Autumn Flowers.

There is a beauty about autumn flowers that appeals to most of us, and just now they are at their best. Many of the local gardens have a good showing along those lines, and if the usual Fall Fair was under way no doubt there would be keen competition amongst the various growers of these beautiful blossoms, but there is an exhibition in town this week that is quite as beautiful. We refer to the fine showing of local meat in the family butcher shop. Some of this is certainly as beautiful as a boquet of autumn flowers, and far more sustaining as an article of diet.

Card of Thanks.

The Brethren of the Beaver Lodge of the R.A.O.B. G.L.E. by the courtesy of the Editor of the Alberni Advocate, take this opportunity of thanking those ladies and gentlemen who so kindly gave them their assistance on Friday last, and also beg to express their appreciation of the patronage of the Alberni citizens. The receipts amounting to $30.40 have been handed over to the Canadian Patriotic Fund.

WILL ADJUST TRADE LICENSES

The matter of Trader's Licenses occupied the attention of the Council at the last regular session. It appears that there has been some objection on on the part of those who are paying those licenses to the fact that others in the same line of business have not been taking out the license. The matter was discussed at some length and will be adjusted.

A number of letters on all kinds of subjects were disposed of, mostly by the convenient method of filing them for future reference.

Mr. Clegg, the local photographer, waited on the council with regard to photographs for the office of the Agent General in London. Mr. Clegg had on hand some fine specimens of his excellent work, and it was resolved to make a selection from these to send to the Old Country.

Sundry accounts were ordered paid. Reports were received regarding sundry improvements to sidewalks; work on the waterworks dam, and other small matters. A report was received from the police commissioners in re the matter of the appointment of Mr. D. H. MacKenzie as city constable, and the report was adopted. Mr. MacKenzie will undertake the care of the electric clocks, the pound regulations, sanitary inspection and other matters, as well as his regular police duties.

Creamery Meeting.

The postponed creamery re-organization meeting will be held next Wednesday, in the Court House, at 3 p.m.

Patriotic Chess.

The patriotic game of Living Chess Given by the Beaver Lodge R.A.O.B. in the Lord Nelson Hall on Friday evening was a great success. As it was the first of the kind ever given in Alberni the show was of great interest and the various moves were watched with close attention. The children who took part in the game were all in pretty costumes, and looked very well. Several local artists took part in the programme and were well received. Songs were given by Mesdames Dinsdale, and Stephens and Mr. Collinge, and a reading by Mr. Servenor, all of which received great applause. A neat sum was realized and turned over to the Patriotic Fund.

Auxiliary Meeting.

The regular monthly meeting of the Alberni Branch of the Women's Hospital Auxiliary will be held in the English Church Hall, on Friday, Oct. 8, at 2:30 p.m.

Business Change.

As announced last week, I have turned over the management of my blacksmith shop and business to Mr. P. Stewart to whom all accounts now owing are to be paid, and who will carry on the business until further notice. I thank all my friends for past favors, and hope the same will be continued to the new arrangement.

WAKING UP.

THE first part of the week was taken up with the reports of the big advance of the Allies along the Western Front. There are several accounts of the transaction but they all agree that an advance has been made along a front of over twenty miles, and for distances of from two to five miles within the German lines. Thousands of prisoners have been taken, and the newspapers are talking of this as the beginning of the expected "big drive." At the same time the Russian forces have turned on their foes, and to have given them a hard smash. This may be the answer to Bulgaria, and her flirting with the Teutonic powers. If so it can be taken for granted that Bulgaria will hesitate to join an ally that has received such a blow, and that from those who appear to be able to deal them at will.

It can also be taken for granted that once the western German line is broken to such an extent as that indicated in the recent news, it is not too much to hope that the German forces will be beyond the Rhine by the end of the year. What a fine Christmas present from the Allies to Belgium such a condition would make. A country free from the swine whose long snouts have been rooting at the very vitals of the stricken land for more than a year. That would be worth hanging up a stocking for.

Now then, Tommy. On your toes and give 'em "what for."

The Big Loan.

THE borrowing of a few millions or billions, these days is not made of any special moment so far as the actual "credit" is concerned, but there are some features in the negotiations between the Allied powers and the money barons of the United States that are of special interest. Scattered all over the continent of Europe are a thousand and one issues representing various industrial and transportation securities the home of which is in the United States. The interest of these would boost American prosperity. So just now there is an effort to bring these securities home pinned to the note for said millions.

PRACTICAL POINTERS ABOUT ALBERNI

Alberni is reached by train from Victoria. Connections are made with Victoria, running through to Alberni on every other day. Passengers from Vancouver City can connect with this train at Nanaimo.

Alberni is also reached by steamer from Victoria, and in the summer months there is no more delightful trip than this up the west coast of Vancouver Island and along the picturesque Alberni canal.

The Island trunk line of the C.N.R. is now building from Victoria to Alberni.

It has been found that mixed farming pays best. On plots of from ten to twenty acres fruit growing, dairying, poultry raising, hogs and cattle will all pay well.

In Alberni will be found the usual advantages of a progressive Western Community that has faith, and the courage of its convictions. There are a number of good stores carrying a wide range of goods, schools, churches, the Alberni Advocate, newspaper, and a number of athletic and social clubs.

The climate is as fine as can be found on the Pacific Coast, taken the year round. The rainfall is less than that of the City of Vancouver, the frosts are light. There is seldom frost enough for skating or snow enough for sleighing, and when either of these comes it only lasts a few days. For the summer and autumn months there is nothing in the world to excel the Alberni weather.

There are numerous attractive opportunities for the manufacturer and investor. The Editor of the Alberni Advocate, Alberni, B. C., will be glad to take these matters up with you. Write to him for particulars.

Stop! Look! Listen!

Stop Long enough to ask yourself seriously the all important question, "Am I satisfied with the manner in which the present Government is carrying on the administration of affairs in which I am as vitally interested as anyone?"

Look Into the record of the past few years carefully, and without prejudice. Size up the present situation and the outlook for the future, if these methods are to be continued.

Listen To the voice of reason. Think of what must be behind the scenes when life-long Conservatives are deserting McBride. Study the Liberal platform and make up your mind to have a change of Government.

A CASE

Where MONOPOLY benefits the Public and is NOT A HOLD-UP.

Best quality WHEAT sells here today for $2.15. In Victoria the price is $2.25 although the freight rate is $2.00 a ton more to Alberni than to Victoria. The reason the Public gets this advantage is that the Merchants in Port Alberni and Alberni combined to pool their wheat orders into one, and got a good buy instead of a dozen smaller orders at a higher price.
