Bad Feeling Between Philippines and Americans--China Doesn't Like Peace Treaty Conditions --Smugglers Arrested--Death of a Fisherman--Railways.

[SPECIAL TO THE CLAIM.]

London, Sept. 28.—Word was received here today that a flying column had left Pretoria yesterday for the border of Basutoland, as the news that a large German force had recently been defeated in southeastern Africa was causing the Basutos to become restless and show signs of causing trouble. Their chiefs are endeavoring to stir up a war which they aim more at the Boers than the British. The farmers throughout the district bordering on Basutoland have appealed to the commissioner for permission to carry rifles.

Madrid, Sept. 28.—Yesterday the Spanish Diaro took a vote as to which of the eligible princesses would make the most desirable and suitable wife for King Alfonso, with the result that Princess Patricia of Connaught was nominated. San Francisco, Sept. 28.—Congressman Cooper and other members of the Taft party which arrived here today from the Orient say that the gulf of bad feeling between the natives of the Philippines and the Americans is widening rapidly. Washington, Sept. 28.—It is reported here that the Chinese government has made formal protests to both the Russian and Japanese governments concerning two of the conditions of the peace treaty.

Pekin, Sept. 28.—The government officials here claim that nine months is sufficient time for the Russians and Japanese to occupy in evacuating Manchuria, and they also object to an armed force of 15,000 being detailed to guard the railway.

Seattle, Wash., Sept. 28.—Geo. Berger, a superintendent on the Pullman car service, and Ben Stevens and wife were arrested in this city today on charges of having smuggled opium into the United States from Vancouver, B. C. It is claimed that these people have carried on this business in a systematic manner for some months and have defrauded the U. S. out of considerable revenue.

Vancouver, Sept. 28.—The body of Wm. Murray, a fisherman, was found floating in Burrard inlet yesterday afternoon with the throat cut. It is not known at present whether it is a case of murder or suicide.

New Westminster, Sept. 28.—The Dominion Fair, which is being held in this city for the first time, was opened yesterday by Sir Henri Joly de Lotbiniere, Lieutenant-Governor of British Columbia, and although the weather was quite inclement a large number of people were present. Exhibits have been sent from all parts of Canada and the fair promises to be a great success.

The news comes from Victoria that the British government has decided to abandon the defences at Esquimalt and all work has ceased. The author of this report evidently has another guess coming.

The latest news from official military circles is that on July 1st, 1906, the Dominion government will assume the control and maintenance of the defences and garrisons at both Halifax and Esquimalt.

From New York comes the news that president Geo. W. Perkins of the New York Life Insurance Co., and partner of J. Pierpont Morgan, has agreed before the investigating committee to return to the policy holders of that institution the gains he has made through the manipulation of the company's funds.

It is also said that Mr. Morgan may be compelled to do likewise.

Verily, it is extraordinary the amount of money which is being returned to its rightful owners as a result, directly or indirectly, of the crusade by Tom Lawson.

But why are not the fashionable doers of evil given a jaunt across "the bridge of sighs."

A Miner Killed.

John Wolters, of Discovery, Was Crushed to Death Under a Falling Gravel Bank.

A sad and fatal accident occurred at Discovery on Saturday morning last which resulted in the death of Mr. John Wolters and slight injuries to Geo. Martin. The two men were working on the south bank of Pine just above Discovery and were placing sluice boxes in position in an open cut when part of one of the walls fell and threw them with great force against the opposite wall. Martin, who remained in an upright position, escaped with a few bruises and scratches, but Wolters was caught under a heavier portion of the falling earth and completely covered. Martin hastily extricated himself and, obtaining assistance, the entombed man was soon recovered, but life was extinct.

Coroner Thain was notified but upon viewing the remains and the scene of the accident he decided that an inquest was not necessary.

The funeral took place on Tuesday morning, Rev. F. L. Stephenson officiating. The deceased left a wife and child to mourn his loss and they have the sympathy of the entire community in their sad bereavement.

Kyle, E. P. Queen, Geo. Pollay, T. C. Wasson and Archie Beatty.

A Constantinople report says that Turkey is continuing work on her new fortifications on the Bosphorus regardless of Russia's objections.

At Portland, Ore., last week Baldwin's airship carried a message to the Vancouver military barracks and returned with an answer in 40 minutes, having made a round trip of 18 miles.

At Riga, Russia, on Sept. 20th a mob of 100 persons attacked the central prison and killed two guards and wounded three others. The cells were opened and many prisoners liberated, among them being two of much importance.

Sluice Box Robbery.

Lambert & Cairnes, Spruce Creek, Had Three Days Sluicings Stolen--Expert Thieves.

Either late on Saturday night last or early Sunday morning the sluice boxes of Messrs. Lambert and Cairnes, on Spruce creek, were robbed of the gold dust of three days sluicing. The steal was done by a man or men who are accustomed to the work, as people who saw the boxes Sunday morning state that a good miner could not have made a better clean-up in broad daylight.

The amount of gold stolen is figured as being between 30 and 45 ounces, and men competent to judge assert that it is almost impossible that the theft could have been accomplished without the aid of a light as the night was excessively dark. Added to this the facts that the boxes are some feet above the ground level, which makes them difficult to enter, and within 40 feet of a boarding house wherein slept several men, it is evident that the thieves were fairly well acquainted with the locality and also that they must have worked both quickly and quietly and with considerable nerve. The riffles were removed from two boxes and every particle of gravel, sand and gold removed without leaving practically any clue whatever to the identity of the perpetrators of the steal.

A Shooting Trip.

Tried to Stretch the Total--Only a Few Birds Secured, and Big Game Stampeded.

On Saturday last half a dozen of the local hunters chartered the S. S. Scotia and went down the lake for a couple of days shooting. The party returned to town on Monday morning and their head scorer informed us that the total number of birds killed almost equalled that of the famous flyer of the New York Central railway. We were about to register the parties implicated in the game hog book, when we learned that their bag had scarcely equalled a crap-shooter's highest point. The scorer gets the "L. of L.'s" medal, which he may photograph.

As the result of an incident which occurred during the outing it is said that two of the party are not on speaking terms. This is how it happened: Hunter No. 1, who hails from the land where the sauer kraut grows, was stalking a large brown bear with a shotgun and bird shot. He had found his target with the first barrel and the bear was moving up so that he could place the contents of the second barrel in the right spot when hunter No. 2, who is a plum centre marksman, appeared on the scene and discharged his rifle point blank at the raging billows of fur and the bear sounded and sailed south. "Dunder und blitzen," shouted No. 1, "because which you do that? Why you go not the bush around und found someting to shot yourself for, eh, what!"

New Arrivals.

Following is a list of those who have recently arrived per the Scotia: Sept. 23—A. St. G. Hammersley, Mrs. F. Mobley, A. W. Alliott, Tony Netzzen, J. Fox, H. B. Berdoe, A. C. Hirschfeld and E.
