VICTORIA DAY. Grand Celebration at Midway on the 24th of May.

The grand celebration at Midway was a great success. Five hundred dollars were given in prizes.

The first event was a boy's pony race which was pulled off on time and was won by J. Mayje. Next came the bicycle race won by Will Anderson.

After dinner came the baseball with a score of 11 to 3 in favor of Greenwood.

The 600 yd. local horse race was won by C. Buber. The prospector's race, slated for 11 A.M., came off next with Frank Buber 1st. and J. R. White 2nd. A free for all 600 yd. dash was won by J. Grinder with Chas. Russell 2nd. J. Grinder won the bucking contest. Later in the day a collection was taken up for a prize for a second bucking contest. This came off smoothly and was

won by J. Grinder. An indian named Aeneas won two consecutive heats in the half mile free for all. Next came the gentleman's race, owners up, which was won by J. Richter with Frank Buber 2 d. Last of all the horse races was the consolation race "open only to losers of other races." However, it was entered by both winners and losers and was won by a former winner, C. Buber.

The children's sports came next. The boy's race was won by Robert McMilian with Cliff Russell a close second.

For once Midway was not hot, having been cooled early in the day by a heavy hail storm. The train service was good, and the immense crowd an orderly one.

ABOUT TOWN

Only a little snow is left at Phoenix. The shade trees planted in Greenwood this spring are growing well.

The addition to the residence of Mr. Jas. Caron, on the West Side, is under roof.

White Bros. have blown in their soda fountain. The product is up to its old standard of excellence.

It is reported that Mr. Chas. Andron has sold his fine residence on Tacoma Ave. to Mr. W. S. McDonald of Anaconda.

An exciting game of base ball played between McGill and Greenwood last Sunday resulted in a victory for Greenwood.

At H. B. Munroe's old stand, now under the management of F. E. Holmes, a fine new soda fountain has been installed.

ners. It has a rich lead of silver-gold ore.

The Bay. on the Mavis lead, is a promising prospect.

Development work is progressing on the Trilby. It promises to make a rich mine.

Students From McGill.

The McGill University car left here on Monday afternoon. The students are to pay a short visit to Grand Forks and Cascade, then scatter to various mines of the Boundary and Kootany, where they will remain for the summer. Dr. Porter and Prof. Wilson will return immediately to Montreal.

A New Railway.

The news from Spokane of the Great Northern railway building from Curlew to Midway is welcome, as they are very likely to build from there up this way. It will be likely that when this railway builds in Anaconda will be provided with a station.
