C. P. R. AND CITY REACH AGREEMENT ON BRIDGE

VICTORIA—Agreement of the Johnson street bridge was advanced another step last week when the city and the C. P. R. exchanged signed agreements in regard to their respective contributions to the construction of the viaduct. The agreement which was first signed by the C. P. R. and afterwards by Mayor Porter and City Clerk Bradley. The agreement embodies all the conditions of the city in regard to the railway company bearing its share of the cost.

The duly remaining preliminary now to the formal submission of a by-law to the people for the half million dollar viaduct, will be the execution of a separate agreement with the Provincial Government, which is to contribute $200,000 towards the construction of the viaduct. Premier Oliver has the agreement in his hands at present and probably will sign it shortly.

START WORK SOON ON SUMAS DYKING PLAN

VICTORIA—When the government's legal advisors approve of the form of contract, tenders for the initial work on the Sumas reclamation scheme will be called for, according to Hon. E. D. Barrow, Minister of Agriculture. All the preliminary details have been attended to, the owners to be affected by the scheme have, by a majority vote, approved of the plans as prepared by the engineer engaged by the government and now the lawyers are passing upon legal aspects of the matter.

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

MAKE IT A REAL NEW YEAR; GIVE SERVICE MAN A JOB

The advent of another of Father Time's milestones with its invariable accompanying wishes for a happy and prosperous twelve month brings to mind two pertinent and pointed facts. One is that the holiday season is about over and Canadians are now about to buckle down to make Canada's first "peace year" one of the most wonderful year's in its history. Another and more pressing fact is that there are several hundred returned soldiers and sailors, late of the Empire's forces, in Vancouver who are either out of work or only have very temporary employment. They do not wish for nor will they accept charity; but they do want honest work; whereby they can earn at least a comfortable living in the country they valiantly fought for.

Never in your life before, Mr. Employer, have you had an opportunity to give a finer or more appreciated New Year gift than to furnish employment for one or more of these men—true patriots—who shouldered a rifle or helped handle a big gun and went to France for YOU—to fight YOUR battles and theirs—to give all that life held dear, if need be, for freedom and democracy. Is it not worthy of your special consideration—worthy of going the limit and making room for one or more in your organization.

Officials of the Soldiers' Civil Re-establishment Bureau are authority for the statement that the very best of all kinds of talent are available—men who are out of work not because of incapability—but men who happen to compose the unemployed which naturally accumulates after the holiday season of the year—assembled in Vancouver largely because of the laying off of men in the logging camps, shipyards, the closing down of all but necessary out-door work and the influx from other sections which always drifts in to any large city.

There is a man or men for anything you want done. Think the matter over in the spirit of that New Year resolution you made and then call up the Soldiers' Civil Re-establishment Bureau and tell just what class of position you have to be filled and it is a cinch that the bureau will find a man to fill it in an able and efficient manner.

Courtesy to strangers is a mark of good breeding. Courtesy to home folks too often is a sign that there is company in the house.

BIG INCREASE SHOWN IN NEW COMPANIES

VICTORIA—During the year just ending, a total of 614 new companies were incorporated to transact business in British Columbia, according to the report made by Mr. A. G. Garrett, Registrar of Joint Stock Companies. In 1918 the total was 347. Extra-provincial companies licensed numbered fifty-three, compared with thirty-five last year.

WINNIPEG'S BUILDING RECORD

WINNIPEG—Building permits issued during the year since January 1, aggregate in value $2,942,000, or $892,000 more than during the year 1918, it was announced by the city building inspector last Wednesday evening at the close of the year. The permits issued during December totalled $144,000.

MAKING EXTENSIVE ALTERATIONS TO PLANT

Mission.—The King-Beach Manufacturing Company are carrying on extensive alterations at their plant here. The new building will be the largest yet erected and will practically double the storage and working room, while a new boiler house will add to the capacity and convenience.

PASS TWO MORE LOANS FOR SOLDIERS' HOMES

Two more applications for loans under the Better Housing scheme were passed by the city council on Monday, on the recommendation of the city controller. One of these amounts to $4,500 to A. L. Wright, suite 28, 1091 Broughton Street, who will erect a dwelling on lot 4, block 42, D.L. 196. The other loan was for $3,500 to N. R. Fletcher, Gresham rooms, Smythe St., who plans to erect a bungalow in the 3200 block on Fifth Avenue, west.

ASKING TENDERS FOR CLEANING OF SLOUGH

Tenders are being invited by the Municipality of Ladner, B. C. up to noon of Saturday, January 10th, 1920, for the cleaning of Chilluckthan Slough.

PLAN ALTERATIONS FOR HASTINGS STREET BLOCK

Plans are in course of preparation in the office of Architect A. E. Henderson, Davis Chambers Building, for extensive alterations and additions to a business block on Hastings Street. Plans will be completed in about ten days and tenders from selected contractors will be asked for.

PLANS UNDER WAY FOR $15,000 BUILDING

Tentative plans are being prepared by Architect Joseph H. Bowman, 716 Yorkshire Building, for a building estimated to cost between $15,000 and $20,000 to be erected during the coming year.

Plans will be ready about January 15th at which time tenders will be asked for. Further details will be published in the Record later.

Title to real estate does more than age to make us conservative.

In the old days when school teaching was considered a career, one could buy an overcoat with a month's salary.

As a matter of fact, morale is no more than faith in a leader and the willingness to take orders.

Another reason why a man loves his old shoes is because he knows that new ones will put an awful crimp in his pocket-book.

WORTH WHILE!

You will save two dollars by paying a year in advance for The Record, besides saving considerable time and the annoyance of paying a small bill each month. Sixteen and two-thirds per cent. is pretty good interest on your money, isn't it? Worth saving! The price for one year, paid in advance, is ten dollars.
