## SUNSET MINE AND THEIR SMELTER.

EVERYTHING READY FOR BUSINESS.

SLAG BEGAN TO FLOW ON TUESDAY.

Mr. Harry Johns, Supt. of the Sunset, kindly informs us that the mine is in fine condition to supply their smelter at Boundary Falls with plenty of ore. 400 tons a day will be the output from the quarry and underground workings. If necessary the full ore supply for one furnace could come from the Glory hole, but underground everything looks fine.

Something over 600 tons of ore are in the bins at the smelter, and the daily supply is now coming in.

The sample mill has been working for some time. On Sunday during a 2 hour's run, they crushed 100 tons.
