## CREEK GETTING HIGH.

### NEW CHANNEL

May be cut near trestle  
No. 92 A.

Boundary Creek is rising rapidly on account of much warm rain. During Tuesday night it rose about a foot. At this rate it will soon be within high water mark.

By the lower railway trestle the creek has flooded the entire flat. It is likely that the creek will form a new channel. There are four likely courses, viz.; under the bridge piles in spite of the new cribbing, last year's channel, the old artificial channel or across cut.

Four section men are watching the trestle.

A new board sidewalk has been built nearly out to the brewery.

The Anaconda water works has been repaired in front of the townsite office, where it was leaking badly.

## ABOUT TOWN

The sample mill at the Anaconda smelter started work on Monday.

The Gold Finch will soon have a car of ore ready to ship. This should give good returns.

There is some rumour about that the Helen and Capitol Prize may resume work this summer.

Miss Laird of the Greenwood school, and Miss Gibson of the Anaconda school returned from Revelstoke on Saturday. They attended the Teacher Institute.

## PROVIDENCE NEWS.

Twenty one tons of ore were shipped from the Providence on April fourth, assaying 290 oz. silver and 4.6 oz. gold to the ton.

The plumbing in the new Court House will be up to date in every particular. Handsome marble slabs with oval wash bowls and nickel plated trimmings will be placed in all lavatories. This work when finished will reflect much credit on Mr. E. W. Bishop, Greenwood's practical plumber.

## CULTUS HEHE

A little bird sat on a telegraph wire,  
And said to his mates, "I declare,  
If wireless telegraphy comes into  
vogue

We'll all have to sit on the air."

Take care of today and tomorrow  
will take care of itself.
