

THE ATLIN CLAIM.

VOL. 26.

ATLIN, B. C.; SATURDAY, AUGUST 31, 1907.

NO. 425

TELEGRAPHIC.

A Budget of Interesting News From Many Quarters.

SPECIAL TO THE CLAIM.

San Francisco, Aug. 30.—It is reported here that Hearst, the newspaperman has subscribed \$100,000 to the fund of the striking telegraphers.

Kenora, Ont., Aug. 30.—Four men who were blasting at Canyon Lake, were blown to pieces, very few traces of any of them could be found.

Ottawa, Aug. 30.—N. A. Delcourt, M. P., has accepted a seat in the Senate. Clifford Sifton has declined to accept a portfolio in the cabinet unless Sir Wilfrid Laurier promises to make a clean sweep of all the old material it is now composed of. The Premier then sent for Graham, the leader of the opposition in the Ontario legislature who it is understood, will take the portfolio of Minister of Public Works. Wm. Pugsley is accepting the portfolio of Minister of Railways and Canals.

Billings, Mont., Aug. 30.—Two tramps attempted to hold up seven men who were sleeping in a freight car. Four shots were fired, one of the tramps getting a bullet through his arm. He was captured. The arm will have to be amputated.

Omaha, Aug. 30.—The quarter of a million dollars which was stolen from the mail on the Burlington road a week ago, was a shipment of currency made by the Denver banks to Chicago. There is no clue as to how the package was stolen.

Victoria, Aug. 30.—It is reported here that the C. P. R. has acquired the foreshore rights from the Anderson's at New Alberni. Railway construction will be pushed along as quickly as possible, and ocean wharves will be started at once.

Chicago, Aug. 30.—As a result of the crusade against the gamblers an attempt was made to wreck a saloon with nitro glycerine. The explosive was thrown into the basement of the wrong building, doing an immense amount of damage.

Cloverdale B. C., Aug. 30.—Louis Stannard, an old time resident of the district, was gored to death by a mad bull yesterday.

Vancouver, Aug. 30.—Winnipeg parties who are said to be representing the Canadian Northern, are negotiating with the Tsimpsonian Indians for the purchase of their reserve, which immediately adjoins Port Simpson.

Vancouver, Aug. 30.—A survey party found the skeleton of a man on the south shore of the Fraser river. There was a string around the neck and the theory is that he

had evidently committed suicide several years ago.

New Westminster, Aug. 30.—The most disastrous salmon fishing season in the history of the industry in British Columbia, has just ended. Both the canners and the fishermen have lost heavily. The Skeena river and the Rivers Inlet canneries have furnished the majority of the pack.

Pilot Mound, Man., Aug. 30.—As a result of the enforcing of the temperance act, the hotels have all been closed and the guests were turned into the streets. The mayor was called upon to quell the riot which followed. The travellers had to walk five miles to Crystal City to get their meals.

Westminster, Aug. 30.—Two more convicts have escaped from the penitentiary. Up to date there is no trace of Bill Miner and the other three convicts who made an escape a short time ago. The Dominion government has offered a reward of \$500 for the capture of Miner.

Chicago, Aug. 30.—It is a matter of record that Judge McEwan of the superior court granted no less than twenty divorces in as many minutes, a few days ago.

Where, oh, where, in any other part of the world, would the Captain of a steamer be so kind, so obliging, and so considerate as to put back, in the face of a strong wind, to secure for a passenger the grips he had left behind, and which strange to say, were on board all the time.

The trustees of St. Andrew's hospital desire to gratefully acknowledge a donation from Hon. H. E. Young, M. D., of a set of surgical instruments valued at about \$400 to be held in trust for the benefit of patients in that institution who may require such attention and treatment. The said trustees further gratefully acknowledge the Honorable gentleman's efforts and success in securing for the hospital a grant of \$350 in addition to the ordinary per capita grant, all of which will be heartily appreciated, gratefully accepted and faithfully applied.

Mr. Steffensen, organizer for the Western Federation of Miners, a branch of the Industrial Workers of the World, held a meeting in the Balmoral hall, Discovery, on 22nd August, to form a branch of the W. F. M. The meeting was well attended, and about 97 per cent put down their names and money. We hope that all the rest of the men in the camp will come forward and unite with this movement; as with a powerful organization behind us we need not fear any labor troubles or Japs. A meeting will be held in the Balmoral hall, on Sunday, September 1st, at 4 p. m. Charles Cairns, secretary.

Local and General News.

McDonald's Grocery makes a specialty of fresh eggs and butter.

Fresh Fruit and Vegetables coming in on every boat.—B. L. Pillman.

Toilet Soaps at reduced prices.—C. R. Rourne.

O. T. Switzer was an in-coming passenger on Friday's boat. He will remain about three weeks.

J. A. Fraser left on Friday's boat on an official tour. He will return in a couple of weeks.

Monday, September 2nd, is Labor Day and a public holiday, and most people lay off and have a good time. The government offices will be closed.

Herbert Young, who has been mining recorder since the death of Mr. B. Thain, and who has been in the government service for years, left Atlin last Tuesday for Simpson, to look after affairs at that place. His friends in the camp wish 'Herb' bon voyage and prosperity.

Mr. Sam Johnson is in receipt of a letter from John McLennan. He is in Edinburg, Scotland, still under treatment for his eye. The issue is still in doubt, though Jack's letter is in a hopeful tone. He wishes to be remembered to all his friends.

From very reliable private sources it is reported that Cupid is hovering over Spruce, meditating a sudden descent on a certain young bachelor. From present indications it is liable to happen most any time.

Messrs. Stephenson and Krippachue, representing McKenzie & Mann, were in Atlin this week. They paid a visit to Tom Vaughan's property on Broken Hill, and were much taken with the look of the quartz. Thirty sacks went out on Friday's boat to enable a test to be made. In all probability an option will be taken on the ground.

The Dominion government telegraph repair gang from Telegraph Creek arrived in town Thursday. The party consists of J. Thorne, foreman, Bodell, Webb, and four Indians, with seven pack animals. They have been doing good work along the right of way, cutting down all the dry and leaning trees that might endanger the line and cause delay to the service. They started the work in June. Mr. A. Charleston, in charge of the Telegraph Creek district, is along with the party.

According to Oscar McBean, of the Winnipeg Grain Exchange, the wheat crop of Western Canada will be ninety-five million bushels.

Japan has made a formal demand on the United States for payment for the lives of the five men who were killed near Fribyloff islands last year.

The authorities have been advised that there is danger of further outrages by the Japs in Alaskan waters. Gunboats will be sent to protect the Indians and their villages from any more raids.

The Cemetery Fund.

The list is still open and we will be glad to acknowledge all donations. Rev. A. M. Potts \$2.00.

Arrivals per Str. Scotia.

Aug. 27.—J. O. Cooper, J. A. Oliver, F. Archer, J. Corkill, W. A. Krippachue, E. Stephenson.

Aug. 30.—J. A. Edson, Mrs. Edson, Miss M. Edson, Miss G. Edson, F. A. Callarman, O. T. Switzer, W. S. Brown, L. Schulz, J. D. Nichol.

Card of Thanks.

Miss Blyth desires to tender her heartfelt thanks to her friends who so kindly and generously presented her with a beautiful nugget chain as a mark of their appreciation and regard. Mr. Jack Murphy made the presentation, on behalf of the boys of Spruce creek. The trinket was a handsome six-foot chain, the workmanship of Mr. Jules Eggert.

Gazette notice.—W. H. Simpson, of Wynton, to be a deputy mining recorder for the Yukon Mining Division, in the place of Hugh A. Butler, resigned.

NOTICE.

The following named shipments of freight, destined Atlin, B. C., have been on hand unclaimed at that point, with the British Yukon Navigation Co., Ltd., known as the White Pass & Yukon Route, for a period of twelve months, and in accordance with Dominion Railway Act, Sec. 236, will be sold at public auction to highest bidder, on September 19th, 1907:—

Our Member's Report.

Those who were fortunate enough to be present at the public meeting, held in Discovery last Monday night, heard one of the best addresses ever given in the district.

Hon. Dr. H. E. Young, provincial secretary, and representative in the provincial legislature for Atlin district, gave to his constituents an account of his work in their behalf, while at the capital. He handled his subjects like a veteran, explaining all the facts and figures in a concise and convincing manner. As a speaker, the Doctor has improved wonderfully, and we can more than ever, understand how it is he is reckoned a strong man by his party and his leader.

In his opening remarks he regretted his short stay with us, explaining that he had to be back in Victoria to take charge of affairs during the absence of Premier McBride, who is due to make an official visit through the Kootenays. Local interests were then introduced, the question of roads, trails, etc., being touched upon, the speaker promising that any reasonable demand would be met with, and should there be required new roads to new discoveries the money would be forthcoming, provided, of course, the showing made at the new diggings justified. As it stands now, our roads compare very favorably with any part of British Columbia.

In the matter of schools: Two teachers have been secured and the necessary grant to ensure the tuition of the children, for a year to come. The hospital grant has been enlarged, the Doctor himself very generously making a donation of some \$100 worth of instruments. His efforts on behalf of this worthy institution are indeed praiseworthy.

As to the Cemetery and the clearing and fencing of same: The money already subscribed will be handed over to the government agent and the work proceeded with as soon as possible.

At this juncture the question of the 'resolutions' drawn up at a miners' meeting on Spruce creek and forwarded to the Doctor, was brought up, and, one by one, fully answered and disposed of. The

first was, that an order-in-council was passed covering all staking in the district up to August first of this year. This means that, no matter if the stakes are smaller than the requirements of the law, there will be no danger of the 'jumper' getting in his work, or on any other trifling irregularity of the staker. After August first the law must be complied with. Stakers will do well to bear this in mind.

Another matter of interest is, that all notices that are posted on the board at the government office in Atlin will also be posted at the deputy mining recorder's office in Discovery. This will enable the miners on the creeks to keep themselves in touch with the current events without the trouble and expense of coming down to the head office.

It was announced that some of the leases on Graham creek had been cancelled and there was a likelihood of others following. Right here we might remark that the Doctor emphatically announced that there would be no leases granted on Wilson creek, that creek would be preserved to the individual miners, and, he advised, should there ever be any troubles on the creek, that they should gather together in the old miner-like fashion and settle it, thereby avoiding litigation and saving a great deal of time and money.

Dealing with the water question: It was explained that next session the Water Clauses Consolidation Act would come up for a complete revision, and then such measures as are favorable to the miners in this district would be introduced by our member. Mr. Robert McKay then asked a number of questions which were all answered, we think, fully and satisfactorily, good reasons being given for any and all of our representative's actions and moves. If the miners and others who imagine or who have real troubles or grievances, would speak up in the same straight-forward way 'Old Timer' did, it would be a blank sight better for themselves and save much work and worry for our member.

Speaking of the general policy of the government the Doctor said they were doing their very best to hold for the people the land, persistently shutting off the attempts of monied corporations and combines to grab huge tracts of the country for speculative purposes. The individual may go on the land and deal directly with the government, securing his portion either by homesteading or purchase. As to railways: They were sparing no pains and would do all in their power to have construction start on G. T. P. without any further unnecessary delay. The government is

in a strong commanding position and able to speak with authority.

The Japanese invasion was introduced, and it was shown where this is an entirely non-political affair. The provincial legislature has repeatedly and unanimously put measures before the federal house with a view of controlling the influx of Orientals into our fair province. In every instance the province was 'turned down.' It will be a bitter fight, but our provincial representatives, and Dominion representatives also, will insist on our rights and the people are as one in backing them.

In concluding his remarks he assured his audience, that, altho' he had numerous and responsible duties to attend to as a minister of the cabinet, yet all questions appertaining to his district would receive first consideration, and asked that, instead of finding fault with the administration at street corners or in their cabins, those concerned would write to him and state their case. They would be answered and an endeavor at once made to have their wrongs righted. Come out fairly and squarely and say what you want instead of growling and gouching about, like a man with a 'job's comforter'—on his elbow. Go straight to headquarters with your 'kick' and have it attended to.

Winding up by thanking those present for giving him such a good hearing, and again assuring them that their interests were safe in his keeping, that he would continue to bring forward and press every measure that tended for the betterment of the district he represented, the Doctor sat down, midst hearty applause.

A unanimous vote of thanks was passed, and tendered to our member by the chairman, S. H. Plimbe, and the meeting was brought to a close.

Hon. Dr. H. E. Young was the recipient of many hearty congratulations from his friends and supporters, who gathered around after the meeting, to shake hands and wish him success, and also to pledge their support to him in his proud and honorable position in the British Columbia legislature.

Canada will soon place one or more new coins in circulation, which will be soon after the opening of the new mint in December next. It is practically arranged that there shall be a new piece of the value of two cents coined from nickel. This will be the first time that nickel, though one of Canada's great minerals, has been used for Canadian coinage.

Unless a person knows how to use what he learns, he is like a carpenter carrying to and fro a load of boards, with no saw, no hammer, no nails to fashion them into useful form.

Driving White Labor From The North.

Wm. Sloan, M. P., says that steps must be taken to prevent Japanese immigration.

"Unqualifiedly I am against the use of the Japanese, or any other Oriental labor, in British Columbia. In my district the encroachments of the Japanese and the gradual forcing out of white labor are to be seen from the north to the south. Gradually this change is being brought about, and the pioneers are being eliminated. Unless the immigration of Japanese is prevented—and steps must be taken to that end—the men of that race would soon control the labor market."

"The thin edge of the wedge of Oriental labor in the placer mines of the North has been driven in the Atlin camp, where the Japanese were introduced this season. The only result of this must be the driving out of the whites who pioneered that country and made it what it is today."

"The coast line of my constituency, which extends from Howe Sound northward as far as the British Columbia coast extends, is also flooded with Japanese labor engaged in the fisheries. There, too, the whites are gradually being driven out, their places being taken by the Japanese. The seriousness of the situation I thoroughly realize, and everything in my power I will do to put a stop to the Japanese invasion. The urgency of action is now being impressed on the authorities as never before, and I look for some satisfactory solution of the problem."

"We British Columbians have for years been boasting to the world of our natural resources, and the potentialities of our undeveloped wealth in mineral, timber and fish; and if those natural resources are not capable of producing sufficient wealth to support white labor, it is time we ceased talking about them. However, I know, and so does every white man in the country, that we can support white labor and that there is no necessity for the introduction of the Japanese coolie. British Columbia has been pioneered by the white men, and by them its development must be continued."
