Vol 3.

New Things at

SMELTER IN Boundary Falls.

At the Boundary Falls smelter many things have been done since our last visit. The water jackets and other iron work for the third furnace are in, also girders and floor plates. Matte molds are on the ground in readiness for use when the new furnace is blown in. This furnace will not be put up until the slag railway is in active operation.

The locomotive for the slag railway arrived on Saturday. The tracks are nearly finished and the system will be put in operation as soon as possible. The slag cars are all on the ground, so that no delay will result from this source.

ABOUT TOWN

One of the cottages built in Anaconda by Mr. Travis has recently been sold.

The editor made a trip to Nelson on Thursday. He returned on the next train.

The highest point on the C. P. R. between here and Nelson is 2360 feet above Robson.

A train of 33 cars of ore, which is the longest that has yet passed through Anaconda, went to Boundary Falls on Saturday.

Mr. E. Jacobs, special correspondent of the Engineering and Mining Journal, is in town. He expects to remain a few weeks.

Subscription to "Anaconda News" .50 a year, or .05 per ticket, good for 5 weeks. By mail \$1.00 per year.

The Stove Question.

THE QUEEN HEATERS are the most durable, inexpensive and satisfactory wood stoves on the market. All sizes.

In Coal heaters, the OAK SOUVENIR is the most popular, being serviceable, ornamental and economical.

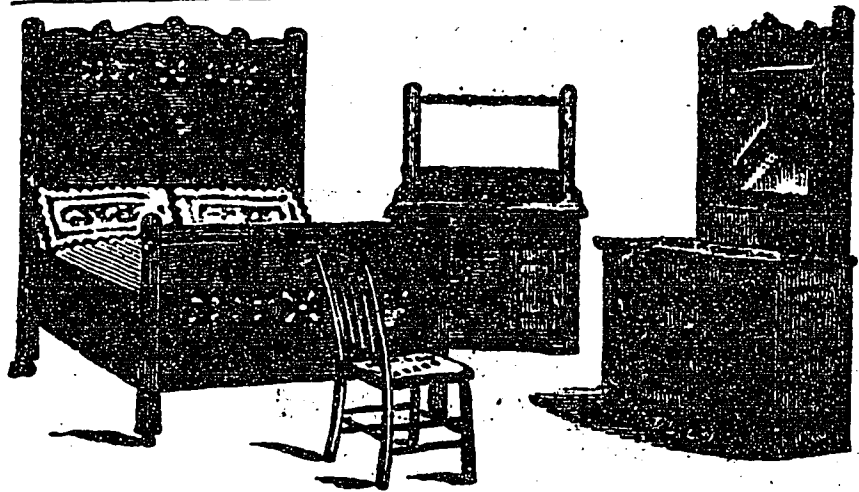

McCLARY'S FAMOUS cook stoves and ranges need no introduction. They are known favorably all over the Dominion. Prices ranging from \$12 to \$60. All stoves purchased here are set up quickly and in a satisfactory manner. A complete stock of cooking utensils, stove pipes, &c., always on hand.

Smelter News.

At the Anaconda smelter the locomotive for hauling slag was running for the first time on Sunday last. Two of the slag cars were also moved about. They ran easily around the sharp curves and over the switches.

Work on the stone converter foundations is rapidly progressing.

MINING NOTES.

The Rodrick Dhu under the management of Mr. Thos. McDonnell is improving with development and promises to make a rich mine, which will give Long Lake Camp a sendoff in mining.

The Defiance is being developed by Mr. Fowler. This is one of the richest properties in the district, and is likely to become a shipper within a few months.
