## THINGS DOING.

### AT THE

### Boundary Falls Smelter.

The editor visited the Boundary Falls smelter yesterday and found many improvements there since his last visit.

The third furnace and the blower for it are in. The foundations for the blower are completed. It will be a large one, and will supply two furnaces. The furnace foundations are under construction and will be ready for the furnace in a short time. The old engine room has been taken down to make room for the third furnace. The main building will cover the entire space before occupied by the engine room.

The slag pots for taking out hot slag are here and that method will be employed as soon as the locomotive arrives.

Furnace No. 1 at the Boundary Falls smelter was closed down on Tuesday for repairs. A new water jacket was put in and it will be blown in again today.

Come and see our new market on Copper and Greenwood Sts.

### ABOUT TOW.

Copper Creek is getting low.

The Liberals will hold a convention on Friday in Greenwood.

A car load of piping went to Boundary Falls smelter on Monday afternoon.

On Monday night the mercury registered 42 at Anaconda. This was quite near the frost point.

Mr. L. Spencer whose ranch is on the old Grand Forks road has a fine crop of strawberries just beginning to ripen and expects a fine crop of raspberries.

Two cars of second grade ore from the Providence are at the Boundary Falls smelter. A car of first class ore will also be shipped to Trail this week.

### Just Received.

We have just received two new fonts of ad type. This will enable us to print Hand Bills quicker & neater than before.

# MINING NOTES.

300 tons of ore have been shipped to date from the Morrison.

The Dandy, a quartz claim on Spencer's ranch is looking well.

Mr. R. Dempster has started work on his claim, adjoining the Rattler, from which rich ore has been taken.

The Highland Queen, on the west side of town will likely be worked soon, as it shows up a good quartz lead.
