COURT OF ASSIZE.

The Chief Justice and Party Arrive.

Supreme Court Adjourned to the 26th, Pending the Arrival of Sheriff Hall From Vancouver.

Hon. A. J. McColl, Chief Justice, arrived here on the 17th, from Victoria, and will preside at the Assizes, which were to have been held yesterday, but have now been adjourned until the appointment of a Sheriff has been made. His Lordship, who is accompanied by Mrs. McColl and his two boys, announces his intention of remaining here for about six weeks in order to give ample opportunity to all parties to have any litigation "in sight" disposed of.

Chamber Court will be held mornings at 10.30 o'clock; County Court sittings from time to time as the cases come up, and Supreme Court sittings for the disposal of civil business whenever cases are ready to be brought on. This will enable everyone who has law business to be dealt with to have their cases heard and disposed of, and it is hoped that the generosity of the learned Chief Justice in spending so much of his valuable time in this district will be taken full advantage of. Mr. Geo. A. Stewart Potts, Barrister, of Victoria, came up with the Judge as Official Reporter.

The only criminal case on the docket to be heard at the Assizes is Rex v. McPhatter, in which the accused is charged with maliciously injuring the property of the Atlin & Willow Creek Gold Mining Co. Mr. A. L. Belyea, K. C., appears for the Crown and Mr. Geo. A. Stewart Potts for the defence.

The list of civil cases had not been made up as we go to press, but, if out in time, we will publish it next week. From present indications, there will be quite a number of cases brought before the Chief Justice.

The Assizes and Supreme Court sittings here are attended by Messrs. A. L. Belyea, K. C., and Geo. A. Stewart Potts, of Victoria, and Mr. D. G. Macdonell of Vancouver, Barristers, who came in on Wednesday's boat, and will remain until after the Court is over. Mr. A. L. Belyea will act as Crown Counsel.

Mr. E. A. Jenns has been instructed by the Government to watch proceedings on its behalf before the Royal Commission to enquire into the conduct of the local Government offices.

Mr. William Partridge, otherwise known as "Sailor Bill," is reported to have gone to West Africa, in the interests of Mr. A. L. Jones, of Messrs. Elder, Dempster & Co.

Police Court Matters.

Capt. McPhatter was arrested on Wednesday last on the information of R. P. Hooper, charged with obtaining the sum of $100 by false pretenses. The case arises out of the sale and location of the Maud and Mayflower mineral claims on Willow creek. Hooper alleges that McPhatter represented himself as owner of the half interest, which he sold to Hooper for $100 cash. The preliminary enquiry was held yesterday before E. M. N. Woods, S. M., and A. S. Cross, J. P.

A Welcome Visitor.

Mr. W. M. Brewer, M. E., British Columbia representative of the "Engineering & Mining Journal," of New York, was among the arrivals on Wednesday's boat. Mr. Brewer has come here in the interests of the Journal to look into the prospects of the Atlin country and will spend some days here. He intends to visit the different creeks of the district and form his opinions from personal observation. His articles descriptive of the different mining camps throughout the Province, appearing from time to time in the Journal, have been extremely interesting, and undoubtedly have done much good in spreading abroad the immense mineral resources of this great Province.

That Awful Royalty.

Posted up on the Notice Board at the Government Office is another "gentle" reminder concerning the payment of royalty, which is as follows:

To all whom it may Concern:—

The following extract from the Mineral Tax Act is published for general information; and all persons purchasing claims are notified that this Section will be enforced, also parties who contemplate leaving this section are required to pay their Gold Tax beforehand:—

"The Tax imposed shall constitute a lien in favor of the Crown, not only upon the output on which the same is levied, but also upon the mine and mining premises wherefrom the same was extracted, and upon all ore, minerals or mineral-producing substances extracted therefrom, which may be on the premises. The Assessor shall have all the like powers for collection by distress or by sale of the mining premises as are conferred by this Act for the recovery of Taxes, either upon real or personal property, and such powers may be exercised cumulatively."

The Appeal in the Annie and Crown Point mineral claims, between Partridge, et al and Lord Ernest Hamilton will come up for trial at this sitting of the Supreme Court.

SATURDAY, JULY 20th, 1901.

OWING to the fact that there is no Deputy Sheriff for this district the Assize Court, called for the 15th, has been adjourned until the 26th, to await the arrival here of Sheriff Hall of Vancouver, who has been telegraphed for. Strong comments have been made upon the neglect of the Government to have proper arrangements made here for the service of writs, summoning of jurors and conduct of Supreme and County Court Sheriff's business generally, but it is expected that the presence of the Chief Justice here and his action in the matter will result in the permanent solution of the difficulty. It is a disgrace to the administration of justice that in an outlying district such as this, where the Court only sits once a year, there should be any such delay. It is a case of the Government being "penny wise and pound foolish."

THE Provincial Government has issued a Commission to Chief Justice McColl to enquire into complaints against the conduct of the offices of the Gold Commissioner and Mining Recorders of the Atlin Lake and Bennett Lake Mining Divisions. Attention is directed to the advertisement in another column announcing the first sittings of the Commission for Monday, August 12th, at 11 o'clock at the Court House. Mr. Geo. A. Stewart Potts is Secretary of the Commission, and will, on application, furnish subpoenas for any witnesses whose attendance may be desired. Mr. Potts can be found any time at Mr. C. W. Sawer's law office, Pearl Street.

This Commission is the outcome of numerous communications which were addressed to one of our local members, Mr. Stables, who, not wishing to take any decisive action pro or con, suggested that a commission be appointed to carefully investigate the charges made, so that the different officials be either exonerated or condemned.

FOR reasons unknown it would appear that little or no good has been gained from the presentment made by the Grand Jury of last session, to Justice Martin. It is to be hoped that a similar "pigeon holing" will not take place this year. Atlin, in proportion to its population, contributes a larger share of revenue to the Provincial Treasury than the cities of the coast, while our return is not a beggar's pittance. Several needed public improvements we want and "we want 'em bad." Let the Grand Jury, when it is appointed, see to it that something comes of its deliberations.

LAMARE SYNDICATE.

Mr. E. J. de Lamare Arrives from Paris.

A New Company Formed From the Lamare Syndicate, Operating on Boulder — Considerable New Capital Interested.

Mr. de Lamare, the father of the Lamare Syndicate of Boulder creek, accompanied by Mr. A. Prevost, Inspector of the new company, arrived in Atlin on Wednesday last, after a very pleasant trip from Paris of some twenty days.

This winter a new company, entitled La Societe Miniere de la Colombie Britannique, was formed by Mr. Lamare to furnish more capital and take over a portion of the assets of the Syndicate. Mr. Lamare, who last year owned only one half of the property worked by the Syndicate, has now secured control of the whole of the ground, and the new company will receive for the capital advanced 40 per cent of the total profits, the Syndicate retaining 60 per cent, or the controlling interest.

According to Mr. Clere, the Superintending Engineer for the new company, the prospects for a satisfactory return are very favorable, but it would be a little premature to anticipate the profits at the present time. Mr. Lamare and Mr. Prevost accompanied Mr. Clere to Boulder creek on the afternoon of the day of their arrival.

Wire From Ashcroft to Dawson Still in the Future.

Supt. Charleson of the Dominion Telegraph Service arrived in Vancouver about ten days ago from Port Simpson. He reports that there still remain some 50 miles of wire to string, but that the force of men are making every effort to push the work. A temporary service may be made by transferring messages from one end of the break to the other by means of carriers, and it is said that, by this means an eight hour service will be obtained between Vancouver and Dawson. Rates have not yet been fixed, but it is expected to be in the neighborhood of $4 for ten words.

A Floating Palace.

Among the many steamers plying between Vancouver and Skagway, none seems to be meeting popular favor more than the Islander of the C. P. N. Co. It is described as a veritable floating palace, and the accommodation and service are equal to any of the ocean liners. The several ladies who have come to Atlin, travelling by the Islander, say that nothing is omitted which in any way will add to their comfort or the pleasure of the trip. Afternoon tea and late supper are laid every day for their special convenience. The officers of the steamer are most courteous and attentive.

Dominion Supt. of Mines.

An important branch connected with the Department of Mines of the Dominion has recently been created and Prof. Eugene Haanel, head of the Department of Physics in Syracuse University for the past 13 years, has received the appointment as Superintendent.

Prof. Haanel's appointment as Director of Mines marks a new era in mining matters, so far as the Dominion is concerned. The progress of mining will be closely watched and reliable statistics carefully compiled. The facts gathered will be issued in the form of a report, which, it is expected, will appear every quarter. Any suggestions he may recommend for the encouragement of mining will receive every consideration from the Government.

Prof. Haanel is in New York obtaining apparatus for the Government Assay Office which is being established in Vancouver. From New York Prof. Haanel will go to the coast and take the necessary steps to se. the Assay Office in motion.

Change of Time.

To suit the convenience of the travelling public it has been deemed advisable to make a change in the time from standard to railroad. This will make a difference of about thirty minutes—faster. The change was made in the Government Office and the banks, and Official Timekeeper Eggert has changed his chronometer accordingly.

PUBLIC ENQUIRIES ACT.

PUBLIC notice is hereby given that under and by virtue of the "Public Enquiries Act" a Commission has been issued to the Honourable Angus John McColl, Chief Justice of the Province of British Columbia, to enquire into the conduct of the offices of the Gold Commissioner and Mining Recorders of the Bennett Lake and Atlin Lake Mining Divisions of British Columbia, and that the first meeting of the said Commission will be held at the Court House at Atlin, B. C., on Monday, the twelfth (12th) day of August, 1901, at the hour of eleven o'clock in the forenoon, for the purpose of receiving any complaints which may be made in respect of any of the said matters, and of fixing such respective times and places as may be deemed most suitable for the hearing of evidence in reference thereto, and otherwise dealing with the same.

Every complaint must be in writing, shortly but clearly, specifying the nature of the complaint, in order that the person complained of may know what he is to meet.

Subpoenas requiring the attendance of any witness or witnesses who may be desired by any party to attend before the Commissioner for the purpose of giving evidence may be obtained from the undersigned.

By Section 12 of the said Public Enquiries Act it is provided "that no statement made by any person in answer to any question put by the Commissioner shall, except in cases of indictment for perjury committed in such answers, be admissible in evidence in any action, trial, suit, or proceeding, civil or criminal."

Dated at Atlin, B. C., this 16th day of July, 1901.

White Pass Officials on Tour of Inspection.

On Saturday last a party of officials of the White Pass & Yukon Ry. paid a visit to Atlin, consisting of President S. H. Graves, Vice-President A. B. Newell, General Manager E. C. Hawkins. Mrs. Hawkins accompanied the party. This is Vice-President Newell's first visit to this country and he expressed himself as delighted with it and its seeming prospects. Mr. Newell has been but recently appointed to the position of Vice-President. The party made a trip to Discovery and to Wright creek, and left on Monday morning for White Horse and Dawson.

The Firemen's Ball.

The dance, held under the auspices of the Atlin Fire Department, on Tuesday evening last was in every way a grand success. Unfortunately the weather was against our friends coming from Discovery, consequently there was but a small delegation. The dining room of the Grand Hotel was decorated with bunting and festooned with fire hose, nozzles, etc., and had a rather droll effect in the matter of ornament. The music was supplied by Mr. Ward on the piano and Mr. Seibert on the mandolin, and was excellent. One of the features of the evening's programme was selections rendered on the violin by F. Victor Austin, purser of the Scotia. These selections were most welcomely appreciated, and were a treat such as has never been heard before in Atlin. Mr. Austin received repeated encores. Mrs. E. M. N. Woods accompanied Mr. Austin on the piano in the most pleasing manner.

At midnight an excellent supper was served, and among the many delicacies the ice cream was fully appreciated. Mine Host Hastie deserves great credit for the large share he took in making the dance a success. There were some 40 couples present, and the ladies had no difficulty in having all the dancing they wanted as the men were well in the majority.

The committee, consisting of Messrs. Dockrill, Young, Fairborn, Le Cappellain and McFeely, are to be congratulated on the complete success of their arrangements.
