TELEGRAMS.

Russian Soldiers Put to Death For Rebelliousness.

English Submarine Boat Lost With all hands—Burglary in Vancouver—Death in Natal.

SPECIAL TO THE CLAIMS

London, June 5.—A St. Petersburg despatch says that General Linevitch, believing that the troops were becoming rebellious, gave the order and had twenty-five officers and three hundred men executed.

St. Petersburg, June 5.—It is estimated that Russia's financial loss in the recent sea battle exceeded \$73,000,000.

Harbin, Manchuria, June 5.—The crews of five Japanese sealing schooners, numbering over sixty men, and including six Americans, have arrived here as prisoners. They were captured by Russian torpedoboats while in the act of poaching near Odima Island.

Shanghai, June 5.—The British steamer Buleing arrived here today having in tow a Russian torpedo-boat destroyer which she had found helpless with three destroyer crews aboard, the two extra crews having been picked up during the recent naval fight.

Paris, June 6.—Foreign Minister Delcasse has tendered his resignation on account of the differences over the Moroccan question. His resignation has been accepted.

Durban, Natal, June 6.—Up to the present time over 440 corpses have been recovered, including mostly Hindoo laborers, a few Europeans and a number of natives, all of whom had lost their lives through a hurricane which recently swept over Natal and which caused the subsequent bursting of a large reservoir at Pinetown. There are still many bodies unrecovered.

Tacoma, Wash., June 6.—The officers of the Steamship Lyra, which arrived here tonight, state that a few days ago they sighted eighteen Japanese transports bearing an army for the siege of Vladivostock.

St. Petersburg, June 6.—All non-combatants have been ordered to leave Vladivostock.

St. Petersburg, June 6.—The police of Riga yesterday discovered a bomb factory and fifty bombs, many daggers, revolvers and other arms were seized. A number of persons who were in the place at the time of the raid made a desperate fight before they were made prisoners.

St. Petersburg, June 6.—Governor-General Treposff has been appointed assistant to the Minister of the Interior.

Paris, June 6.—A semi-official despatch from St. Petersburg gives a decidedly more hopeful view of peace in the near future. This is

particularly true from a standpoint concerning the unity of the foreign pressure being exerted, although it is not yet evident whether or not Russia will yield to these outside influences.

St. Petersburg, June 7.—Russia has practically agreed to the internment of several Russian warships at Manila.

From all over Russia comes reports that agitators, especially amongst the Socialists, are urging for a manifestation and the renewal of strikes.

Moscow, June 7.—In spite of emphatic official prohibition and all orders to the contrary, the all-Russian Zemstvos Congress re-assembled here today, and the delegates met in private houses. About 280 delegates from various Zemstvos and municipalities, including the mayors of twenty-five larger cities, arrived in Moscow yesterday to attend the congress. It is proposed to introduce strongly worded resolutions calling for the immediate cessation of hostilities.

Washington, June 7.—A despatch received here today states that seven Russian colliers, which for some days have been anchored at Woo Sung, China, will doubtless be interned. It is also reported that a number of Japanese vessels, probably cruisers, have been sighted off Sutcliff.

The Russian torpedo-boat destroyer Bordi has been interned at Shanghai.

Victoria, B. C., June 8.—The Canadian Pacific Railway today completed the deal for the purchase of the E. and N. Railway. The transfer includes the whole of the railway holdings and a land grant of 1,500,000 acres, without the coal rights.

Ottawa, Ont., June 8.—Sir Wilfred Laurier, replying to a question from Dr. Thompson in the House of Commons today, said that Mr. Congdon, as the new legal adviser for the Yukon district, would have no seat on the council thereof and would not be permitted to engage in private practice.

Vancouver, B. C., June 8.—A burglar stowed himself away in the Carnegie Library in this city last evening and, after the building had been closed for the night, he ransacked the whole of the top floor and secured a number of valuable coins, several gold nuggets and a case of rare gems, the latter being from a collection owned by the Rev. Dr. Roland Grant. From this collection of itself, which was placed on exhibition as a loan, the burglar would enrich himself by over \$5,000 worth. There is apparently no clue as yet as to the identity of the person who committed the theft.

Plymouth, June 8.—Submarine boat "A 8" of the British navy was lost with all hands outside the

breakwater here this morning while manoeuvring. Three separate explosions are said to have occurred on board the vessel before she foundered. She had a crew of fourteen officers and men, all of whom were either blown to pieces or drowned.

St. Petersburg, June 8.—All the Russian newspapers are calmly discussing the urgent advisability of ending the war if the Japanese terms are reasonable. They one and all declare that the payment of a heavy indemnity would be too humiliating. The "Russ" says: "We are fighting a rotten bureaucracy, not the motherland, and we would not tolerate a disgraceful peace."

Vancouver, B. C., June 8.—The construction of a branch of the Canadian Pacific Railway from Spences Bridge to Nicola will be commenced on Monday next.

County Court Judge.

The Atlin District Board of Trade has received the following telegram from Mr. Wm. Sloan, M. P. for Atlin-Comox, in reference to the County Court Judgeship:—

"Ottawa, June 8, 1905.—Order-in-Council appointing Young County Court Judge being pushed through this week. W. Sloan."

[The gentleman named in the above despatch is F. McB. Young, brother of Dr. H. E. Young.—Ed.]

Items of News.

Two men were killed by an express train at Swanton, Vt., while they were riding on a hand car.

A Baltimore man shot himself twice in the head in an attempt to commit suicide. He will recover.

A woman in Texas drowned herself and three children in a creek, her crime being a result of domestic troubles.

The Algoma Steel Co., of Sault Ste. Marie, have started making 100-pound rails, the heaviest in use on any railroad.

Wm. Ziegler, promoter of Arctic exploration, died in N. Y. state last week from injuries received in a runaway accident some months ago.

Gessler Rosseau, pleading innocence, has been convicted and sentenced to three years imprisonment for having sent an infernal machine aboard the steamship Umbria at New York in May, 1903.

The deepest gold mine in the world is the "New Chum Railway Mine" at Bendigo, Australia. Its main shaft is sunk to the depth of 3,900 feet, or only 60 feet short of three-quarters of a mile. The men—naked from the waist upward—in the tunnels and general workings are kept cool by means of sprays of cold water continually playing on them from overhead branches of the mines waterworks.

Mining Notes.

Dumps on Gold Run and Tar Flats are being cleaned up and, while not as good as last year, they paid wages.

The B. A. Dredge Co. have a large crew of men at work putting the new lips on the buckets and expect to have the dredge in operation on Monday. The Keystone drill will be worked in advance of the dredge, the intention being to loosen up the hard pan, which caused considerable difficulty last year.

The B. C. Dredging Co., which was organized last year and began the erection of a dredge on Spruce Creek, will resume operations in the immediate future. They expect a large crew of men who are coming in to complete the construction of the machine. It will be in full operation in about six weeks and its power will be supplied from the Pine Creek Power House.

The British-American Dredging Co., who own the Pine Creek Power House, intend enlarging the plant during the present season to a capacity of 7,000 horse power. Mr. E. Sutcliffe, electrical engineer, being in charge of the work. Towards the middle of the summer it is the intention to put on a shovel, run by compressed air, at Tar Flats and also two electrical locomotives to draw the dirt to the sluices.

The annual report of the Minister of Mines has been received. There are about thirty-eight pages devoted to the Atlin District and the report on the whole is very favorable.

Mr. O. B. Perry, who visited the camp last year, is expected in soon with a crew of men. It is his intention to engage in extensive prospecting work in the district.

Mr. Robert McKee has just returned from the O'Donnell valley, where he has been prospecting for the last five months. High water forced him to discontinue for the present, but he will return to his work in a few weeks.

Capt. Arthur Dick, late of the Tepee, is now prospecting on Taku Am.

High water on Spruce Creek is rapidly subsiding and all work is being vigorously pushed ahead.

Miller, Simpson and Carmichael have installed a small piping plant on their lay at "Nugget" point on Willow Creek and are getting good returns.

W. POLLARD, GRANT, EDITOR-MANAGER.

FIRE.

Mr. W. D. Bruce, representing the London & Lancashire Fire Insurance Co., was in Atlin this week inspecting the risks carried by his company. In an interview he said: "That in order to improve the local situation from a non-fire standpoint it would be a wise move to pull down and remove all obsolete buildings, especially slab buildings, and structures unfit for occupancy, along with tents and canvass awnings and all slab roofs. There should be an ordinance curtailing the use of gasoline and the indiscriminate storing of same in occupied premises. In this respect I might recall to your mind the disastrous fire at Dawson when the 'Yukon Sun' plant was totally destroyed and one man nearly burned to death, due to an explosion of gasoline which wrecked the building in which were eight or nine men who had a miraculous escape. The loss to the proprietors of the paper was nearly \$20,000 and the insurance companies lost \$5,000. It was proved that the total amount of gasoline on the premises at the time of the fire was less than ONE GALLON."

The careless manner in which debris of all kinds such as packing cases, saw dust, scrap lumber, old sacks and other inflammable stuff was scattered around was also remarked upon by Mr. Bruce, and he suggested that an order to remove and clean up all such litter from back yards and vacant lots would not only lessen the danger of a general conflagration but greatly enhance the already beautiful appearance of our city, to say nothing of the benefit of such a cleaning up from a health point of view.

Mr. Bruce left on Thursday for Dawson and Fairbanks, where he will remain some time, returning to the coast in the fall.

Pulp and Paper Mills for B. C.

The Western Canada Pulp and Paper Co., capital \$2,500,000, has been successfully floated in London. The mills, which are designed to produce 18,000 tons of "news" paper and 7,500 tons of sulphite pulp annually, are to be built at Powell River, 70 miles north of Vancouver, where the company have acquired 3,000 acres of freehold land and a water power capable of generating 25,000 h.p. Mr. Alfred Carmichael, of Atlin, staked the above power right in 1899 for the Pacific Coast Power Co.

Longacre, Spalding

Concerts Were Enjoyed by Atlin and Discovery People.

The concerts given by these talented young ladies, of which we gave notice last week, were all that we predicted. On Saturday evening last a concert was held in the Grand Hall at which the Spruce Creek Orchestra assisted, and which was thoroughly enjoyed. Mr. J. A. Fraser, Gold Commissioner, presided and, in an appropriate speech, introduced the artists of the evening.

This visit, we believe, is the first of its kind ever made to the district and we regret very much indeed that better patronage was not extended to Miss Longacre and her associate, Miss Spalding, who were certainly entitled to larger houses. We think it a shame that the public did not turn out as they should have done, if for no other reason than that it was a sorry advertisement for the district and a reflection upon our musical intelligence. It certainly was a privilege to hear a trained voice, and Miss Longacre showed in the rendering of her songs that she was a master at her art, her enunciation and expression being simply perfect.

Miss Longacre also delighted her audience with readings and her presentation of "One Day at Arle" was exceedingly well done, demonstrating as it did her very strong dramatic ability.

Atlin cannot boast of its musicians, and to say that it was a treat to hear Miss Spalding in her pianoforte selections would be far short of the mark. We predict a future for her. Her touch and execution certainly showed her to be a zealous student and one who has been trained under first class masters.

On Tuesday evening a second concert was given at Discovery, at which Dr. Keller and the Spruce Creek Orchestra assisted. If possible, both ladies excelled themselves and were well received.

Miss Longacre and Miss Spalding left Atlin with the best of wishes for its future and we bespeak for them bon voyage on their trip through north-eastern Alaska.

Dominion Day Celebration.

At a meeting of the business men and citizens held at Discovery last Monday it was arranged to have a two-day celebration, June 30 and July 1st, in our sister town.

The first day will be devoted to baseball, football and shooting, with a smoker in the evening at the Nugget hotel.

The second day will be taken up with all kinds of racing and other sports, followed by a dance at the Gold House in the evening.

The prizes will be many and handsome.

In connection with the sports the committee are going to give a beautiful silk gown to the most popular lady—"The Queen of the Day"—in the camp. Ballot boxes will be opened on Monday next at Atlin and Discovery and ballots can be obtained for the small price of 2 for two-bits. Votes will be counted every night and bulletined and a weekly summary will appear in THE CLAIM. The final count will take place at 8.30 p.m. June 30th.—Vote early and often.

Gala Days.

Spruce Creek Boys Came Down on Masse and Atlin Puts on Holiday Attire.

Headed by Tom White as standard bearer, Mr. Charles Baker, as marshal, mounted on "Old Silver Tip" (who was quite sportive with his garland of flags), and Mr. Parrot as domo major, who was arrayed as Uncle Sam, about 70 of the Spruce Creek boys swung into town to the strains of "There'll be a Hot Time," which music was furnished by the Spruce Creek Band consisting of a gold pan—kettle drum—, wash tub—as bass drum—, two cornets, a fife and flute. All the stages had been requisitioned for the trip and were very gay with their evergreens, bunting and flags. Not since 1899 has the town had such a real holiday appearance as during the three last days of last week.

The procession stopped long enough at the Government buildings for Mr. Hirschfeld to get a good photo.

On the evening of June 2nd a very large and successful dance was held at the Grand Hall. The Spruce Creek Orchestra furnished the music, which was of the best, and the hosts, the Spruce Creek boys, spared no effort to give everyone a good time. The dance lasted till 2 a.m., everybody going home tired but happy.

On Saturday the Scotia was chartered and the citizens of Atlin went, as the guests of the Spruce Creek boys, for a several hours cruise around the lake and Torey inlet, returning about 8 p.m. In the evening the boys attended the Longacre-Spalding concert in a body and, judging by their quota of applause, it was evident that they thoroughly enjoyed the program.

Sunday was devoted to getting home—"Though home was never like this," the only excuse being that practically all of Atlin's resources for pleasure and amusement had been exhausted.

It is a good thing to be awakened once in a while and the "Old Town" was certainly kept very much alive. All good wishes to the Spruce Creek boys and may they soon take the notion again.

Farewell Dance.

On Wednesday night a farewell dance was given at the Kootenay Hall, Atlin, to Mr. Ronald McLeod, who left on Thursday's boat for Whitehorse. The dance was well attended, a splendid spread was provided, and everyone enjoyed themselves till early morn.

Mr. McLeod is one of the pioneers of the district and has, for the last few years, been interested in the Northern Brewery. "Reunite" carries with him all good wishes from the Atlin camp.

For anything in the furniture line see Regan.

New Arrivals.

Following is a list of those who have recently arrived per the Scotia:

June 3rd—M. De Lamare, M. Peltier, F. W. Fay and wife, E. W. Sutcliffe, W. F. Paxton, Alex. Sundstrom, E. A. Stocks, Mats West, J. A. Anderson. June 7th—Walter Owen, Mrs. W. Owen, W. S. Burriss, Mr. and Mrs. J. Williams, S. J. Daniels, R. Carlson, Ed. Fredrickson, Jimi Eynni, W. B. Moore, J. M. Dodger, D. A. Montgomery, John Telford, M. Foley, E. Wall, Mrs. A. Ellison, A. L. Parker, W. H. Hale, J. A. Quick, O. T. Switzer, R. McNea, W. Mason, H. J. Macdonald, Geo. A. McAulay, W. D. Bruce, H. Murphy, E. D. Egly, H. Burns, H. Wiskin.

Auction Sale of Government Lots, Atlin Townsite.

NOTICE is hereby given that a sale by Public Auction of lots comprising the addition to Atlin Townsite will be held at the Provincial Government Building, Atlin, B. C., on Thursday, 29th of June, 1905, commencing at ten o'clock, a.m. The lots will be offered for sale as subdivided into parcels of one, two and five acres or fractions thereof. Each lot will be sold to the highest bidder subject to a reserve price which will be announced at the time of sale and which will include improvements, if any.

Terms of Sale:—One-third cash on day of sale, one-third in six months and the balance in twelve months. All arrears subject to 6 per cent. interest until paid.

A plan showing the lots and sub-divisions to be sold may be seen at the Government Offices any time during office hours.

Fresh Fruit and Vegetables arriving every boat for N. C. Wheeling.

W. A. Montgomery, representing the Gault Bros. Co., Vancouver, arrived in town Wednesday on his regular summer trip.

Pen talk—Paul E. Wirt Fountain Pens are the best on the market—Get one at Jules Eggert's.

"Red" Rupert returned this week from the south end of the lake and Lewellyn glacier with six or seven prime bear pelts, among them being one very fine glacier bear.

See it.—A good, first class sewing machine for sale cheap at J. D. Durie's.—Also shell hardware.

Arctic Brotherhood.—Discovery is going to have an A. B. lodge. Arrangements are now completed for an early installation and they will start with thirty members. Not a bad beginning.

Burn this fact into your mind—it is worth remembering there is but one strictly first-class hotel in Skagway—It is the Fifth Avenue. Our carriage meets all trains.

A Bear Story.—Mr. Jas. Clark, proprietor of the Half-Way House, some time ago became the owner of a cub black bear, which immediately established itself as a general pet in his well known stopping house. The other day Mr. Clark had occasion to come to Atlin on business and for safe-keeping he locked up the bearlette in the bar room. On returning home some hours later he was rather surprised to find that the once frolicsome, furry cub had developed into a full-fledged mixo-oboozigist, and that what wasn't mixed had been drunk, broken or disfigured. At last accounts we heard that the pet was doing stunts at the end of a chain and drinking nothing stronger than canned milk.

The Atlin Club re-opened today for the summer.

The latest magazines and papers are always on hand at Pillman's.

W. S. Burriss, travelling for the "Royal" and "Dr. Price's" baking powders, was in town the middle of the week.

Dr. Keller leaves next Thursday for his home in Skagway. He will be in Atlin from Monday till day of departure.

You can always get Fresh Eggs and the Best Butter from N. C. Wheeling.

We would like to see the local ball enthusiasts turn out and do some practicing for their approaching games with Discovery.

We hear that Butler Bros., Taku Arm, have good prospects of a large crop of hay this season and that their potato and strawberry plants, of which latter they have several thousand under cultivation, give indications of being strong producers.

If you are particular, and want the best and mean to have it at moderate rates, you will stop at the Fifth Avenue Hotel when in Skagway.—Remember the name.

By the last mail we learn that Mr. C. D. Mason, who has lived here and practiced his profession since 1899, and who went out this winter on a visit to Victoria, has decided not to return to the north. Mr. W. E. Fisher, who has been here the last two years, will look after Mr. Mason's business.

Large assortment of lamps.—See Regan.
