THE ATLIN CLAIM.

VOL. II. ATLIN, B. C., SATURDAY, SEPTEMBER 17, 1904. NO. 270

Successful Concert.

When the people of Atlin decide on giving an entertainment they generally get up a good one; but the concert given at the Atlin Club on Wednesday evening, for the benefit of the Hospital, was far ahead of anything of the kind ever before enjoyed by an Atlin audience.

The duties of chairman were ably managed by Mr. J. A. Fraser. He spoke of the worthy object—an operating table for the hospital—towards which the audience were helping to contribute, and hoped that financial help would also come from other sources till enough was raised for the purpose. He praised the energy of the committee for the successful arrangements for the concert, and also Miss Douglas, Mrs. Brown and the boys for their efforts selling tickets. Mr. Fraser also spoke of the good work done by Dr. Young and the Hospital staff, to whom much praise is due by the whole community.

Such a choice display of talent was presented as could seldom be excelled in any community. Besides the local "stars," the following visitors generously took part: Mr. A. D. Taylor, barrister, Vancouver; Dr. Keller, mayor of Skagway; Mr. S. G. Lawrence, of the Nahlin telegraph station; and Judge Henderson. Mr. Wm. Moore, who is a host in himself, we do not desire to refer to as a visitor; he has been with us but a few months, and whenever he appears before an audience he never fails to charm; his Irish songs and jokes, cornet imitations accompanied by guitar, and Irish jigs, "brought the house down." Mr. A. D. Taylor was in great demand and his songs and recitations were repeatedly encored. Dr. Keller, on the violin, and Mrs. E. M. N. Woods at the piano, rendered a blend that no other two instruments could equal, and got no rest until a second was given. Mr. Lawrence's recitation earned hearty applause. Judge Henderson, a well-known elocutionist, rendering "The Relief of Lucknow" was greatly appreciated. The local artistes were: Messrs. Stables, Fisher and Lamsden, whose gifts of song are so well known that no praise is required, although special mention is deserving of the perfect singing of the duet, "Larboard Watch." Mr. Hartshorn entertained the gathering for a considerable time with a series of stereopticon views, kindly furnished by Mr. W. J. Robinson, which were witnessed with keen enjoyment, especially the coronation march and coronation, which were loudly cheered. Mr. J. T. Pilling and Mrs. E. M. N. Woods ably assisted at the piano.

Following is the programme:

Chairman's remarks.....J. A. Fraser, Esq.
Song, "Gipsy John"; encore, "Low Back Car,".....A. D. Taylor.
Recitation, "Fuzzy Wuzzy," S. G. Lawrence.
Song, "The Land o' the Leal,".....J. Stables.
Violin solo,.....Dr. Keller.
Comic song; "Everything at Reilley's must be Done in Irish Style"; encore, Imitation of cornet accompanied by guitar,.....Wm. Moore.
Duet, "Larboard Watch,".....Messrs. Fisher and Lumsden.
Recitation, "Mon Frere Camille"; encore, "Jeanne Courtoaux," A. D. Taylor.
Song, "Bedouin Love Song"; encore, "Annie Laurie,".....J. D. Lumsden.
Recitation, "The Siege of Lucknow,".....Judge Henderson.
Song, "Toll her I love her so," A. D. Taylor.
Comic song; "I'll be busy all next week,".....Wm. Moore.
Accompanist.....J. T. Pilling.
.....Mrs. E. M. N. Woods.

Moving Pictures,—including Coronation procession, Execution of Mary Queen of Scots, Wooing an old maid, An extension wardrobe, Skating on the ice, etc.

WAR NEWS.

Berlin, Sept. 10th:—A despatch from Mukden states that the evacuation of that city is now in progress, and adds that the Japanese have not yet crossed the River Hun, which flows a few miles south of Mukden.

A correspondent, just returned to Mukden with the Russian rear-guard, says the losses on both sides have been enormous and estimates them at between sixty and seventy thousand. When the Russians left Liao Yang, the town was strewn with corpses of the slain.

Cronstadt, Sept. 12th:—The Baltic fleet, in command of Vice-Admiral Rojesteveasky, sailed on Sunday. Its destination is the Far East. The Emperor witnessed its departure.

Washington, Sept. 12th:—A Tokio despatch to the Japanese legation places the total casualties at the Liao Yang battle at 17,539 Japanese killed and wounded. Number of officers killed, 136; wounded, 464.

St. Petersburg, Sept. 14th:—No news has been received of a positive character from either the Russian or Japanese armies. There has been no fighting and if any movements are being carried out they are well veiled.

Washington, Sept. 14th:—The Russian transport Lena, now at San Francisco, has asked for permission to make temporary repairs. The case has been referred to the President.

St. Petersburg, Sept. 14th:—Reports that Chinese troops are concentrating in the valley of the Liao River is causing considerable concern here. It is thought probable that the Chinese propose to guard the territory actually occupied by the Japanese.

Washington, Sept. 15th:—Acting Secretary Adee received a telegram from President Roosevelt approving arrangements for handling the Russian transport Lena, now at San Francisco. Instructions were immediately wired to Admiral Goodrich to tie up the ship and that the disposition of the crew would be arranged later.

Court News.

In the case of Muirhead vs. Spruce Creek Power Co., commenced in the County Court, the defendants moved for prohibition and to transfer the case to the Supreme Court, and the matter came up before His Lordship Mr. Justice Duff, and after reserving his decision until the afternoon, for time to consider the matter, it was held that the prohibition would lie but that a term of the order must be that the case would be proceeded with at once. Mr. A. L. Belyea, for the Company, and Mr. Woods for plaintiff. The term in the order for immediate trial gets over the difficulty of having the case thrown over to be tried below, as would otherwise have been the case.

The Northern Lumber Co. vs. Laverdiere et al, was a case of replevin in which a horse was claimed by the plaintiffs from the defendant. The judgment was that the horse was rightfully in possession of the Company and that consequently the taking possession by Laverdier was illegal. The action therefore was properly brought by the Company, which stood in the same legal position as Palmer, from whom the horse was purchased. As Palmer was under obligation to pay the sum of $70, the Company must pay this amount to Laverdiere. Costs to plaintiffs. Plaintiffs allowed $5 damages.

The case of Ginaca & Moreau vs. McKee Creek Consolidated was tried and judgment reserved.

In Brown et al vs. Spruce Creek Power Co., which was an action by the miners of Spruce Creek against the Company for not allowing 600 inches to flow down the creek, and which created a great deal of interest, the judgment of the Court was in favor of plaintiffs allowing them 600 inches and costs of the action. Mr. A. J. Kappele and Mr. Woods for plaintiff's and Mr. A. L. Belyea, K. C., for the Company. The case has been appealed.

The case of Harwood et al vs. Western Engineering Co., which was brought by some of the workmen employed by the defendant company in installing the new dredge, for breach of contract, was decided in favor of the plaintiffs, the Court awarding each of the plaintiffs some $166 wages and damages. Mr. Kappele and Mr. Woods for plaintiffs and Mr. A. D. Taylor for Company.

As a result of the case of Muirhead vs. Spruce Creek Power Co., it has been intimated that there is a solution of the important question of how to deal with legal matters arising during the months when no judge is present, here in the Atlin District. The great difficulty has been that during the months of winter and spring there is no machinery supplied for the immediate disposal of legal matters. The suggestion is that if some competent man of legal training and experience were appointed by the Government, whose business it would be to reside in Atlin, with power to take evidence by way of reference and with the local powers of a Supreme Court judge in all interlocutory matters, and after the case was closed to seal all papers and evidence and forward to Vancouver or Victoria to be properly adjusted upon and a decision given at once by the Judge before whom the papers were laid. This would get over the difficulty at present existing.

We are pleased to note that our member, Dr. H. E. Young, did not waste any time after the rendering of this decision, but immediately interviewed Mr. Justice Duff, and from what Dr. Young said to our editor, he is taking steps with a view of preventing the unnecessary expense of carrying such cases to Victoria.

In our next issue we will be able to give further particulars.

City of Topeka Sunk.

The City of Topeka, one of the Pacific Coast Steamship Co's liners, sunk at her moorings in Seattle harbor last Sunday evening. The entire cargo of the ship, consisting of 500 tons, mostly perishables, was lost. She was to have sailed for Skagway Monday morning and had 30 passengers booked, but no lives were lost. The loss is estimated at $50,000. It is suspected that some member of the crew scuttled the ship. She will soon be raised and on her run again.

Mining Tit-Bits.

A grain of gold can be beaten out so that it will cover a space of 80 square inches.

During 1903, 18,000,000 pounds of lead were produced in Canada, valued at $762,660. The Kootenays supplied nearly the whole of this amount.

Grand Trunk Terminus.

Vancouver, Sept. 13th:—Private advices received from Port Simpson state that the Grand Trunk Pacific officials have announced their choice for a terminus to be either Port Simpson or Tuck Inlet.

Incorporation of the Atlin District Board of Trade.

Election of Officers.

A special meeting of the Board of Trade is called for September 22nd, for the election and installation of officers and other business.

By every boat E. L. Pillman & Co. receive the finest assortment of Fresh Fruits and Vegetables to be obtained in Atlin.

Big Game is Plentiful.

In an interview with Mr. S. G. Lawrence, who is now government operator at Nahlin Station, D. T. S., he says that the locality of Nakina and Nahlin is a good district for large game: bear, moose caribou and sheep being plentiful. There have been several hunting parties up the Stikine River this summer and they have all been well satisfied with the amount of game encountered. It is eleven months since Mr. Lawrence was a resident in Atlin, and he seems very contented with his billet, though admitting that the men employed are not overburdened with excitement.

Japanese War Poetry.

Here are a few characteristic stanzas from the favorite song of the Mikado's soldiers, translated by General Sir Ian Hamilton:

Sons of Nipion, down with Russia!
Lawless empire—lay her low.
Faith and justice she despises.
Russia is our mortal foe.

Shameless, trampling down the Treaty,
Grasping countries far and wide.
All the world has turned against her
For her lawlessness and pride.

Tell us not of Russia's vastness—
Vast, may be, but poor and wild;
Boast not of her swarming millions,
What are swarms unless combined?

But our own dear, precious country,
'Neath its Emperor can combine:
For one thousand years successive
Reigns that same immortal line.

FRESH NEWS.

Estimated cost of Panama Canal is $200,000,000.

Prince Hirsky has been appointed to succeed M. Von Plehve as Russian Minister of the Interior.

A forest fire in California last week swept over thousands of acres of country, causing a $100,000 loss.

The House of Lords has decided that women are debarred by their sex from becoming qualified lawyers in England.

A passenger train on the Seaboard Air Line, Virginia, was derailed Saturday last near Cotawaba and four passengers were killed and 35 injured.

Great Britain owns 13,000,000 square miles of territory, and on this is a population of 420,000,000. Since 1871 the population of Great Britain and Ireland has increased from 32,000,000 to 40,000,000; at the beginning of last century the population numbered 11,000,000.

Glasgow, Scotland, is the chief seat of the clay tobacco pipe industry, at which 600 people are constantly employed. All work is done by hand; every effort to use machinery has been a failure. Pipeclay is got from open mines in Shropshire, and two thousand tons are used in Glasgow yearly.

Spain appears to be rapidly convalescing. She devotes much attention to the arts of peace,—building up her marts, developing her internal resources and enlarging her mercantile marine. Instead of brooding over the loss of Cuba and the Phillipines, she is inclined to consider herself well rid of bad rubbish.

A Juneau woman died and was being carried by four pall bearers. In passing a sandy part of the road they stumbled and fell and jolted the corpse back to life. She lived several years after that and died. Again the pall bearers marched to the graveyard, and when they reached the sandy spot the husband rushed forward and said: "Steady boys, steady!" — Douglas Island News.

Hold-Up on the C. P. R. Near Vancouver.

The west-bound Canadian Pacific express train was held up 35 miles from Vancouver by six masked men, last Monday, and $7,000 were stolen. The train was flagged and some men armed with rifles got on the tender and compelled the engineer and fireman to take the baggage and express cars two miles down the track, where they were rifled.

This is the first train hold-up that has ever taken place in Canada.

C. P. R. Co.

—ALASKA ROUTE SAILINGS—

The following Sailings are announced for the month of August, leaving Skagway at 8 p. m.:

"Princess May"—Sept. 1st, 10th, 21st, and Oct. 1st.

Notice of Forfeiture.

To B. G. Nicoll and any person or persons to whom he may have transferred his interests in the Eugene No. 1, Eugene No. 2, Eugene No. 3 Mineral Claims, situate about 2½ miles north of Atlin, in the Atlin Mining District:

You are hereby required to take notice that we have for the last year done the whole of the assessment work on the above mentioned Mineral Claims as required by Sec. 24 of the Mineral Act and have paid for recording of two certificates of such work, and you are hereby required to contribute your proportion of such work and expenditure, together with all costs of advertising your said proportion, amounting to sixty-six dollars and ninty-one and two-third cents [$66.91⅔] exclusive of costs.

If you fail or refuse to contribute your said proportion and all costs of advertising, within ninety days from the date of the first publication of this notice in "The Atlin Claim," which date is hereunder written, your interests in said mineral claims will become vested in us, your co-partners, under the provisions of the Mineral Act and Amending Acts.

Dated this 23rd day of July, A. D., 1904.

O. F. CONLEY,
E. D. ROBIE.

NOTICE.

To HENRY McKAY of Bennett, B. C.

NOTICE is hereby given by the undersigned, holder of F. M. C. No. B24603, that you have failed to keep up your Free Miner's Certificate and failed to contribute your proportion of expenditure required by the B. C. Act 60 Vic. Cap. 125 during the last four years, and that if at the expiration of ninety days publication you should fail or refuse to contribute your proportion of the expenditure required by section 24, together with all costs of advertising and to show that you are and have been a free-miner, your interest in the "ARCTIC" and "CANYON CREEK" Mineral Claims, situate on the Left Hand Side of Lake Bennett below the Town of Bennett, shall become vested in the undersigned who has made the required expenditure; the whole as provided by Sections 9 and 25B of said Act.

SATURDAY, SEPT. 17, 1904.

Good news and good reports continue to come in from all sides, especially regarding quartz, which go to indicate that Atlin Camp is still keeping on its onward march to prosperity. All that is needed now is a showing in the way of production, and this, we are in a position to say, will soon be made, and with it the capabilities of the camp will be demonstrated beyond a doubt. Once this is done, capital will pour in to develop the many meritorious properties now being opened up under great difficulty by the hardy prospector.

Still, the citizens, merchants and others who are interested in the welfare of this district, should do something in the direction of helping the prospector. It would be a good idea if some of the many properties, or even one of our likely quartz mines, be operated by a local syndicate. Such a syndicate, doing bona-fide work, would do more to advertise Atlin than all the prospectors put together. Show your faith in our prospects and prove them to the world and you will find that the result will redound to the credit and benefit of every man, woman and child in the District.

Liberal Conservative Association Meets.

A well attended meeting of the Liberal Conservative Association was held at the Balmoral Hall last Saturday, and the following executive committees were elected:—

Hon. President—Dr. H. E. Young, M. P. P.

President—H. Cancellor (re-elected).

1st Vice-President—Jules Eggert.

2nd Vice-President—Walter Sweet.

Secretary — Stuart Mannell (re-elected).

Treasurer—Frank Lytle.

Executive Committees—

Boulder: Norman Rant, Frank Dockrill, Charles Taylor.

Spruce: W. S. Taylor, T. Fleming, C. Coates.

Discovery: Geo. Kerr, John Wolters, Frank Breeze.

Atlin: W. P. Grant, J. S. Fenn, Geo. Shirley.

The addition to the list of membership is very satisfactory, as also was the financial statement.

The unanimity of feeling among the members was especially to be remarked, and the president and secretary were both the recipients of flattering remarks for the good work and untiring energy they had displayed in the past; both gentlemen replied in well chosen words.

After the election of officers, Dr. H. E. Young addressed the meeting on the situation in the Dominion. Mr. Hirschfeld also addressed the meeting.

Improvements on the W. P. & Y. R.

The White Pass Railway Co. has this year done more improvements than usual on their line. The principal work has been directed towards reducing the number of wooden bridges, by building concrete wall foundations and filling in. Since the White Pass Company took the line over from the contractors, thirty-six bridges have been done away with and two replaced by steel structures, in addition to the high steel bridge near the Summit. Many other improvements are planned for the future.

She lived several years after that and died. Again the pall bearers marched to the graveyard, and when they reached the sandy spot the husband rushed forward and said: "Steady boys, steady!" — Douglas Island News.

Hold-Up on the C. P. R. Near Vancouver.

The west-bound Canadian Pacific express train was held up, 35 miles from Vancouver by six masked men, last Monday, and $7,000 were stolen. The train was flagged and some men armed with rifles got on the tender and compelled the engineer and fireman to take the baggage and express cars two miles down the track, where they were rifled.

This is the first train hold-up that has ever taken place in Canada.

C. P. R. Co.

Notice of Forfeiture.

To B. G. Nicoll and any person or persons to whom he may have transferred his interests in the Eugene No. 1, Eugene No. 2, Eugene No. 3 Mineral Claims, situate about 2½ miles north of Atlin, in the Atlin Mining District:

You are hereby required to take notice that we have for the last year done the whole of the assessment work on the above mentioned Mineral Claims as required by Sec. 24 of the Mineral Act and have paid for recording of two certificates of such work, and you are hereby required to contribute your proportion of such work and expenditure, together with all costs of advertising your said proportion, amounting to sixty-six dollars and ninty-one and two-third cents [$66.91⅔] exclusive of costs.

If you fail or refuse to contribute your said proportion and all costs of advertising, within ninety days from the date of the first publication of this notice in "The Atlin Claim," which date is hereunder written, your interests in said mineral claims will become vested in us, your co-partners, under the provisions of the Mineral Act and Amending Acts.

Dated this 23rd day of July, A. D., 1904.

O. F. CONLEY.
E. D. ROBBE.

NOTICE.

To HENRY McKAY of Bennett, B. C.

NOTICE is hereby given by the undersigned, holder of F. M. C. No. B24693, that you have failed to keep up your Free Miner's Certificate and failed to contribute your proportion of expenditure required by the B. C. Act 60 Vic. Cap. 125 during the last four years, and that if at the expiration of ninety days publication you should fail or refuse to contribute your proportion of the expenditure required by section 24, together with all costs of advertising and to show that you are and have been a free-miner, your interest in the "ARCTIC" and "CANYON CREEK" Mineral Claims, situate on the East Hand Side of Lake Bennett below the town of Bennett, shall become vested in the undersigned who has made the required expenditure; the whole as provided by Sections 9 and 25B of said Act.

A. C. Hirschfeld, - Editor, Proprietor.

Saturday, Sept. 17, 1904.

Good news and good reports continue to come in from all sides, especially regarding quartz, which go to indicate that Atlin Camp is still keeping on its onward march to prosperity. All that is needed now is a showing in the way of production, and this, we are in a position to say, will soon be made, and with it the capabilities of the camp will be demonstrated beyond a doubt. Once this is done, capital will pour in to develop the many meritorious properties now being opened up under great difficulty by the hardy prospector.

Still, the citizens, merchants and others who are interested in the welfare of this district, should do something in the direction of helping the prospector. It would be a good idea if some of the many properties, or even one of our likely quartz mines, be operated by a local syndicate. Such a syndicate, doing bona-fide work, would do more to advertise Atlin than all the prospectors put together. Show your faith in our prospects and prove them to the world and you will find that the result will redound to the credit and benefit of every man, woman and child in the District.

Liberal Conservative Association Meets.

A well attended meeting of the Liberal Conservative Association was held at the Balmoral Hall last Saturday, and the following executive committees were elected:—

Hon. President—Dr. H. E. Young, M. P. P.

President—H. Cancellor (re-elected).

1st Vice-President—Jules Eggert.

2nd Vice-President—Walter Sweet.

Secretary — Stuart Mannell (re-elected).

Treasurer—Frank Lytle.

Executive Committees—

Boulder: Norman Rant, Frank Dockrill, Charles Taylor.

Spruce: W. S. Taylor, T. Fleming, C. Coates.

Discovery: Geo. Kerr, John Wolters, Frank Breeze.

Atlin: W. P. Grant, J. S. Fenn, Geo. Shirley.

The addition to the list of membership is very satisfactory, as also was the financial statement.

The unanimity of feeling among the members was especially to be remarked, and the president and secretary were both the recipients of flattering remarks for the good work and untiring energy they had displayed in the past; both gentlemen replied in well chosen words.

After the election of officers, Dr. H. E. Young addressed the meeting on the situation in the Dominion. Mr. Hirschfeld also addressed the meeting.

Improvements on the W. P. & Y. R.

The White Pass Railway Co. has this year done more improvements than usual on their line. The principal work has been directed towards reducing the number of wooden bridges, by building concrete wall foundations and filling in. Since the White Pass Company took the line over from the contractors, thirty-six bridges have been done away with and two replaced by steel structures, in addition to the high steel bridge near the Summit. Many other improvements are planned for the future.
