FIZZ!

BIG FIREWORKS. At Anaconda.

Yesterday evening being the first rainless night in the past week, the McKeffer fire works were shot off at the Keffer residence. About 20 children and their parents enjoyed the fizz.

The fire works proved unusually successful. The rockets were large two pounders that carried far up, and exploding, sent down a shower of many colored balls. The Roman candles were both plain and procession.

The triumph of the evening was a huge flowerpot which sent out a shower of fire maple leaves at its base with many colored balls at the top.

Between acts were bunches of ordinary chinese fire crackers.

Mr. Keffer and Mr. Gaunce were the chief engineers.

The blower for the third furnace went to the Boundary Fall smelter this morning.

ABOUT TOWN

Raspberries are ripe in town.
Both the First and Fourth of July were rainy.

Mrs. Adams and her daughter are visiting Mrs. L. A. Smith.

During the past week some extra heavy fumes from the Boundary Falls smelter have been going up the east side of the valley.

Copper Creek changed its course during the recent heavy rains. It now empties into Boundary Creek about 300 ft. below its former mouth.

Mrs. Chambers of Anaconda died on Sunday last. The funeral was yesterday at 2 P. M.
