EMPIRE DAY AROUND ALBERNI

The two pows dropped everything in the way of business, and entered very heartily into the holiday spirit on Saturday. It is safe to say that fully a thousand people found places outside of the towns to which to spend the day and that they returned, one and all, well satisfied. The weather was perfect and the Weather Clerk, who has been rather in the black books of the community for some time past, made up for past misdeeds by the very excellent brand which he reserved for this special occasion. There were times when our old friend, the champ who greets the quivering fat man with "Is this Hot Enough for you?" might have asked his time honored question.

In the way of picnics the K. of P. Lodge took a large launch up to the Smith Landing on Sproat Lakes. Here all the boats in sight were chartered, and a general good time was the result.

The Boys Scouts were right on deck to prove that holidays are the one thing at which they shine. The two encamped at Two Rivers Arm of Sproat Lake, and spent the time in trying to lure the big fat trout into the company pan. The pan had to be washed, so there must have been something doing.

A number of young people jolted in a trip to Stamp's Falls, where a very pleasant day was spent in rambling over the rocks and gathering the wild flowers which abound in that locality.

They took their appetites with them and the means of satisfying the keenest, so that the reports from this locality were all favorable.

Dozens of private parties were strung all along the valley for fifteen miles towards Cumberland, and the number of sunburned noses in evidence next day, indicated that these "Pleasure Exertions," as Samantha calls them, were not in vain.

As was to be expected, the picnics on the Alberni Canal offered attractions to a large number, and the boats that made the various trips were well filled.

There are so many beautiful spots within easy reach down the Canal that these summer excursions are bound to become very popular.

In the way of athletic stunts the baseball game was the whole show, but this event furnished thrills enough to last for some time, and was taken in by a large crowd.

A good natured determination to enjoy everything in sight, was much in evidence, and the day was pronounced a success in every way.

School Grounds

As will be observed by an official notice which appears elsewhere, the School Trustees are trying to get larger grounds for the local school. The present grounds are entirely too small, and the rate at which prices are going up makes it good business to secure the needed addition to the present area at as early a moment as can be accomplished.

There is another side to this movement for larger grounds. Now that the school is under the Municipality if there were larger grounds they could be fixed up and used for a number of purposes for which recreation grounds are required. In this manner the citizens of Alberni will be getting double returns for any money invested along these lines, and there is little doubt but that when it comes to a vote the Trustees will have the solid support of the ratepayers for the purchase of the four acres they are asking for. The land is immediately adjoining the present grounds, and would form an ideal spot for city recreation purposes.

Open Air Concert.

The citizens of Alberni were entertained on Tuesday evening by an open air concert given by the Alberni District Brass Band. The band assembled on the temporary stand at the foot of Johnston Road, and for about an hour or more proceeded to discourse sweet sounds in a most melodious manner.

The wide range of the selections, and the manner in which they were rendered, all tend to prove that the band boys are steadily improving, and that this institution is fast becoming an honor to the entire district. Some of the selections were quite difficult, and the ease with which they were carried through spoke volumes for the ability of the members, and at the same time reflected credit on the painstaking care of Bandmaster Gray.

OUR BINGO BOYS BUMP THE PORT

Tied at the end of the "Seventh," tied at the end of the "Eighth," and only won by a fierce battling rally, with two men down and the air full of gloom, the Alberni Athletes, "Our own Bingo Boys," handed a bunch, and a beating, to the Port Alberni Baseball Club on Saturday last.

It was understood that the game was to go only seven innings, but when that ting arrived the score stood "Nine All," and another innings was ordered. When the smoke cleared away at the end of this extra innings the score was "Eleven All," and still another innings was arranged. By this time even the most hardened "Fan" was up on tiptoes, and the interest had reached a pitch where nothing short of an earthquake could have received a passing notice.

The Alberni team went in, pushed a lone run across the plate, and sent two men to the great beyond. Then came the rally. The Alberni boys sent six runs over before the last man went out, and, with a score of eighteen, felt that the game was in hand. So it proved, for three runs was the best the Port could produce, and the agony was over. Score 11 to 18, in favor of Alberni.

Never mind about the box score. The office is a little shy on figures, and any attempt at recording the errors would have to be printed on the margin in any event, so call that part off.

Hill, for the Port, pitched a good game, but his arm went back on him, and Dixon relieved in the box. By this time the Old Town had found its batting eye, and it was no use. Lewis, who caught a good game for the Port, had the misfortune to "ring" a finger, and dropped out. His place was taken by Hackett.

McLeod pitched a steady game for Alberni, and was well supported by Ross behind the bat. Several cases of "Stage Fright" were in evidence, but as a whole it would be hard to find two teams more evenly matched, and right now the Advocate wishes to remind the Alberni boys that they must keep up their practice if they expect to hold down the Port bunch, for a little more work will round them into a hard team to beat.

When the accident happened to Lewis, a tall gentleman donned the mask, and tried to hold a few of Hill's tenders. It was no use, the tall one retired, sadly murmuring the chorus of the pathetic little song entitled "They Used to Look Like Pumpkins—But Now They Look Like Peas."

Several of the fielders were offering rewards for the discovery of the man who souped the ball, but he was not located. Fortunately the force of gravity brought the ball down where it could be picked up, and returned.

The "rooting" would have reflected credit on a "Big League" game, and there is probably no truth in the report that the remarks of the Port Fans were what really set fire to the slashing block of the town.

Come again boys. Always glad to see you.

Musical Recital.

The violin and pianoforte recital, given by Mrs. H. Harvey and Miss Grace Morgan, assisted by Miss Jean Patterson, was presented to a large and appreciative audience on Wednesday evening. Mr. Harvey's violin numbers were well rendered, and that gentleman demonstrated his possession of an excellent technique, as well as a very pleasing tone expression.

Miss Grace Morgan's piano numbers were all too few, and that young lady gives promise of going far as the years give opened experience to round out her undoubted talent.

Miss Jean Patterson pleased the audience with several vocal selections, and a couple of "trombone solo" numbers were added to the programme. These were given by Mr. S. Raine.

The ball after the recital was well attended, and proved a very enjoyable affair.

The full Symphony Orchestra is promised for the next event of this kind.

Social Dance.

A Box Social and Dance will be held in Whyte's Hall, on Friday June the 6th at 8:30 P. M.

A good time is promised to all who attend. Good Music will be supplied.

Dr. Bates VanDecar and wife of Vancouver, spent a few days during the week in the City, and left by Monday's train for home.

READY TO GIVE ANY TWO LOTS

According to Mr. M. Telo, who acts as agent for Mr. C. B. Van DeCar, this latter gentleman has been somewhat hurt by the suggestion made in the Advocate to the effect that there has been too much "Ding around the Bush" business in the chase after the two lots needed for a reservoir site in connection with the city waterworks. Two lots were promised to the city by Mr. Van DeCar, but when the City Council proceeded to make a selection, it was informed that the lots in question had been sold. It took some months to find out to whom the lots had been sold, and to speak plainly, all the surface indications were to the effect that no one was in a hurry to hand over these lots. The Advocate suggested expropriation, and sees no reason to change the suggestion. It is admitted that the lots have passed through several hands since those first them began, and it was only a few days ago that the present owners were located. These particular lots are the highest on the subdivision, and will give just that much more head to the water supply.

Now comes Mr. Telo, acting as agent for Mr. Van DeCar, and states that Mr. Van DeCar is quite ready and willing to allow the City Council to select any two lots on the subdivision in lieu of the lots required for the reservoir.

"You can state," said Mr. Telo to the Advocate, "that Mr. Van DeCar will give any two of the lots that are available in the subdivision. These lots can be selected by the Council, and, if they like, can be sold to pay a portion of the cost of the two that will have to be expropriated."

"In fact," continued Mr. Telo, "lots could be selected that would be worth more than the ones needed for the reservoir."

This is a fair offer, and when made good, will remove any suggestion that Mr. Van DeCar has been trying to sidestep his original proposition. The Advocate will thus take off its Editorial Hat to the gentleman in question, and the white-winged Dove of Peace can again settle down on the home nest.

Meantime will the Council please get busy, and select these lots.

Funeral Services

The late Edward Curran Smith was buried last Thursday afternoon. The services were under the auspices of the Masonic Fraternity, of which Order the deceased was a member, and the services were conducted by Arrowsmith Lodge, No. 62, A. F. and A. M. Mr. Smith, who was 61 years of age, was a Past Master of Clarke Lodge, and the impressive service of the Fraternity was rendered as a last tribute to his memory at the request of both himself and the family.

His sons Robert Smith of Arrowhead, B. C., and A. W. Smith, of Vancouver, and his daughters Miss M. Smith, Mrs. S. Irvin, of Revelstoke, and Miss I. B. Smith, of Baltimore, were present.

A large number of the friends of the deceased turned out, and the floral tributes were numerous and beautiful, among them being a large piece from the employees of the Canadian Pacific Lumber Company, where the deceased had been employed.

Farmer's Institute Meeting

A short Census meeting of the Alberni Farmers Institute will be held in the Court House on Friday June the 6th at 8 P. M., when addresses will be delivered by Mr. Donald McInnis, President of the Washington Dairy Association, and Mr. J. R. Terry, head of the Poultry Branch of the Agricultural Department.

Mr. McInnis will lecture on Crops and Soil Cultivation and Mr. Terry, on poultry. It is hoped that a good attendance of those interested will be present on this occasion.

All are invited to attend this meeting whether members of the Farmers Institute or not. A special invitation is extended to the ladies.

PUBLICITY.

THIS is the day of the "Publicity Man." The time when the "Little Shrinking Violet" stunt could be pulled off successfully has passed. If you keep quiet about yourself, you can wager your pedal coverings that the other fellow will be quite content to let it go at that. He will whang on the big bass drum, toot the loud bazoo, and go through the other musical numbers calculated to attract the crowd, and you can gather what satisfaction you can out of the fact that you are stuffed into the discard.

In the language of the poet:

If you toot your little tooter and then lay away your horn,
There's not a soul in ten short days will know that you were born.
The man who gathers pumpkins is the man who plows all day,
And the man who keeps a-hammering is the man who makes it pay.
The man who advertises with short and sudden jerks
Is the man who blames the editor because it never works.
The man who gets the business has a strong and steady pull,
He keeps his trade and paper from year to year quite full.
He plans his advertisement in a thoughtful, honest way,
And keeps forever at it, until he MAKES it pay.

If this is true of the business man, it is equally true of the city that is just breaking into the game of attracting population. Publicity, in large capital letters, is a word that must be ever before the eyes of the citizens of any place that expects to attain a place on the map, and even when that place is attained, publicity again is the watchword which will do most to keep it in that desirable position.

We have here the greatest range of natural resources to be found in the Province of British Columbia. What are we telling the other fellow about it. Are we going to let the "New Thought" and "Mind Waves" attend to the task of informing him as to our attractions, or will we take a crack at him in good old "Printer's Ink?"

Our old friend, H. Sheridan-Bickers, in the Victoria "Spokesman," feelingly remarks:

"Apropos of our statement of the lack of knowledge that exists even among our own inhabitants concerning the development of Vancouver Island, we are reminded by "Daily Colonist" that it is only a very few years ago that when a speaker at a public meeting in one of the lesser centres of population on Vancouver Island said he anticipated that three railways, one from Victoria to the West Coast, one up the valley of the Cowichan River, and one from Nanaimo to Alberni, would be built, a speaker, who followed him, protested against such nonsense, as he called it, being put before any audience. The line to Alberni has been in operation for months; the line up the Cowichan River will be opened for traffic in a little over a month, and the third suggested line is now almost all ready for the rails. As we have said before, and will doubtless have to say again ISN'T IT TIME WE BELIEVED IN OUR OWN ISLAND and let the mainland look after itself?

"I recall the foregoing incident as but one instance among many that come before me every day of the poisonous pessimism which seems part and parcel of our English composition, and is a canker-worm in the body of our civic development. Pessimism is the offspring of Ignorance and Fear. To me, Ignorance and Fear are the sleuth-hounds of Satan, the arch-enemies of all human progress and civic evolution. Ignorance is a highway robber; Fear is but a sneak-thief. They are the hired assassins of the Pessimist, against whose ambushed attack only the armour of the Optimist is proof."

Now then, "My Lords and Gentlemen," also City Fathers, what are we doing to "make our light so shine." How much longer will we be content to take a line here and there as it may be thrown to us by those who have their own horn to toot.

Let us resolve, right here and now, to cut out the pessimistic stuff, and get busy, and do a little tooting for ourselves.

EMPIRE DAY.

THE passing of each year witnesses the elevation of the Keeping of Empire Day into a national function which tends more and more to become the one day above all others fittingly devoted to the contemplation of the unity of the various factors which go to make up this "Greater Empire than has been." First known as "Victoria Day," it was intended to make it merely a matter of the celebration of the birthday of that Queen under whom the nation was welded into its present condition, but since that time a broader appreciation of the work, and life, of that Queen has brought about the fitting tribute to her memory of setting aside this particular day for a reunion, as it were, of the various Sons and Daughters of the Empire the wide world round. In all the pages of history there is no more pleasant thought than this great monument, builded in the hearts of a nation, to the memory of one whom we delight to remember as "Victoria the Good."

The biblical desire to see people dwell together in unity comes nearest to being fulfilled when the bunch gathers to knock a neighbor.

Hang it all, this "Shaping Public Opinion" is a thankless job. Let's quit, and go fishing.

Montreal, Que., May 21. It is understood here that the commission enquiring into telegraph rates has completed its work and while its finding has not been announced, it is understood to favor a rate of 25 cents on all messages of ten words from coast to coast.

The award, it is understood, will also recommend that the area of all zones in which messages can be sent for a specified rate be materially increased.

The finding, it is expected, will cause consternation in the headquarters of the Canadian telegraph companies.

Our Wild Flowers.

A summer in Alberni offers manifold attractions to the lover of outdoor life, whether he be in pursuit of pleasure, healthful exercise or study. From April to October Dame Nature meets all such with open arms and a smiling face, occasional tears, of course, how else could it all be so beautiful she will lure you along smooth roads to lovely lakes, down sun and shadow trails to cool rivers, where you may fish to your great advantage, if you understand the art; in any case delighted and refreshed in body and mind by a day in such beautiful surroundings.

Few places can boast of wild flowers in such profusion as they are found around Alberni. In May countless trilliums whiten the ground under the trees, the pink and later purple ones are here too, with white and pink adder's tongue lilies, the latter are, I believe, only found in parts of Canada. Pink lady's slippers are found in quantities, their exquisite form and delicate perfume making them highly prized.

The roadsides and woods are carpeted with violets, yellow, every shade of purple, and occasionally white; over these little gardens are often seen numbers of Chinadius butterflys, the effect is bewitching. In the shady places masses of purple or spring cress, with little colonies of wind flowers, are to be seen among the lovely early fern which looks so much like robust maiden-hair fern. The ribes, or flowering currant, makes flashes of red through the woods which are further brightened with white service-berry and the lovely dogwood blossoms. Such are a few, "the advance guard," as it were, of the long procession of beautiful flowers which the Creator has sown with such a lavish hand at our very doors and as far afield as we care to wander."

A FLOWER LOVER.

UCLUELET

Under the auspices of the Farmers' Institute J. R. Terry, the chief poultry instructor of the department of agriculture, gave an interesting and much appreciated lecture here. He dealt with housing, feeding and general care of poultry, and left a pen of hens here, so settlers will be able to obtain settings of the best class.

Ucluelet is forging ahead. Every day enquiries come to the branch of the development league regarding land and farming possibility. Stump pulling is progressing, and the government workmen are clearing a roadway into the Long Beach district. Many survey parties are out.

Victoria Day sports were held as usual, and proved to be very successful. They were under the Development League management. The new weekly mail service from Alberni to Ucluelet is now in force.

ARRANGING FOR DOMINION DAY

A public meeting of those interested in the Dominion Day sports for Alberni was held in the Court House on Tuesday evening. Mr. H. S. Toy was elected chairman of the meeting, and Mr. E. M. Whyte was appointed secretary. The programme of last year was carefully considered, and a number of amendments were made that appear to make for a better balance in the day's events.

As Dominion Day comes on Tuesday this year, it is resolved to try to have a baseball game on the Thursday preceding. It was thought that as this day is a half-holiday in both towns, it would bring out a large crowd, and it is impossible to pull off a game on the day of the main sports, unless that programme is severely cut.

Among the new features for this year will be a Hose Reel Race, a Ladies' Potato Race and a Two Paddle Canoe Race.

The following were appointed on the various committees: Permanent Chairman, S. H. Toy; Secretary-Treasurer, E. M. Whyte; Programme Committee, J. F. Bledsoe, J. E. Blandy, A. E. Delukwater, F. Delukwater, F. H. Bishop, W. Wattie and R. Erickson; Finance Committee, W. W. G. MacAllister, C. M. Piket and J. Wilkinson.

The secretary was instructed to write to the City Council, asking for a handsome donation to the funds of the Celebration Committee.

The meeting adjourned subject to the call of the chair.

The full programme will be published next week.

Nanaimo Growing

"The wave of prosperity which is passing over the whole of the Pacific coast in anticipation of the opening of the Panama canal is touching Nanaimo as evidence of the opening of the most prosperous period is to be seen on all sides. New stores, warehouses and factories are being erected on all sides, and the number of new dwellings going up is phenomenal, the contractors finding it almost impossible to erect houses fast enough to meet the ever-increasing demand.

Hardly a day passing that a new comer does not approach either the board of trade, the City council or the development league, enquiring where he can get accommodations for his business, and in many cases the business men are doubling up, especially those who need only office space."

This was the statement of Mr. H. G. Coleman of the Nanaimo Industrial league, in an interview recently given to the press.

Tennis Ball.

One of the pronounced social successes of the season was the Tennis Club Ball of last Friday evening. The turnout was just about the right size, and as the floor was good, and the music excellent, the result was a most enjoyable evening, and the guests of the Club were not backward in their expressions of approval.

One of the features of the evening was a "Life Saving Brigade" who rendered first aid to the sufferers from drought. Several lives that may some day become valuable were saved in this manner.

No financial statement has been rendered as yet but it is understood that the ball was quite a success along these lines as well as all others.

Mr. L. C. Rattray and wife of Saltham, B.C. spent the greater part of the week in the City, and left for home on Thursday.
