

against the inclusion of the profits of liquor sales in the provincial revenues and the distribution of money so obtained among the municipalities and hospitals of the province. This resolution registered "unflinching opposition to the raising of public revenues from the sale of alcoholic liquors for beverage purposes" and declared that such a system "debases the public conscience and makes the public shapers in the profits of a business which degrades and destroys."

Another resolution pledged the delegates to favor the nomination and election of political candidates willing to place prohibition principles above party affiliations and to pledge themselves to the re-enactment of prohibition.

The convention also went on record in regard to the proposal to extend the scope of the Liquor Control Act, expressing strong opposition to this and declaring that if the government does decide to take a plebiscite on the proposal to permit the retail sale of beer and light wines, the association will insist that an alternative proposal be submitted to the electors, permitting them to vote on the question of whether or not they desire to return to total prohibition, with prohibition of imports as a third stipulation.

Preparations are being made by the Trail G. W. V. A. to undertake the erection of a cover over the big German gun which has stood exposed to the elements ever since its arrival from the war zone in France.

## Chief Justice Opens Legislature

VICTORIA, B. C., Oct. 30.—Chief Justice Macdonald read the Speech from the Throne at the opening of the legislature as follows:

"Mr. Speaker and members of the legislature:

"I welcome you to the third session of the fifteenth parliament of British Columbia.

"Since you last met, their excellencies the governor-general of Canada and Lady Byng have visited the province and have been most loyally welcomed at all points.

"During the period since your last session, continued representations have been made to the Dominion Board of Railway Commissioners for the reduction of railway transportation rates, and for the entire removal of the discriminatory mountain scale which has been in force for many years in the province. I am glad to state that a considerable reduction in general rates has been obtained, and that the excess of mountain over prairie rates has been reduced by one-half. It is the intention of the government to persevere in its efforts for the entire removal of the excess mountain rates scale. To that end an appeal to his excellency the governor-general-in-council is in course of preparation.

"It is a matter of regret that the application of the government to secure the prohibition of the importation of liquor into British Columbia, except by the provincial

government, did not receive the approval of the Canadian Senate. It is the intention of the government again to apply to the Dominion Parliament for the powers desired.

"It will be satisfactory for you to know that the opinion expressed by the honorable the minister of finance in his March, 1921, budget speech, respecting the stabilizing of rates of exchange between Canada and the United States, has been more than justified, that the exchange is now at par, and that the market for our long-term refunding bonds has very materially improved.

"Substantial progress has been made with the cruising and reassessment of crown-granted timber lands for the purpose of equalizing taxation.

"Reports upon the condition and prospects of the Pacific Great Eastern will be placed before you.

"Satisfactory arrangements have been made for a complete consolidation and revision of the statutes of British Columbia.

"Substantial and gratifying progress has been made with the work of reclamation of Sumas Prairie lands.

"The government is taking steps to ascertain the value, for university purposes, of the lands mentioned in section 7, subsection (2), chapter 50 of the statutes of 1920, and how said lands may best be dealt with to produce the maximum of value.

"For the purpose of ratifying an agreement between the Dominion and the province providing for a survey of the iron-ore resources of British Columbia.

"For the consolidation and revision of the Public Schools Act.

"For the consolidation of the statutes relating to public printing.

"For the amendment of the Workmen's Compensation Act.

"For amending the Forest Act, providing additional safeguards against fire.

"And for further amendments tending to the better enforcement of the Government Liquor Act.

"Copies of balance sheets and statements of profit and loss under the operation of the government Liquor Act will shortly be placed before you.

"The public accounts for the fiscal year 1921-22 will be brought down at an early date.

"The estimates of revenue and expenditure, prepared with due regard to economy and to the necessities of the province, will be submitted for your approval.

Members of the legislature:

"In leaving you to your deliberations, I have confidence that you will apply your best endeavors to the solution of the problems before you, and I pray the blessing of Providence on your labors."

### WALL STREET "GOT" LAWSON

Ever since Thomas W. Lawson wrote "Frenzied Finance," he has been a doomed man, for Wall Street vowed to "get him." It did and now his \$6,000,000, Dreamworld estate near Boston, finest country estate in Boston was sold on October 12. Lawson is said to be practically broke, though he purchased a \$500,000 annuity several years ago, when at the height of his wealth, so he can struggle along in a cheap home.

### SUTHERLAND LIKES PROPOSED ROUTE

VICTORIA, 28.—Highly pleased with his inspection of the Hope-Princeton section of the route of the trans-provincial highway, Hon. W. H. Sutherland, minister of public works, returned to the capital on Thursday.

The route, he says, is a combination of the Hope Pass and Gibson Pass Trails with several portions of the Dewdney Trail to be utilized. For the first seven or eight miles east of Hope it is possible to drive a motor car, and for 29 miles the old sappers' trail will be used.

On this, considerable levelling of grades will have to be done, but the minister said the old work done in 1861 is still in evidence and there should be little difficulty in constructing this section in record time.

### RUN OVER BY TRAIN BUT CONTINUES TO HER SCHOOL

MORRISON, Ill., Oct. 18.—Bernice Witt, six years old, of Fulton, Ill., was run over by a Chicago and Northwestern passenger train today, but attended school as usual.

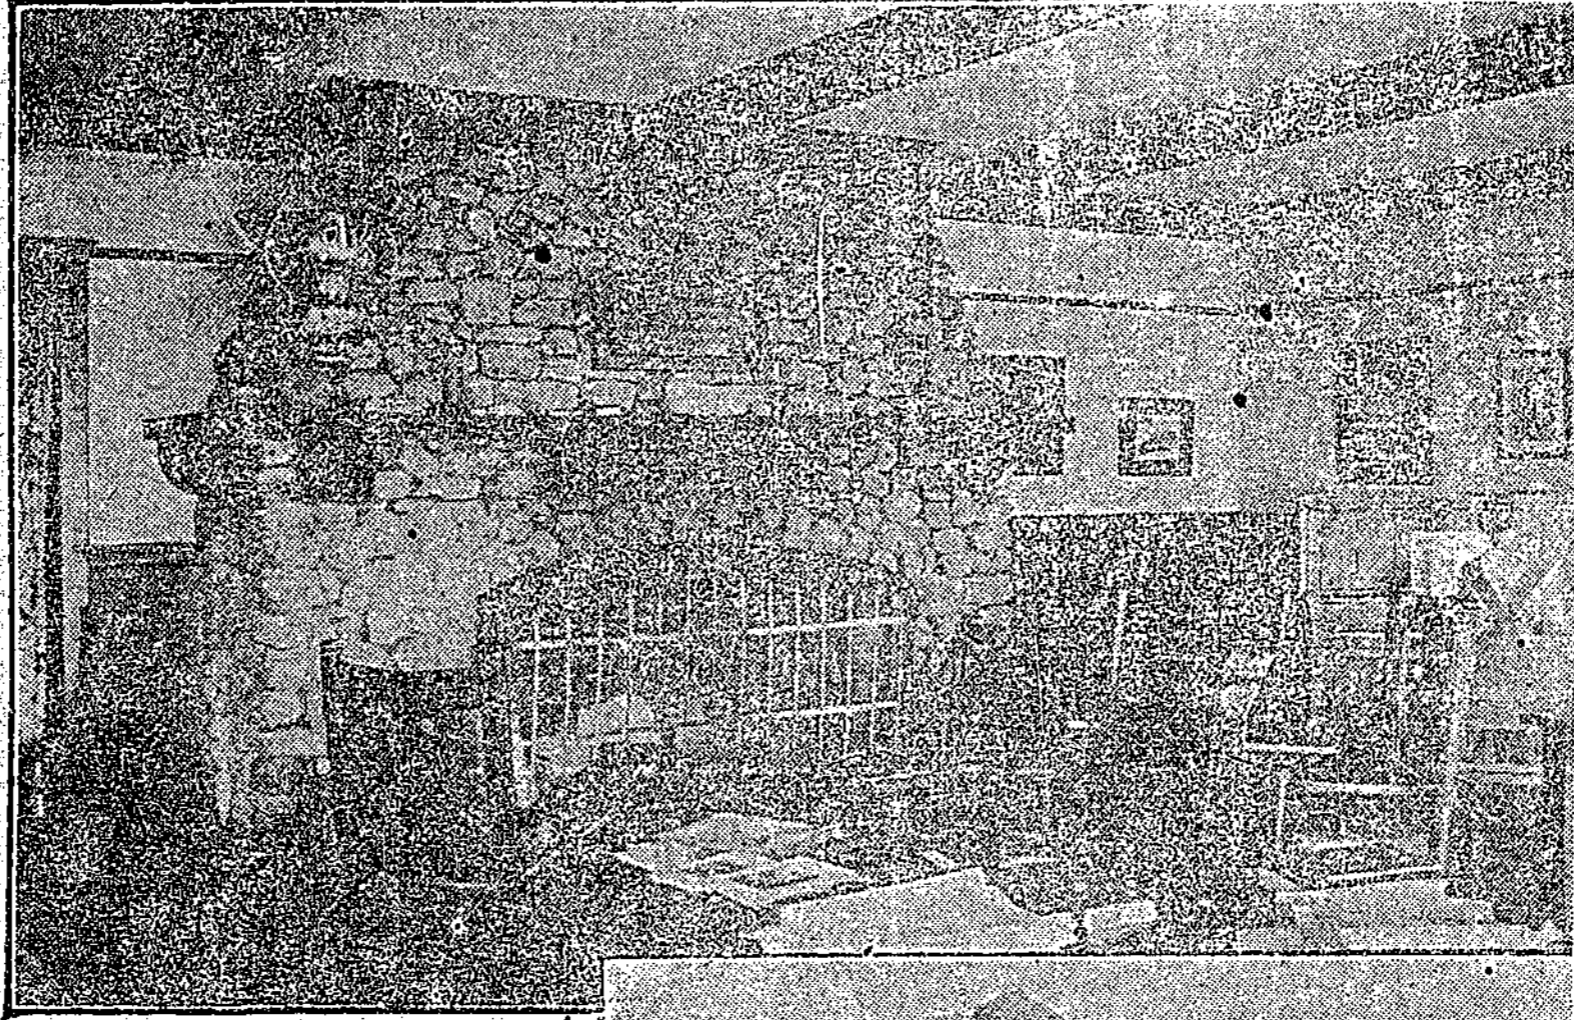

The little girl was on her way to school when she fell in front of the train. The engine and five cars passed over her. The trainmen pulled her out from under the trucks of the last car and found she was uninjured.

She did not cry, but hurried away to school.

### MATSQUI TO EXTEND SCOPE OF BY-LAW

GIFFORD, Oct. 28.—The Matsqui council at their next meeting will extend the scope of the Pound By-law to include the whole of the dyked area, and to cover every farm and domestic creature from a horse to a goose. This action is aimed at the preservation of the ditchea, which become choked up by the grazing traffic of the animals.

## The Alpine Club of Canada

### Living Room Alpine Club, at Banff.

Of all the trails, the mountain ones are most alluring and each year they call to the members of the Alpine Club of Canada who held their annual camp this season at Lake O'Hara. The Camp, known as the "O'Hara Meadows Camp" was an open Alpine Meadow at an altitude of 6,600 feet above sea level, gay with mountain blooms.

The Lake, an Alpine gem, in whose bright surface, with witchery of reflection, towering mountains are held captive, with the bright green of the forests that surround the shore.

This Alpine realm in the heart of the Rockies, a realm of crags and canyons, of encircling and overhanging peaks, has a variety of charms that are never exhausted. The mountains, ranging from ten thousand to eleven thousand, five hundred feet above sea level, include the matchless picture of Lefroy glacier, the great white peaks of Victoria, the massive Cathedral Crags, Stephen, Odoray and other giants of the Rockies. Each new view beckoned to fresh delights. Below Odoray is the cabin built by the Swiss guides in which there is always a camper's cache.

In 1909 the Alpine Club of Canada opened its club house headquarters at Banff and held a special annual camp at Lake O'Hara. It was unique in that an invitation to attend this camp, as guests of the Alpine Club of Canada, was sent to the president and members of the Alpine Club, England. A party of 20 accepted the invitation. The guests included mountaineers, well known in many parts of the world. It is interesting to note that in 1920 the Alpine Club of Canada became affiliated with the "Alpine Club" of England, the oldest and most famous of all Alpine clubs.

The annual camp is for the purpose of enabling members of the club to meet together amid the great hills of Canada, and to assist graduating members to qualify for active membership. Those who have made an ascent of at least 2,500 feet, are eligible for active membership. Those distinguished in literature, art or science, relating to mountains, are given certain recognition.

### At Lake O'Hara.

The objects of the club are the motion of scientific study and exploration of Canadian Alpine regions, the cultivation of art in relation to mountain scenery, the education of Canadians to an appreciation of their Canadian heritage, the encouragement of mountain craft and the opening of new regions as national playgrounds. The preservation of the natural beauties of the mountain places and of the fauna and flora in their habitat, is promoted.

The Club House of the Alpine Club of Canada, opened in 1909, is situated on the slope of Sulphur Mountain, 300 feet above the town of Banff. Spread in vast panorama, are the deep river-threaded valleys of the Bow and Spray and the forest clad mountains beyond with their snowy peaks glistening in the sun. From the broad verandas of the Club House, nature seemed one harmonious tune.

The Club House is replete with interest. Bowls and baskets of mountain flowers were in attractive arrangement. The fine pictures of Canadian mountains were worthy of

study as well as interesting photographs of well known mountaineers of Europe and Canada. The group of men and women who founded the Alpine Club of Canada, are pictured, at their first meeting in Winnipeg in 1906. Included are Professor Coleman of Toronto and Mrs. Parker of the Winnipeg "Free Press." There is a picture of Sir James Jutram, the first man to climb Mount Assiniboine, the Matterhorn of Canada, and many others of interest.

The stone fireplace in the spacious living room was built in memory of William S. Vaux, a student of glaciers who died in 1908. The drinking fountain in the hall was given by the late Edward Whymper, the hero of the Matterhorn—in its basin, in a bed of moss, grows the little yellow mountain rose.

A treasure of the Club House is a worn copy of the 1917 Constitution of the Alpine Club of Canada, framed, hanging on the walls of the library. Under is the caption, "Found in a German dug-out when the Canadians captured Vimy Ridge."

-C. G.

## ARE YOU ONE?

Our regular customers know that we sell only the best of meats.

It adds to the charm of housekeeping to have one of our luscious roasts. Father smiles, the children smile and mother smiles to see that her cooking is appreciated.

## PERSONALS

The W. A. of St. Matthews Church will hold a whist drive in the Masonic Hall on Friday evening, November 17th.

Mr. T. Walters has been awarded the situation of janitor of the new Abbotsford Superior School. It is expected that the school will be ready for use early next week.

The Womens' Institute of Sumas are planning to have a booth at the Hospital Bazaar which is to be held on November 24th in the Abbotsford Theatre. The Masonic Lodge has kindly consented to take charge of the dance in the evening, and the ladies of the Maccabee Lodge will prepare and serve the dance supper.

Mrs. Hovde of Sumas was the guest of her daughter Mrs. J. R. Renner, and is now visiting in Mission City.

Mr. and Mrs. McMenemy and family were visitors in Vancouver on Thursday.

The prize list for the district Poultry Show which is to be held in the Abbotsford Theatre from the 14th to the 17th of the month, is an exceptionally large one, including many fine trophies and medals. Arrangements are well in hand and the show promises to excel any previous event. Abbotsford is to be congratulated on the honor of this show being held here this year, and it is the duty of every citizen to patronize it well.

Mr. Stewart McPhee of North Bend visited his parents at the weekend.

Miss Jennie Good who underwent an operation on Monday in the M.-S.-A. Hospital is progressing very favorably.

In the interests of the Women's Missionary Society, a thanksgiving meeting will be held in the Presbyterian Church, on Thanksgiving Day, November 24th, at 2:30 p. m. Mrs. J. L. Campbell of Collingwood, well known here, will address the meeting. On Sunday evening Rev. J. L. Campbell will conduct the regular service, and will speak on Thanksgiving. At 11 a. m. a Thanksgiving service will be held, when Rev. W. Robertson will deliver an appropriate sermon.

There was a large attendance at the regular meeting of the Abbotsford Review W.B.A. of the Maccabees on Thursday evening. Mrs. Nellipiece, D. D. of Vancouver was present and assisted with initiation. General business was transacted and a committee appointed to help with the dance supper for the M.-S.-A. Hospital Bazaar on November 24th. On the occasion of his 5th birthday Master Arthur Salt entertained several of his little friends on Tuesday afternoon. A very pleasant time was enjoyed and the guests wished their genial host many happy returns of the day.

## AUTUMN MEDITATION

(By I. K. H.)

The summer sun is going,  
The mosquitoes all are gone;  
A good warm wrap for a cover,  
And it's lovely on the lawn.

Autumn days are coming,  
You can feel frost in the air,  
The bees have stopped their humming,  
You can't hear one anywhere.

But that is the time you feel thankful,  
You're more free from worry and care;  
The fields are ripe and the larders full,  
There is gladness everywhere.

We're thankful for these autumn days,  
For sunshine and for rain;  
We're thankful for the blessed rays  
From the good book we can gain.

For Life and Light and Liberty,  
Our Father gives them all,  
His Son He gave for you and me  
To ransom from the fall.

"Community" service is the rent a person pays for the space he occupies on this earth," says Walter Burr in "The Community Program." Is there anyone in your community that pays a bigger rent than our editor.

## COMPLICATIONS UPSET ALL EUROPE PATULLO SAYS

Canada is fortunate, in comparison with the countries of the Old World, according to Hon. T. D. Pattullo, minister of lands, who returned recently after an extended sojourn in England, where he represented the provincial government in several matters of public interest.

Adjustment is slow. While business is gradually improving in the Old Country conditions generally are very unsettled. The immediate acute situation in respect to reparation was hardly temporarily relieved until the Eastern situation assumed an ominous aspect. As a further embarrassment internal political strife is rampant.

It will take a considerable number of years before the European situation adjusts itself. The process of debt repudiation in one form or other is now going on but it will take a long time to adjust itself. Debt is dragging down Europe the same as it drags down an individual.

In Great Britain, I would say, that public opinion is not favorable to Canadian industrial investment and I do not think we need look for any general investment of British capital in Canadian industry within reasonable sight. I think there are several reasons for this, but rightly or wrongly. Grand Trunk Railway losses are made the occasion for unfavorable comment upon Canadian investment. My personal opinion is that we should admit every mentally sound and healthy individual of white extraction not only from Great Britain and the United States but from other countries. We should be able to absorb very easily at least 300,000 a year. 300,000 people of itself would constitute a considerable accretion to the consuming market. While it might be that a proportion of the 300,000 might not be immediately self-supporting, I believe that the aggregate would carry its own weight. The human is the one real asset. The dollar has come down in purchasing power, but the human has gone up and will continue to do so.

## LIQUOR BOARD MAKES REPORT

New Westminster police court fines and bail estimations in connection with the liquor control act amounted to \$2350 during the past year, according to a report filed by Hon. A. M. Manson, attorney general, Tuesday afternoon in the Vancouver at the same time.

From the time the Royal City store was opened until March 31, 1922, total sales amounted to \$198,069.15, at a total operating cost of \$9224, with a gross profit of \$68,824.82. Prosecutions, including the municipality of Fraser Mills, resulted in \$2900 being collected.

Secret service work cost a considerable sum, \$34,954 being expended to pay the salaries and expending the past few months and who have been exceptionally active during the past few months and who have redoubled their efforts since the charges levelled against the administration by Hon. H. H. Stevens were brought to light.

Of those in the employ of the Liquor Control Board, 130 of these are returned soldiers, as against 103 who, by reason of age or inability, or political prestige, failed to go overseas.

The total of liquor profits for the board's operations during the last half-yearly period ending Sept. 30, amounted to \$1,075,000.

In filing the report late yesterday afternoon, Hon. Mr. Manson explained that the municipalities, in addition to securing their portion of the profits, were also in receipt of additional revenue by reason of court fines and estimated bail which totalled \$100,000.

Fifty-two men went to jail for violation of the act during the past six months, as compared with 55 for the preceding six months.

The minister announced that the portion payable to hospitals will be made payable directly by the government under amendments to be introduced shortly in view of the confusion in handling this share of the profits, which was complained of by mayors and councillors at the recent municipal convention.

## Wallpaper

A nice new stock of Wall Paper has come to hand.

Just the right kind to make the rooms cheerful during the fall and winter months.

A Good Variety To Choose From

A. R. GOSLING

Box 31 - Abbotsford, B. C.  
All Work Guaranteed

## WANT COLUMN

Advertisements under the above heading cost 25 cents per issue.

FOR SALE CHEAP—40 acres in E. 1/4 N. W. 1/4 Sec. 7, Twp. 16, Matsqui, B. C. 20 acres in S. E. 1/4 Sec. 18, Twp. 16, Matsqui, B. C. Apply the Royal Bank of Canada, Abbotsford, B. C. 20-27-3

FOR SALE—Eleven acres of good land on fine road near the mill. Well fenced. Well built five-roomed house with pantry, verandah, back and front, out buildings, good water. About four acres cleared. Will sell cheap for all cash, would give good terms. For price and particulars apply to owner, Charles Grimley, Abbotsford, B. C.

Also Auto-Knitter Triplex, new, all complete. Cost \$83.00 will sell for \$55.00.

FOR RENT—Three cosy, partly furnished housekeeping rooms. Apply to P. O. Box 53, Abbotsford, B. C.

## BARS ADS. FROM B. C. NEWSPAPERS

VICTORIA, Oct. 30.—Slung by the attacks levelled against him in the Prohibition Bulletin, an organ published in Vancouver, which sought to light the preponderance of liquor advertisements appearing in the programme published in connection with the big Liberal rally held at Hastings Park, Vancouver, last summer, it is understood that Attorney-General Alex. Manson has handed instructions to distillers to eliminate their advertisements from the daily press of the province under pain of purchases being cancelled from these establishments.

## JUST MARKET FRUIT ACCORDING TO CONTRACT

Kennewick Wash.—Judge John Truax of the Benton County Superior Court this week handed down a decision making an injunction permanent against S. V. Nordwall from marketing his fruit crop elsewhere than through the agency of the Kennewick-Richland Fruit Growers' Company. Mr. Nordwall had signed up his crop under contract for marketing through that agency.

The court held that the contract was fair and equitable and that while the marketing agency cannot compel Nordwall to deliver his fruit, it is restrained from marketing it elsewhere. Judge Truax based his decision upon the decision of the Washington State Supreme Court in the Washington Cranberry Association case.

## EDMONTON

Prices on some lines are still very depressed on this market. This statement refers more particularly to crate apples and onions.

McIntosh Reds, both wrapped and unwrapped, have come in pretty well matured this year and some of this variety have had to be cleaned up, as they were starting to show shrinkage.

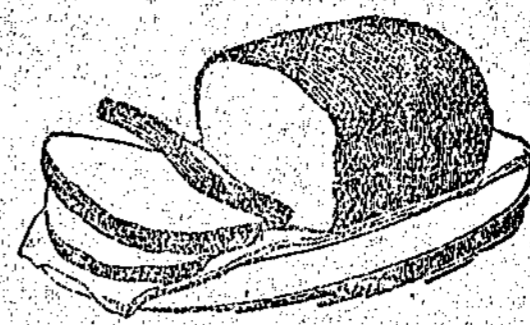

We have a pretty fair crop of vegetables of all kinds, although the yield of potatoes is considerably smaller than usual. This, however, does not mean that we want any potatoes on this market because we can still export many carloads.

## STOOL PIGEONS CONDEMNED

VICTORIA, Nov. 3.—Criticism of the government's liquor administration which, he claimed, far exceeded the cost necessary, was made in the House by Mr. R. H. Pooley, Conservative member for Esquimalt. Money was being wasted on all sides, he claimed. The report filed by Hon. Mr. Manson showed that \$427,000 had been paid out in salaries alone. For secret service work approximately \$75,000 per annum was needed while for shortage, burglary, and theft, no less than \$34,000 had been wiped off.

The employment of stool pigeons was roundly condemned. The sending of men out into the country at \$5 a day to try to induce people to break the law was a public scandal, averred Mr. Pooley.

Recalling a recent Victoria case, the Esquimalt member claimed that it was not British justice for the crown to take an appeal in order that a subject may be sent down.

## GROWERS HOLDING THE SACK

This season's marketing conditions have been the logical outcome of the growers confiding their business to "too many cooks." All the shipping agencies, small and great, have been supplied with fruit to sell on trust. There has been no prevailing unity amongst the shippers in regard to the price they should sell the growers' fruit for. Each one has tried to get "out from under" regardless of the consequences to the rest, and consignment was resorted to by all on this market, first controlled by the shipper and then uncontrolled. This condition placed the jobber in the position of having to sell goods to secure a large turn-over. This they did by meeting all cuts by their jobbers, some real and some imaginary. They could not lose, having only freight and commission at stake. The only money put up in the apple deal is the packing charges and overhead by the shippers and the freight by the jobbers. Bankers were little needed as sales were made to the retailer on a weekly credit basis, and the low prices forced distribution at first, only to be followed by stagnation, then lower prices. The jobbers are not to blame for the chaos that consignment has brought about, it is the inevitable outcome of conditions forced upon them.

The responsibility for the instability of the condition we are now facing lies with the growers themselves. If they cannot unite to prevent it, they may as well prepare for a repetition of this year's conditions. A short crop may save them to some extent, but until they centralize and distribute through one clearing house, they will not succeed.

The winter apple deal can be still regulated by the growers getting together.

## DEPARTMENT OF PUBLIC WORKS

Chilliwack Electoral District

Closing portion of Riverside Road, Section 10, Township 17, New Westminster District.

NOTICE IS HEREBY GIVEN that under the authority conferred by Section 10 A of the "Highway Act", as enacted by Section 3 of Chapter 23 of the Statutes of British Columbia, 1917, it is the intention of the undersigned, after thirty (30) days from date, to discontinue and close the hereinafter described portion of a highway through Section 10, Township 17, New Westminster District.

Commencing at the intersection of the south boundary of St. Olaf Street with the east boundary of the Riverside Road said point being N. 89° 40' W. 14.4 feet from the north-west corner of lot 1, Map No. 888, Sub-Div. of Blocks 8 and 12, Section 10, Twp. 17. Thence following said east boundary of Riverside Road South 132.0 feet to the south boundary of Lot 1 produced west: Thence S 89° 40' E, 12.8 feet to the south-west corner of said Lot 1: thence N. 0° 41' E, 132.0 feet to the north-west corner of Lot 1. Thence N. 89° 40' W. 14.4 feet more or less to the point of commencement, and containing 0.041 acres more or less.
