THE ANACONDA NEWS

SECOND ANNUAL

Of the News.

A Short History of the Anaconda News.

1901

The Anaconda News began its work with a few pounds of type given to the Editor by a friend in the East.

The press, in early days, was thumb power.

The office was soon enlarged by home-made cardboard cases.

The arrival of the press, and later, the building of the office were the next steps of importance.

For three months the paper was a single column. The typographical outfit was next purchased and the paper enlarged to two columns.

1902

Today is the begining of the third year.
